By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you try to download and install the Lancastrians To Tudors England 1450 1509 Cambridge Perspectives In History , it is enormously simple then, in the past currently we extend the associate to purchase and make bargains to download and install Lancastrians To Tudors England 1450 1509 Cambridge Perspectives In History in view of that simple!

Forthcoming Books - Rose Army 2000

Fiscal Crises, Liberty, and Representative Government 1450-1789 - Philip T. Hoffman 2002-01-02

These essays focus on the growth of representative institutions and the mechanics of European state finance from the end of the Middle Ages to the French Revolution.

The Transformation of Medieval England 1370-1529 - J.A.F. Thomson 2014-07-22

A detailed survey which examines the major developments in English society during this period of social crises, population decline, agrarian unrest, the introduction to enclosures - and political tensions particularly over succession.

Soldier, Rebel, Traitor - Alexander R Brondarbit 2022-05-05

John Wenlock, first Lord Wenlock, was a leading diplomat, courtier and soldier during the Wars of the Roses whose remarkable career offers us a fascinating insight into one of the most turbulent periods in English medieval history. And yet he has hitherto been overshadowed by his more illustrious contemporaries. Alexander Brondarbit's meticulously researched and perceptive biography is overdue. It establishes Wenlock as a major figure in his own right and records in vivid detail how this shrewd nobleman found his way through the brutal conflicts of his times. Wenlock served in Henry V's military

campaigns in France in the 1420s before moving on to a career in the royal households of Henry VI, Margaret of Anjou and Edward IV. As a diplomat, he led multiple embassies to Burgundy and France and, in addition to the kings he served, he was closely connected with other notable figures of the age such as Richard Neville, earl of Warwick. But Wenlock's speciality was on the battlefield - he took part in many raids, skirmishes and sieges and in three major battles including the Battle of Tewkesbury in 1471 where he lost his life. Using primary sources as well as contemporary assessments in chronicles and letters, Alexander Brondarbit gives a nuanced description of the main episodes in Wenlock's long career and throws new light on the motivation of a man who has been labelled a 'Prince of Turncoats' because of his frequent changes of allegiance.

A/AS Level History for AQA The Wars of the Roses, 1450-1499 Student Book - Jessica Lutkin 2016-02-25

A new series of bespoke, full-coverage resources developed for the AQA 2015 A/AS Level History. Written for the AQA A/AS Level History specifications for first teaching from 2015, this print Student Book covers The Wars of the Roses, 1450-1499 Depth component. Completely matched to the new AQA specification, this full-colour Student Book provides valuable background information to contextualise the period of study. Supporting students in

developing their critical thinking, research and written communication skills, it also encourages them to make links between different time periods, topics and historical themes.

Government and Community - Jack Robert Lander 1980

"The Wars of the Roses were a series of dynastic wars fought between supporters of two rival branches of the royal House of Plantagenet: the houses of Lancaster and York (whose heraldic symbols were the red and the white rose, respectively) for the throne of England. They were fought in several sporadic episodes between 1455 and 1485, although there was related fighting both before and after this period. They resulted from the social and financial troubles following the Hundred Years' War. The final victory went to a relatively remote Lancastrian claimant, Henry Tudor, who defeated the last Yorkist king Richard III and married Edward IV's daughter Elizabeth of York to unite the two houses. The House of Tudor subsequently ruled England and Wales for 117 years."--Wikipedia.

Love, Hate, and the Law in Tudor England - L. R. Poos 2022-07-21

Love, Hate, and the Law in Tudor England reconstructs the life of Ralph Rishton, a member of the sixteenth-century Lancashire gentry who was a child bridegroom and a serial wife-discarder, who bribed church officials to obtain a forged annulment, defrauded a kinsman out of his inheritance, and adroitly manipulated his own and other people's land. The dozens of lawsuits in which the Rishtons were involved, in many different courts, elucidate one family's engagement with law in Tudor England: how they used and misused law, how it shaped their perceptions of rights and mutual obligations, and how it framed litigants' and witnesses' language. Drawing upon trial and estate records, the core of this study is the central narrative of Ralph Rishton's three wives, of litigiousness and violence, marriage and property, and the pursuit of equitable resolutions to disputes, along with countless smaller narratives that vividly capture a culture in its time and place. Alongside that central narrative, L. R. Poos uses the Rishton stories as a starting-point to analyse child marriage, the construction of memory, and the development of local historical identity through

antiquarians and the Victorian and Edwardian local press, demonstrating how - from the time of the Rishtons into the twentieth century - historical narratives were continually reshaped and repurposed.

European War and Diplomacy, 1337-1815 - William Young 2003

The history of international relations and warfare of early modern Europe has gained popularity in recent years. This bibliography provides a valuable listing of books, dissertations, and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years' War to the Napoleonic Wars.

The English People at War in the Age of Henry VIII - Steven J. Gunn 2018

War should be recognised as one of the defining features of life in the England of Henry VIII. Henry fought many wars throughout his reign, and this book explores how this came to dominate English culture and shape attitudes to the king and to national history, with people talking and reading about war, and spending money on weaponry and defence.

The Ricardian - 2000

Early Modern England 1485-1714 - Robert Bucholz 2008-08-25

The second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship. The book traces the transformation of England during the Tudor-Stuart period, from feudal European state to a constitutional monarchy and the wealthiest and most powerful nation on Earth. Written by two leading scholars and experienced teachers of the subject, assuming no prior knowledge of British history Provides student aids such as maps, illustrations, genealogies, and glossary This edition reflects recent scholarship on Henry VIII and the Civil War Extends coverage of the Reformations, the Rump and Barebone's Parliament, Cromwellian settlement of Ireland, and the European, Scottish, and Irish contexts of the Restoration and Revolution of 1688-9 Includes a new section on women's roles and the historiography of women and gender Accompanied by Sources and Debates in English History, 1485-1714 Click here for more

The Hollow Crown - Miri Rubin 2005-01-27

There is no more haunting, compelling period in Britain's history than the later middle ages. The extraordinary kings - Edward III and Henry V the great warriors, Richard II and Henry VI, tragic inadequates killed by their failure to use their power, and Richard III, the demon king. The extraordinary events - the Black Death that destroyed a third of the population, the Peasants' Revolt, the Wars of the Roses, the Battle of Agincourt. The extraordinary artistic achievements - the great churches, castles and tombs that still dominate the landscape, the birth of the English language in *The Canterbury Tales*. For the first time in a generation, a historian has had the vision and confidence to write a spell-binding account of the era immortalised by Shakespeare's history plays. *THE HOLLOW CROWN* brilliantly brings to life for the reader a world we have long lost - a strange, Catholic, rural country of monks, peasants, knights and merchants, almost perpetually at war - but continues to define so much of England's national myth.

The Calais Garrison - David Grummitt 2008
Definitive account of the English garrison at Calais - the largest contemporary force in Europe - in the wider context of European warfare in the middle ages.

England in the Later Middle Ages - M.H. Keen 2004-08-02

First published to wide critical acclaim in 1973, *England in the Later Middle Ages* has become a seminal text for students studying this diverse, complex period. This spirited work surveys the period from Edward I to the death of Richard III at the Battle of Bosworth, which heralded in the Tudor Age. The second edition of this book,

while maintaining the character of the original, brings the study up to date. Each chapter includes a discussion of the historiographical developments of the last decade and the author takes a fresh look at the changing world of the Later Middle Ages, particularly the plague and the economy. Also included is a rewritten introduction.

The Battle of Bosworth - Michael Bennett
2000-02-17

On an August morning more than five hundred years ago, to the sound of thundering hooves, gunshot, the clash of steel and the cries of men in battle, Richard III, King of England, lost his life and the Plantagenet name came to an end. But what do we really know of the battle which became known as Bosworth Field? How do we separate fact from legend when our knowledge is based on sources which by any reckoning are meagre, garbled or partisan? In this classic account Michael Bennett provides as detailed and authoritative a reconstruction of the battle, and the events that led up to it, as is possible. It is an enthralling detective story uncovering the real facts behind one of the most famous of British battles.

The Wars of the Roses and Henry VII - Roger Turvey 2010-11-01

The Access to History series is the most popular and trusted series for advanced level history students, offering: - Authoritative, engaging and accessible content - Comprehensive coverage of the AS and A level history specifications - Design features, study guides and web support to help students achieve exam success. *The Wars of the Roses and Henry VII: Britain 1450a 1509* This title examines the origins, nature and impact of the dynastic struggle between the noble factions grouped around the royal houses of York and Lancaster between 1450-1509 and the political change and conflict this generated. In particular it offers an in-depth analysis of: - Henry VI and the origins of the Wars of the Roses - The reigns of Edward IV - Richard III and the End of the Wars of the Roses - The Reign of Henry VII Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by

examiners provide the opportunity to develop exam skills.

Church and State in Tudor and Stuart England - Stuart E. Prall 1993

Peace, Print and Protestantism, 1450-1558 - Clifford Stephen Lloyd Davies 1995

Access to History: Lancastrians, Yorkists and the Wars of the Roses, 1399-1509, Third Edition - Roger Turvey 2021-06-14

The Wars of the Roses - Dan Jones 2014-10-14 The author of the New York Times bestseller *The Plantagenets* and *The Templars* chronicles the next chapter in British history—the historical backdrop for *Game of Thrones* The inspiration for the Channel 5 series *Britain's Bloody Crown* The crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to *The Plantagenets*, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors. Some of the greatest heroes and villains of history

were thrown together in these turbulent times, from Joan of Arc to Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, and Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses.

The Roots and Consequences of Civil Wars and Revolutions: Conflicts that Changed World History - Spencer C. Tucker 2017-02-16

This book treats 30 important civil wars and revolutions across the world, including Africa, Asia, the Americas, Europe, and the Middle East, covering a broad swath of recorded history from ancient times to the present. • Provides the reader with an informative, accessible account of important world revolutions and civil wars that have shaped our present world • Includes introductory essays that help readers understand the causes and effects of each war • Supplies a detailed chronology of each conflict that will help students place all of the important events related to that conflict as well as key images and maps that provide a visual component to historic conflicts • Presents detailed material in a straightforward, easily comprehensible manner that makes this resource ideal for students as well as general readers interested in historical subjects **OCR A Level History: England 1445-1509: Lancastrians, Yorkists and Henry VII** - Nicholas Fellows 2015-09-11 This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the

evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1. England 1445-1509: Lancastrians, Yorkists and Henry VII This title explores the reigns of the English Kings from Henry VI to Henry VII. It allows an in-depth understanding of the key historical knowledge, terms and concepts relevant to 'England 1461-1509' and encourages the critical use of evidence in investigating and assessing historical questions in the associated enquiry: 'Wars of the Roses 1445-1461'. This title covers the following period study and enquiry: - Wars of the Roses 1445-1461 - England 1461-1509
Encyclopedia of the Wars of the Roses - John A. Wagner 2001

This authoritative A-Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved. * More than 275 entries and over 40 illustrations * A map of the Wars of the Roses battle sites * Guide to related topics, chronology, and genealogies * Table showing the involvement of the higher peerage in the Wars of the Roses * List of Popes and English church leaders in the 15th century * List of selected websites for 15th century topics

Elizabethan Parliaments, 1559-1601 - Michael A. R. Graves 1987

Power-brokers and the Yorkist State, 1461-1485 - Alexander R. Brondarbit 2020
Examination of the role played by key figures around the monarchy in the Wars of the Roses.
The Register of the Goldsmiths' Company: Deeds and Documents, C. 1190 to C. 1666 - Lisa Jefferson 2022-05-20

This three-volume edition provides translations of the Goldsmiths' Company Register of Deeds with full explicatory annotation, and with a clear introduction to both the manuscript and the legal texts contained in it.

Early Tudor Parliaments 1485-1558 - Michael A.R. Graves 2014-01-14

This excellent survey looks at the workings of parliament under the first four Tudor monarchs. After an introductory first section which looks at parliament's medieval origins, the author then considers all aspects of early parliamentary history - including the historiography of the early Tudor parliaments, membership and attendance, the legislative roles of the Lords and Commons and the specific parliaments themselves.

The English Parliaments of Henry VII 1485-1504 - P.R. Cavill 2009-08-13

For a ruler in Henry's vulnerable position, parliament helped to restore royal authority by securing the good governance that legitimated his regime. For his subjects, parliament served as a medium through which to communicate with the government & to shape, & on occasion criticize, its policies.

The King's Mother - Michael K. Jones 1993-04-22

This study of Margaret Beaufort, mother of Henry VII and the founder of two Cambridge colleges is the first biography to explore the full range of archival sources and one of the best-documented studies of any late-medieval woman.

The Wars of the Roses - Christine Carpenter 1997-11-13

This is a new interpretation of English politics during the extended period beginning with the majority of Henry VI in c. 1437 up to the accession of Henry VII in 1509. The later fifteenth century in England is a somewhat baffling and apparently incoherent period which historians and history students have found consistently difficult to handle. The large-scale 'revisionism' inspired by the classic work of K. B. McFarlane led to the first real work on politics, both national and local, but has left the period in a disjointed state: much material has been unearthed, but without any real sense of direction or coherence. This book places the events of the century within a clearly delineated framework of constitutional structures, practices

and expectations, in an attempt to show the meaning of the apparently frenetic and purposeless political events which occurred within that framework - and which sometimes breached it. At the same time it takes cognisance of all the work that has been done on the period, including recent and innovative work on Henry VI.

Late Medieval England, 1399-1509 - A. J. Pollard 2000

England's last medieval century was characterised by social stability economic development and cultural vigour which laid the foundations for the emergence of early modern society. Placing the English experience within the vital context of the British Isles, the book ranges from the reign of Henry IV to the closing of the middle ages during the reign of Henry VIII."

Historical Introduction to Legal Studies - Margaret H. Ogilvie 1982

Lancastrians to Tudors - Andrew Pickering 2000-06-29

An engaging range of period texts and theme books for AS and A Level history. The Wars of the Roses and the struggle for the throne between the Houses of York and Lancaster dominate the history of England in the latter half of the fifteenth century. But what were the causes of over forty years of sporadic civil war and how was political stability at last restored? Andrew Pickering analyses the historical debates surrounding the characters and events. Topics include fifteenth-century kingship and the reign of Henry VI, the end of the Yorkists, Henry VII and the establishment of the Tudor dynasty, and social and economic change in the late fifteenth and early sixteenth centuries.

Loyalty to the Monarchy in Late Medieval and Early Modern Britain, c.1400-1688 - Matthew Ward 2020-06-30

This book explores the place of loyalty in the relationship between the monarchy and their subjects in late medieval and early modern Britain. It focuses on a period in which political and religious upheaval tested the bonds of loyalty between ruler and ruled. The era also witnessed changes in how loyalty was developed and expressed. The first section focuses on royal propaganda and expressions of loyalty from the

gentry and nobility under the Yorkist and early Tudor monarchs, as well as the fifteenth-century Scottish monarchy. The chapters illustrate late-medieval conceptions of loyalty, exploring how they manifested themselves and how they persisted and developed into early modernity. Loyalty to the later Tudors and early Stuarts is scrutinised in the second section, gauging the growing level of dissent in the build-up to the British Civil Wars of the seventeenth century. The final section dissects the role that the concept of loyalty played during and after the Civil Wars, looking at how divergent groups navigated this turbulent period and examining the ways in which loyalty could be used as a means of surviving the upheaval.

The Wars of the Roses - Michael Hicks 2010-10-26

A new assessment of the battle for the English throne: "All readers interested in late medieval history will appreciate this" (Library Journal). The Wars of the Roses (1455-85) were a major turning point in English history. But the underlying causes for the successive upheavals have been hotly contested by historians ever since. In this original and stimulating new synthesis, distinguished historian Michael Hicks examines the difficult economic, military, and financial crises and explains, for the first time, the real reasons why the conflicts between the House of Lancaster and the House of York began, why they kept recurring, and why, eventually, they ceased. Alongside fresh assessments of key personalities, Hicks sheds new light on the significance of the involvement of the people in politics, the intervention of foreign powers in English affairs, and a fifteenth-century credit crunch. Combining a meticulous dissection of competing dynamics with a clear account of the course of events, this is a definitive and indispensable history of a compelling, complex period.

The British National Bibliography - Arthur James Wells 2001

The Routledge History Handbook of Medieval Revolt - Justine Firnhaber-Baker 2016-11-25

The Routledge History Handbook of Medieval Revolt charts the history of medieval rebellion from Spain to Bohemia and from Italy to

England, and includes chapters spanning the centuries between Imperial Rome and the Reformation. Drawing together an international group of leading scholars, chapters consider how uprisings worked, why they happened, whom they implicated, what they meant to contemporaries, and how we might understand them now. This collection builds upon new approaches to political history and communication, and provides new insights into revolt as integral to medieval political life.

Drawing upon research from the social sciences and literary theory, the essays use revolts and their sources to explore questions of meaning and communication, identity and mobilization, the use of violence and the construction of power. The authors emphasize historical actors' agency, but argue that access to these actors and their actions is mediated and often obscured by the texts that report them. Supported by an introduction and conclusion which survey the previous historiography of medieval revolt and envisage future directions in the field, *The Routledge History Handbook of Medieval Revolt* will be an essential reference for students and scholars of medieval political history.

[The Cambridge History of Medieval English Literature](#) - David Wallace 2002-04-25

This was the first full-scale history of medieval English literature for nearly a century. Thirty-three distinguished contributors offer a collaborative account of literature composed or transmitted in England, Wales, Ireland and Scotland between the Norman conquest and the death of Henry VIII in 1547. The volume has five sections: 'After the Norman Conquest'; 'Writing in the British Isles'; 'Institutional Productions'; 'After the Black Death' and 'Before the Reformation'. It provides information on a vast range of literary texts and the conditions of their production and reception, which will serve both specialists and general readers, and also contains a chronology, full bibliography and a detailed index. This book offers an extensive and vibrant account of the medieval literatures so drastically reconfigured in Tudor England. It will thus prove essential reading for scholars of the Renaissance as well as medievalists, and for historians as well as literary specialists.

England's Medieval Navy 1066-1509 - Susan

Rose 2013-10-06

We are accustomed to think of England in terms of Shakespeare's 'precious stone set in a silver sea', safe behind its watery ramparts with its naval strength resisting all invaders. To the English of an earlier period _ from the 8th to the 11th centuries _ such a notion would have seemed ridiculous. The sea, rather than being a defensive wall, was a highway by which successive waves of invaders arrived, bringing destruction and fear in their wake.??Deploying a wide range of sources, this new book looks at how English kings after the Norman Conquest learnt to use the Navy of England, a term which at this time included all vessels whether Royal or private and no matter what their ostensible purpose _ to increase and safety and prosperity of the kingdom. The design and building of ships and harbour facilities, the development of navigation, ship handling, and the world of the seaman are all described, while comparisons with the navies of England's closest neighbours, with particular focus on France and Scotland, are made, and notable battles including Damme, Dover, Sluys and La Rochelle included to explain the development of battle tactics and the use of arms during the period. ??The author shows, in this lucid and enlightening narrative, how the unspoken aim of successive monarchs was to begin to build 'the wall' of England, its naval defences, with a success which was to become so apparent in later centuries.

A/AS Level History for AQA The Tudors: England, 1485-1603 Student Book - Hannah Dalton 2016-02-04

A new series of bespoke, full-coverage resources developed for the AQA 2015 A/AS Level History. Written for the AQA A/AS Level History specifications for first teaching from 2015, this print Student Book covers The Tudors: England, 1485-1603 Breadth component. Completely matched to the new AQA specification, this full-colour Student Book provides valuable background information to contextualise the period of study. Supporting students in developing their critical thinking, research and written communication skills, it also encourages them to make links between different time periods, topics and historical themes.
