**Emotionally Charged** - Selina A. Fenech 2011-10-17

Teenagers with superpowers... Fueled by emotions... What could go wrong? Livvy has always been good at reading emotions, but apart from using it to get out of trouble with her parents, she doesn't consider it a very exciting power. When disaster strikes and she has to fight to survive, Livvy discovers she can do more than just sense emotions. She can absorb them. Fear makes her fast. Anger makes her strong. She is an Empath. And she's not the only one. Livvy is swept into a world of beautiful superheroes and luxury she's always dreamed of, but is it really as good as it seems? When her perfect super-life is threatened, Livvy has to choose between what she wants, and what is right. Can she keep the power of her emotions under control when the life of the boy she loves is at stake? *Emotionally Charged* is the first book in a young adult superhero series. If you like non-stop action, super-charged romance, and dire consequences, then you'll love this tale from award-winning author Selina Fenech. Order now and join the world of the Empaths today. Edition Notice: This book is the second edition of the original title. The story has been heavily revised and length increased, adding more depth to the characters and world. If you've already read the first edition you won't need to read this version to catch up, but fans of the series are sure to enjoy this new telling of Livvy's story.

**The Love Hypothesis** - Ali Hazelwood 2021-09-14

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting

romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

*Jonathan Strange and Mr Norrell* - Susanna Clarke 2010-06-05

In the Hugo-award winning, epic New York Times Bestseller and basis for the BBC miniseries, two men change England's history when they bring magic back into the world. In the midst of the Napoleonic Wars in 1806, most people believe magic to have long since disappeared from England - until the reclusive Mr. Norrell reveals his powers and becomes an overnight celebrity. Another practicing magician then emerges: the young and daring Jonathan Strange. He becomes Norrell's pupil, and the two join forces in the war against France. But Strange is increasingly drawn to the wild, most perilous forms of magic, and he soon risks sacrificing his partnership with Norrell and everything else he holds dear. Susanna Clarke's brilliant first novel is an utterly compelling epic tale of nineteenth-century England and the two magicians who, first as teacher and pupil and then as rivals, emerge to change its history.

**Between Shades of Gray** - Ruta Sepetys 2011-03-22

The inspiration for the major motion picture *Ashes in the Snow*! "Few books are beautifully written, fewer still are important; this novel is both." --The Washington Post From New York Times and international bestseller and Carnegie Medal winner Ruta Sepetys, author of *Salt to the Sea*, comes a story of loss and of fear -- and ultimately, of survival. A New York Times notable book An international bestseller A Carnegie Medal nominee A William C. Morris Award finalist A Golden Kite Award winner Fifteen-year-old Lina is a Lithuanian girl living an ordinary life -- until Soviet officers invade her home and tear her family apart. Separated from her father and forced onto a crowded train, Lina, her mother, and her young brother make their way to a Siberian work camp, where they are forced to fight for their lives. Lina finds solace in her art, documenting these events by drawing. Risking everything, she imbeds clues in her drawings of their location and secretly passes them along, hoping her drawings will make their way to her father's prison camp. But will strength, love, and hope be enough for Lina and her family to survive? A moving and haunting novel perfect for readers of *The Book Thief*. Praise for *Between Shades of Gray*: "Superlative. A hefty emotional punch." --The New York Times Book Review "Heart-wrenching . . . an eye-opening reimagination of a very real tragedy written with grace and heart." --The Los Angeles Times "At once a suspenseful, drama-packed survival story, a romance, and an intricately researched work of historical fiction." --The Wall Street Journal \* "Beautifully written and deeply felt . . . An important book that deserves the widest possible readership." --Booklist, starred review "A superlative first novel. A hefty emotional punch."--The New York Times Book Review "A brilliant story of love and survival."--Laurie Halse Anderson, bestselling author of *Speak* and *Wintergirls* \* "Beautifully written and deeply felt...an important book that deserves the widest possible readership."--Booklist, Starred Review

*Absolute Proof* - Peter James 2018-10-04

'Sensational - the best what-if thriller since *The Da Vinci Code*' - Lee Child, author of *Killing Floor*. From the number one bestselling author,

Peter James, comes an explosive standalone thriller for fans of Dan Brown that will grip you and won't let go until the very last page. Investigative reporter Ross Hunter nearly didn't answer the phone call that would change his life – and possibly the world – for ever. 'I know this is going to sound strange, but I've recently been given absolute proof of God's existence – and I've been advised there is a writer, a respected journalist called Ross Hunter, who could help me to get taken seriously.' What would it take to prove the existence of God? And what would be the consequences? This question and its answer lie at the heart of Absolute Proof. The false faith of a billionaire evangelist, the life's work of a famous atheist, and the credibility of each of the world's major religions are all under threat. If Ross Hunter can survive long enough to present the evidence . . .

*Trapped in a Video Game* - Dustin Brady 2018-04-10

Jesse Rigsby hates video games—and for good reason. You see, a video game character is trying to kill him. After getting sucked in the new game Full Blast with his friend Eric, Jesse starts to see the appeal of vaporizing man-size praying mantis while cruising around by jet pack. But pretty soon, a mysterious figure begins following Eric and Jesse, and they discover they can't leave the game. If they don't figure out what's going on fast, they'll be trapped for good!

**Out of the Pocket** - Kirk Herbstreit 2022-08-02

This powerfully intimate, plain-spoken memoir about fathers and sons, fortitude, and football from the face and voice of college football—Kirk Herbstreit—is not just “a window into the game, but also a peek into what makes him special: his heart” (David Shaw, head coach, Stanford University). Kirk Herbstreit is a reflection of the sport he loves, a reflection of his football-crazed home state of Ohio, where he was a high school star and Ohio State captain, and a reflection of another Ohio State football captain thirty-two years earlier: his dad Jim, who battled Alzheimer's disease until his death in 2016. In *Out of the Pocket*, Herbstreit does what his father did for him: takes you inside the locker rooms, to the practice fields, to the meeting rooms, to the stadiums. Herbstreit describes how a combination of hard work, perseverance, and a little luck landed him on the set of ESPN's iconic College GameDay show, surrounded by tens of thousands of fans who treat their Saturdays like a football Mardi Gras. He takes you into the television production meetings, on to the GameDay set, and into the broadcast booth. You'll live his life during a football season, see the things he sees, experience every chaotic twist and turn as the year unfolds. Not to mention the relationships he's established and the insights he's learned from the likes of coaches and players such as Nick Saban, Tim Tebow, Dabo Swinney, and Peyton Manning, as well as his colleagues, including Chris Fowler, Rece Davis, and his “second dad,” the beloved Coach Lee Corso. Yes, Kirk Herbstreit is the undeniable face and voice of college football—but he's also a survivor. He's the quiet kid who withstood the collapse of his parents' marriage. The boy who endured too many overbearing stepdads and stepmoms. The painfully shy student who always chose the last desk in the last row of the classroom. The young man who persevered through a frustrating Ohio State playing career. The new college graduate who turned down a lucrative sales job after college to pursue a “no way you'll make it” dream career in broadcasting. Inspiring and powerful, *Out of the Pocket* “proves the importance of perseverance and family” (Peyton Manning).

**A Darker Shade of Magic** - V. E. Schwab 2015-02-24

*A Darker Shade of Magic*, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive. “*A Darker Shade of Magic* has all the hallmarks of a classic work of fantasy. Schwab has given us a gem of a tale...This is a book to treasure.”—Deborah Harkness, New York Times bestselling author of

the All Souls trilogy *Shades of Magic* series 1. *A Darker Shade of Magic* 2. *A Gathering of Shadows* 3. *A Conjuring of Light* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Lost In Summerland** - Barrett Swanson 2021-05-18

Barrett Swanson embarks on a personal quest across the United States to uncover what it means to be an American amid the swirl of our post-truth climate in this collection of critically acclaimed essays and reportage. A trip with his brother to a New York psychic community becomes a rollicking tour through the world of American spiritualism. At a wilderness retreat in Ohio, men seek a cure for toxic masculinity, while in the hinterlands of Wisconsin, antiwar veterans turn to farming when they cannot sustain the heroic myth of service. And when his best friend's body washes up on the shores of the Mississippi River, he falls into the gullet of true crime discussion boards, exploring the stamina of conspiracy theories along the cankered byways of the Midwest. In this exhilarating debut, Barrett Swanson introduces us to a new reality. At a moment when grand unifying narratives have splintered into competing storylines, these critically acclaimed essays document the many routes by which people are struggling to find stability in the aftermath of our country's political and economic collapse, sometimes at dire and disillusioning costs.

*The Future of Everything* - Tim Dunlop 2018-09-01

‘A powerful and realistic message of hope for the future’ - Professor John Quiggin, University of Queensland We are in the middle of the greatest technological revolution in history. Its epicentre lies in Silicon Valley, but its impacts are felt in all corners of the earth. It could give all of us a better quality of life and new, more cooperative ways of living. Or it could further entrench inequality, with even more of the world's wealth in the hands of a few. This book offers a bold vision for ensuring that we achieve the former. A world that is fairer, less violent and most radical of

all, more joyous. Tim Dunlop spells out his ideas for reclaiming common ground systematically, arguing the case for more public ownership of essential assets, more public space, a transparent media system, and an education that prepares us for the future, not the past. His vision for democracy and society is practical and inspiring, based on ideas about what we are doing well and what we must do better. His is a vision for handing political power back to we-the-people so that we can stop playing defence and start changing the ground on which decisions about our lives are made. Welcome to the future of everything....

**Zucked** - Roger McNamee 2019-02-05

One of the Financial Times' Best Business Books of 2019 The New York Times bestseller about a noted tech venture capitalist, early mentor to Mark Zuckerberg, and Facebook investor, who wakes up to the serious damage Facebook is doing to our society—and sets out to try to stop it. If you had told Roger McNamee even three years ago that he would soon be devoting himself to stopping Facebook from destroying our democracy, he would have howled with laughter. He had mentored many tech leaders in his illustrious career as an investor, but few things had made him prouder, or been better for his fund's bottom line, than his early service to Mark Zuckerberg. Still a large shareholder in Facebook, he had every good reason to stay on the bright side. Until he simply couldn't. Zucked is McNamee's intimate reckoning with the catastrophic failure of the head of one of the world's most powerful companies to face up to the damage he is doing. It's a story that begins with a series of rude awakenings. First there is the author's dawning realization that the platform is being manipulated by some very bad actors. Then there is the even more unsettling realization that Zuckerberg and Sheryl Sandberg are unable or unwilling to share his concerns, polite as they may be to his face. And then comes the election of Donald Trump, and the emergence of one horrific piece of news after another about the malign ends to which the Facebook platform has been put. To McNamee's shock, even still Facebook's leaders duck and dissemble, viewing the matter as a public relations problem. Now thoroughly alienated, McNamee digs into the issue, and fortuitously meets up with some fellow travelers who share his concern, and help him sharpen its focus. Soon he and a dream team of Silicon Valley technologists are charging into the fray, to raise consciousness about the existential threat of Facebook, and the persuasion architecture of the attention economy more broadly—to our public health and to our political order. Zucked is both an enthralling personal narrative and a masterful explication of the forces that have conspired to place us all on the horns of this dilemma. This is the story of a company and its leadership, but it's also a larger tale of a business sector unmoored from normal constraints, just at a moment of political and cultural crisis, the worst possible time to be given new tools for summoning the darker angels of our nature and whipping them into a frenzy. Like Jimmy Stewart in *Rear Window*, Roger McNamee happened to be in the right place to witness a crime, and it took him some time to make sense of what he was seeing and what we ought to do about it. The result of that effort is a wise, hard-hitting, and urgently necessary account that crystallizes the issue definitively for the rest of us.

**Running Out of Time (Color Interior)** - Robert Prah, Jr. 2022-04-22

*Running Out of Time: Chasing Red, White, and Blue (Color Interior)* By:

Robert Prah, Jr. Originally created for his daughter to detail his run for public office, *Running Out of Time: Chasing Red, White, and Blue* chronicles this pursuit by Robert Prah, Jr. during a very challenging time in a district that has been historically "blue" forever. It details his personal story of running for the Pennsylvania state legislature and all of the challenges that he faced, especially from previous relationships and social media. It talks about being the "underdog" running against a lifelong Democrat-turned-Republican, where, according to many polls, Prah was favored to win the special election. The author also highlights how several committee members, past candidates and elected officials have changed their political affiliation in recent years. This story is interesting in the sense that Prah ran in three elections (Special Election in March 2020, Primary in June 2020, General in November 2020) all during a global pandemic. It shares the ups and downs of running for office and how the pandemic and social media impacted the outcome of many races in November 2020. The author hopes that readers take away that social media has had an impact on our lives, both positive and negative, and especially in politics and elections. We tend to not look at candidates individually, but rather as a "D" or an "R." We need to do a better job of evaluating candidates and asking questions rather than what we see on social media.

**Practical Spiritualities in a Media Age** - Curtis Coats 2015-11-19

We live in a media age where technologies become the sites and sources of our practices and beliefs, including those deeper values that guide decisions about how we should live. *Practical Spiritualities in a Media Age* explores how and why media become the site and source of spiritual expressions that address the mundane or everydayness of our lives. Including international case studies and essays from leading scholars such as Stewart Hoover and Graham Harvey, the book examines the ways and the places in which people have employed media and information technologies to weave spiritual meaning throughout the demands and pastimes of their lives. Topics range from food and sex to spiritual tourism. In doing so, the volume takes up a call from Paul Heelas' seminal work, *Spiritualities of Life*, to provide more examples, more richness and more depth to the variety of spiritual practices that exist in late modernity. Providing critical, scholarly explorations of the complexities and contradictions of late-modern spiritual practices, *Practical Spiritualities in a Media Age* is a must-read for anyone working in the intersection of media, religion or spirituality, and culture.

**Harmonious Color Schemes** - Elaine Barrette Farmer 2014-04-17

This book offers instruction on the use of the Color Wheel, a tool that has been in use for many years and developed by The Color Wheel Company. The Color Wheel represents twelve colors, three primary, three secondary and six tertiary colors. As you learn to use The Color Wheel you will see how it serves to simplify color mixing for the artist by using a controlled group of colors and creating harmony in artwork. The front side of the Color Wheel illustrates the color mixes that result when using the primary colors. Black shades and white tints are also illustrated. The back side of the Color Wheel illustrates a group of stacked geometric shapes representing spatial degrees of separation which, when used, will prove to create harmonious color schemes. This might include one color for a monochromatic color scheme to six colors using an expanded complementary color scheme. White is always a given paint tube to be added to your palette, but black is not necessary when you learn how to make a dark using complementary colors. So then why are there so many paint colors out there to choose from when all you need is a few? The answer is that the manufacturers are making money from it. The more colors they make, the more colors you think you need, so the more you will buy. Manufacturers feed on this notion and in essence, it disables us from actually learning and understanding how to mix color. Knowing "What's in your Tube" is the second half of the equation. Using pure color is about knowing what is actually in your tube of paint. There are no magic potions for mixing color. The good news, though, is that through practice you will gain knowledge and confidence in your color mixing. The practical knowledge is the easy part; the work comes when you practice it. I frequently remind my students that there is a reason why art is often referred to as artwork....it is work! This method is suitable for the beginner student as well as the professional artist. It can be applied to any subject or style of art including abstract, expressionism or impressionism and can be applied to all painting mediums including beyond paint such as fiber art and interior decorating. Color harmony is essential to all good art no matter the medium, subject or style. Whether you are just beginning your art journey or have been struggling to mix color, this systematic approach will help you get on the right track. No more failed piles of color. No more random color selections. The hit or

miss mixing process will become a thing of the past. I have found that most students and artists don't take the time to paint color charts or do the color studies before a painting. For that reason, I offer workshops on this subject. This book will serve as a reference guidebook, and teaching tool for years to come. Color mixing can take a lifetime of exploration because of the endless combinations possible. For that I am grateful. "Happy are the painters for they shall not be bored" -Winston Churchill. I have been painting for over forty years and still, it is fun and fresh every time I return to my easel. If you don't already own a Color Wheel, you may want to have one to follow along. If you do, dust it off and let's get going!

**What Color Is My Internet?** - Greg Leuch 2015-10-26

Everyday we stare at computer screens as we type out emails, write code, upload photos, watch videos, and push around pixels. Billions of pages of information splashed with text and images are accessed daily, composed of colored dots emanating from a screen connected to a computer connected to the Internet. Together, these clusters of colors visually display information that we consume and that we create, colors that make up the viewers' virtual worlds. What Color Is My Internet? is self portrait of the artist as an internet surfer. The book tells, in visual form, the story of 90 days of Greg Leuch's browsing activity, from May 7 to August 5, 2015. Data and visuals are extracted from mycolor.today (2015), an online project by the artist, visualizing users' Internet browsing history by capturing the average pixel color of each web page they visit. Greg Leuch is a product designer specializing in web prototyping and early product development. He is presently Head of Product at betaworks, a startup incubator.

**Indistractable** - Nir Eyal 2019-09-10

"Indistractable provides a framework that will deliver the focus you need to get results." —James Clear, author of Atomic Habits "If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice." —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become "indistractable?" International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why "time management is pain management" • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.
