[Honor Bound \(Love and Honor Book #1\)](#) - Hallee Bridgeman 2022-09-06

It may seem odd to seek peace by moving to a war-torn African country, but for medical missionary Dr. Cynthia Myers, it provided a way to escape a shallow life of unearned wealth, a philandering fiancé, and a father now square in the public eye as vice president of the United States. At least here she knows her work and life have meaning. But all that is thrown into chaos when she fails to save the life of a local warlord's mortally wounded son. As part of the Army Special Forces "A-Team" on a mission to capture and subdue the warlord, Captain Rick Norton is compelled to use deadly force to save Cynthia's life. Enraged at the violence she witnessed and riddled with guilt that men died because of her, Cynthia tries to hold on to her anger--but an unwanted attraction is taking hold. With two members of his team badly injured and rebels in hot pursuit, Rick will have to draw upon all his strength and cunning to get her out alive . . . because he's beginning to think they just might overcome their differences and be able to make a life together.

Poetry Rx - Norman E. Rosenthal M.D. 2021-05-04

"I used to believe that poetry did not "speak" to me, but I now see how wrong I was. I lived for 44 years with a husband, a lyricist, whose beautifully crafted, heartfelt lyrics touched my every fiber and continue to uplift and inspire me a decade after his death. The special beauty of Dr. Rosenthal's book for me is his discussion of what each poem is saying, what the poet was likely feeling and often how the poems helped him personally, as when he left his birth family in South Africa for a rewarding career in the United States." - Jane Brody, Author & New York Times Columnist Poetry to Heal, Inspire and Enjoy Poetry Rx presents 50 great poems as seen through the eyes of a renowned psychiatrist and New York Times bestseller. In this book, you will find insights into love, sorrow, ecstasy and everything in between: Love in the moment or for a lifetime; love that is fulfilling or addictive; when to break up and how to survive when someone breaks up with you. Separate sections deal with responses to the natural world, and the varieties of human experience (such as hope, reconciliation, leaving home, faith, self-actualization, trauma, anger, and the thrill of discovery). Other sections involve finding your way in the world and the search for meaning, as well as the final stages of life. In describing this multitude of human experiences, using vignettes from his work and life, Rosenthal serves as a comforting guide to these poetic works of genius. Through his writing, the workings of the mind, as depicted by these gifted writers speak to us as intimately as our closest friends. Rosenthal also delves into the science of mind and brain. Who would have thought, for example, that listening to poetry can cause people to have goosebumps by activating the reward centers of the brain? Yet research shows that to be true. And who were these fascinating poets? In a short biosketch that accompanies each poem, Rosenthal draws connections between the poets and their poems that help us understand the enigmatic minds that gave birth to these masterworks. Altogether, a fulfilling and intriguing must-read for anyone interested in poetry, the mind, self-help and genius.

SALES PEOPLE THINK THEY KNOW EVERYTHING - Chris Lovett 2022-10-17

The concept of SalesPeople Think They know Everything is really about getting back to the basics and keeping it simple! Most salespeople are "type-A" personalities. They want answers that are quick, successful, and easy to implement. There are dozens of great sales books, but many of them are complicated--full of statistics and graphs and charts. You won't find that here. This book gives you straightforward, proven strategies that actually work. For example, say, "I'm here to see the owner" the next time you walk into a business for the first time! These strategies were identified after working with tens of thousands of salespeople over almost thirty years and the guidance of a sales mentor who developed and practiced many of the strategies. Now you have them at your fingertips. So what are you waiting for? Don't you want to officially know "everything"?

A Fork in the Road - Judy Hagen 2004

A Fork in the Road tells the story of one woman's ethical journey throughout a brief period of her middle-aged years. It chronicles several types of moral dilemmas we encounter when we are faced with various options in our lives. It also reveals some of the consequences of our actions when we choose one path over another. It is honest and direct in its declaration that good and evil coexist in every facet of our lives. It is uplifting and must reading for anyone who has ever questioned why negativity must disrupt our lives by casting shadows in our paths. It teaches us that, despite the existence of evil, there is always the positive choice to do the right thing and to effect positive change in our lives, as well as in the lives of others.

The Narrow Trail - Dr. Chuck Ryor 2021-07-06

Healthy Christian living doesn't happen without genuine community, growing humility, and Gospel clarity. The Narrow Trail provides a "Three Tips" paradigm for experiencing God's grace through three important practices. Like those who are amateur hikers and climbers are guided by those three hiking tips, Christians are counseled by God's Word to do the same: Don't go alone Know your limitations Never leave the path The Narrow Trail aims to help people discover or rediscover a vibrant faith that is fully confident in God's love. The confidence in God's love it aims for is not pie-in-the-sky, wishful thinking, but a certainty based on the historic teaching about what Jesus has done for His children. In the end, by applying the principles contained therein, readers will find renewal in their faith and revival in their practice. Along the way, The Narrow Trail not only points out the benefits of genuine community, growing humility, and Gospel clarity, but takes time to explain why so many have abandoned these practices and the church.

Achieving Human Rights - Richard Falk 2008-12

Richard Falk once again captures our attention with a nuanced analysis of what we need to do - at the personal level as well as state actions - to refocus our pursuit of human rights in a post-9/11 world. From democratic global governance, to the costs of the Iraq War, the preeminent role of the United States in the world order to the role of individual citizens of a globalized world, Falk stresses the moral urgency of achieving human rights. In elegant simplicity, this book places the priority of such an ethos in the personal decisions we make in our human interactions, not just the activities of government institutions and non-governmental organizations. Falk masterly weaves together such topics as the Iraq War, U.S. human rights practices and abuses, humanitarian intervention, the rule of law, responses to terrorism, genocide in Bosnia, the Pinochet trial, the Holocaust, and information technology to create a moral tapestry of world order with human rights at the center.

Dark Around the Edges - Katherine Black 2007-07

Who Is Tulovski? It still hurt. One week, two days and fourteen hours after the momentous event it still hurt like hell. The object of her misery was coming around that night to collect the last of his stuff. She felt sick when she thought of the hussy's hands all over him, touching him, caressing him, wanting him. Damn the thoughts that wouldn't go away. Day and night they pestered her, prying at the edges of sleep and forcing it back so that her wilting eyes flew open under a barrage of painful images that she'd rather not imagine. And that was how the plot came to be hatched. It shot across her thought process as she lovingly ironed along the seam of his fly on the dark grey boxer shorts, the ones with the tiny hole in the material of the left

buttock. "I'll tell him I've met somebody else," she said aloud. She actually enjoyed doing the rest of the ironing and by the time she had pressed the last of his fourteen shirts she had invented, built and fleshed out, the 'perfect' partner.

Masters of Wisdom - Edward Abdill 2015-05-19

A rigorous historical and philosophical examination of the controversial spiritual Masters who guided Madame H.P. Blavatsky in opening the world to Eastern and esoteric spirituality in the late nineteenth century. In the late nineteenth century, Russian noblewoman and occult philosopher Madame H.P. Blavatsky enthralled the world with revelations of an ancient "secret doctrine" behind the major faiths and a cosmic theology that united the insights of religion and science. Blavatsky said she was operating under the guidance of hidden Masters of wisdom, or mahatmas, who led her to reveal forgotten wisdom to modern people. The mythos of Blavatsky's Masters left a deep mark on Western culture and spawned more than a century of debate: Were the Masters real? What did they teach? Are they reachable today? Now, independent scholar of religion Edward Abdill provides an authoritative, historically reliable, and delightfully readable study of the background and ideas of the Masters - in particular highlighting their message and its enduring relevance.

It was years later, and they were still grieving, mourning, crying, and weeping over the loss of their loved ones. Unknowingly, they had stepped into the process, but never entered into the journey.

Twelve Months at Barclay Lake - T. E. Trimbath 2004-09

Twelve months of visits to a mountain lake tells more than twelve tales. The solitude found during a Wednesday in the winter is completely different than the chaos found on a Saturday in the summer. The seasons make one set of changes. We make the other. The combination produces a much more interesting set of experiences that can't be revealed in one visit or in a page of some guidebook. Barclay Lake sits about an hour northeast of Seattle on the soggy side of the Cascade Mountains. It is an easy hike within challenging terrain and is one of those rare places where the extremes of hiking can be found. Families can camp with kids and climbers can assault rocky spires. Different experiences give people different points of view. It is no wonder that debates about the environment and land-use are so complex and confusing. Barclay Lake is one place where those various points of view meet and conflict.
