L'uomo che sussurra ai cani

- Graeme Sims

2010-11-26T00:00:00+01:00

Il metodo illuminato di Graeme Sims, indiscussa autorità in materia di dog training nel Regno Unito, è basato sul principio che i cani vanno trattati da pari, e che solo così esseri umani e animali possono imparare a capire le esigenze reciproche. Passo dopo passo,

Sims ci illustra la tecnica del "sussurrare ai cani" dimostrandoci, attraverso episodi autobiografici a tratti molto commoventi, come chiunque sia in grado di apprendere a comunicare correttamente con il proprio amico a quattro zampe. Al contempo, ci offre anche una serie di utilissimi consigli per aiutarci a scegliere la razza più adatta alle nostre esigenze, per instaurare un rapporto di fiducia con l'animale che abbiamo scelto e per affrontare

e risolvere le situazioni problematiche. «Addestrare un cane non significa imporgli delle "Tavole della Legge", ma stabilire con lui un patto di amicizia.» - Graeme Sims

Breaking Dawn - Stephenie Meyer 2008-08-02

In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound

connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

The Language of the Body -

Alexander Lowen 2012-12-18

The Language of the Body, originally published as Physical Dynamics of Character Structure, brilliantly describes how personality is expressed in the form and function of the body. The body is the key to understanding behavior and working with the body is the key to psychological health. The Language of the Body outlines the foundations of character structure: schizoid, oral, masochistic, hysteric, and phallic narcissistic personality types. Dr. Lowen examines the relationship between psychoanalytic theory and body therapy.

The Leopard - Giuseppe Di Lampedusa 2007-11-06

Set in the 1860s, *The Leopard* tells the spellbinding story of a decadent, dying Sicilian aristocracy threatened by the approaching forces of democracy and revolution. The dramatic sweep and richness of observation, the seamless intertwining of public and private worlds, and the grasp of human frailty imbue *The Leopard* with its particular melancholy beauty and power, and place it among the greatest historical novels of our time.

Although Giuseppe di Lampedusa had long had the book in mind, he began writing it only in his late fifties; he died at age sixty, soon after the manuscript was rejected as unpublishable. In his introduction, Gioacchino Lanza Tomasi, Lampedusa's nephew, gives us a detailed history of the initial publication and the various editions that followed. And he includes passages Lampedusa wrote for the book that were omitted by the

original Italian editors. Here, finally, is the definitive edition of this brilliant and timeless novel. (Translated from the Italian by Archibald Colquhoun.)

L'apprendista assassino - Robin Hobb 2014-12-19

"Forse i tempi in cui sono nato aspettavano la mia nascita? Forse gli eventi si sono incastrati sferragliando come

le grandi ruote dentate di legno dell'orologio di Sayntanns... sospingendomi verso la vita? Non pretendo di essere stato un grande uomo. Eppure, se io non fossi nato... tante cose sarebbero diverse... Migliori? Non penso." "Non fingere mai di essere qualcosa di diverso da ciò che sei. Noi siamo assassini. Non agenti misericordiosi di un re saggio. Assassini politici che infliggono la morte per sostenere la nostra monarchia." Un'umanità di servi e signori abita un mondo pervaso da una magia sottile e inquietante, fra intrighi di corti e minacce di misteriosi pirati in grado di manipolare le loro vittime privandole di ogni forma di raziocinio e sentimento. Tra questi pericoli si aggira il giovane Fitz, un 'bastardo' di stirpe reale, la cui sola consolazione è un magico e tenero legame con gli animali. Accolto a corte, Fitz dovrà apprendere l'uso delle armi e le regole dell'etichetta, ma il suo destino è legato all'abilità di uccidere nell'ombra...
Diventare un assassino vuol

dire intraprendere un mestiere crudele e solitario, e soprattutto scoprire i propri poteri, lasciato del sangue dei Lungavista... Sospeso nella magia del mito e del romanzo cavalleresco, L'apprendista assassino racconta un universo drammatico in cui la lotta fra il Bene e il Male non è mai una prevedibile guerra tra opposti inconciliabili ma scontro umano tra fato e necessità, tra libera scelta e destino, tra personaggi la cui esistenza è sempre, inevitabilmente, imprevedibile.

Mutual Rescue - Carol Novello
2019-04-09

A moving and scientific look at the curative powers--both physical and mental--of rescuing a shelter animal, by the president of Humane Society Silicon Valley. MUTUAL RESCUE profiles the transformational impact that shelter pets have on humans, exploring the emotional, physical, and spiritual gifts that rescued animals provide. It explores through anecdote, observation, and scientific research, the complexity and depth of the role that pets play in our lives. Every story in the book brings an unrecognized benefit of adopting homeless animals to the forefront of the rescue conversation. In a nation plagued by illnesses--16 million adults suffer from depression, 29 million have diabetes, 8 million in any given year have PTSD, and nearly 40% are obese--rescue pets can help: 60% of doctors said they prescribe pet adoption and a staggering 97% believe that pet ownership provides health benefits. For people in chronic emotional, physical, or spiritual pain, adopting an animal can

transform, and even save, their lives. Each story in the book takes a deep dive into one potent aspect of animal adoption, told through the lens of people's personal experiences with their rescued pets and the science that backs up the results. This book will resonate with readers hungering for stories of healing and redemption.

The Baron in the Trees - Italo Calvino 2017

"Cosimo di Rondó, a young Italian nobleman of the eighteenth century, rebels against his parents by climbing into the trees and remaining there for the rest of his life. He adapts efficiently to an existence in the forest canopy he hunts, sows crops, plays games with earth-bound friends, fights forest fires, solves engineering problems, and even manages to have love affairs. From his perch in the trees, Cosimo sees the Age of Enlightenment pass by and a new century dawn. Long considered one of Calvino's finest works, *The baron in the trees* exemplifies this brilliant

writer's gift for fantasy."--Page [4] of cover.

Izzy & Lenore - Jon Katz

2008-09-23

NEW YORK TIMES

BESTSELLER BONUS: This edition contains an excerpt from Jon Katz's *Going Home*. In his previous books, New York Times bestselling author Jon Katz introduced us to the delightful menagerie at Bedlam Farm, including Izzy, the unforgettable border collie rescue. Now, in *Izzy & Lenore*, Katz delves deeper into his connection with the beautiful, once-abandoned dog, learning yet again about the unexpected places animals can take us. Affectionate and intuitive, Izzy is unlike any dog Katz has encountered, and the two undertake a journey Katz could not have imagined without the arrival of a new companion: a spirited, bright-eyed black Labrador puppy named Lenore. As trained hospice volunteers visiting homes and nursing facilities in upstate New York, Katz and Izzy bring comfort and canine companionship to people who most need it. An

eighty-year-old Alzheimer's patient smiles for the first time in months when she feels Izzy's soft fur. A retired logger joyfully remembers his own beloved dog when he sees Izzy. As Izzy bonds with patients and Katz focuses on their families, the author begins to come to terms with his own life, discovering dark realities he has never confronted. Meanwhile, Lenore—quickly dubbed the Hound of Love—arrives at Bedlam. Her genial personality and boundless capacity for affection steer Katz out of the shadows, rekindle his love of working with dogs, and restore his connection to the farm and the animals and people around him. Humorous and deeply moving, *Izzy & Lenore* is a story of a man confronting his past, embracing the blessings of his current life, and rediscovering the meaning of friendship, family, and faith. Katz shares an uplifting tale of love, compassion, and the rich and complex relationships between dogs and their humans.

The Man Who Lives with
Wolves - Shaun Ellis
2009-10-20

What would compel a man to place himself in constant danger in order to become a member of a wolf pack? To eat with them, putting his head into a carcass alongside the wolves' gnashing teeth? To play, hunt, and spar with them, suffering bruises and bites? To learn their language so his howl is indistinguishable from theirs? To give up a normal life of relationships and family so that he can devote himself completely to the protection of these wild animals? In *The Man Who Lives with Wolves*, Shaun Ellis reveals how his life irrevocably changed the first time he set eyes on a wolf. In exhilarating prose, he takes us from his upbringing in the wilds of Norfolk, England, to his survival training with British Army Special Forces to the Nez Percé Indian lands in Idaho, where he first ran with a wolf pack for nearly two years. Offering an extraordinary look into the lives of these threatened, misunderstood

creatures, Ellis shares how he ate raw kill—and little else; washed rarely, and only in plain water; learned to bury his face into the carcasses of prey—and, when necessary, to defend his share of the kill; communicated with the pack by his howls and body language, which over time became seemingly identical to theirs; and observed from this unique vantage point how wolves give birth to and raise their young, and enforce order among the pack. After years of living in the wild, Shaun Ellis was barely able to recognize the feral face that stared back at him from the mirror. And in *The Man Who Lives with Wolves*, we discover the life of a rare and fascinating man who abandoned civilization but never lost touch with his humanity.

Starring Michelle Monaghan, James Marsden, Luke Bracey, and Liana Liberator "Everyone wanted to believe that endless love was possible. She'd believed in it once, too, back when she was eighteen." In the spring of 1984, high school students Amanda Collier and Dawson Cole fell deeply, irrevocably in love. Though they were from opposite sides of the tracks, their love for one another seemed to defy the realities of life in the small town of Oriental, North Carolina. But as the summer of their senior year came to a close, unforeseen events would tear the young couple apart, setting them on radically divergent paths. Now, twenty-five years later, Amanda and Dawson are summoned back to Oriental for the funeral of Tuck Hostetler, the mentor who once gave shelter to their high school romance. Neither has lived the life they imagined . . . and neither can forget the

passionate first love that forever changed their lives. As Amanda and Dawson carry out the instructions Tuck left behind for them, they realize that everything they thought they knew -- about Tuck, about themselves, and about the dreams they held dear -- was not as it seemed. Forced to confront painful memories, the two former lovers will discover undeniable truths about the choices they have made. And in the course of a single, searing weekend, they will ask of the living, and the dead: Can love truly rewrite the past?

entertaining chronicle of a puppy's first year, by the executive editor of The New York Times One sparkling summer day, Jill Abramson brought home a nine-week-old golden retriever named Scout. Over the following year, as she and her husband raised their adorable new puppy, Abramson wrote a hugely popular column for The New York Times's website about the joys and challenges of training this rambunctious addition to their family. Dog-lovers from across the country inundated her with e-mails and letters, and the photos they sent in of their own dogs became the most visited photo album on the Times's site in 2009. Now Abramson has gone far beyond the material in her column and written a detailed and deeply personal account of Scout's first year. Part memoir, part manual, part investigative report, The Puppy Diaries continues Abramson's intrepid reporting on all things canine. Along the way, she weighs in on such issues as breeders or shelters, adoption or rescue, raw diet or vegan,

pack-leader gurus like Cesar Millan or positive-reinforcement advocates like Karen Pryor. What should you expect when a new puppy enters your life? With utterly winning stories and a wealth of practical information, The Puppy Diaries provides an essential road map for navigating the first year of your dog's life.
