Romero John Landis Joe Dante Vincenzo Natali Brian Yuzna William Lustig William Malone Buddy Giovinazzo Tim Sullivan Richard Raaphorst Ruggero Deodato Jim Shooter Bob Layton David J. Skal

The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success - Elena Chirkova 2015-04-10

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia. **Anne Pedersdotter** - Hans Wiers-Jenssen 1917

Small-Gauge Storytelling - Ryan Shand 2013-05-30

What do you understand by the term 'home movie'? Do you imagine images of babies-on-the lawn, sandcastles on the beach, or travels with the family? Did you know that amateur filmmakers have also explored fictional genres as diverse and fascinating as their professional counterparts, that specific amateur film studios have risen and fallen, or that household-name directors owe their origins and inspirations to the amateur film movement? Across a range of settings from the Canadian north-west to the Russian far-east, this book offers an introduction to the amateur maker of film comedies, thrillers, adaptations and sci-fi. It records the ambitions and achievements of enthusiasts struggling to emulate the mainstream and tell their own stories, armed with limited resources and endless initiative.

Life in the Far West - George Frederick Ruxton 1855

Animal Migration - D. J. Aidley 1981-10-30

The Shadow of the Vulture - Robert Ervin Howard 2020-12-08

Japan Through the Looking Glass - Alan MacFarlane 2010-08-06

This entertaining and endlessly surprising book takes us on an exploration into every aspect of Japanese society from the most public to the most intimate. A series of meticulous investigations gradually uncovers the multi-faceted nature of a country and people who are even more extraordinary than they seem. Our journey encompasses religion, ritual, martial arts, manners, eating, drinking, hot baths, geishas, family, home, singing, wrestling, dancing, performing, clans, education, aspiration, sexes, generations, race, crime, gangs, terror, war, kindness, cruelty, money, art, imperialism, emperor, countryside, city, politics, government, law and a language that varies according to whom you are speaking. Clear-sighted, persistent, affectionate, unsentimental and honest - Alan Macfarlane shows us Japan as it has never been seen before.

Energy from the Vacuum - Thomas E. Bearden 2002

Build Your Own Electric Guitar - Paul Balmer 2013-05-01

This all-color, fully illustrated practical book brings the unique Haynes 'Build your own' approach to a new audience. Comprehensive step-by-step procedures show both novice and experienced guitarists how to build their very own unique, high-spec custom S-type instrument, tailor-made for their needs, for far less than the cost of buying a factory-built equivalent. Various body, neck and hardware options are covered to suit all requirements, along with advice on how to build a guitar to give the desired sound. Details of fine-tuning, along with set-up advice, helps to ensure that the finished guitar will be a joy to own and play

The Cambridge Companion to Constant - Helena Rosenblatt 2009-04-13

Benjamin Constant is widely regarded as a founding father of modern liberalism. The Cambridge Companion to Constant presents a collection of interpretive essays on the major aspects of his life and work by a panel of international scholars, offering a necessary overview for anyone who wants to better understand this important thinker. Separate sections are devoted to Constant as a political theorist and actor, his work as a social analyst and literary critic, and his accomplishments as a historian of religion. Themes covered range from Constant's views on modern liberty, progress, terror, and individualism, to his ideas on slavery and empire, literature, women, and the nature and importance of religion. The Cambridge Companion to Constant is a convenient and accessible guide to Constant and the most up-to-date scholarship on him.

La Bella Figura - Beppe Severgnini 2008-11-12

Join the bestselling author of *Ciao, America!* on a lively tour of modern Italy that takes you behind the seductive face it puts on for visitors—la bella figura—and highlights its maddening, paradoxical true self You won't need luggage for this hypothetical and hilarious trip into the hearts and minds of Beppe Severgnini's fellow Italians. In fact, Beppe would prefer if you left behind the baggage his crafty and elegant countrymen have smuggled into your subconscious. To get to his Italia, you'll need to forget about your idealized notions of Italy. Although La Bella Figura will take you to legendary cities and scenic regions, your real destinations are the places where Italians are at their best, worst, and most authentic: The highway: in America, a red light has only one possible interpretation—Stop! An Italian red light doesn't warn or order you as much as provide an invitation for reflection. The airport: where Italians

prove that one of their virtues (an appreciation for beauty) is really a vice. Who cares if the beautiful girls hawking cell phones in airport kiosks stick you with an outdated model? That's the price of gazing upon perfection. The small town: which demonstrates the Italian genius for pleasant living: "a congenial barber . . . a well-stocked newsstand . . . professionally made coffee and a proper pizza; bell towers we can recognize in the distance, and people with a kind word and a smile for everyone." The chaos of the roads, the anarchy of the office, the theatrical spirit of the supermarkets, and garrulous train journeys; the sensory reassurance of a church and the importance of the beach; the solitude of the soccer stadium and the crowded Italian bedroom; the vertical fixations of the apartment building and the horizontal democracy of the eat-in kitchen. As you venture to these and many other locations rooted in the Italian psyche, you realize that Beppe has become your Dante and shown you a country that "has too much style to be hell" but is "too disorderly to be heaven." Ten days, thirty places. From north to south. From food to politics. From saintliness to sexuality. This ironic, methodical, and sentimental examination will help you understand why Italy—as Beppe says—"can have you fuming and then purring in the space of a hundred meters or ten minutes."

Guitar For Dummies - Mark Phillips 1998-09-16

Let's face it - in the music world, guitars set the standard for cool. Since the 1950s, many of the greatest performers in rock 'n' roll, blues, and country have played the guitar. Playing electric guitar can put you out in front of a band, where you're free to roam, sing, and make eye contact with your adoring fans. Playing acoustic guitar can make you the star of the vacation campfire sing-along or allow you to serenade that special someone. And playing any kind of guitar can bring out the music in your soul and become a valued lifetime hobby. *Guitar For Dummies* delivers everything the beginning to intermediate guitarist needs. The information has been carefully crafted so that you can find exactly what you want to know about the guitar. This clearly written guide is for anyone who wants to know how to Strum basic chords and simple melodies Expand your range with advanced techniques Play melodies without reading music Choose the right guitar Tune, change strings, and make simple repairs Figure out how to play anything from simple chord progressions to smokin' blues licks. *Guitar For Dummies* also covers the following topics and more: Hand position and posture Basic major and minor chords Adding spice with basic 7th chords and barre chords Playing melodies in position and in double-stops Different styles including rock, blues, folk, and classical Buying a guitar and accessories Taking care of your guitar *Guitar For Dummies* also contains a play-along audio CD that contains all 97 songs and exercises from the book. Whether you're contemplating a career as a heavy metal superstar or you just want to strum a few folk songs for your friends, this friendly book-and-CD package makes it easy to pick up the guitar and start playing. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

English Diachronic Pragmatics - Gabriella Di Martino 2000

Modern Jazz Voicings - Ted Pease 2001-04-01

(Berklee Guide). The definitive text used for the time-honored Chord Scales course at Berklee College of Music, this book concentrates on scoring for every possible ensemble combination and teaches performers and arrangers how to add color, character and sophistication to chord voicings. Topics covered include: selecting appropriate harmonic tensions, understanding jazz harmony, overcoming harmonic ambiguity, experimenting with unusual combinations and non-traditional alignments, and many more. The accompanying audio includes performance examples of several different arranging techniques.

Edinburgh Tobacco Pipemakers and Their Pipes - Dennis B. Gallagher 1986

Nlp - NLP Comprehensive 1996-02-19

NLP has already helped millions of people overcome fears, increase confidence, enrich relationships, and achieve greater success. Now the NLP Comprehensive Training Team has written a book that reveals how to use this breakthrough technology to achieve whatever you want. Short for neuro-linguistic programming, NLP is a revolutionary approach to human communication and development. In *NLP: The New Technology of Achievement*, you'll be guided step-by-step through specific programs for learning the characteristics of top achievers and creating a blueprint for unlimited success. Plus, an all-new twenty-one-day program created especially for this book provides you with the essential skills you'll need to achieve peak performance in business and life.

Milan Architecture Guide. 1945-2015 - F. Andreola 2015

In Defiance of Painting - Christine Poggi 1992-01-01

The invention of collage by Picasso and Braque in 1912 proved to be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

Ciao, America! - Beppe Severgnini 2003-05-13

In the wry but affectionate tradition of Bill Bryson, *Ciao, America!* is a delightful look at America through the eyes of a fiercely funny guest—one of Italy's favorite authors who spent a year in Washington, D.C. When Beppe Severgnini and his wife rented a creaky house in Georgetown they were determined to see if they could adapt to a full four seasons in a country obsessed with ice cubes, air-conditioning, recliner chairs, and, of all things, after-dinner cappuccinos. From their first encounters with cryptic rental listings to their back-to-Europe yard sale twelve months later, Beppe explores this foreign land with the self-described patience of a mildly inappropriate beachcomber, holding up a mirror to America's signature manners and mores. Succumbing to his surroundings day by day, he and his wife find themselves developing a taste for Klondike bars and Samuel Adams beer, and even that most peculiar of American institutions—the pancake house. The realtor who waves a perfect bye-bye, the overzealous mattress salesman who bounces from bed to bed, and the plumber named Marx who deals in illegally powerful showerheads are just a few of the better-than-fiction characters the Severgninis encounter while foraging for clues to the real America. A trip to the computer store proves just as revealing as D.C.'s Fourth of July celebration, as do boisterous waiters angling for tips and no-parking signs crammed with a dozen lines of fine print. By the end of his visit, Severgnini has come to grips with life in these United States—and written a charming, laugh-out-loud tribute.

Madame Sadayakko - Lesley Downer 2003

The author of *Women of the Pleasure Quarters* shares the story of the famous geisha whose life inspired Puccini's *Madame Butterfly*, from her training and participation in secret geisha traditions to her defection from her lucrative career to marry the penniless actor and political maverick Otojiro Kawakami and her rise to international celebrity. Reprint.

Wisdom of the Daoist Masters - Laozi 1984

Modulations - Peter Shapiro 2000

A technophile's wet dream going beyond the limits of an encyclopedia or a record guide, here are essays by musicians and music journalists which illuminate genres techno, house, krautrock, disco, hip-hop, jungle, drum'n'bass, ambient and downtempo. Probing the conceptual origins of synthesised sound and including legendary names Kraftwerk, Giorgio Moroder, Robert Moog and John Cage, the black roots of electronic music are also documented, from free-jazz traveller Sun Ra to funk innovators Parliament and Funkadelic. With sections on fusion, dub, post-punk, breakbeats+.

Autobiography of a Geisha - 2003

First-person account of the life of a geisha in the middle of the twentieth century.

An Italian in Britain - Beppe Severgnini 2012-09-19

England and the English deserve to be examined in depth and Mr Severgnini goes on to explore this mysterious island with irony and verve. He describes how English dress, what they eat, how much they drink, and why they are so obsessed with a certain kind of wallpaper. It may not be a tourist guide but any tourist will find all kinds of suggestions, explanations and information about the country.

Mining the Home Movie - Karen L. Ishizuka 2008

Features essays that combine research, critical analyses and theoretical approaches regarding the meaning and value of amateur and archival films. This book identifies home movies as methods of visually preserving history. It defines a genre of film studies and establishes the home movie

as a tool for extracting historical and social insights.

Atlas of Cities - Paul Knox 2014-08-24

Examines different cities from all over the world and looks at their physical, economic, social, and political structure, as well as their relationships to each other and where future urbanization might be headed.

Guitar Theory & Workout. Con CD Audio - Donato Begotti 2013

Report of the State Botanist - New York (State). State Botanist 1913

Lean on Pete - Willy Vlautin 2010-02-04

Fifteen-year-old Charley Thompson wants a home; food on the table; a high school he can attend for more than part of a year; and some structure to his life. But as the son of a single father working at warehouses across the Pacific Northwest, he's been pretty much on his own for some time. *Lean on Pete* opens as he and his father arrive in Portland, Oregon and Charley takes a stables job, illegally, at the local race track. Once part of a vibrant racing network, Portland Meadows is now seemingly the last haven for washed up jockeys and knackered horses, but it's there that Charley meets Pete, an old horse who becomes his companion as he's forced to try to make his own way in the world. A portrait of a journey - populated by a vivid cast of characters against a harsh landscape - *Lean on Pete* is also the unforgettable story of a friendship and of hope in dark times.

Webster's Dictionary and Thesaurus - Geddes & Grosset, Limited 2002

Reel Families - Patricia Rodden Zimmermann 1995

Examines amateur film, filmmaking, and equipment from the late 1890s to the present, focusing on the emerging and changing discourse of aesthetics, creativity and innovation, and standards of production.

That Bowling Alley on the Tiber - Michelangelo Antonioni 1986

Gathers thirty-three story ideas for films by the Italian director noted for his use of silence, omission, and suggestion

Bibliografia nazionale italiana - 2001

Brancalonia. Macaronicon - 2021

The Television Studies Reader - Professor of Ophthalmology and Pharmacology and Chairman of the Department of Ophthalmology

Robert C Allen, M D 2004

The Television Studies Reader brings together key writings in the expanding field of television studies, providing an overview of the discipline and addressing issues of industry, genre, audiences, production and ownership, and representation. The Reader charts the ways in which television and television studies are being redefined by new and 'alternative' ways of producing, broadcasting and watching TV, such as cable, satellite and digital broadcasting, home video, internet broadcasting, and interactive TV, as well as exploring the recent boom in genres such as reality TV and docusoaps. It brings together articles from leading international scholars to provide perspectives on television programmes and practices from around the world, acknowledging both television's status as a global medium and the many and varied local contexts of its production and reception. Articles are grouped in seven themed sections, each with an introduction by the editors: Institutions of Television Spaces of Television Modes of Television Making Television Social Representation on Television Watching Television Transforming Television

Catalogo dei libri in commercio - 2003

Principles of Electricity Markets Economics - Massimiliano Coppo 2020-02-25

This book is aimed at university students in engineering, in particular graduated students in the electrical engineering area who want to learn more about topics such as the operation of electricity markets and the related policy decisions. The book starts with providing the fundamental theory of economics and regulation in relation to the electricity sector and then recalls the theory of nodal prices for the valuation of electrical energy at a power system buses. Numerical examples are used to clarify the implications of the theoretical models presented. Along with the theoretical aspects of valuating electricity, the book addresses the organisation of markets, including the real case example of the Italian power exchange, the options for capacity markets, the valuation of investments in transmission capacity and the congestion management, briefly recalling the current state of European markets integration. Environmental externalities are addressed while focusing on the current state of emission trading systems and the support for renewable energy. Finally, price formation and financial products supporting electricity trading are discussed.
