*Loss and the Other in the Visionary Work of Anna Maria Ortese* - Vilma De Gasperin 2014-03

Combines theme and genre analysis in a study of the Italian author, from her first literary writings in the 1930s to her novels in the 1990s.

*Storming Heaven* - Steve Wright 2017

Storming Heaven is the only book which looks at Italian workerist theory and practice, from its origins in the anti-Stalinist left of the 1950s to its heyday twenty years later. It focuses on the theme of workerism, or 'operaismo', which includes the refusal of work, class self-organisation, mass illegality and the extension of revolutionary agency, of which are still practiced today by workers across the world. Emphasising the dynamic nature of class struggle as the distinguishing feature of workerist thought, Storming Heaven reveals how this form of radical politics developed alongside emerging social movements to great effect. It assesses the strengths and limitations of workerism as first developed by Antonio Negri, Mario Tronti, Sergio Bologna and others. This edition includes a new chapter looking at the debates around operaismo and Autonomia since the book originally appeared in 2002, and is updated with a new foreword and afterword.

**Writings of Catherine of Siena (Annotated)** - Keith Beasley-Topcliffe 2017-04-01

With: Historical commentary Biographical info Appendix with further readings For nearly 2,000 years, Christian mystics, martyrs, and sages have documented their search for the divine. Their writings have bestowed boundless wisdom upon subsequent generations. But they have also burdened many spiritual seekers. The sheer volume of available material creates a seemingly insurmountable obstacle. Enter the Upper Room Spiritual Classics series, a collection of authoritative texts on Christian spirituality curated for the everyday reader. Designed to introduce 15 spiritual giants and the range of their works, these volumes are a first-rate resource for beginner and expert alike. Living in turbulent 14th-century Italy, Catherine was driven to submit her will completely to God's will for her. Her intense prayer life led her to write hundreds of letters to friends, other monastics, and heads of state, urging them to turn away from sin and draw closer to God. Catherine's life of total prayer has long inspired admiration.

**Lucretius Poet and Philosopher** - Philip R. Hardie 2020-07-06

Six hundred years after Poggio's retrieval of the *De rerum natura*, and with the recent surge of interest in Lucretius and his influence, there has never been a better time to fully assess and recognize the shaping force of his thought and poetry over European culture from antiquity to modern times. This volume offers a multidisciplinary and updated overview of Lucretius as philosopher and as poet, with special attention to how these two aspects interact. The volume includes 18 contributions by established as well as early career scholars working on Lucretius' philosophical and poetic work, and his reception both in ancient and early modern times. All the chapters present new and original research. Section I explores core issues of Epicurean-Lucretian epistemology and ethics. Section II expounds much new material on ancient response to and reception of Lucretius. Section III presents new material and analysis on the immediate, fraught early modern reception of the poem. Section IV offers a wide collection of new and original papers on Lucretius' fortunes in the period from Machiavelli up to Victorian times. Section V explores little known aspects of the iconographical and biographical motifs related to the *De rerum natura*.

*New Geographies* - Stephen Ramos 2009-09

*New Geographies* journal aims to examine the emergence of the "geographic," a new but for the most part latent paradigm in design today—to articulate it and to bring it to bear effectively on the social role of design. Although much of the analysis of this context in architecture,

landscape, and urbanism derives from social anthropology, human geography, and economics, the journal aims to extend these arguments to the impact of global changes on the spatial dimension, whether in terms of the emergence of global spatial networks, global cities, or nomadic practices, and how these inform design practices today.

Through essays and design projects, the journal aims to identify the relationship between the very small and the very large, and intends to open up discussions on the expanded role of the designer, with an emphasis on disciplinary reframings, repositionings, and attitudes.

*The Splendors and Miseries of Ruling Alone* - Nino Luraghi 2013

Monarchy, that is, a political order characterized by a single ruler, is an understudied aspect of Greek politics and culture. The contributors to this book provide a unified scholarly framework in which to interpret the sociological as well as the ideological side of monarchic regimes from archaic Greek tyranny to Hellenistic monarchy in Greece and the Eastern Mediterranean. Taking their cue from Hans-Joachim Gehrke's essay on the victorious king, published here in an updated English translation, the contributors bring to the surface common trends and features that make it possible to sketch an integrated history of monarchic rule in ancient Greece from the Archaic to the Hellenistic age. Topics of contributions include the image of the archaic tyrant as legitimate and illegitimate ruler, the rhetoric of Hellenistic monarchy outlined in philosophical treatises on monarchy, the impact of the rise of Hellenistic monarchy on pre-existing political orders such as tyranny in Sicily and dual monarchy in Sparta, and the influence of this ideological model on political traditions in Anatolia and Palestine in the Late Hellenistic period.

*Siddham* - Robert Hans van Gulik 1956

**Italian Crime Fiction** - Giuliana Pieri 2011-10-15

The present volume is the first study in the English language to focus specifically on Italian crime fiction, weaving together a historical perspective and a thematic approach, with a particular focus on the representation of space, especially city space, gender, and the tradition of *impegno*, the social and political engagement which characterised the Italian cultural and literary scene in the postwar period. The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present, by focusing on a wide range of detective and crime novels by selected Italian writers, some of whom have an established international reputation, such as C. E. Gadda, L. Sciascia and U. Eco, whilst others may be relatively unknown, such as the new generation of crime writers of the Bologna school and Italian women crime writers. Each chapter examines a specific period, movement or group of writers, as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture. The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which, when viewed without the artificial distinction between high and popular literature, shows a remarkable insight into Italy's postwar history, tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong, evil, redemption, and the search of the self.

*State Martyr* - Baldassare Scolari 2019-06

Der Politiker Aldo Moro wurde 1978 von der terroristischen Organisation "Rote Brigaden" entführt und getötet. Im Verlauf der Ereignisse stilisierten die Medien Moro zum "Staatsmartyrer". Der Band geht der hochaktuellen Frage nach, welche Rolle das ursprünglich christliche Konzept des Martyrers in der Spannung zwischen demokratischem Staat und Terrorismus spielt. Was leistet dieser Begriff aus der christlichen Antike im modernen gesellschaftspolitischen Diskurs? Welche Veränderungen hat der Terminus "Martyrer" in der Europäischen Religions- und Kulturgeschichte durchgemacht? Anhand von medialen

Quellen zum Fall Moro wird eine wesentliche Phase der nachkriegszeitlichen Politik in Italien rekonstruiert. Die Studie eröffnet einen interdisziplinär angelegten theoretischen Horizont, um die Rolle religiöser Motive im gesellschaftspolitischen Kontext zu verstehen. Sie bringt eine zentrale neue Dimension in die Sakularisierungsdebatte ein, bei der Sakularisierung als neue Konfiguration von Politik und Religion verstanden wird.

**Conflict, Security and the Reshaping of Society** - Alessandro Dal Lago 2010-07-13

A PDF version of this book is available for free in open access via [www.tandfebooks.com](http://www.tandfebooks.com) as well as the OAPEN Library platform, [www.oapen.org](http://www.oapen.org). It has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 3.0 license and is part of the OAPEN-UK research project. This book is an examination of the effect of contemporary wars (such as the 'War on Terror') on civil life at a global level. Contemporary literature on war is mainly devoted to recent changes in the theory and practice of warfare, particular those in which terrorists or insurgents are involved (for example, the 'revolution in military affairs', 'small wars', and so on). On the other hand, today's research on security is focused, among other themes, on the effects of the war on terrorism, and on civil liberties and social control. This volume connects these two fields of research, showing how 'war' and 'security' tend to exchange targets and forms of action as well as personnel (for instance, the spreading use of private contractors in wars and of military experts in the 'struggle for security') in modern society. This shows how, contrary to Clausewitz's belief war should be conceived of as a "continuation of politics by other means", the opposite statement is also true: that politics, insofar as it concerns security, can be defined as the 'continuation of war by other means'. This book will be of much interest to students of critical security studies, war and conflict studies, terrorism studies, sociology and IR in general. Salvatore Palidda is Professor of Sociology in the Faculty of Education at the University of Genoa. Alessandro Dal Lago is Professor of Sociology of Culture and Communication at the University of Genoa.

The "Sacred History" of Euhemerus of Messene - Marek Winiarczyk 2013-04-30

In his utopian novel *Hiera Anagraphe (Sacred History)* Euhemerus of Messene (ca. 300 B.C.) describes his travel to the island Panchaia in the Indian Ocean where he discovered an inscribed stele in the temple of Zeus Triphylus. It turned out that the Olympian gods (Uranos, Kronos, Zeus) were deified kings. The travels of Zeus allowed to describe peoples and places all over the world. Winiarczyk investigates the sources of the theological views of Euhemerus. He proves that Euhemerus' religious views were rooted in old Greek tradition (the worship of heroes, gods as founders of their own cult, tombs of gods, euergetism, rationalistic interpretation of myths, the explanations of the origin of religion by the sophists, the ruler cult). The description of the Panchaia society is intended to suggest an archaic and closed culture, in which the stele recording *res gestae* of the deified kings might have been preserved. The translation of Ennius' *Euhemerus sive Sacra historia* (ca. 200 - ca. 194) is a free prose rendering, which Lactantius knew only indirectly. The book is concluded by a short history of Euhemerism in the pagan, Christian and Jewish literature.

Parliamo Italiano! - Suzanne Branciforte 2001-11-12

The Second Edition of *Parliamo italiano!* instills five core language skills by pairing cultural themes with essential grammar points. Students use culture—the geography, traditions, and history of Italy—to understand and master the language. The 60-minute *Parliamo italiano!* video features stunning, on-location footage of various cities and regions throughout Italy according to a story line corresponding to each unit's theme and geographic focus.

*The Italian Difference* - Lorenzo Chiesa 2009

This volume brings together essays by different generations of Italian thinkers which address, whether in affirmative, problematizing or genealogical registers, the entanglement of philosophical speculation and political proposition within recent Italian thought. Nihilism and biopolitics, two concepts that have played a very prominent role in theoretical discussions in Italy, serve as the thematic foci around which the collection orbits, as it seeks to define the historical and geographical particularity of these notions as well their continuing impact on an international debate. The volume also covers the debate around OCO (pensiero debole), the feminist thinking of sexual difference, the re-emergence of political anthropology and the question of communism. The contributors provide contrasting narratives of the development of post-war Italian thought and trace paths out of the

theoretical and political impasses of the present OCO against what Negri, in the text from which the volume takes its name, calls OCO the Italian desert OCO."

Fighting Terrorism and Drugs - Jörg Friedrichs 2007-09-12

*Fighting Terrorism and Drugs* is an examination of European states in their fight against terrorism and drugs, from the 1960s up to the present day. Jörg Friedrichs explores what makes large European states willing or unwilling to participate in international police cooperation against terrorism and drugs. The book examines forty-eight case studies, with particular regard to the policy preferences of the four largest and most politically important EU Member States: Britain, France, Germany, and Italy. The author argues that if a real understanding of international cooperation is to develop, it is important to understand what individual states want and why they want it. To explain state preferences, Friedrichs considers interests, institutions and ideas from domestic, national and international levels that can affect state preferences either positively or negatively. This theoretically coherent book looks at international police cooperation from a truly international perspective and will be of interest to students and scholars of international relations, terrorism, criminology, international law and European integration.

**Daughter of the King** - Kaylin Koslosky 2016-08-03

*Daughter of the King: Wait, Where's My Crown?!* is made to spark a revival of true femininity, beauty, and love in our world. "With a fresh and captivating style, Kaylin and Megan offer compelling insights into the 'feminine genius'. Drawing from their own experience as college students, they reveal the challenges faced by young women with honesty. And present with clarity, hope and warmth responses to these challenges which hold the promise of personal integrity. It is a "must-read" for teens and young university women who are looking to explore, understand and prize their feminine identity." ~Mother Agnes Mary, SV, Sisters of Life "Kaylin and Megan bring a much-needed and inspiring message to young women in their book *Daughter of the King: Wait, Where's My Crown?!*. This book helps young women face the pressures, insecurities and questions imposed by the world from a Catholic perspective. The authors write with maturity beyond their years and capture your heart with their own personal stories in a witty and fun conversational style. I highly recommend this book to any high school or college-aged young woman in your life." ~Briana Johnson, Fellowship of Catholic University Students

**The Wise Men of Pizzo** - Francesco M Marincola 2014-06-09

The story is presented through the eye of an immigrant returning home for a fortnight to a little coastal Italian town from the Americas, with the intent of taking a break from customary life and reorganising his thoughts around lifelong problems with his wife. There old memories emerge and blend with the current life of the town. During his stay, the visitor learns from a group of wise old men that a friend of his youth has died of Aids after conducting a dissipated life. The old men also represent the heart of the little village with their provincial wisdom.

**Rules Without Meaning** - Frits Staal 1993

"Rules Without Meaning" is an original study of ritual and mantras which shows that rites lead a life of their own, unaffected by religion or society. In its analysis of Vedic ritual, it uses methods inspired by logic, linguistics, anthropology and Asian studies. New insights are offered into various topics including music, bird song and the origin of language. The discussion culminates in a proposal for a new human science that challenges the current dogma of -the two cultures- of sciences and humanities."

**Venice and the Veneto during the Renaissance: the Legacy of Benjamin Kohl** - Knaption, Michael 2014

Benjamin G. Kohl (1938-2010) taught at Vassar College from 1966 till his retirement as Andrew W. Mellon Professor of the Humanities in 2001. His doctoral research at The Johns Hopkins University was directed by Frederic C. Lane, and his principal historical interests focused on northern Italy during the Renaissance, especially on Padua and Venice. His scholarly production includes the volumes *Padua under the Carrara, 1318-1405* (1998), and *Culture and Politics in Early Renaissance Padua* (2001), and the online database *The Rulers of Venice, 1332-1524* (2009). The database is eloquent testimony of his priority attention to historical sources and to their accessibility, and also of his enthusiasm for collaboration and sharing among scholars.

*The Unity of Plutarch's Work* - Anastasios Nikolaidis 2008-12-10

This volume of collected essays explores the premise that Plutarch's work, notwithstanding its amazing thematic multifariousness, constantly pivots on certain ideological pillars which secure its unity and coherence. So, unlike other similar books which, more or less, concentrate on either the Lives or the *Moralia* or on some particular aspect(s) of Plutarch's

œuvre, the articles of the present volume observe Plutarch at work in both Lives and Moralia, thus bringing forward and illustrating the inner unity of his varied literary production. The subject-matter of the volume is uncommonly wide-ranging and the studies collected here inquire into many important issues of Plutarchean scholarship: the conditions under which Plutarch's writings were separated into two distinct corpora, his methods of work and the various authorial techniques employed, the interplay between Lives and Moralia, Plutarch and politics, Plutarch and philosophy, literary aspects of Plutarch's œuvre, Plutarch on women, Plutarch in his epistemological and socio-historical context. In sum, this book brings Plutarchean scholarship to date by revisiting and discussing older and recent problematization concerning Plutarch, in an attempt to further illuminate his personality and work.

**Democracy and Fake News** - Serena Giusti 2020-12-30

This book explores the challenges that disinformation, fake news, and post-truth politics pose to democracy from a multidisciplinary perspective. The authors analyse and interpret how the use of technology and social media as well as the emergence of new political narratives has been progressively changing the information landscape, undermining some of the pillars of democracy. The volume sheds light on some topical questions connected to fake news, thereby contributing to a fuller understanding of its impact on democracy. In the Introduction, the editors offer some orientating definitions of post-truth politics, building a theoretical framework where various different aspects of fake news can be understood. The book is then divided into three parts: Part I helps to contextualise the phenomena investigated, offering definitions and discussing key concepts as well as aspects linked to the manipulation of information systems, especially considering its reverberation on democracy. Part II considers the phenomena of disinformation, fake news, and post-truth politics in the context of Russia, which emerges as a laboratory where the phases of creation and diffusion of fake news can be broken down and analysed; consequently, Part II also reflects on the ways to counteract disinformation and fake news. Part III moves from case studies in Western and Central Europe to reflect on the methodological difficulty of investigating disinformation, as well as tackling the very delicate question of detection, combat, and prevention of fake news. This book will be of great interest to students and scholars of political science, law, political philosophy, journalism, media studies, and computer science, since it provides a multidisciplinary approach to the analysis of post-truth politics.

**Ours to Master and to Own** - Immanuel Ness 2011

Capitalism would have us believe we need our bosses. This volume reveals the history of workers who dare to disagree

**Weak Thought** - Gianni Vattimo 2012-09-01

Heralding the beginning of the philosophical dialogue on the concept for which Gianni Vattimo would become best known (and coining its name), this groundbreaking 1983 collection includes foundational essays by Vattimo and Pier Aldo Rovatti, along with original contributions by nine other Italian philosophers influenced by and working within the authors' framework. Dissatisfied with the responses to nineteenth- and twentieth-century European philosophy offered by Marxism, deconstruction, and poststructuralism, Vattimo found in the nihilism of Friedrich Nietzsche an important context within which to take up the hermeneutics of Martin Heidegger and Hans-Georg Gadamer. The idea of weak thought sketched by Vattimo and Rovatti emphasizes a way of understanding the role of philosophy based on language, interpretation, and limits rather than on metaphysical and epistemological certainties without falling into relativism. To the first English-language edition of this volume, translator Peter Carravetta adds an extensive critical introduction, providing an overview of weak thought and taking stock of its philosophical trajectory over more than a quarter century.

**Encyclopaedia Anatomica** - Monika von Düring 2014

Know thyself: Explore the complex and amazing universe that lives beneath your skin From the eccentric museum La Specola in Florence comes this amazing collection of waxworks depicting human anatomy in all its dazzling complexity. A selection of wax bodies and body part and organ studies from the museum's collection is presented here; from skeletons to vein structures, organs to nerves, and arteries to the delicate pores of the skin, the human body is mapped out in meticulous and exacting detail. Texts explaining the human anatomy in layperson's terms and exploring the historical and cultural significance of the wax figures complete this "total body experience".

**Room 24** - Katie Prejean McGrady 2016-02-05

Five years after she graduated from high school, teacher, youth minister, and sought-after speaker Katie Prejean McGrady returned to her alma

mater in Lake Charles, Louisiana, to teach freshman theology. In the early years of her career, McGrady's hormonal, sometimes grumpy, and often confused students taught her what it means to evangelize. Her frequently witty and always candid stories—and the ten lessons she offers—will inspire anyone who works with youth in the Church today. As she began her first year of teaching, McGrady was eager to impart the Catholic doctrine she loves to her class in room 24 at St. Louis Catholic high school, but she was quickly rattled by the magnitude of the task, especially when she was challenged by a teen who said he didn't believe. In ten brief and compelling chapters, McGrady shares humorous and hopeful interactions she's had with her students that helped her learn that teaching them about Jesus and his Church is not as important as knowing them, loving them, and inviting them to know and love Jesus as a personal friend and savior. Her frequent mistakes and occasional successes with her students taught McGrady how to evangelize young people by building relationships in joyful, humble, and prayerful ways. Likewise, McGrady determined that the power of inviting conversation, welcoming questions, and witnessing to faith through personal stories engages students and helps them fall in love with Jesus.

**Temptation** - Ivy Smoak 2015-04-08

Indulge in the temptation in the breakout series *The Hunted* by Ivy Smoak. When Penny Taylor runs into a handsome stranger in a coffee shop, she believes her luck has finally changed. After having her confidence unwound by her ex, she falls hard for a true gentleman. But once she realizes that her crush is her communications professor, her world is turned upside down. Haunted by dreams of the alluring Professor Hunter, Penny can't seem to dismiss her fantasies and the temptation to have him grows deeper. Will the excitement, danger, and mystery surrounding Professor Hunter bring her to her knees? This book is intended for mature audiences.

**Virtues for the People** - Geert Roskam 2011

This collection of essays addresses Plutarch's writings on practical ethics from different perspectives, including regarding their overall structure, content, purpose, and underlying philosophical and social presuppositions.

**Organised Crime in Europe** - Cyrille Fijnaut 2007-01-21

This volume represents the first attempt to systematically compare organised crime concepts, as well as historical and contemporary patterns and control policies in thirteen European countries. These include seven 'old' EU Member States, two 'new' members, a candidate country, and three non-EU countries. Based on a standardised research protocol, thirty-three experts from different legal and social disciplines provide insight through detailed country reports. On this basis, the editors compare organised crime patterns and policies in Europe and assess EU initiatives against organised crime.

**States of Emergency** - Robert Lumley 1990

**Mircea Eliade Once Again** - Cristina Scarlat 2011

**KAOS. Ten Years of Hacking and Media Activism** - AUTISTICI INVENTATI. - 2017-04-20

Autistici/Inventati was funded in 2001 with the goal of creating an autonomous server and providing free web services which respected users' privacy and anonymity. Having grown into a distributed network spread over several countries, their projects and servers have repeatedly been subjected to legal pressure by governments: however, even while being forcibly seized, shut down and under invasive surveillance operations, they survived. As of today they still offer secure and non-commercial tools for free communication to thousands of users. +KAOS is a cut and paste of interviews, like a documentary film transposed on paper. It describes the peculiar relationship between hacktivism and activism, in Italy and beyond, highlighting the importance of maintaining digital infrastructures. While this may not sound as glamorous as sneaking into a server and leaking data, it is a fundamental topic: not even the most emblematic group of hacktivists can operate without the services of radical server collectives.

**Language and Religion** - Robert Yelle 2019-02-19

This volume draws on an interdisciplinary team of authors to advance the study of the religious dimensions of communication and the linguistic aspects of religion. Contributions cover: poetry, iconicity, and iconoclasm in religious language; semiotic ideologies in traditional religions and in secularism; and the role of materiality and writing in religious communication. This volume will provoke new approaches to language and religion.

Visible Mantra: Visualising & Writing Buddhist Mantras - Jayarava 2011-01-21

The long awaited print version of the popular Buddhist mantra website: [visiblemantra.org](http://visiblemantra.org). This is a celebration of the visual forms of mantra and other varieties of sacred speech, drawing on Buddhist traditions from India, China, Japan, and Tibet. The book includes all the mantras from the website, plus a few more. Each is presented in four scripts: Siddham (Bonji ཨྎ), Lantsa (aka Rañjana), Devanāgarī, and Tibetan (dbu can). Plus seed-syllables, dhāraṇī and Pāli chants. All accompanied by Jayarava's meticulously researched notes and comments, and background reading drawn from Jayarava's blog. An invaluable resource for Buddhist artists, calligraphers and practitioners.

The Value of Worthless Lives - Ilaria Serra 2007

There are many good books on Italian immigration to the United States, including success biographies, field researches and historical investigations. What is lacking however is an account of the immigrant experience from a "grassroots" point of view. This book tells the stories of a normal people, the great majority of the immigrant population, through their own, sometimes almost illiterate, words. With this book I aim to contribute to this country's story of immigration with these first-hand accounts of those who lived it, first-generation immigrants. It was

said once, by Giuseppe Prezzolini, that Italian immigration left tears and sweat but not "words." The material of this book proves such arrogance wrong. I tried to be as thorough as possible in my field research looking for such "words" on both sides of the Ocean. I consulted Italian and American archives, I looked for books out of print, and scavenged for unpublished ones in private houses and forgotten drawers. What I found fills a silence and gives a wider spectrum of the immigrant experience, from the miner to the tailor, from the janitor to the professor. The book will interest scholars of Italian immigration because it adds information from within the protagonists' self. Their tales may be average, their memory may be inaccurate but their drive toward a new life and their immigrant "philosophy," made of grinding teeth and hope, is all there in its most fresh features. The book will also interest scholars of the autobiographical genre because it adds a new facet to the autobiographical voice. There are only a few studies on the life writing of the lower class (which come from France and England, not the US). I have tried to formulate new concepts that describe the autobiographical "I" of these works, conc

**Precision and Purpose** - Karl P. Mueller 2015-07-08

Between March and October 2011, a coalition of North Atlantic Treaty Organization (NATO) member states and several partner nations waged a war against Muammar Qaddafi's Libyan regime that stemmed and then reversed the tide of Libya's civil war, preventing Qaddafi from crushing the nascent rebel movement seeking to overthrow his dictatorship and going on to enable opposition forces to prevail. The central element of this intervention was a relatively small multinational force's air campaign operating from NATO bases in several countries, as well as from a handful of aircraft carriers and amphibious ships in the Mediterranean Sea. The study details each country's contribution to that air campaign, examining such issues as the limits of airpower and coordination among nations. It also explores whether the Libyan experience offers a potential model for the future.

**Wiener Ausgabe** - Ludwig Wittgenstein 1993

Der dritte Band der "Wiener Ausgabe" enthält die Manuskriptbände V und VI, Mss 109 und 110 aus dem literarischen Nachlass von Ludwig Wittgenstein. Sie sind im Besitz der Nachlassverwalter, Wren Library, Trinity College, Cambridge. Den Band "Bemerkungen V." hatte Wittgenstein am 11. August 1930 in Österreich begonnen. Nach den Sommerferien setzt er die Arbeiten in Cambridge fort; dann, über die Weihnachtsferien in Wien am Band VI, und wieder in Cambridge beendet er schließlich Band V. Der Band "VI. Philosophische Bemerkungen" ist also Teil und unmittelbare Fortsetzung von Band V. Am Band VI schreibt Wittgenstein in Cambridge bis zum 6. Juli 1931. Beide Bände werden in der "Wiener Ausgabe" erstmals veröffentlicht.

Semiotics of Religion - Robert Yelle 2012-12-20

Integrates structural and historical perspectives on the semiotics of religion and gives an account of the distinctive features of religious language and symbolism.
