**How Stella Learned to Talk - Christina Hunger 2021-05-04**

INSTANT NEW YORK TIMES BESTSELLER An incredible, revolutionary true story and surprisingly simple guide to teaching your dog to talk from speech-language pathologist Christina Hunger, who has taught her dog, Stella, to communicate using simple paw-sized buttons associated with different words. When speech-language pathologist Christina Hunger first came home with her puppy, Stella, it didn't take long for her to start drawing connections between her job and her new pet. During the day, she worked with toddlers with significant delays in language development and used Augmentative and Alternative Communication (AAC) devices to help them communicate. At night, she wondered: If dogs can understand words we say to them, shouldn't they be able to say words to us? Can dogs use AAC to communicate with humans? Christina decided to put her theory to the test with Stella and started using a paw-sized button programmed with her voice to say the word "outside" when clicked, whenever she took Stella out of the house. A few years later, Stella now has a bank of more than thirty word buttons, and uses them daily either individually or together to create near-complete sentences. How Stella Learned to Talk is part memoir and part how-to guide. It chronicles the journey Christina and Stella have taken together, from the day they met, to the day Stella "spoke" her first word, and the other

breakthroughs they've had since. It also reveals the techniques Christina used to teach Stella, broken down into simple stages and actionable steps any dog owner can use to start communicating with their pets. Filled with conversations that Stella and Christina have had, as well as the attention to developmental detail that only a speech-language pathologist could know, *How Stella Learned to Talk* will be the indispensable dog book for the new decade.

**One Hundred Years of Solitude** - Gabriel Garcia Marquez 2003-06-24

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair

of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

**White Fang** - Jack London 1906

*The Eight Mountains* - Paolo Cognetti 2018-03-20

For fans of Elena Ferrante and Paulo Coelho comes a moving and elegant novel about the friendship between two young Italian boys from different

backgrounds and how their connection evolves and challenges them throughout their lives. "Few books have so accurately described the way stony heights can define one's sense of joy and rightness...an exquisite unfolding of the deep way humans may love one another" (Annie Proulx). Pietro is a lonely boy living in Milan. With his parents becoming more distant each day, the only thing the family shares is their love for the mountains that surround Italy. While on vacation at the foot of the Aosta Valley, Pietro meets Bruno, an adventurous, spirited local boy. Together they spend many summers exploring the mountains' meadows and peaks and discover the similarities and differences in their lives, their backgrounds, and their futures. The two boys come to find the true meaning of friendship and camaraderie, even as their divergent paths in life—Bruno's in the mountains, Pietro's across the world—test the strength and meaning of their connection. "A slim novel of startling expansion that subtly echoes its setting" (Vogue), *The Eight Mountains* is a lyrical coming-of-age story about the power of male friendships and the enduring bond between fathers and sons. "There are no more universal themes than those of the landscape, friendship, and becoming adults, and Cognetti's writing becomes classical (and elegant) to best tell this story...a true novel by a great writer" (Rolling Stone Italia).

**The Curious Incident of the Dog in the Night-Time** - Mark Haddon 2009-02-24

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for

inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

I Hadn't Understood - Diego De Silva 2012-02-28

This "sharp-edged comedic novel of a semi-hapless Italian lawyer" who finds himself employed by the mob was a finalist for Italy's prestigious Strega Prize (Kirkus Reviews). Vincenzo Malinconico is a wildly unsuccessful lawyer who spends most of his time at the office trying to look busy. His wife has left him. His teenage children worry him to death. And he suffers from a chronic inability to control his sentence structure. When he is asked to fill in as the public defender for alleged Mafioso Mimmo 'o Burzone, Malinconico seizes the opportunity to turn his life around. Without dwelling too long on what it might mean to be employed by the mob, he rushes to re-learn the Italian criminal code. Soon, Malinconico's life becomes a comic battle to finish what he has started without falling further into the mafia's clutches. Diego De Silva's rollicking, Naples Prize-winning comic novel orbits the irresistible mind of one of contemporary Italian fiction's most beloved characters. Throughout his travails, Vincenzo contemplates every aspect of the life he sees before him in a wry voice that seduces, entertains, and moves the reader from the first page to the last.
