Burning Down the House - Nell Bernstein 2014-06-03

When teenagers scuffle during a basketball game, they are typically benched. But when Will got into it on the court, he and his rival were sprayed in the face at close range by a chemical similar to Mace, denied a shower for twenty-four hours, and then locked in solitary confinement for a month. One in three American children will be arrested by the time they are twenty-three, and many will spend time locked inside horrific detention centers that defy everything we know about how to rehabilitate young offenders. In a clear-eyed indictment of the juvenile justice system run amok, award-winning journalist Nell Bernstein shows that there is no right way to lock up a child. The very act of isolation denies delinquent children the thing that is most essential to their growth and

rehabilitation: positive relationships with caring adults. Bernstein introduces us to youth across the nation who have suffered violence and psychological torture at the hands of the state. She presents these youths all as fully realized people, not victims. As they describe in their own voices their fight to maintain their humanity and protect their individuality in environments that would deny both, these young people offer a hopeful alternative to the doomed effort to reform a system that should only be dismantled. *Burning Down the House* is a clarion call to shut down our nation's brutal and counterproductive juvenile prisons and bring our children home.

The Binder of Lost Stories - Cristina Caboni 2020-01-21

From international bestselling author Cristina Caboni comes an exquisite and engrossing novel of two women, centuries apart, bound by a love of books and a longing for self-discovery. With her delicate touch, Sofia Bauer restores books to their original splendor. In this art she finds refuge from her crumbling marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing

missive, the first part of a secret...from one bookbinder to another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger. With the help of book collector Tomaso Leoni, Sofia connects the threads of Clarice's past, page by page, line by line, town by town. She's determined to make Clarice's voice heard. With each new revelation, Clarice is giving Sofia the courage to find her own voice and hope for the future she thought was lost.

Anna - Niccolò Ammaniti 2017-08-03

FINANCIAL TIMES BEST BOOKS OF 2017 It is four years since the virus came, killing every adult in its path. Not long after that the electricity failed. Food and water started running out. Fires raged uncontrolled across the country. Now Anna cares for her brother alone in a house hidden in the woods, keeping him safe from 'the Outside', scavenging for food amid the packs of wild dogs that roam their ruined, blackened world. Before their mother died, she told them to love each other and never part. She told them that, when they reach adulthood, the sickness will claim them too. But she also told them that someone, somewhere, will have a cure. When the time comes, Anna knows, they must leave

their world and find another. By turns luminous and tender, gripping and horrifying, Anna is a haunting parable of love and loneliness; of the stories we tell to sustain us, and the lengths we will go to in order to stay alive.

Chokehold - Paul Butler 2018-09-18

Finalist for the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards Nominated for the 49th NAACP Image Award for Outstanding Literary Work (Nonfiction) A 2017 Washington Post Notable Book A Kirkus Best Book of 2017 "Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men." —The Washington Post "The most readable and provocative account of the consequences of the war on drugs since Michelle Alexander's *The New Jim Crow* . . ." —The New York Times Book Review "Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal" —The Times Literary Supplement (London) With the eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to disrupt it Cops, politicians, and ordinary people are afraid of black men. The result is the Chokehold: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it's supposed to. Black men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly discusses the problem of black on black violence and how to keep communities safer—without relying as much on police. Chokehold powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler's controversial recommendations

about how to crash the system, and when it's better for a black man to plead guilty—even if he's innocent—are sure to be game-changers in the national debate about policing, criminal justice, and race relations.

The Basic Laws of Human Stupidity - Carlo M. Cipolla 2021-04-06
"A masterly book" —Nassim Nicholas Taleb, author of *The Black Swan* "A classic" —Simon Kuper, *Financial Times* An economist explains five laws that confirm our worst fears: stupid people can and do rule the world Throughout history, a powerful force has hindered the growth of human welfare and happiness. It is more powerful than the Mafia or the military. It has global catastrophic effects and can be found anywhere from the world's most powerful boardrooms to your local bar. It is human stupidity. Carlo M. Cipolla, noted professor of economic history at the UC Berkeley, created this vitally important book in order to detect and neutralize its threat. Both hilarious and dead serious, it will leave you better equipped to confront political realities, unreasonable colleagues, or your next dinner with your in-laws. The Laws: 1. Everyone underestimates the number of stupid individuals among us. 2. The probability that a certain person is stupid is independent of any other characteristic of that person. 3. A stupid person is a person who causes losses to another person while deriving no gain and even possibly incurring losses themselves. 4. Non-stupid people always underestimate the damaging power of stupid individuals. 5. A stupid person is the most dangerous type of person.

Tecniche di redazione di atti amministrativi negli enti locali - Annabella Paone 2021-02-01

Il manuale è indirizzato a coloro che intendono partecipare ai concorsi banditi dagli enti locali per i profili professionali di istruttore amministrativo ed istruttore amministrativo contabile e che non hanno dimestichezza con la materia. L'opera, infatti, nasce con l'ambizioso proposito di voler fornire una guida ragionata per la redazione degli atti tipici degli Enti Locali in sede concorsuale. L'obiettivo viene raggiunto collegando le nozioni teoriche più rilevanti con indicazioni strettamente operative di redazione dell'atto amministrativo. Il collegamento funzionale tra nozioni teoriche e linee operative è di notevole ausilio per il superamento delle prove pratiche sempre più frequenti nei concorsi pubblici. Il volume, inoltre, snello e sintetico, ha un approccio immediato e diretto agli argomenti più complessi, garantendo una preparazione completa sul tutto il programma anche in tempi ristretti.

Deep River - Karl Marlantes 2019-07-02

Three Finnish siblings head for the logging fields of nineteenth-century America in the New York Times–bestselling author's "commanding historical epic" (*Washington Post*). Born into a farm family, the three

Koski siblings—Ilmari, Matti, and Aino—are raised to maintain their grit and resiliency in the face of hardship. This lesson in *sisu* takes on special meaning when their father is arrested by imperial Russian authorities, never to be seen again. Lured by the prospects of the Homestead Act, Ilmari and Matti set sail for America, while young Aino, feeling betrayed and adrift after her Marxist cell is exposed, follows soon after. The brothers establish themselves among a logging community in southern Washington, not far from the Columbia River. In this New World, they each find themselves—Ilmari as the family's spiritual rock; Matti as a fearless logger and entrepreneur; and Aino as a fiercely independent woman and union activist who is willing to make any sacrifice for the cause that sustains her. Layered with fascinating historical detail, this novel bears witness to the stump-ridden fields that the loggers—and the first waves of modernity—leave behind. At its heart, *Deep River* explores the place of the individual, and of the immigrant, in an America still in the process of defining its own identity.
