Rosario Tijeras - Jorge Franco 2011-01-04

"Since they shot her at point-blank range while she was being kissed, she confused the pain of love with that of death." Rosario Tijeras is the violent, violated character at the center of Jorge Franco's study of contrasts, set in self-destructing 1980s Medellín. Her very name-evoking the rosary, and scissors-bespeaks her conflict as a woman who becomes a contract killer to insulate herself from the random violence of the streets. Then she is shot, gravely wounded, and the circle of contradiction is closed. From the corridors of the hospital where Rosario is fighting for her life, Antonio, the

narrator, waits to learn if she will recover. Through him, we reconstruct the friendship between the two, her love story with Emilio, and her life as a hitwoman. Rosario Tijeras has been recognized as an admirable continuation of a literary subject that was first treated by Gabriel García Márquez and then by Fernando Vallejo. A work in the Latin American social realist tradition, Rosario Tijeras is told in fast and vibrant prose and with poetic flourish.

The Uses of Enchantment - Bruno Bettelheim

2010-05-11

Winner of the National Book Award and National

Book Critics Circle Award "A charming book about enchantment, a profound book about fairy tales."—John Updike, The New York Times Book Review Bruno Bettelheim was one of the great child psychologists of the twentieth century and perhaps none of his books has been more influential than this revelatory study of fairy tales and their universal importance in understanding childhood development.

Analyzing a wide range of traditional stories, from the tales of Sindbad to "The Three Little Pigs," "Hansel and Gretel," and "The Sleeping Beauty," Bettelheim shows how the fantastical, sometimes cruel, but always deeply significant narrative strands of the classic fairy tales can aid in our greatest human task, that of finding meaning for one's life.

intrepid sparrows decided to go looking for it. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

[The Masque of the Red Death](#) - Edgar Allan Poe
2020-08-01

"The Masque of the Red Death", originally published as "The Mask of the Red Death: A Fantasy", is an 1842 short story by American writer Edgar Allan Poe. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball within seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it; the guests also die in turn. Poe's story follows many traditions of Gothic fiction and is often analyzed as an

allegory about the inevitability of death, though some critics advise against an allegorical reading. Many different interpretations have been presented, as well as attempts to identify the true nature of the titular disease. The story was first published in May 1842 in Graham's Magazine and has since been adapted in many different forms, including a 1964 film starring Vincent Price.
