*The Sion Revelation* - Lynn Picknett 2006-02-07 Explores the mysterious Priory of Sion organization, investigating key questions about the alleged descendants of Jesus and Mary Magdalene, Leonardo da Vinci's possible membership, and the identity of Grand Master Pierre Plantard.

**Ancient Aliens** - Philip Coppens 2014-12-15 Ancient civilizations generated many innovations that are difficult to explain, such as the remarkable mathematical accuracy of the pyramids of Giza, the man-made fertile soil of the Amazon known as terra preta, and massive stone monuments too heavy to move in Peru and Lebanon, among other places. Given that modern science cannot explain these mysterious phenomena, one theory holds that ancient aliens were responsible for them. This volume examines the credibility of various paranormal

hypotheses, giving readers the opportunity to explore the greatest puzzles of antiquity.

**The Turin Shroud** - Lynn Picknett 2007-03-13

The authors of *The Templar Revelation* and *The Sion Revelation* draw on new findings to contend that the shroud was created by Leonardo Da Vinci, who they believe used sophisticated methods and his own image to create the shroud as a substitute for a medieval forgery. Reprint. 35,000 first printing.

[Contemporary Esotericism](#) - Egil Asprem 2014-09-11

The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism. Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today. Combining

historiographical analysis with theories and methodologies from the social sciences, the volume explores new problems and offers new possibilities for the study of esoterica.

Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades. The wide range of essays are divided into four thematic sections: the intricacies of esoteric appeals to tradition; the role of popular culture, modern communication technologies, and new media in contemporary esotericism; the impact and influence of esotericism on both religious and secular arenas; and the recent 'de-marginalization' of the esoteric in both scholarship and society.

Light and Dark - Trevor J. Hawkeswood 2013

Trevor J. Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In Light and Dark, he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the

multiple levels of the spiritual planes, including the lower levels, from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people, or "black ghosts." He credits guardian angels with saving him from harm or certain death on a number of occasions.

Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience voices from beyond and precognition, or the ability to see the future. His detailed account of a unique out-of-body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by others who have experienced it and he shares it all in Light and Dark. But it hasn't all been safe or pleasant. At eighteen, he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for

the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of English-language UFO books. In *Light and Dark*, he shares a lifetime of experiences, ideas, and theories about this fascinating field of study.

**Conspiracy Films** - Barna William Donovan  
2014-01-10

For many years, conspiracy theories have been among the most popular story elements in Hollywood films. According to the “conspiracy culture,” Government, Big Business, the Church, even aliens—all of which, bundled together, comprise the ubiquitous “Them”—are concealing some of the biggest secrets in American and world history. From *The Manchurian Candidate* (1962) to *JFK* (1991), *The Matrix* (1999) to *The Da Vinci Code* (2006), this decade-by-decade history explores our fascination with paranoia. The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired, not only in theatrical films but also in such television series

as *The X-Files*, *Lost* and *V*.

**The British National Bibliography** - Arthur James Wells 2000

[Ancient Egypt: a Very Short Introduction, 2nd Edition](#) - Ian Shaw 2021-01-28

The ancient Egyptians are an enduring source of fascination, from mummies and pyramids, to curses and rituals. In this second edition of his *Very Short Introduction*, Ian Shaw explores the history and culture of pharaonic Egypt, and examines the latest research on Ancient Egyptian ideas of death, kingship, religion, race, sex, and gender.

[The Forbidden Universe](#) - Lynn Picknett  
2011-04-01

Secret societies, famous scientists, ancient Egyptian mysticism, and a fascinating addition to the god-versus-science debate: the Catholic Church. By the bestselling authors of *The Templar Revelation* and *Mary Magdalene*, *The Forbidden Universe* reveals how the foundations

of modern science were based around a desire to destroy the church. The great pioneering scientists of the Renaissance and the early Enlightenment (including Copernicus, Galileo, and Sir Isaac Newton) were fervent devotees of the philosophical/mystical system of Hermeticism. Many of the most important scientists of this age, including Galileo, belonged to a secret society called the Giordanisti, which had the agenda to overthrow the Church and establish a new age of Hermetic supremacy.

**The Secret History of Extraterrestrials** - Len Kasten 2010-11-11

Explores the role of ETs in the military, government, technology, history, and the coming new age • Surveys contact with ETs, abductions, alien technology and exopolitics, genetic tampering by ETs, and the history behind the Nazis and UFOs • Contains interviews with Jesse Marcel, Michael Salla, Paul LaViolette, Robert Bauval, Helen Wambach, and others at the forefront of the ET-derived New Science

movement The extraterrestrial presence on Earth is widening and, as we enter the Aquarian Age, will be admitted officially, causing shock and an urgent universal need to understand the social and technological changes derived from our space brothers. A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years, this compendium explores the ET phenomenon and its influence on humanity past and present. The book surveys contact with ETs and abduction accounts, unexplained public and undisclosed military technology from aliens including anti-gravity devices, exopolitics (the influence of ETs in human affairs), the Iraqi Stargate, the Hybrid Project of alien interbreeding by abduction, Nazi ties to UFOS and their secret underground base in Antarctica, government cover-ups of alien interactions including Roswell, and the transformation triggered by the Hale-Bopp comet. Based on interviews with people who are witnessing the coming changes as well as those

visionaries who are actually bringing them about--including John Mack, Major Jesse Marcel, Paul LaViolette, Robert Bauval, Michael Salla, and Helen Wambach--this book sketches out a breathtaking vision of the planetary revolution just around the corner.

**The Mammoth Book of UFOs** - Lynn Picknett  
2012-03-01

The ultimate guide to the history, background and meaning of whether UFOs really exist, plus associated phenomena such as alien abduction, crop circles and cattle mutilations. There is also a comprehensive overview of the many conspiracy theories which surround UFOs and abductions - from the craft as secret Nazi technology to weird CIA plots. Written by a ufologist with many years in the field, this exciting and highly provocative book at times reads like a thriller. What messages do UFOs hold for us and for the future of life on earth?  
[Ancient Alien Question, 10th Anniversary Edition](#)  
- Philip Coppens 2021-03

". . . an important and outstanding contribution." --Erich von Däniken, bestselling author of Chariots of the Gods "The Ancient Alien Question provides a captivating adventure around the world and sheds an interesting perspective on the Ancient Astronaut Theory." --Giorgio A. Tsoukalos, producer of Ancient Aliens: The Series "Philip Coppens covers all the bases on this controversial topic. His research is thorough and he addresses each topic with a balanced overview that cuts through the jungle of confusion with a very sharp machete of reason." --David Hatcher Childress, author of Technology of the Gods The Ancient Alien Question reveals an array of astonishing truths, including: A radically different understanding of the pyramids and how they were constructed The extraordinary stories behind monuments such as the Nazca lines and Puma Punku How extraterrestrials came to our planet and the evidence that supports this Analyzing the historical and archaeological evidence, Philip

Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted, and that certain cultures interacted with nonhuman intelligences. Our ancestors were clearly not alone. Fifty years after Erich von Däniken posed these questions in *Chariots of the Gods*, Coppens provides clear, concise answers to the great historical enigmas in an accessible, readable format. Your view of human history will never be the same again!

**The Canopus Revelation** - Philip Coppens 2004  
Links the star Canopus in the constellation Orion with the god Osiris, the Grail legend, and alchemy. Proposes that Canopus enabled men to communicate with gods and enter other dimensions, and shows how this connection is part of both Egyptian mythology and modern physics and describes the structure of the universe.

*Beast Tech* - Terry L. Cook, Thomas R. Horn  
Although microchip implantation might be

introduced as a voluntary procedure, in time, there will be pressure to make it mandatory. A national identification system via microchip implants could be achieved in two stages. Upon introduction as a voluntary system, the microchip implantation will appear to be palatable. After there is a familiarity with the procedure and a knowledge of its benefits, implantation would be mandatory. --Dr. Elaine M. Ramesh, patent attorney for Franklin Pierce Law Center Most people today are familiar with radio-frequency identification (rfid) technology that is increasingly expanding within public and private firms as a method for verifying and tracking inventory and people. Yet how many know a plan exists for widespread adoption of human microchipping beginning in the year 2017? While testimony has been given that safeguards are in place to ensure privacy in connection with implantable biometric identification, some believe confidentiality is the last thing internal radio transmitters will

protect--that in fact the plan to microchip humanity smacks of the biblical mark of the Beast . Has an end-times spirit indeed been pushing for adoption of this technology this generation? Students of eschatology (the study of end-times events) find it increasingly difficult to dismiss how this all looks and feels like movement toward fulfilling Revelation 13:16-17: "And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name." Now, as newer versions of rfid-like transmitters become even more sophisticated--adding other "prophetic" components such as merging human biological matter with transistors to create living, implantable machines, the authors of this book--a former police detective and a bestselling prophecy writer--have come to believe the possibility that the mark of the Beast will arrive through a

version of this technology is substantial.

### **Archaeology, Anthropology, and Interstellar Communication** - Douglas A. Vakoch 2014

Are we alone? asks the writeup on the back cover of the dust jacket. The contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come. NASA SP-2013-4413.

Egyptomania - Ronald H. Fritze 2016-11-15  
The land of pyramids and sphinxes, pharaohs and goddesses, Egypt has been a source of awe and fascination from the time of the ancient Greeks to the twenty-first century. In Egyptomania, Ronald H. Fritze takes us on a historical journey to unearth the Egypt of the past, a place inhabited by strange gods,

powerful magic, spell-binding hieroglyphs, and the uncanny, mummified remains of ancient people. Walking among monumental obelisks and through the dark corridors of long-sealed tombs, he reveals a long-standing fascination with an Egypt of incredible wonder and mystery. As Fritze shows, Egypt has exerted a powerful force on our imagination. Medieval Christians considered it a holy land with many connections to biblical lore, while medieval Muslims were intrigued by its towering monuments, esoteric sciences, and hidden treasures. People of the Renaissance sought Hermes Trismegistus as the ancient originator of astrology, alchemy, and magic, and those of the Baroque pondered the ciphers of the hieroglyphs. Even the ever-practical Napoleon was enchanted by it, setting out in a costly campaign to walk in the footsteps of Alexander the Great through its valleys, by then considered the cradle of Western civilization. And of course the modern era is one still susceptible to the lure of undiscovered

tombs and the curses of pharaohs cast on covetous archeologists. Raising ancient Egyptian art and architecture into the light of succeeding history, Fritze offers a portrait of an ancient place and culture that has remained alive through millennia, influencing everything from religion to philosophy to literature to science to popular culture.

**Stars on the Earth** - Richard Leviton

2006-08-18

Discover the wonderful secret the Earth holds for us-that the stars of the galaxy live on our planet. Holograms of high-magnitude stars over holy mountains. Physical travel to other planets through stargates on the Earth's surface. Near instantaneous transportation across the planet through quick-way portals. Outrageous science fiction or sober geomantic fact? Earth Mysteries researcher Richard Leviton takes you on a wild tour of three geomantic features of our planet and reveals that what science fiction has dreamed the Earth in fact offers us. Stars on the

Earth combines scholarship, clairvoyance, and field experience with the latest discoveries of geology and astrophysics and the timeless insights of the world's myths to open the planetary door to the stars. It's all part of the Earth's unsuspected but staggeringly rich endowment as a designer planet. Our planet was precisely designed and implemented for us, and it's equipped with a visionary geography that mirrors features of the galaxy and Heavens. Why are so many of the Earth's mountains said to be holy, producing visions and encounters with the "gods?" They all have canopies of light called domes, each transmitting the presence of a galactic star. What is the geomantic origin of the Bermuda Triangle? Two dysfunctional stargates. If working properly, they and the Earth's other two million stargates could transport us rapidly to other planets. Is there a way to travel quickly across the planet without using cars, airplanes, boats, or trains? Yes, and it's called a traversable wormhole, and the Earth has thousands of them

awaiting our discovery and use. Come join the tour of a planet you've never seen before: our own star-infused Earth.

### **The Sirius Mystery** - Robert Temple 1999

The most academically credible case for alien visitation. Is the existence of civilisation on earth the result of contact from inhabitants of a planet in the system of the star Sirius prior to 3000BC? There are tribal cultures in present-day Africa whose most sacred and secret traditions are based on this theory. Central to their cosmology is a body of knowledge concerning the system of the star Sirius that is astounding in its accuracy of detail, including specific information only recently accessible to modern science. Robert Temple traces the traditions of the Dogon and three related tribes back 5, 000 years to the ancient Mediterranean cultures of Sumer and Egypt. He shows a knowledge dependent on physics and astrophysics, which they claimed was imported to them by visitors from Sirius. *Kaapse bibliotekaris* - 2000

Issues for Nov. 1957- include section:  
Accessions. Aanwinste, Sept. 1957-  
*Lying Wonders of the Red Planet: Exposing the  
Lie of Ancient Aliens* - S. Douglas Woodward  
2014-06-18

The history of the Red Planet features enchanted fiction, diabolical deception, frustrated hopes, cutting-edge science, and dark occult beliefs. Over the past half-century, this story intensified as the exploration of our planetary neighbor expanded with satellite photo-flybys and robotic science labs creeping across the Martian surface. Despite discovering Mars' unsuitability for life of most every kind, myths continue to flourish about intelligent life once present there, channeled encounters with aliens, rapid space travel back and forth to Mars, and a massive military base some ancient alien theorists believe exists below its surface. "(Woodward) hits every important topic regarding the burgeoning UFO phenomena in what may become a researcher's go-to guide for UFOs, ET,

and whether intelligent life ever existed (or exists today!) on Mars."— L. A. Marzulli, (from the Foreword). S. Douglas Woodward has written seven books on alternate history, biblical eschatology, religion, and philosophy.

*Secret Chamber* - Robert Bauval 1999

In the last three years a covert archaeological search has taken place at Giza to locate the Hall of Records under the Sphinx and also find a reputed secret room inside the Great Pyramid.

**The Templar Revelation** - Lynn Picknett  
2004-09-21

THE MOST CLOSELY GUARDED SECRET OF THE WESTERN WORLD IS ABOUT TO BE REVEALED -- AND YOU WILL NEVER SEE CHRISTIANITY IN THE SAME LIGHT AGAIN. In a remarkable achievement of historical detective work that is destined to become a classic, authors Lynn Picknett and Clive Prince delve into the mysterious world of the Freemasons, the Cathars, the Knights Templar, and the occult to discover the truth behind an underground

religion with roots in the first century that survives even today. Chronicling their fascinating quest for truth through time and space, the authors reveal an astonishing new view of the real motives and character of the founder of Christianity, as well as the actual historical -- and revelatory -- roles of John the Baptist and Mary Magdalene. Painstakingly researched and thoroughly documented, *The Templar Revelation* presents a secret history, preserved through the centuries but encoded in works of art and even in the great Gothic cathedrals of Europe, whose final chapter could shatter the foundation of the Christian Church.

*Shadow Pasts* - William D. Rubinstein

2014-09-11  
For many intelligent people, the stuff of history does not consist of the kind of dry-as-dust investigations of diplomatic, economic, or political history that most university historians research and write about, but the famous topics of "history's mysteries"- who was Jack the

Ripper? Was there a conspiracy to kill President Kennedy? Did Richard III murder the Princes in the Tower? What are the mysteries of the ancient Pyramids? Not only have a great many books and articles been written on these and similar topics by so-called "amateur historians," but they have generated societies, conferences, newsletters, and television programmes. Many people who are not academic historians take a keen interest in these topics, and have in some cases made themselves real experts on them, with interesting theories of their own. Despite all of this, however, these topics are virtually ignored by academic historians and can be treated with contempt. In *Shadow Pasts*, William D. Rubinstein a well-known and widely published history professor, examines seven of the most famous and interesting topics which have been discussed, debated, examined, and written about by "amateur historians. Each of these mysteries and the theories surrounding them are examined in detail, with Professor Rubinstein presenting

his own original and sometimes surprising conclusions about what really happened.

*Exoconsciousness* - Rebecca Hardcastle PhD  
2008-12-27

Exoconsciousness: Your 21st Century Mind invites readers to advance their consciousness beyond earthly pursuits, beckoning them toward an extraterrestrial identity. Where the mind travels, the body and emotions follow, the author, Rebecca Hardcastle, says. In the 1950s, space exploration prompted many people to contemplate the possibility that humans might well have extraterrestrial origins. From this launching point, Hardcastle conceived Exoconsciousness to describe the extraterrestrial origins, dimensions and abilities of human consciousness. In a short span of fifty years of space exploration, humans are now searching for answers to questions that previously they dared not contemplate, Hardcastle writes. Many questions are obvious, even urgent. Did humans originate off-planet?

Are we a seeded race? Who, what and where are our legacies? With whom and how we are connected? Exoconsciousness answers these questions and many more. Hardcastle broadens the definition of consciousness, integrating personal anecdotes and testimony with contemporary brain research. She asks whether the human brain is balancing to become an extraterrestrial-like unified mind. Exoconsciousness is a heightened physical experience. It demands being fully present in the body, on a cellular, DNA and quantum level, in order to transform quickly and easily. Throughout the book, Hardcastle provides easy-to-use exercises to enhance readers exoconsciousness, as well as an extensive glossary for readers to formulate a new vocabulary. Expand your cosmic awareness with this thought-provoking new guide.

**Consuming Ancient Egypt** - Sally MacDonald  
2016-06-16

Consuming Ancient Egypt examines the

influence of Ancient Egypt on the everyday lives of contemporary people, of all ages, throughout the world. It looks at the Egypt tourist sees, Egypt in film and Egypt as the inspiration for opera. It asks why so many books are published each year on Egyptological subjects at all levels, from the austere academic to the riotous celebrations of Egypt as a land of mystery, enchantment and fantasy. It then considers the ways in which Ancient Egypt interacts with the living world, in architecture, museum going, the acquisition of souvenirs and reproductions, design, and the perpetual appeal of the mummy. The significance of Egypt as an adjunct to (and frequently the subject of) marketing in the consumer society is examined. It reveals much about Egypt's immemorial appeal and the psychology of those who succumb to its magic. They Would Be Gods - Anthony K. Forwood 2011

*Stargate Conspiracy* - Lynn Picknett 2019-02-07  
Recent exciting discoveries by independent

researchers have dramatically challenged our understanding of ancient Egypt, raising profound questions about our past. STARGATE CONSPIRACY exposes the most insidious & dangerous plan of our times. It involves intelligence agencies, politicians, bestselling writers, scientists & industrialists. The authors believe that this conspiracy, centred upon the eternal mysteries of ancient Egypt, targets & threatens us all. Tracing the identity of the groups involved, Lynn Picknett & Clive Prince argue that at the heart of this strange plan is the belief that the ancient Egyptian gods were-and are-real extraterrestrials, about to return through the 'stargate' between our world & theirs. They suggest that the US-funded excavations on the Giza plateau - officially denied, but for which the authors produce documented evidence - now appear to be the result of directives allegedly received through communication with beings of higher intelligence, who are instructing the

conspirators to lay the foundations for great global changes. Provocative & stimulating, STARGATE CONSPIRACY is a book of and for the new millennium.

*THE MYSTERIES (About occultism in religion)*  
*Bernard Heuvel hardcover -*

The Lost Civilization Enigma - Philip Coppens  
2012-10-22

Are history books giving us the whole story? Or is civilization far more complex and for older than we have been taught? Our school textbooks barely mention the 6,000-year-old Sumerian civilization, yet the latest archaeological findings at sites such as Jericho and, most recently, Gobekli Tepe in Turkey have been dated to 10,000 BC. Civilization goes back at least another 10,000 years, if we are willing to believe what our ancestors themselves claimed. The Lost Civilization Enigma reveals the truth about: Lost magnitudes to known cultures, such as the Bosnian Pyramids and the civilization of "Old

Europe"; The fabled lost "golden" cities of South America and the Amazon, which are slowly being rediscovered; Fascinating examples of lost technology, such as the Antikythera Device; Atlantis and the fact that it was a real civilization. Analyzing the historical and archaeological record, best-selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older, far more advanced, and far more special than is currently accepted. Clearly, our history books have left out a great deal!

*The 37th Parallel* - Ben Mezrich 2016-09-06  
This real-life The X-Files and Close Encounters of the Third Kind tells the true story of a computer programmer who tracks paranormal events along a 3,000-mile stretch through the heart of America and is drawn deeper and deeper into a vast conspiracy. Like "Agent Mulder" of The X-Files, computer programmer and sheriff's deputy Zukowski is obsessed with tracking down UFO reports in Colorado. He

would take the family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock, and sees the bodies of dead horses and cattle—whose exsanguination is inexplicable by any known human or animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski discovers multiple bizarre incidences of mutilations, and suddenly realizes that they cluster around the 37th Parallel or “UFO Highway.” So begins an extraordinary and fascinating journey from El Paso and Rush, Colorado, to a mysterious space studies company and MUFON, from Roswell and Area 51 to the Pentagon and beyond; to underground secret military caverns and Indian sacred sites; beneath strange, unexplained lights in the sky and into corporations that obstruct and try to take over investigations. Inspiring and terrifying, this true story will keep you up at night, staring at the sky, and wondering if we

really are alone...and what could happen next. [Project Blue Book](#) - Brad Steiger 2019-01-03  
A new edition of the blockbuster book that revealed the top-secret findings of the US government about UFOs. Throughout the 1950s and 1960s, while publicly dismissing the existence of UFOs, the United States Air Force was engaged in a secret program for evaluating every report of unidentified flying objects. Under the code name, Project Blue Book, the Air Force analyzed over 13,000 incidents. The goal of this enterprise was threefold: To determine the cause for each UFO sighting, to assess the security threat for each incident, and to determine how the United States could obtain or create the technology used by UFOs. This book, based on secret files obtained through the Freedom of Information Act, includes accounts of seven of the most important USAF enquiries-- among them the story of the nights the White House was buzzed by UFOs, the mystery of the Lubbock Lights, the full story of Captain

Mantell--Ufology's first martyr, and the startling conversion of the prominent astronomer, J. Alan Hynek from UFO skeptic to believer. This is startling and fascinating book that uncovers not only the anatomy of a government cover-up, but also provides stark and chilling evidence that we are not alone. It is all here, government documents, the testimony of scientists, the military, pilots and citizens all over the country who have witnessed UFOS.

**Film, Television and the Psychology of the Social Dream** - Robert W. Rieber 2013-11-18

This book demonstrates how social distress or anxiety is reflected, modified, and evolves through the medium of the motion picture. Tracing cinema from its earliest forms, the authors show how film is a perfect medium for generating and projecting dreams, fantasies, and nightmares, on the individual as well as the societal level. Arising at the same time as Freud's influential ideas, cinema has been intertwined with the wishes and fears of the

greater culture and has served as a means of experiencing those feelings in a communal and taming environment. From Munsterberg's original pronouncements in the early 20th century about the psychology of cinema, through the pioneering films of Melies, the works of the German expressionists, to James Bond and today's superheroes this book weaves a narrative highlighting the importance of the social dream. It develops the idea that no art form goes beyond the ordinary process of consciousness in the same way as film, reflecting, as it does, the cognitive, emotional, and volitional aspects of human nature.

**The NASA Conspiracies** - Nick Redfern 2010-12-20

The National Aeronautics and Space Administration—NASA—was established on July 29, 1958. Ever since that day, NASA has been at the forefront of efforts to explore outerspace, resulting in the Apollo missions to the moon, the Skylab space-station, and today's space shuttle.

But behind the open face of NASA, there is a much more mysterious world. NASA has been linked to a wealth of high-level cover-ups, including: Claims that the Apollo moon landings of 1969 to 1972 were faked as part of an effort to demonstrate military and technological superiority over the former Soviet Union. NASA's role in hiding the truth about the controversial face on Mars—which many believe to be a carved structure, created in the remote past by long-extinct, indigenous Martians. NASA's deep and longstanding involvement in the famous UFO crash at Roswell, New Mexico, in the summer of 1947. Deep Throat—like NASA sources that have attempted to blow the lid on NASA's most guarded secrets concerning the U.S. Government's interactions with aliens. The NASA Conspiracies throws open all the doors that the Space Agency has kept closed for so long.

**Area 51** - Annie Jacobsen 2011-05-17

This "compellingly hard-hitting" bestseller from

a Pulitzer Prize finalist gives readers the complete untold story of the top-secret military base for the first time (New York Times). It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government — but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists,

pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In Area 51, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

**Profane Egyptologists** - Paul Harrison

2017-12-22

It is widely believed that the practice of ancient Egyptian religion ceased with the end of pharaonic culture and the rise of Christianity. However, an organised reconstruction and

revival of the authentic practice of Egyptian, or Kemetic religion has been growing, almost undocumented, for nearly three decades. Profane Egyptologists is the first in-depth study of the now-global phenomenon of Kemeticism. Presenting key players in their own words, the book utilises extensive interviews to reveal a continuum of beliefs and practices spanning eight years of community growth. The existence of competing visions of Egypt, which employ ancient material and academic resources, questions the position of Egyptology as a gatekeeper of Egypt's past. Exploring these boundaries, the book highlights the politicised and economic factors driving the discipline's self-conception. Could an historically self-imposed insular nature have harmed Egyptology as a field, and how could inclusive discussion help guard against further isolationism? Profane Egyptologists is both an Egyptological study of Kemeticism, and a critical study of the discipline of Egyptology itself. It will be of value to

scholars and students of archaeology and Egyptology, cultural heritage, religion online, phenomenology, epistemology, pagan studies and ethnography, as well as Kemetics and devotees of Egyptian culture.

*The Secret History of Lucifer (New Edition)* - Lynn Picknett 2012-03-01

In her new account of an old religion, Lynn Picknett explains that Lucifer means 'the light bringer' and was a personification of the Morning Star, the planet Venus and its goddess. 'He' was originally 'she' -- a divine representation of love, light and human warmth. The early Christian Church appropriated the name Lucifer, and it became synonymous with darkness and the Devil. Yet many great thinkers have covertly followed the old Luciferan way, most famously Leonardo da Vinci, who encrypted the symbols of his heretical beliefs in his work, visible only to those who have the key.

**American Book Publishing Record** - 2002

**The Giza Death Star Deployed** - Joseph P. Farrell 2003

Physicist Joseph Farrell is amazing sequel to 'The Giza Death Star' which takes us from the Great Pyramid of Giza to the asteroid belt and the so-called Pyramids of Mars. Farrell expands on his thesis that the Great Pyramid was a chemical maser, designed as a weapon and eventually deployed with disastrous results to the solar system. The Great Pyramid as a weapon! Evidence of the Use of Weapons of Mass Destruction in Ancient Times! The Astonishing Technology used in the Giza Death Star! Evidence of a similar Death Star-Pyramid built on Mars! The mystery of the Asteroid Belt solved! Topics in this amazing book include: Exploding Planets: The Movie, the Mirro, and the Model; Dating the Catastrophe and the Compound; A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid; No Machines, Please!; The Stargate Conspiracy; The Scalar Weapons; Message or Machine?; A Tesla

Analysis of the Putative Physics and Engineering of the Giza Death Star; Cohering the Zero Point, Vacuum Energy, Flux: Synopsis of Scalar Physics

and Paleophysics; Configuring the Scalar Pulse Wave; Inferred Applications in the Great Pyramid; Quantum Numerology, Feedback Loops and Tetrahedral Physic
