[How Many Letters Are In Goodbye?](#) - Yvonne Cassidy 2014-06-05

Now about to turn eighteen, far from home and alone on the streets of New York, Rhea finds herself the holder of many more secrets. So, just like she used to do as a little girl, she begins a letter with the words 'Dear Mum' and tells her mother the things she can't tell anyone else. But is it

enough, to confide in someone who can never answer? Or is it the only way she knows how to say goodbye?

Every Time We Say Goodbye - Jamie Zeppa  
2011-03-08

1942: Her mother's death left Grace Turner detached from the world until she became pregnant. Now, she's fallen in love with her baby boy but is locked in combat with her sister-in-law over his care. Wanting an independent life for herself and her son, Grace leaves Sault Ste. Marie to find work, and a place of her own, in southern Ontario. But she worries: when she returns for her baby, will her brother and sister-in-law give him up? 1957: Teenaged Dean Turner breaks open a locked box and finds adoption papers with a birth certificate for Daniel Turner, son of Grace Turner and an unknown father. His parents deny that he is adopted, but four years later, Dean leaves home to find the mysterious Grace. 1961: Laura falls in love with Dean Turner soon after he sits down at

her table in the Queen Street Eaton's cafeteria, but he disappears as suddenly and as devastatingly as he appeared. When she encounters him in Sault Ste. Marie three years later, she is determined not to let him slip away again. 1973: Eight-year-old Dawn Turner waits for her father one morning at the front door of her grandparents' house. Dawn and her little brother are finally starting a life with their father, Dean, and his new wife. But when the new beginning doesn't work out, she and Jimmy end up back with their grandparents. As Dawn grows up, she must work to understand her family's mysteries and disappearing acts before she loses track of herself completely. Jamie Zeppa paints a tender and perceptive portrait of the unconventional, though not entirely dysfunctional, Turner family. Rich with mystery, broken promises and in the end, some mending of hearts, Every Time We Say Goodbye explores what it means to leave, to be left, to be absent; what connects parents and children, brothers

and sisters, husbands and wives - and what drives them apart.

*He Forgot to Say Goodbye* - Benjamin Alire Sáenz 2008-06-17

"I mean, it's not as if I want a father. I have a father. It's just that I don't know who he is or where he is. But I have one." Ramiro Lopez and Jake Upthegrove don't appear to have much in common. Ram lives in the Mexican-American working-class barrio of El Paso called "Dizzy Land." His brother is sinking into a world of drugs, wreaking havoc in their household. Jake is a rich West Side white boy who has developed a problem managing his anger. An only child, he is a misfit in his mother's shallow and materialistic world. But Ram and Jake do have one thing in common: They are lost boys who have never met their fathers. This sad fact has left both of them undeniably scarred and obsessed with the men who abandoned them. As Jake and Ram overcome their suspicions of each other, they begin to move away from their loner

existences and realize that they are capable of reaching out beyond their wounds and the neighborhoods that they grew up in. Their friendship becomes a healing in a world of hurt. San Antonio Express-News wrote, "Benjamin Alire Sáenz exquisitely captures the mood and voice of a community, a culture, and a generation"; that is proven again in this beautifully crafted novel.

**The Last Lecture** - Randy Pausch 2008-04-08  
"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with

terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

**It's Not Over When We Say Goodbye** -

Rebecca Shapiro 2021-07-09

Based on a true story, this children's book about grief and love is relatable to anyone who has lost someone they cherish, with the goal of recognizing that, although our loved ones might be physically gone, their spirit is eternal. The love, the legacy and all the precious memories can live on for as long as you choose to nurture and enrich the world in their honor. Published by Project Proactive, this approach is transformative, especially the Parent's Guide by Trauma Specialist, Esther Goldstein, LCSW. What the Experts Have to Say "Were this book only a fitting tribute to the endearing and vivacious Moussia Zaltzman, OBM, it would be well worth reading and sharing with our children. But beyond that, this book is a game

changer. It models the delicate and sensitive process by which we express and share painful realities with ourselves and our children. Groundbreaking, commemorative and therapeutic, this book should be a part of every family and school library." - Dr. Norman N. Blumenthal Zachter Family Chair in Trauma and Crisis Response, OHEL Children's Home and Family Services "What an amazing way to honor Moussia and to help anyone who is suffering loss, with hope, honesty and the promise of ongoing life." -Dr. Marta Durski, D.Min, RP, RMFT "This book is a masterful guide to dealing with loss. Written by Rebecca Shapiro in Moussia's voice, we are given a model of how authenticity, honesty, and openness provide a template for keeping a lost relative or friend alive when they are no longer physically present. Grounded in an integration of mental health expertise and faith-based wisdom, the authors share practical guidelines on helping children and families confront loss in an honest and

psychologically informed manner. I strongly recommend this book for anybody confronting the challenges brought by life's inevitable losses." - David Pelcovitz, Ph.D. Straus Chair in Psychology and Education, Azrieli Graduate School, New York "This book will help people of all ages come to terms with grief and loss. Unique in its perspective, "It's Not Over When We Say Goodbye" addresses the cognitive, emotional and spiritual needs of those who have gone, are going, or will go through the experience of losing a loved one - that is to say, all of us. The story of a little girl's sudden death is used to show readers how the unbreakable bond of love unites this world and the next, providing deep comfort and solace to the human heart. Although far from a typical "bedtime story," "It's Not Over When We Say Goodbye" should be read to, and discussed, with every child, as its impactful message will provide enduring support for life's journey." - Sarah Chana Radcliffe, M.ED.,C.PSYCH Psychologist,

lecturer and author of multiple best sellers, including "The Fear Fix" "Western culture"'s unrelenting focus on joy and happiness ironically, and insidiously, increases our vulnerability to emotional distress. By contrast, Judaism teaches us how to live with joys and pains, successes and failures, happiness and sadness, and all points in between. This poignant book is a critical resource for parents in supporting children through grief and loss. Its approach is simple, its wisdom immense, and its author has done a great service by making it available to our community." - David H. Rosmarin, PhD Associate Professor at Harvard Medical School, and Founder of Center for Anxiety (New York) "Moussia"'s book is a beautiful gift to parents and community members to help initiate, guide and support the sensitive but necessary conversations we need to have with our kids. I am honored to be a part of Project Proactive"'s mission to develop critical and current, transformative resources for our

community." - Rachel Tuchman, LMHC Clinical Advisor, Project Proactive

Now, over twenty years later, Olivia has a letter that contains his address - and her mother's blessing to seek him out. 'Follow your heart,' Maggie writes, 'and put right my mistake.' This is where Olivia belongs, isn't it? But, tormented by the memories her mother's letter stirs, she makes the decision to travel to the small coastal town where Richie lives with his young daughter Wren. Rediscovering her first love and falling for him a second time, Olivia realises that this is the life she had always imagined for herself, the one she has wanted all along. But where does that put the family she has left behind?

In June 2011, Susan Spencer-Wendel was diagnosed with amyotrophic lateral sclerosis (ALS), more commonly known as Lou Gehrig's disease. It is a disease that systematically

destroys the nerves that power muscles; Susan, forty-five years old and a mother of three, already walks with braces and is losing her ability to speak. Though Susan cannot stop the rapid decline of her body, she refuses to let her life stop before its time. Since her diagnosis, Susan has made sure that every day counts. She is more present than ever in her daily life, and ready to share her strength, determination and spirit. Susan's story began attracting interest when she published a piece in her local paper about a trip she took to see the northern lights following her diagnosis. But one of the most important adventures Susan planned took her to New York City with her fourteen-year-old daughter, Marina. Susan and Marina, both big fans of TLC's *Say Yes to the Dress*, visited Kleinfeld Bridal, where the two shared the experience of Marina's search for the perfect dress for the wedding Susan will never see. *Until I Say Good-Bye* is a truly magical story and so much more than one woman's "bucket list." It's

a celebration of life, a look into the face of death and an account of the effort we must make to show the people we love and care about how very much they mean to us.

**About Love and Other Stories** - Anton

Chekhov 2008-07-10

'the greatest short story writer who has ever lived' Raymond Carver's unequivocal verdict on Chekhov's genius has been echoed many times by writers as diverse as Katherine Mansfield, Somerset Maugham, John Cheever and Tobias Wolf. While his popularity as a playwright has sometimes overshadowed his achievements in prose, the importance of Chekhov's stories is now recognized by readers as well as by fellow authors. Their themes - alienation, the absurdity and tragedy of human existence - have as much relevance today as when they were written, and these superb new translations capture their modernist spirit. Elusive and subtle, spare and unadorned, the stories in this selection are among Chekhov's most poignant and lyrical.

They include well-known pieces such as 'The Lady with the Little Dog', as well as less familiar work like 'Gusev', inspired by Chekhov's travels in the Far East, and 'Rothschild's Violin', a haunting and darkly humorous tale about death and loss. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

**Literacy, Literature and Identity** - Rahma Al-Mahrooqi 2012-12-05

Modern humanities scholarship presents a scene of intriguing change. A leading figure like

Professor Eagleton moves suddenly from theory to a fascination with culture, while still wrestling with literature's meaning and function. Creative non-fiction becomes fashionable while life writings retain a very wide readership. Language professionals, meanwhile, ask themselves if teaching an alien tongue can be done without teaching its associated culture, and what this might mean for individual and group identity - itself now an area of rising academic concern. Crucially, the present volume looks at how these currents and concerns coalesce. It shows how literature, operating through language (oral and written) both shapes and reveals the identities of individuals and societies. With a truly global reach, it draws evidence from diverse contexts and environments. The struggles of women in North America, female portrayal in Middle Eastern proverbs, the response to identity challenge in West, East and Southern Africa (including the extraordinary complexity of black South African experience),

and the literary assertions of New Zealand's Maoris - they are all here in this multi-faceted contribution to modern cultural, linguistic and literary scholarship.

**Mama's Last Hug: Animal Emotions and What They Tell Us about Ourselves** - Frans de Waal 2019-03-12

New York Times best-selling author and primatologist Frans de Waal explores the fascinating world of animal and human emotions. Frans de Waal has spent four decades at the forefront of animal research. Following up on the best-selling *Are We Smart Enough to Know How Smart Animals Are?*, which investigated animal intelligence, *Mama's Last Hug* delivers a fascinating exploration of the rich emotional lives of animals. *Mama's Last Hug* begins with the death of Mama, a chimpanzee matriarch who formed a deep bond with biologist Jan van Hooff. When Mama was dying, van Hooff took the unusual step of visiting her in her night cage for a last hug. Their goodbyes

were filmed and went viral. Millions of people were deeply moved by the way Mama embraced the professor, welcoming him with a big smile while reassuring him by patting his neck, in a gesture often considered typically human but that is in fact common to all primates. This story and others like it form the core of de Waal's argument, showing that humans are not the only species with the capacity for love, hate, fear, shame, guilt, joy, disgust, and empathy. De Waal discusses facial expressions, the emotions behind human politics, the illusion of free will, animal sentience, and, of course, Mama's life and death. The message is one of continuity between us and other species, such as the radical proposal that emotions are like organs: we don't have a single organ that other animals don't have, and the same is true for our emotions. Mama's Last Hug opens our hearts and minds to the many ways in which humans and other animals are connected, transforming how we view the living world around us.

It hit me, the reality of it, in a way it hadn't before like a sledgehammer straight to the chest. Laura was gone. She was never coming back. I'd never see her again; she'd never hum in the kitchen, she'd never pull Ruby onto her lap and tickle her tummy as she buried her face in the sweet curve of our daughter's shoulder. Nathan West loved his wife Laura with all his heart. But now she's gone, taken from him in a seemingly random act of violence. Laura was the

glue that held their family together. And for Nathan, life without her feels almost meaningless. As he tries to find hope in the darkness, his three young daughters express their grief in different and challenging ways—with one set on a path of self-destruction that could devastate their family all over again. Desperate to understand his own heartbreak better, he reaches out to others who had known Laura. Including her new friend Maria, whose light and warmth are exactly what their grieving family needs, and who is soon helping out and providing emotional support for them all. But the picture Maria paints of Laura is unfamiliar to Nathan—of a wife who felt ignored, a mother who felt she couldn't do enough—and he struggles to reconcile it with his own memories of the woman he loved. Is it possible he didn't know his wife after all? And can he trust Maria? He can't escape the feeling that she's keeping something from him. Maria is hiding a secret with the power to rock Nathan's family to its

core. Because it is about what happened the day that Laura died... An insightful and powerful novel guaranteed to break your heart, about how the unthinkable can sometimes help us see the world in a powerful new way. Perfect for fans of Jodi Picoult, Diane Chamberlain, and Susan Lewis. Readers are loving *No Time To Say Goodbye*: "All the feels... *Goodbye, Friend! Hello, Friend!* - Cori Doerrfeld  
2019-07-02

From the creator of *The Rabbit Listened* comes a gentle story about the difficulty of change . . . and the wonder that new beginnings can bring. Change and transitions are hard, but *Goodbye, Friend! Hello, Friend!* demonstrates how, when one experience ends, it opens the door for another to begin. It follows two best friends as they say goodbye to snowmen, and hello to stomping in puddles. They say goodbye to long walks, butterflies, and the sun...and hello to long evening talks, fireflies, and the stars. But the hardest goodbye of all comes when one of the friends has to move away. Feeling alone isn't easy, and sometimes new beginnings take time. But even the hardest days come to an end, and you never know what tomorrow will bring.

*Saying Goodbye* - Mike O'Mary 2010-10-11  
*Saying Goodbye* is a collection of true stories about saying goodbye to the people, places and things in our lives. This is a powerful book that includes a number of sad stories, as well as some very funny ones. Taken together, the stories serve as amazing examples of people saying heartfelt goodbyes with grace, dignity, and good humor. *Saying Goodbye* includes stories contributed by thirty-one authors from the United States, Canada, Ireland, United Kingdom, France, Italy, Germany, Australia, New Zealand and elsewhere. These stories show that there is sadness in goodbyes, but there is also irony and humor. It is perfect for book groups that want stimulating conversations about saying goodbye a topic that touches us all in one way or another. *Saying Goodbye* is the first anthology from book publisher Dream of Things in a new series intended to fill the gap between popular

anthologies of stories that are "short and sweet" (sometimes so saccharine-sweet they are hard to swallow) and the Best American Essays series,

which are much longer. Dream of Things anthologies are collections of quality stories between 500 and 2,500 words. Instead of short and sweet, these stories are short and deep.
