THE LACE-MAKER OF BRUGES XI, THE OLD WOMAN AND THE PIXIES AND THE TULIPS m XII. ROBIN REDBREASTS THANKSGIVING XIII. THE STORY OF MOTHER TIGER . Q FOX AND THE -- THIS little book of stories is in part an attempt to furnish some fresh material for telling to children of about six to ten years of age. None of the stories claims to be what is known as original. All are founded on legends and scraps of folk-lore or history. I have re-told them because I enjoyed them--one of the very best of good reasons for telling a story-in the hope that others will enjoy them also. The version of The Old Woman and the Pixies and the Tulips appears in print for the first time, as does also The Dog-Brother of the Order of St. John, though I have often told both at school-S and play-centres and as illustra- tions to lectures. The other eleven stories with their accompanying studies and comments have already appeared in the pages of Child Education. Now, as to the advice which follows each Introduction story. It has been written with considerable diffidence, because story-telling is such an individual affair that at first it seemed hardly possible to give any directions as to how each story should be told. Moreover, I had especially in mind the inexperienced and probably nervous Story- teller, to whom a story is apt to present itself as something to be memorised and afterwards dis-charged, with more or less accuracy and as much expression as anxiety will permit. To burden such with many details as to pauses, emphasis, inflections, would be only to add to their troubles. Also I am sure that expression, in story- telling of the homely, intimate kind for which these little stories are intended, comes best and most freely when it springs from the Story-tellers own enjoyment and understanding. It cannot be dictated word by word. So I have aimed at establishing a bond of friendship and intimacy between Story-teller and.....

The stories herein can be narrated; hence, they are also ideal for camp nights, sleepovers and other similar gatherings. Telling scary stories in the dark is an age-long culture and this collection seeks to reinforce that culture with a fresh style. The stories explore a variety of horror that have been crafted nicely to fit the contemporary society and even, in one of

the stories, inject a science feel to the horror like in the story, 'Becoming'. The stories have been written to suit the general needs of readers of all ages as evidenced in the teen/adult characters in the stories. In addition to the very common horror settings such as abandoned mansions, the woods, basement and attics, the stories introduces other new environments such as the apocalyptic setting in the story titled 'Last Man On Earth'- atestament to its progressiveness. In the story, ' October 30th' a tale of the annual, horror festival is told in a fresh tone. Most of the stories touch on the inevitable horror - death. 'Ghost House' tells an enthralling and fast paced story and so does 'Miss Fairborn's Auction'. There is a general belief that books give a wider room for imaginations - even wider than the room that watching a movie affords you and truthfully so. These tales, when told in the dark, will leave you with much to imagine - an arm covered in goose bumps and the back of your neck with all the hackles on their ends. The curtains you see might not be curtains. The mirrors, too, might become home to many faces and the old man by the road might not be what you think he is. [Where the Buffaloes Begin](#) - Olaf Baker 2019-04-17

"Over the blazing campfires, where the wind moaned eerily through the thickets of juniper and fir, they spoke of it in the Indian tongue—the strange lake to the southward whose waters never rest. And Nawa, the medicine man, who had lived such countless moons that not even the oldest member of his people could remember a time when Nawa was not old, declared that, if only you arrived at the right time, on the right night, you would see the buffaloes rise out of the middle of the lake and come crowding to the shore; for there, he said, was the sacred spot where the buffaloes began." Ten-year-old Little Wolf, an imaginative and

courageous boy, is determined to observe this spectacle, and his quest leads not only to a miraculous vision but also to the salvation of his tribe. This Caldecott Honor picture book and National Book Award nominee was hailed by Booklist as "an eminent picture book and, incidentally, one that proves that black and white can move as forcefully as color." The New York Times praised artist Stephen Gammell for his "spectacular scenes of tumbling clouds, of earth churned by flying hoofs, of teepees in the early dawn. But most of all he conveys the hulking, surging, rampaging strength of the shaggy buffaloes as they rise out of a shadowy mist, the mist of legend or dream."

*Scary Stories to Tell in the Dark* - Jonh Stories 2020-10-03

Are you an avid fan of scary stories? Rather than frightening you, the sordid tales of gruesome deaths and ghastly ghosts fascinate and stimulate you-so you are always on a quest for terror-filled tales. Terror-filled stories are read to test one's nerves, and obviously to scare. Moreover, it's the mystery mingled with the horror that really beckons people to pick up a scary story. They can't live without satisfying their curiosity. After all, the tales with a hidden killer or a ghost's possession are weaved with an underlying depth of mystery. Scary stories can set your heart racing and scare the wits out of you. You read them for your entertainment and because you are fascinated by the terror emphasized in them. But what exactly are they? Horror stories are those tales that captivate readers via either bloodshed or supernatural beings, like ghosts or demons. Paranormal beings terrify us because they have powers that are beyond our comprehension. On the other hand, scary stories also illustrate the dark side of humans and what they are capable of doing if evil rests in their hearts. A person only gets frightened of what they actually fear, but fear is a rather broad term. Everyone is afraid of one thing or the other. The mere mention of ghosts might make you tremble, but your friends might enjoy ghost stories, and they can abide with gruesome stories of ruthless killings and lot of blood. Despite the aftereffects of these stories-nightmares, trouble going to the bathroom alone-people still can't seem to get enough of them. Readers are spurred on to continue reading by nerve-wrecking questions like why, who, how, and what will save the victims. This book contains some interestingly macabre and hair-raising short stories that will entice you and your terror-loving spirit. Horror and mystery go hand in hand to bring you short stories that will provide you with tales worth remembering. These six short stories are an interesting read, if you're looking for something scary riddled with mystery to read. What are you waiting for?Buy now

*The Tell-Tale Heart* - Edgar Allan Poe 2020-08-26

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry,

short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

*It Ends with Us* - Colleen Hoover 2020-07-28

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Are you an avid fan of scary stories? Rather than frightening you, the sordid tales of gruesome deaths and ghastly ghosts fascinate and stimulate you-so you are always on a quest for terror-filled tales. Terror-filled stories are read to test one's nerves, and obviously to scare. Moreover, it's the mystery mingled with the horror that really beckons people to pick up a scary story. They can't live without satisfying their curiosity. After all, the tales with a hidden killer or a ghost's possession are weaved with an underlying depth of mystery. Scary stories can set your heart racing and scare the wits out of you. You read them for your entertainment and because you are fascinated by the terror emphasized in them. But what exactly are they? Horror stories are those tales that captivate readers via either bloodshed or supernatural beings, like ghosts or demons. Paranormal beings terrify us because they have powers that are beyond our comprehension. On the other hand, scary stories also illustrate the dark side of humans and what they are capable of doing if evil rests in their hearts. A person only gets frightened of what they actually fear, but fear is a rather broad term. Everyone is afraid of one thing or the other. The mere mention of ghosts might make you tremble, but your friends might enjoy ghost stories, and they can abide with gruesome stories of ruthless killings and lot of blood. Despite the aftereffects of these stories-nightmares, trouble going to the bathroom alone-people still can't seem to get enough of them. Readers are spurred on to continue reading by nerve-wrecking questions like why, who, how, and what will save the victims. This book contains some interestingly macabre and hair-raising short stories that will entice you and your terror-loving spirit. Horror and mystery go hand in hand to bring you short stories that will provide you with tales worth remembering.
