Adams's writing teeters on the fringe of inspired lunacy."—United Press International Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of The Hitchhiker's Guide to the Galaxy all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. In this work Strehlow records the patrilineal chants or songs of the Aranda people and puts them into a wider context of totemic cultural understanding. Of particular interest is Chapter 10, the love songs of the Aranda people, which pre-date European romantic conventions by several thousand years.

The Nun - Simonetta Agnello Hornby 2012-09-10

August 15, 1839. Messina, Italy. In the home of Marshall don Peppino Padellani di Opiri, preparations for the feast of the Ascension are underway. But for Agata, the Marshall's daughter, there are more important matters at hand. She and the wealthy Giacomo Lepre have fallen in love, and her mother is determined to obstruct the consummation of their love. When Marshall don Peppino dies, Agata's mother decides to ferry

her daughter away from Messina, to Naples, where she hopes to garner a stipend from the King and keep her daughter far from trouble. The only boat leaving Messina that day is captained by the young Englishman, James Garson. Following a tempestuous passage to Naples, during which Agata confesses her troubles to James, Agata and her mother find themselves rebuffed by the king and Agata is forced to join a convent. The Benedictine monastery of San Giorgio Stilita is rife with rancor and jealousy, illicit passions and ancient feuds. Agata remains aloof, devoting herself to the cultivation of medicinal herbs, calmed by the steady rhythms of monastic life. She reads all the books James Garson sends her and follows the news of the various factions struggling to bring unity to Italy. Though she hasn't chosen to enter a convent, and is divided between her yearnings for purity and religiosity and her desire to be part of the world, something about the cloistered life reverberates within her. Agata is increasingly torn when she realizes that her feelings for James Garson, though he is only a distant presence in her life, have eclipsed those for Lepre.

Medieval Multilingualism - Christopher Kleinhenz 2010

This volume contains essays on various aspects of multilingualism in medieval France, Italy, England, and the Low Countries. The fifteen contributions discuss the use of the different vernaculars and Latin in both literary and non-literary contexts, showing how cultural and social factors determined the choice of language for a particular purpose or type of text. The role of French in non-French contexts is a major theme of these essays: in the British Isles after the Norman Conquest, in Italy as a response to the need for mainly secular types of literature which did not exist in Italian, and in the Low Countries by virtue of geographic contiguity and change of rulers. Special attention is paid in the French context to the use of French and Occitan in areas of the South. Some essays examine specific cases or text-corpora, while others examine questions of multilingualism from more theoretical, linguistic, and rhetorical points of view. Together, they form an invaluable introduction to the topic of medieval multilingualism, illustrated by meticulously executed case-studies, which future work in the area will have to take into account.

Utz is allowed to leave the country each year, and although he has considered defection, he always returns. He cannot take his precious collection with him, but he cannot leave it, either. And so Utz is as much owned by his porcelain as it is owned by him, as much of a prisoner of the collection as of the Communist state. A fascinating, enigmatic man, Kaspar Utz is one of Bruce Chatwin's finest creations. And his story, as delicately cast as one of Utz's porcelain figures, is unforgettable.

Mostly Harmless - Douglas Adams 1993-10-19

Now celebrating the 42nd anniversary of *The Hitchhiker’s Guide to the Galaxy*, soon to be a Hulu original series! “Hitchhiker fans rejoice! . . . [Here’s] more of the same zany nonsensical mayhem.”—The New York Times Book Review It’s easy to get disheartened when your planet has been blown up and the woman you love has vanished due to a misunderstanding about space/time. However, instead of being disheartened, Arthur Dent makes the terrible mistake of starting to enjoy life a bit—and immediately all hell breaks loose. Hell takes a number of forms: there’s the standard Ford Prefect version, in the shape of an all-new edition of *The Hitchhiker’s Guide to the Galaxy*, and a totally unexpected manifestation in the form of a teenage girl who startles Arthur Dent by being his daughter when he didn’t even know he had one. Can Arthur save the Earth from total multidimensional obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter, Random, from herself? Of course not. He never works out exactly what is going on. Will you? “Douglas Adams is a terrific satirist. . . . He is anything but harmless.”—The Washington Post Book World

Women and Men on the Overland Trail - John Mack Faragher 2008-10-01

This classic book offers a lively and penetrating analysis of what the overland journey was really like for midwestern farm families in the mid-1800s. Through the subtle use of contemporary diaries, memoirs, and even folk songs, John Mack Faragher dispels the common stereotypes of male and female roles and reveals the dynamic of pioneer family relationships. This edition includes a new preface in which Faragher looks back on the social context in which he formulated his original thesis and provides a new supplemental bibliography. Praise for the earlier edition: "Faragher has made excellent use of the Overland Trail materials, using them to illuminate the society the emigrants left as well as the one they constructed en route. His study should be important to a wide range of readers, especially those interested in family history, migration and western history, and women's history."--Kathryn Kish Sklar "An enlightening study."--American West "A helpful study which not only illuminates the daily life of rural Americans but which also begins to compensate for the male orientation of so much of western history."--Journal of Social History *Gender and imperialism* - Clare Midgley 2017-03-01

This book marks an important new intervention into a vibrant area of scholarship, creating a dialogue between the histories of imperialism and of women and gender. By engaging critically with both traditional British imperial history and colonial discourse analysis, the essays demonstrate how feminist historians can play a central role in creating new histories of British imperialism. Chronologically, the focus is on the late eighteenth to early twentieth centuries, while geographically the essays range from the Caribbean to Australia and span India, Africa, Ireland and Britain itself. Topics explored include the question of female agency in imperial contexts, the relationships between feminism and nationalism, and questions of sexuality, masculinity and imperial power.

How to Catch a Russian Spy - Naveed Jamali 2015-06-23

With an epilogue on recent Russian spying, a “page-turner of a memoir” (Publishers Weekly) about an American civilian with a dream, who worked as a double agent with the FBI in the early 2000s to bring

down a Russian intelligence agent in New York City. For three nerve-wracking years, from 2005 to 2008, Naveed Jamali spied on America for the Russians, trading thumb drives of sensitive technical data for envelopes of cash, selling out his beloved country across noisy restaurant tables and in quiet parking lots. Or so the Russians believed. In fact, Jamali was a covert double agent working with the FBI. The Cold War wasn't really over. It had just gone high-tech. "A classic case of American counterespionage from the inside...a never-ending game of cat and mouse" (The Wall Street Journal), *How to Catch a Russian Spy* is the story of how one young man's post-college-adventure became a real-life intelligence coup. Incredibly, Jamali had no previous counterespionage experience. Everything he knew about undercover work he'd picked up from TV cop shows and movies, yet he convinced the FBI and the Russians they could trust him. With charm, cunning, and bold naiveté, he matched wits with a veteran Russian military-intelligence officer, out-maneuvering him and his superiors. Along the way, Jamali and his FBI handlers exposed espionage activities at the Russian Mission to the United Nations. Jamali now reveals the full riveting story behind his double-agent adventure—from coded signals on Craigslist to clandestine meetings at Hooter's to veiled explanations to his worried family. He also brings the story up to date with an epilogue showing how the very same playbook the Russians used on him was used with spectacularly more success around the 2016 election. Cinematic, news-breaking, and "an entertaining and breezy read" (The Washington Post), *How to Catch a Russian Spy* is an armchair spy fantasy brought to life.

[Babel](#) - Zygmunt Bauman 2016-05-17

We are living in an open sea, caught up in a continuous wave, with no fixed point and no instrument to measure distance and the direction of travel. Nothing appears to be in its place any more, and a great deal appears to have no place at all. The principles that have given substance to the democratic ethos, the system of rules that has guided the relationships of authority and the ways in which they are legitimized, the shared values and their hierarchy, our behaviour and our life styles, must be radically revised because they no longer seem suited to our experience and understanding of a world in flux, a world that has become

both increasingly interconnected and prone to severe and persistent crises. We are living in the interregnum between what is no longer and what is not yet. None of the political movements that helped undermine the old world are ready to inherit it, and there is no new ideology, no consistent vision, promising to give shape to new institutions for the new world. It is like the Babylon referred to by Borges, the country of randomness and uncertainty in which 'no decision is final; all branch into others'. Out of the world that had promised us modernity, what Jean Paul Sartre had summarized with sublime formula 'le choix que je suis' ('the choice that I am'), we inhabit that flattened, mobile and dematerialized space, where as never before the principle of the heterogenesis of purposes is sovereign. This is Babel.

And did anyone actually make a reservation? Follow Arthur Dent's galactic (mis)adventures in the rest of the trilogy with five parts: *Life, the Universe and Everything*, *So Long*, and *Thanks for All the Fish*, and *Mostly Harmless*.

[Anatomy of Restlessness](#) - Bruce Chatwin 1997-08-01

Although he is best known for his luminous reports from the farthest-flung corners of the earth, Bruce Chatwin possessed a literary sensibility that reached beyond the travel narrative to span a world of topics—from art and antiques to archaeology and architecture. This spirited collection of previously neglected or unpublished essays, articles, short stories, travel sketches, and criticism represents every aspect and period of Chatwin's career as it reveals an abiding theme in his work: his fascination with, and hunger for, the peripatetic existence. While Chatwin's poignant search for a suitable place to "hang his hat," his compelling arguments for the nomadic "alternative," his revealing fictional accounts of exile and the exotic, and his wickedly en pointe social history of Capri prove him to be an excellent observer of social and cultural mores, Chatwin's own restlessness, his yearning to be on the move, glimmers beneath every surface of this dazzling body of work.

Making and Remaking Italy - Albert Russell Ascoli 2001-05

This important new book considers many of the ways in which national identity was imagined, implemented and contested within Italian culture before, during and after the period of Italian unification in the mid-nineteenth century. Taking a fresh approach towards national icons cherished by both Left and Right, the collection's authors examine the complex interaction between a perceived need for national identity and the fragmented nature of the Italian peninsula. In so doing, they draw on examples from a wide range of artistic and cultural media. The book opens with an introduction which defines the case of the Italian 'Risorgimento' and places it within a large context of European and global nation-building and nationalism. Authors discuss how episodes from the distant past were used by nineteenth- and twentieth-century artists, musicians, and writers to recreate narratives of nationhood, as well as how the problem of Italian identity was before and during the Risorgimento. The question of who belonged in the new Italy, who remained outsiders, and how social and sexual differences entered into defining these groups is also addressed. The

book concludes with an analysis of twentieth-century attempts to appropriate and reforge the 'spirit' of the Risorgimento, under Fascism and in our own time.
