The Making of Modern English Theology - Daniel Inman 2014-12-01
The Making of Modern English Theology is the first historical account of theology's modern institutional origins in the United Kingdom. Having avoided the revolutionary upheaval experienced by continental institutions and free from any constitutional separation of church and state, English theologians were granted a relative freedom to develop their discipline in a fashion distinctive from other European and North American institutions. This book explores how Oxford theology, from the beginnings of the Tractarian movement until the end of the Second World War, both influenced and responded to the reform of the university. Neither becoming unbendingly confessional nor reduced to the secular study of religion, the Oxford faculty instead emerged as an important ecumenical body, rooted in the life and practice of the English churches, whilst still being located in the heart of a globally influential research university as a department of the humanities. This is an institutional history of reaction and radicalism, animosity and imagination, and explores the complex and shifting interactions between church, nation, and academy that have defined theological life in England since the early nineteenth century.

Mother to Mother - Sindiwe Magona 2014-09-02

Sindiwe Magona's novel *Mother to Mother* explores the South African legacy of apartheid through the lens of a woman who remembers a life marked by oppression and injustice. Magona decided to write this novel when she discovered that Fulbright Scholar Amy Biehl, who had been killed while working to organize the nation's first ever democratic elections in 1993, died just a few yards away from her own permanent residence in Guguletu, Capetown. She then learned that one of the boys held responsible for the killing was in fact her neighbor's son. Magona began to imagine how easily it might have been her own son caught up in the wave of violence that day. The book is based on this real-life incident, and takes the form of an epistle to Amy Biehl's mother. The murderer's mother, Mandisi, writes about her life, the life of her child, and the colonized society that not only allowed, but perpetuated violence against women and impoverished black South Africans under the reign of apartheid. The result is not an apology for the murder, but a beautifully written exploration of the society that bred such violence.

The Most Dangerous German Agent in America - M. B. B. Biskupski 2015-02-28

On the morning of April 27, 1935, Louis N. Hammerling fell to his death from the nineteenth floor of an apartment in New York City, where he lived alone. Hammerling was one of the most influential Polish immigrants in turn-of-the-century America and the leading voice and advocate of the Eastern Europeans who had come to the country seeking a better life. He was also a pathological liar, a crook, a swindler, a ruthless entrepreneur, and a patriot—of which nation he could never decide. In the United States, Hammerling rose from the poverty of his youth to the heights of wealth and power. He was a timberman and mule driver in the Pennsylvania coal mines, an indentured worker in the Hawaiian sugar fields, one of the major behind-the-scenes powers in the United Mine Workers, an employee of the Hearst newspaper chain, an influential figure in the Republican Party, the owner of an advertising agency that made him a millionaire, a correspondent of Theodore Roosevelt and William Howard Taft, and a senator of the Polish Republic. A Jew whose conversion to Catholicism did not protect him from anti-Semitism, Hammerling was monitored by state and federal agencies and was, in the words of his pursuers, "the most dangerous German agent in America." M. B. B. Biskupski consulted more than forty archives in four countries, using trial testimony, intelligence reports, and blackmail correspondence to reconstruct Hammerling's story. The life of this mysterious man offers a window through which to see larger themes: labor and immigration politics in late nineteenth- and early twentieth-century America, espionage during World War I, the birth of modern Polish politics, and the tragic struggle of a poor immigrant striving for success in America. Scholars and general readers alike will be interested in this fascinating book.
