2012-09-20

Fourteen-year old Frank

Hollahan moves to Florida in 1943, at the height of World War II, to join his father, a navy seaman. When Frank and his mother arrive at the busy naval port of Jacksonville, a surprising new life awaits them. In this new place, Frank's life changes in ways he never imagined. In his new school, his tendency toward exaggeration quickly builds him a reputation as a teller of tales. He wanders to the beach one night and sees what seems to be a man coming ashore from a submarine. When he informs his family, friends, and teachers that he saw a spy from a German U-boat land on the local beach, no one believes him. Is the spy real, or is he only a part of Frank's imagination and exaggeration? Frank is certain the spy has plans for sabotage. With the aid of Rosemarie Twekenberry, who has eyes only for Frank, and a mysterious beach recluse known as Weird Wanda, Frank sets out to prove the spy's existence. With time running out, Frank must figure out a way to stop him. Each rumor

and discovery—whether a buried chest, a secret code, or a mysterious note—presents new problems. The truth finally comes to light at the big bond rally in the shipyard as Frank's class presents a rousing patriotic program, led by Mr. Jolly, an ex-clown turned teacher. Thrown into the mix are a brash, redheaded student named Howard; Gladys, the organizer; and other zany characters who all join in the tangled web of this wartime mystery, based on an actual occurrence. The spy who came in from the sea ends up teaching Frank—and the people of Jacksonville—valuable lessons about friendship, perseverance, and the power of the truth. Fearsome Giant, Fearless Child

- Paul Fleischman 2019-04-23

Drawing from African, Asian

and European folklore

Fearsome Giant, Fearless

Child: A Worldwide Jack and the Beanstalk Story retells the classic fairy tale in a single narrative through multiple world cultures. The story of a child confronting a man-eating giant or witch is told the world over. These heroes go by many names and might be normal in size or no bigger than a thumb. Though they're often scorned for being the youngest and smallest, they're well-armed with cleverness and courage. In this companion to Glass Slipper, Gold Sandal, Newbery Medal winner Paul Fleischman and illustrator Julie Paschkis combine elements of this story from different traditions—Jack and the Beanstalk, Tom Thumb, Kihuo, Vasilisa—to create one narrative, one complete picture of a small boy's triumph.

Are you a word person? A curiosity seeker? An explorer? Take a look at these twenty-six extraordinary individuals for whom love of language is an extreme sport. Step right up and read the genuine stories of writers so intoxicated by the

shapes and sound of language that they collected, dissected, and constructed verbal wonders of the most extraordinary kind. Jean-Dominique Bauby wrote his memoirs by blinking his left eyelid, unable to move the rest of his body. Frederic Cassidy was obsessed with the language of place, and after posing hundreds of questions to folks all over the United States, amassed (among other things) 176 words for dust bunnies. Georges Perec wrote a novel without using the letter e (so well that at least one reviewer didn't notice its absence), then followed with a novella in which e was the only vowel. A love letter to all those who love words, language, writing, writers, and stories, *Alphamaniacs* is a stunningly illustrated collection of mini-biographies about the most daring and peculiar of writers and their audacious, courageous, temerarious way with words.

Eric Beddows's vibrant drawings send each insect soaring, spinning, or creeping off the page in its own unique

way. With *Joyful Noise*, Paul Fleischman created not only a fascinating guide to the insect world but an exultant celebration of life.

weathervane bearing the image of Saint Crispin, the patron saint of shoemakers, steer a love-struck apprentice toward the girl of his dreams? And if a ghost hires a sculptor to carve a likeness of him holding a drink to a baby's lips, what ghastly crime might lie behind his request? Fleischman 2013-12-17

Eighty-eight-year old Elva and Courtney, an attractive sixteen-year-old with a severed spinal cord, lie in adjacent beds in a grim Bismarck, North Dakota convalescent home. Ignored by the world, the only resource they have left is their imagination. As Elva and Courtney go on a fantasy trip to Italy (accompanied by Elva's long dead husband and guided by a 1910 travel book), Elva

shows Courtney a new way to envision love. But to accept it, and the gift of the imagination, Courtney must make the trip her own--even if she destroys the art Elva holds most dear. Written entirely in dialogue, *The Mind's Eye* can be performed as reader's theater, but it is a fully satisfying novel. In this extraordinarily innovative, profound, and yet readable book Paul Fleischman makes us all feel what a powerful--and dangerous--tool the imagination can be.
