The Translation of Children's Literature - Gillian Lathey 2006-01-01
In the last few decades a number of European scholars have paid an increasing amount of attention to children's literature in translation. This book not only provides a synthetic account of what has been achieved in the field, but also makes us fully aware of all the textual, visual and cultural complexities that translating for children entails.... Students of this subject have had problems in finding a book that attempted an up-to-date and comprehensive review of the field. Gillian Lathey's Reader does just this. Trent 1475 - R. Po-chia Hsia 1992-01-01

"On Easter Sunday, 1475, the dead body of a two-year-old boy named Simon was found in the cellar of a Jewish family's house in Trent, Italy. Town magistrates arrested all eighteen Jewish men and one Jewish woman living in Trent on the charge of ritual murder - the killing of a Christian child in order to use his blood in Jewish religious rites. Under judicial torture and imprisonment, the men confessed and were condemned to death; their women-folk, who had been kept under house arrest with their children, denounced the men under torture and eventually converted to Christianity. A papal hearing in Rome about possible judicial misconduct in Trent made the trial widely known and led to a wave of anti-Jewish propaganda and other accusations of ritual murder against the Jews." "In this engrossing book, R. Pochia Hsia reconstructs the events of this tragic persecution, drawing principally on the Yeshiva Manuscript, a detailed trial record made by authorities in Trent to justify their execution of the Jews and to bolster the case for the canonization of "little Martyr Simon." Hsia depicts the Jewish victims (whose testimonies contain fragmentary stories of their tragic lives as well as forced confessions of kidnap, torture, and murder), the prosecuting magistrates, the hostile witnesses, and the few Christian neighbors who tried in vain to help the Jews. Setting the trial and its documents in the historical context of medieval blood libel, Hsia vividly portrays how fact and fiction can be blurred, how judicial torture can be couched in icy orderliness and impersonality, and how religious rites can be interpreted as ceremonies of barbarism."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Ears of Hermes - Maurizio Bettini 2020-06-17

Though in many respects similar to us moderns, the Greeks and Romans often conceived things differently than we do. The cultural inheritance we have received from them can therefore open our eyes to many "manners of life" we might otherwise overlook. The ancients told fascinating-but different-stories; they elaborated profound-but different-symbols. Above all, they confronted many of the problems we still face today-memory and forgetfulness; identity and its strategies; absolutist moralism and behavioral relativity-only in profoundly different ways, since their own cultural forms and resources were different. In *The Ears of Hermes: Communication, Images, and Identity in the Classical World*, renowned scholar and author Maurizio Bettini explores these different cultural experiences, choosing paths through this territory that are diverse and sometimes unexpected: a little-known variant of a myth or legend, such as that of Brutus pretending, like Hamlet, to be a Fool; a proverb, like *lupus in fabula* (the wolf in the tale), that expresses the

sense of foreboding aroused by the sudden arrival of someone who was just the subject of conversation; or great works, like Plautus' *Amphitruo* and Vergil's *Aeneid*, where we encounter the mysteries of the *Doppelgänger* and of "doubles" fabricated to ease the pain of nostalgia. Or the etymology of a word-its own "story"-leads us down some unforeseen avenue of discovery. While scholarly in presentation, this book, in an elegant English translation by William Michael Short, will appeal not only to classicists but also students, as well as to anthropologists and historians of art and literature beyond classics. The Years of Alienation in Italy - Alessandra Diazi 2019-06-11

The Years of Alienation in Italy offers an interdisciplinary overview of the socio-political, psychological, philosophical, and cultural meanings that the notion of alienation took on in Italy between the 1960s and the 1970s. It addresses alienation as a social condition of estrangement caused by the capitalist system, a pathological state of the mind and an ontological condition of subjectivity. Contributors to the edited volume explore the pervasive influence this multifarious concept had on literature, cinema, architecture, and photography in Italy. The collection also theoretically reassesses the notion of alienation from a novel perspective, employing Italy as a paradigmatic case study in its pioneering role in the revolution of mental health care and factory work during these two decades.

Dante's Poets - Teodolinda Barolini 2014-07-14

By systematically analyzing Dante's attitudes toward the poets who appear throughout his texts, Teodolinda Barolini examines his beliefs about the limits and purposes of textuality and, most crucially, the relationship of textuality to truth. Intende, Lector - Echoes of Myth, Religion and Ritual in the Ancient Novel - Marília P. Futre Pinheiro 2013-10-29

Representation of myth in the novel, as a poetic, narrative and aesthetic device, is one of the most illuminating issues in the area of ancient religion, for such narratives investigate in various ways fundamental problems that concern all human beings. This volume brings together twenty contributions (six of them to a Roundtable organized by Anton Bierl on myth), originally presented at the Fourth International Conference on the Ancient novel (ICAN IV) held in Lisbon in July 2008. Employing an interdisciplinary approach and putting together different methodological tools (intertextual, psychological, and anthropological), each offers a illuminating investigation of mythical discourse as presented in the text or texts under discussion. The collection as a whole

demonstrates the exemplary and transgressive significance of myth and its metaphorical meaning in a genre that to some extent can be considered a modernized and secular form of myth that focuses on the quintessential question of love.

Anthropology and Roman Culture - Maurizio Bettini 1991

How did Roman family relationships differ from our own? What metaphors did the Romans use to express abstractions such as time? What can we learn from the cultural symbols of their religion and literature? In *Anthropology and Roman Culture*, Maurizio Bettini employs the methods of structural anthropology to examine a series of social, ethical, and religious issues characteristic of Roman culture in the classical period. Bettini begins by examining the system of kinship within the extended Roman family. He shows how the "stern" Roman father and "indulgent" Roman mother had their exact counterparts elsewhere in the family: the harsh "father's brother" (*patruus*) and the tolerant "mother's brother" (*avunculus*). He discusses the complex Roman spatial conception of time (in which the future, for instance, could be said to lie "behind" as well as "ahead" of us), applying his findings in an analysis of Roman literature and culture. And he examines the cultural symbolism of the bee, the butterfly, and the bat, all of which served to represent the survival of the human soul after death. Recent classical scholarship has seen the successful application of an anthropological approach to Greek studies. Maurizio Bettini has shown the ways in which this practice can benefit Roman studies as well. Drawing on a wide range of literary and documentary sources, *Anthropology and Roman Culture* is now available for the first time in English translation.

Madonnas and Miracles - Maya Corry 2017-04-30

Madonnas and Miracles exposes a hidden world of religious devotion in the Italian Renaissance home. Challenging the idea of the Renaissance as an age of increasing worldliness, it shows how religion remained a powerful force that coloured every aspect of daily life. Across the length and breadth of Italy, houses were filled with decorative objects and works of art with spiritual significance, designed to aid members of the family in their devotional lives. A wide range of religious activities, from routine prayers to extraordinary experiences such as miracles and exorcisms, took place within the home, where they were adapted to key moments in the life-cycle, including birth, marriage, sickness and death. This illustrated publication explores a variety of devotional objects and images, from luxury items to everyday household goods. Bringing together jewellery and ceramics, manuscripts and printed books, sculpture and paintings, the book offers a vivid encounter with Renaissance spirituality and domesticity. The result is a new vision of a period in which the material world was charged with sacred power. Exhibition: Fitzwilliam Museum, Cambridge, UK (Spring 2017).

But first he must win the most desperate battle of his life...the one for her mind, her body, and her heart. Lady Avalon d'Farouche can't deny she bears the telltale marks of the Kincardine legend, nor can she disown the strange, mystical intuition that allows her to see things others cannot. Yet Avalon believes she alone holds the key to her destiny--a future in which no man will own her. So when Marcus Kincardine seizes her for his own purposes, she never expects him to ignite a fiery passion within her. Still, she refuses to sacrifice her soul and fulfill the legend by surrendering to desire. But how long can she deny him...and how long will he let her?

Materada - Fulvio Tomizza 2000

Francesco Koslovic—even his name straddles two cultures. And during the spring of 1955, in the village of Materada on the Istrian Peninsula, his two worlds are coming apart. *Materada*, the first volume of Fulvio Tomizza's celebrated Istrian Trilogy, depicts the Istrian exodus of the

hundreds of thousands who had once thrived in a rich ethnic mixture of Italians and Slavs. Complicating Koslovic's own departure is his attempt to keep the land that he and his brother have worked all their lives. A picture of a disappearing way of life, a tale of feud and displacement, and imbued with the tastes, tales, and songs of his native Istria, Koslovic's story is a testament to the intertwined ethnic roots of Balkan history.

Poems and Selected Letters - Veronica Franco 2007-11-01

Veronica Franco (whose life is featured in the motion picture *Dangerous Beauty*) was a sixteenth-century Venetian beauty, poet, and protofeminist. This collection captures the frank eroticism and impressive eloquence that set her apart from the chaste, silent woman prescribed by Renaissance gender ideology. As an "honored courtesan", Franco made her living by arranging to have sexual relations, for a high fee, with the elite of Venice and the many travelers—merchants, ambassadors, even kings—who passed through the city. Courtesans needed to be beautiful, sophisticated in their dress and manners, and elegant, cultivated conversationalists. Exempt from many of the social and educational restrictions placed on women of the Venetian patrician class, Franco used her position to recast "virtue" as "intellectual integrity," offering wit and refinement in return for patronage and a place in public life. Franco became a writer by allying herself with distinguished men at the center of her city's culture, particularly in the informal meetings of a literary salon at the home of Domenico Venier, the oldest member of a noble family and a former Venetian senator. Through Venier's protection and her own determination, Franco published work in which she defended her fellow courtesans, speaking out against their mistreatment by men and criticizing the subordination of women in general. Venier also provided literary counsel when she responded to insulting attacks written by the male Venetian poet Maffio Venier. Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries make her life and work pertinent today.

The Master of Knots - Massimo Carlotto 2014-01-07

"Dangerous, edgy noir crime fiction at its absolute finest and certain to be one of my books of the year" featuring PI Marco "The Alligator" Burrati (reviewingtheevidence.com). A woman has gone missing. Her husband, too ashamed to admit to the police that he and his wife were part of a ring of sexual adventurers that organized sadomasochistic orgies, turns instead to the Alligator. Marco Burrati enters a depraved demiworld where ferocious deviates prey upon lonely victims. But the savagery of this world is only the first surprise this investigation holds in store for the Alligator. Encountering such violence and desperation triggers memories of his own time in prison. And while the unwritten rule of ex-cons is that you must never talk about your experiences behind bars, the Alligator and his two longtime associates, Max the Memory and Beniamino Rossini, are forced to confront demons they thought long buried. In *The Master of Knots*, "the reigning king of Mediterranean noir," Massimo Carlotto, gives his readers a work of hardboiled noir fiction that is darker than ever before as he digs into the shadowy corners of human experience (*The Boston Phoenix*). This stunning novel sets a new high-water mark in the literary history of the Mediterranean Noir novel. "Brooding, sexual, and connected to Italy's socio-political climate . . . Carlotto's tight prose makes for a quick and satisfying journey into a world absent of clear-cut morality." —Publishers Weekly "The author shows a sure grasp of the double lives of BDSM devotees for whom unmasking would mean calamity." —Kirkus Reviews *Encyclopaedia Anatomica* - Monika von Düring 2014 Know thyself: Explore the complex and amazing universe that lives

beneath your skin From the eccentric museum La Specola in Florence comes this amazing collection of waxworks depicting human anatomy in all its dazzling complexity. A selection of wax bodies and body part and organ studies from the museum's collection is presented here; from skeletons to vein structures, organs to nerves, and arteries to the delicate pores of the skin, the human body is mapped out in meticulous and exacting detail. Texts explaining the human anatomy in layperson's terms and exploring the historical and cultural significance of the wax figures complete this "total body experience".

Opera in Seventeenth-Century Venice - Ellen Rosand 2007-10-09

"In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness."—Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general."—Lorenzo Bianconi

Historical Dictionary of Italian Cinema - Gino Moliterno 2020-12-08

Italian cinema is now regarded as one of the great cinemas of the world. Historically, however, its fortunes have varied. Following a brief moment of glory in the early silent era, Italian cinema appeared to descend almost into irrelevance in the early 1920s. A strong revival of the industry which gathered pace during the 1930s was abruptly truncated by the advent of World War II. The end of the war, however, initiated a renewal as films such as *Roma città aperta* (*Rome Open City*), *Sciuscià* (*Shoeshine*, 1946), and *Ladri di biciclette* (*Bicycle Thieves*, 1948), flagbearers of what soon came to be known as Neorealism, attracted unprecedented international acclaim and a reputation that only continued to grow in the following years as Italian films were feted worldwide. Ironically, they were celebrated nowhere more than in the United States, where Italian films consistently garnered the lion's share

of the Oscars, with Lina Wertmüller becoming the first woman to ever be nominated for the Best Director award. This second edition of *Historical Dictionary of Italian Cinema* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on major movements, directors, actors, actresses, film genres, producers, industry organizations and key films. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italian Cinema.

Roman Legends: A Collection of the Fables and Folk-lore of Rome - R. H. Busk 2015-10-14

At another time one would have to spend hours in listening to detached incidents altogether lacking a thread to connect them, or stories of which the point had been so completely lost that they could only have been made available by means of a reconstruction too integral to be honestly attempted. As, e.g., 'Oh yes! I know a story of an enchantress who had a gown which made her invisible, and a pair of boots which would carry her a thousand miles without walking, but I quite forget what she did with them.' Or else it might be, 'I knew a story of a king whose wife had been fatata (subjected to magic influence), and maligned by her mother-in-law while the king was gone to the wars; but that's all I remember, except that in the end the queen was rehabilitated, and the mother-in-law punished'—incidents of stories recurring in every collection, but tantalisingly lacking all means of further particular identification with any. Sometimes, too, it would be only a title that could be recalled, and nothing more, as in the case of a certain 'Uccello Biverde,' which I have been several times assured is 'a most beautiful story,' but I have never yet succeeded in meeting with any one who could supply the narrative. I have further felt called sometimes to exercise a difficult forbearance in withholding some specimens which at first promised to afford singular instances of interchanged episodes, but which there afterwards appeared reason to conclude were merely jumbled in the bad memory of the narrator, and had, therefore, no individual interest, but were rather calculated to mislead. One of my worst disappointments was the case of a very old woman, who, I am assured, knows more of such things than anyone in the world, but whom nothing can induce to repeat them now. She has grown so toothless and tremulous and inconsecutive, that it is not easy to understand her; but I think her arguments are not difficult to appreciate in the following way,—that having had a long run of weary bad fortune, she had rather not dwell on stories where things turned out as one could wish to have them. She wants to go to heaven, she says, and so she believes in God, and whatever else she must believe; but for anything more, for special interpositions of Providence, and anything one is not obliged to believe, she had rather say nothing about all that. 'But don't tell them then as if you believed them; tell them only as a pastime; just to oblige me.' I thought I had moved her, but the utmost she would yield was to promise to think about it before I came again: and when I came again she was as rigid as ever. It is vexatious to think that a vast store is going to the grave with her under one's very eyes and that one cannot touch it.

The Imagined Immigrant - Ilaria Serra 2009

Using original sources—such as newspaper articles, silent movies, letters, autobiographies, and interviews—Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags. L'Europeo - 1993

Decadent Genealogies - Barbara Spackman 2018-03-15

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the

occupation and appropriation of the female body.

Fallen Idols, Risen Saints - Beate Fricke 2015-03-31

This book investigates the origins and transformations of medieval image culture and its reflections in theology, hagiography, historiography and art. It deals with a remarkable phenomenon: the fact that, after a period of 500 years of absence, the tenth century sees a revival of monumental sculpture in the Latin West. Since the end of Antiquity and the pagan use of free-standing, life-size sculptures in public and private ritual, Christians were obedient to the Second Commandment forbidding the making and use of graven images. Contrary to the West, in Byzantium, such a revival never occurred: only relief sculpture - mostly integrated within an architectural context - was used. However, Eastern theologians are the authors of highly fascinating and outstanding original theoretical reflections about the nature and efficacy of images. How can this difference be explained? Why do we find the most fascinating theoretical

concepts of images in a culture that sticks to two-dimensional icons often venerated as cult-images that are copied and repeated, but only randomly varied? And why does a groundbreaking change in the culture of images - the revival of monumental sculpture - happen in a context that provides more restrained theoretical reflections upon images in their immediate theological, liturgical and artistic contexts? These are some of the questions that this book seeks to answer. The analysis and contextualization of the revival of monumental sculpture includes reflections on liturgy, architecture, materiality of minor arts and reliquaries, medieval theories of perception, and gift exchange and its impact upon practices of image veneration, aesthetics and political participation. Drawing on the historical investigation of specific objects and texts between the ninth and the eleventh century, the book outlines an occidental history of image culture, visibility and fiction, claiming that only images possess modes of visualizing what in the discourse of medieval theology can never be addressed and revealed.
