The Peterloo Massacre occurred at St Peter's Field, Manchester, England, on 16 August 1819, when cavalry charged into a crowd of 60,000-80,000 that had gathered to demand the reform of parliamentary representation. Shortly after the meeting began local magistrates called on the military authorities to arrest

Hunt and several others on the hustings with him, and to disperse the crowd. Cavalry charged into the crowd with sabres drawn, and in the ensuing confusion, 15 people (including women and children) were killed and hundreds were injured. Within this volume are published three eyewitness reports of the event which F. A. Burton thought worthy of publication along with his ""Story of Peterloo.""

Trial of Henry Hunt and Others - Caitlin Kitchener
2021-05-04

On a fine August day in 1819, several groups of reformers from various Lancastrian industrial towns marched towards St Peter's Field, Manchester, to petition for parliamentary reform and suffrage. It was a colourful display of solidarity, with those gathered proudly holding aloft banners proclaiming their political message. Many in the crowded meeting space eagerly awaited the arrival of the famous political orator, Henry Hunt, who had travelled north to chair this meeting of 60,000

people. As he arrived, the crowd cheered heartily; Hunt bowed to them, and waved his trademark white top hat. After about ten minutes, the Manchester Yeomanry approached the hustings. They had been sent by the on-looking local magistrates to apprehend those who had organised the meeting, as well as those who were expected to speak. Hunt asked the crowd to give the yeomanry three cheers as a friendly gesture - but the crowd's peaceful nature was ignored. The yeomanry arrested all on the hustings, and then charged into the crowd, using their sabres on terrified reformers. These violent actions resulted in a tragedy: eighteen dead and at least seven hundred injured, the first victim being a two year old child, William Fildes. It was not lost on those present that the military had gone from victory at Waterloo to violence at 'Peterloo'. The Peterloo Massacre is an important moment in the democratic and political history of Britain. It has received academic

attention that has cemented it into the narrative of the fight for popular suffrage. But until now, although some legal historians have considered it, the trial of those arrested at Peterloo tends not to receive the same coverage: this omission is a kind of secondary injustice against the five men who were convicted of conducting a 'seditious' meeting. Trial of Henry Hunt and Others marks the bicentenary of the trial and enables us to revisit the events of Peterloo through witnesses' testimony, showcasing the tensions that existed between reformers and authorities. It supplements our understanding of Peterloo and serves as a commemoration of reformers' efforts to win the right to vote.

'The Scum of the Earth' - Colin Brown 2015-05-04

The Scum of the Earth follows the men Wellington called just that from victory at Waterloo to a Regency Britain at war with itself, and explodes some of the myths on the way; such as that the defeat of Napoleon ended

the threat of revolution spreading from France. Did the victorious soldiers return to a land fit for heroes? They did not. There was the first of the Corn Laws in the same year as the battle, there was famine and chronic unemployment. In 1819, the Peterloo massacre saw 15 killed and at least 500 injured when cavalry sabred a crowd demanding parliamentary reform. Peace in Europe perhaps for 50 years - but at home, repression and revolution in the air. And at the same time, the sheer exuberance of the Regency period, with new buildings, new art, even 17 new colonies more or less accidentally acquired. By 1848 the whole of Europe was once more set for complete upheaval. There is no one better to take a cold, hard look at the battle itself and its aftermath, in order to save us from an anniversary of misty-eyed backslapping, than political editor Colin Brown.

Secular Martyrdom in Britain and Ireland - Quentin Outram 2018-01-30

This edited collection examines the concept and nature of the 'people's martyrology', raising issues of class, community, religion and authority. It examines modern martyrdom through studies of Peterloo; Tolpuddle; Featherstone; Tonypanddy; Emily Davison, fatally injured by the King's horse on Derby Day, 1913; the 1916 Easter Rising; Jarrow, 'the town that was murdered, and martyred in the 1930s'; David Oluwale, a Nigerian killed in Leeds in 1965; and Bobby Sands, the IRA hunger striker who died in 1981. It engages with the burgeoning historiography of memory to try to understand why some events, such as Peterloo, Tonypanddy and the Easter Rising, have become household names whilst others, most

notably Featherstone and Oluwale, are barely known. It will appeal to those interested in British and Irish labour history, as well as the study of memory and memorialization. *The Masque of Anarchy* - Percy Bysshe Shelley 1892

On 16 August, 1819, at St Peter's Field, Manchester, armed cavalry attacked a peaceful rally of some 50,000 pro-democracy reformers. Under the eyes of the national press, 18 people were killed and some 700 injured, many of them by sabres, many of them women, some of them children. The 'Peterloo massacre', the subject of a recent feature film and a major commemoration in 2019, is famous as the central episode in Edward Thompson's Making of the English Working Class. It also marked the rise of a new English radical populism as the British state, recently victorious at Waterloo, was challenged by a pro-democracy movement centred on the industrial north. Masks Of Anarchy - Michael Demson 2013-07-02

Masks of Anarchy tells the extraordinary story of Percy Shelley's poem "The Masque of Anarchy," from its conception in Italy and suppression in England to the moment it became a catalyst for protest among New York City workers a century later. Shelley penned the poem in 1819, after hearing of the Peterloo Massacre, where British cavalry charged peaceful political demonstrators near Manchester. His words would later inspire figures as wide-ranging as Henry David

Thoreau and Mahatma Gandhi—and also Pauline Newman, the woman the New York Times called the "New Joan of Arc" in 1907. Newman was a Jewish immigrant who worked in the Triangle Shirtwaist Factory, and came to be a leading organizer—and the first female organizer—of one of America's most powerful unions, the International Ladies' Garment Workers' Union. As she marched with tens, sometimes hundreds of thousands of New Yorkers in the streets, Shelley's poem never ceased to inspire her. "Shake your chains to earth like dew," it implores. "Ye are many—they are few."

Commemorating Peterloo - Michael Demson 2019-04-01
Reflections on the Bicentenary of the 1819 Massacre of Reformers in Manchester Two hundred years after the massacre of protestors in Manchester, known as Peterloo, distinguished scholars of Romantic-era literature join together in this commemorative volume to assess the implications of the

violence. Contributors explore how attitudes toward violence and the claims of people to participate in government were reflected and revised in the verbal and visual culture of the time. Their analyses provide fresh insights into cultural engagement as a means of resisting oppression and a sign of the resilience of humanity in facing threats and force. Key Features Provides a multi-perspectival, historical reevaluation of the violence of Peterloo Draws on contemporary theorizations of violence by Judith Butler, Slavoj Zizek and Rob Nixon to account for the cultural factors leading to Peterloo Supplements treatments of Peterloo centering on English history with attention to the significance of that event from Scottish, Irish and North American perspectives

On 16 August 1819 on St Peter's Field, Manchester, a peaceful demonstration of some 60,000 workers and reformers was brutally dispersed by sabrewielding cavalry, resulting in at least fifteen dead and over 600 injured. Within days the slaughter was named 'Peterloo', as an ironic reference to the battleground of Waterloo. Now the subject of a major film, this highly detailed yet readable narrative, based almost entirely on eyewitness reports and contemporary documents, brings the events of that terrible day vividly to life. In a world in which the legitimacy of facts is in constant jeopardy from media and authoritarian bias, the lessons to be learned from the bloodshed and the tyrannical aftermath are as pertinent today as they were 200 years ago. Film director Mike Leigh has defined Peterloo as 'the event that becomes more relevant with every new episode of our crazy times'.

Ballads and songs of Peterloo - Alison Morgan
2018-06-28

Ballads and songs of Peterloo is an edited collection of poems and songs written following the Peterloo Massacre in 1819. This collection, which includes over seventy poems, were published either as broadsides or in radical periodicals and newspapers. Notes to support the reading of the texts are provided, but they also stand alone, conveying the original publications without diluting their authenticity. Following an introduction outlining the massacre, the radical press and broadside ballad, the poems are grouped into six sections according to theme. Shelley's Masque of Anarchy is included as an appendix in acknowledgement of its continuing significance to the representation of Peterloo. This book is primarily aimed at students and lecturers of Romanticism and social history.

1819: Dark Angelic - Geoff Nowell 2021-02-25

1819...Lancashire. Beneath the streets, the fires of discontent are stoked as hard as the chimneys of the industrial revolution. Come the summer, there'll be a big, mass meeting in Manchester, which Reformers everywhere are praying will establish liberty in the land. But lying in wait are the enemies of this noble band. Ready to unleash their ultimate retribution. In Darkleigh, Mary, a young lady whose talents could take her places if only she could leave the dreaded mill, goes on an escapade with her friends to a long-forgotten castle in their town. There, they unwittingly unleash the ghost of Sir Clarence, a one-time lord of the manor.

Teaching him about the new

world he's arrived back in, it soon becomes clear that Clarence, a part of the past the Reformers are trying to eradicate, could become the difference between the freedom they seek and the continuance of tyranny...

Protest and the politics of space and place, 1789-1848

- Katrina Navickas 2015-12-01

This book is a wide-ranging survey of the rise of mass movements for democracy and workers' rights in northern England. It is a provocative narrative of the closing down of public space and dispossession from place. The book offers historical parallels for contemporary debates about protests in public space and democracy and anti-globalisation movements. In response to fears of revolution from 1789 to 1848, the British government and local authorities prohibited mass working-class political meetings and societies. Protesters faced the privatisation of public space. The 'Peterloo Massacre' of 1819 marked a turning point.

Radicals, trade unions and the Chartists fought back by challenging their exclusion from public spaces, creating their own sites and eventually constructing their own buildings or emigrating to America. This book also uncovers new evidence of protest in rural areas of northern England, including rural Luddism. It will appeal to academic and local historians, as well as geographers and scholars of social movements in the UK, France and North America.

Return to Peterloo - Robert Poole 2014-03

The Peterloo massacre of 1819 is one of the landmarks of British history.

Notwithstanding the weeks of legal argument and the decades of noisy disputes about who was responsible, the sheer quantity of information is exceptional, so the basic facts have never been in serious doubt. This book, however, published in time for the bicentenary, offers many new perspectives and crucial new evidence, adding significantly

to our understanding of the event and the many issues surrounding it.

Imagine the ordinary working folk and their families, whose lives were affected by the events of 16th of August, 1819. Lack of job opportunities, gloomy prospects and increased costs were some of the factors that led to their witness at St Peter's fields. Consider also those who influenced the events and the

political atmosphere. Researchers will not find Peterloo People in historical reference books. The literary style aims to introduce this important political milestone through fiction. Real people and events give historical anchors to put flesh on the anonymous participants in what became known as The Peterloo Massacre. This is not a clinical history. A potpourri of passions gives the reader the chance to walk in those shoes of the men, women and children, old and young, impoverished and privileged to the peaceful protest. Barbara Keeley MP, says: "Peterloo People is a creative and reflective commemoration of one of the most important episodes in the history of Manchester."

uncertain times A peaceful protest turned tragedy; this is the true story of the working class fight for the vote. On August 16 1819, in St Peter's Field, Manchester, a large non-violent gathering demanding parliamentary reform turned into a massacre, leaving many dead and hundreds more injured. This catastrophic event was one of the key moments of the age, a political awakening of the working class, and eventually led to ordinary people gaining suffrage. In this definitive account Joyce Marlow tells the stories of the real people involved and brings to life the atrocity the government attempted to cover up. The Peterloo Massacre is soon to be the subject of a major film directed by Mike Leigh.

[A Cry in the Night](#) - George Clarke 2013-04-22

Georgian England, at the start of the Industrial Revolution, just four years after the Battle of Waterloo. Two children, from poor families and in dire circumstances, each have good reason to run away and seek

better life. Brought together by chance; staying together from loyalty and the need for human companionship. Developing into loving young adults with strong sense of justice and humanity, the two are appalled by the plight of the common workers. It is August 1819, and they journey to Manchester to attend a meeting. There, at St Peters Field, the radical orator, Henry Hunt, is to address the crowd. A rude shock awaits them and not all return safely to their homes there is blood on the field. A compelling love story set in the atmosphere of oppression, class division, hatred and violence that accompanied the Industrial Revolution in general, and the Peterloo Massacre in particular.

Peter's Fields, to attend a meeting pressing for parliamentary reform, where they witnessed the Peterloo Massacre. Bamford was arrested and charged with treason. Although the evidence showed that he had not been involved in the violence, he was nevertheless found guilty of inciting a riot and sentenced to a year in Lincoln gaol. The experience of the massacre made a deep impression on Bamford, and convinced him that the state's power would always succeed against radical militancy. He came to be seen as a voice for radical reform, but opposed to any activism that involved physical force. Bamford was the author of poetry (mostly in standard English) but of those in dialect several showing sympathy with the conditions of the working class became widely popular. *The Peterloo Massacre* - Joyce Marlow 1969

parliamentary representation. It is thought that fifteen people were killed and over 600 injured. 'It all seems so unfair. They were inarticulate. They had come, with all the hilarity of a general holiday, to ask that they might have a Voice. They were met by the bungling of incompetent authorities, behind whom loomed the great, strong, repressive Government, saying: "I am God, and King, and Law," backed by a House of Commons that was hopelessly unrepresentative.' The Massacre has been called one of the defining moments of its age, however the government's response was to suppress opposition and those people calling for parliamentary reform. The Peterloo Massacre occurred in Manchester, England on August 16, 1819. A crowd of between 60,000 and 80,000 people had gathered to hear the famous and radical orator Henry Hunt, who was demanding reforms in Parliamentary representation. Though the crowd was peaceful, tensions were high,

and the calvary who were on-hand to police the situation charged into the crowd with their sabres drawn, apparently without provocation. Between 400 and 700 people were injured and various accounts say that between 11 and 15 people were killed, many of them women and children. The event was given the name Peterloo in ironic comparison to the Battle of Waterloo that had taken place several years earlier during the Napoleonic War.

The Life of Robert Owen - G. D. H. Cole 2018-12-07

First published in 1925. Robert Owen was, in the author's words, 'that rarest of phenomena, an utterly disinterested critic of a system by which he had himself risen to greatness', and in studying his life this work reveals with a remarkable clarity the first phases of the Industrial Revolution crowded as it was with events, changes, ideas, and characters. This title will be of great interest to scholars and students of labour history.
