The Social Lives of Dogs - Elizabeth Marshall Thomas
2015-07-14

The groundbreaking, New York Times-bestselling book on canine behavior and how dogs become family from the author of *The Hidden Life of Dogs*. In the sequel to her New York Times bestseller *The Hidden Lives of Dogs*, anthropologist Elizabeth Marshall Thomas profiles the assortment of canines in her own household to examine how dogs have comfortably adapted to life with their human owners—and with each other. Thomas answers questions we all have about our dogs' behavior: Do different barks mean different things? What

makes a dog difficult to house-train? Why do certain dogs and cats get along so well? How does one of her dogs recognize people he sees only once a year, while another barks at strangers she sees every day? What leads to the formation of packs or groups? As Publishers Weekly raves, "no one writes with greater emotional intelligence about man's (and woman's) best friend than Thomas."

Fear in the World - Corrado Alvaro 2021-03-23

Corrado Alvaro's *Fear in the World* was published a decade before Orwell's 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a

Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life. The imagined truth takes us closer to where we really are. The travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through

foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.

The Dog Whisperer - Graeme Sims 2014-12-04

This detailed, step-by-step instruction book shows you how to communicate properly with your dog, including guidelines on: how to choose the right breed of dog for you (or

whether you're the right owner for a dog); how and when to use different commands; how to build a bond of trust; how to overcome problems with specific sections on the problem dog, the rescue dog, the nervous dog and the aggressive dog. **THE DOG WHISPERER** is a definitive guide to effective dog training for dog-owners and dog-lovers everywhere.

Visions of Desire - Ken Ito 1991-07-01
No Japanese writer was more obsessed with

desire than Tanizaki Jun'ichiro (1886–1965). Over a career that spanned half a century, he explored, with both joyful fascination and ruthless insight, the dazzling varieties of sexuality, the complementary attractions of exoticism and nostalgia, the human yearning for mastery over others, and the tense relationship between fantasy and the exterior world. His fiction is filled with portrayals of desire in all its violence, irony, pathos, and comedy. In one of Tanizaki's novels, a young engineer fascinated with the West sets out to transform a Japanese bar girl into his very own version of Mary Pickford. He succeeds to such an extent that the girl, growing tired of his immutable Japaneseness, begins to take foreign lovers. Cuckolded and humiliated though his is, the engineer is unable to leave his fantasy-come-to-life and resigns himself to enslavement. In another novel, a Westernized Japanese finds himself gradually drawn to the past. Specifically, he is attracted to his father-in-law's companion,

a young woman who has been trained and costumed to play the part of an old-fashioned mistress. Though this woman is no more a flesh-and-blood embodiment of tradition than a bunraku doll, the protagonist contemplates a life with someone like her, a life defined by the pursuit of abstract, dehumanized cultural ideals. *Visions of Desire* locates such novels in the shifting discourse on cultural identity and cultural aspiration that permeates Japanese life. Ito argues that Tanizaki's novels do not merely end in the reification and contemplation of cultural ideals but rather problematize the desire behind such ideals. He finds in the writer's fiction a subtle understanding of cultural aspiration as a process riddled with subversions, influenced by patterns of mediation, and circumscribed by the lonely efforts of individual subjectivity. He discovers in Tanizaki's fables about the male effort to transform women into cultural icons a clear awareness of the sexual and class hierarchies

that make such transformation possible. Visions of Desire is the first book in English on a writer who is possibly modern Japan's greatest novelist. Ito has written for both the specialist and the general reader, setting his argument in a discussion both of Tanizaki's times and of the life of a writer who believed in living out the fantasies that fueled his fictions.

The Story of the Year - Hans Christian Andersen 2020-11-18

The new year had begun and January was already nearing its end, but it was still very cold. The sparrows found it strange, that the men had declared that it was the new year, as everyone knows that the year only begins with the coming of spring. However, spring was late and a few intrepid sparrows decided to go looking for it. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The

Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.
