NBA Hall of Fame player Elgin Baylor was an innovator in his sport, a civil rights trailblazer, and a true superstar. He influenced future NBA All Stars such as Michael Jordan and Kobe Bryant, and is considered by many to be one of the most important players in NBA history. A prolific scorer who baffled opponents with his twists and turns and inventive moves, Baylor was a force both on and off the court for the Minneapolis and Los Angeles Lakers. In *Elgin Baylor: The Man Who Changed Basketball*, Bijan C. Bayne tells the story of how a kid from the streets of segregated Washington, DC, who didn't attend college until he was over twenty, revolutionized basketball and

stood up for his rights. In a time when few nationally prominent black athletes spoke out about racial inequality in the United States, Baylor refused to tolerate discrimination. On the court, with his balletic moves and urban style of play, Elgin Baylor lifted the game of basketball off the floor and into the air. *Elgin Baylor: The Man Who Changed Basketball* includes personal reflections from Baylor's old schoolyard companions, former teammates, players he coached in the NBA, and noted sports journalists, bringing to life his childhood, college career, and professional life with intimate detail. Basketball fans, historians, and those interested in the impact of sports on the Civil Rights Movement will all find this first-ever biography of Elgin Baylor both fascinating and inspirational.

[The Business of Being Buffalo Bill](#) - Buffalo Bill 1988

The Business of Being Buffalo Bill provides new insight into a colorful figure in American history. William F. Cody was

interested in developing the American West through irrigation, transportation, and settlement. He invested heavily in development projects such as mining, newspapers, and an entire town, Cody, Wyoming. In his correspondence, Cody discussed his various failures and successes, talked of personal problems, and spoke of his longing to end his show business career and retire to the West he loved. These candid letters present a unique view of Buffalo Bill as a man of many interests and enthusiasms. Containing previously unpublished correspondence between Cody and his business partners, relations, and friends, this volume examines Cody's business endeavors and his personal relationships.

Wilt, 1962 - Gary M.

Pomerantz 2010-06-02

On the night of March 2, 1962,

in Hershey, Pennsylvania, right up the street from the chocolate factory, Wilt Chamberlain, a young and striking athlete celebrated as the Big Dipper, scored one hundred points in a game against the New York Knickerbockers. As historic and revolutionary as the achievement was, it remains shrouded in myth. The game was not televised; no New York sportswriters showed up; and a fourteen-year-old local boy ran onto the court when Chamberlain scored his hundredth point, shook his hand, and then ran off with the basketball. In telling the story of this remarkable night, author Gary M. Pomerantz brings to life a lost world of American sports. In 1962, the National Basketball Association, stepchild to the college game, was searching for its identity. Its teams were mostly white, the number of black players limited by an unspoken quota. Games were played in drafty, half-filled arenas, and the players traveled on buses and trains,

telling tall tales, playing cards, and sometimes reading Joyce. Into this scene stepped the unprecedented Wilt Chamberlain: strong and quick-witted, voluble and enigmatic, a seven-footer who played with a colossal will and a dancer's grace. That strength, will, grace, and mystery were never more in focus than on March 2, 1962. Pomerantz tracked down Knicks and Philadelphia Warriors, fans, journalists, team officials, other NBA stars of the era, and basketball historians, conducting more than 250 interviews in all, to recreate in painstaking detail the game that announced the Dipper's greatness. He brings us to Hershey, Pennsylvania, a sweet-seeming model of the gentle, homogeneous small-town America that was fast becoming anachronistic. We see the fans and players, alternately fascinated and confused by Wilt, drawn anxiously into the spectacle. Pomerantz portrays the other legendary figures in this story: the Warriors' elegant coach Frank McGuire; the beloved, if

rumpled, team owner Eddie Gottlieb; and the irreverent p.a. announcer Dave "the Zink" Zinkoff, who handed out free salamis courtside. At the heart of the book is the self-made Chamberlain, a romantic cosmopolitan who owned a nightclub in Harlem and shrugged off segregation with a bebop cool but harbored every slight deep in his psyche. March 2, 1962, presented the awesome sight of Wilt Chamberlain imposing himself on a world that would diminish him. Wilt, 1962 is not only the dramatic story of a singular basketball game but a meditation on small towns, midcentury America, and one of the most intriguing figures in the pantheon of sports heroes. Chuck Noll - Michael

MacCambridge 2017-03-31

Chuck Noll won four Super Bowls and presided over one of the greatest football dynasties in history, the Pittsburgh Steelers of the '70s. Later inducted into the Pro Football Hall of Fame, his achievements as a competitor and a coach are the stuff of legend. But Noll always remained an intensely private and introspective man, never revealing much of himself as a person or as a coach, not even to the players and fans who revered him. Chuck Noll did not need a dramatic public profile to be the catalyst for one of the greatest transformations in sports history. In the nearly four decades before he was hired, the Pittsburgh Steelers were the least successful team in professional football, never winning so much as a division title. After Noll's arrival, his

quiet but steely leadership quickly remolded the team into the most accomplished in the history of professional football. And what he built endured well beyond his time with the Steelers - who have remained one of America's great NFL teams, accumulating a total of six Super Bowls, eight AFC championships, and dozens of division titles and playoff berths. In this penetrating biography, based on deep research and hundreds of interviews, Michael MacCambridge takes the measure of the man, painting an intimate portrait of one of the most important figures in American football history. He traces Noll's journey from a Depression-era childhood in Cleveland, where he first played the game in a fully integrated neighborhood league led by an African-American coach and then seriously pursued the sport through high school and college. Eventually, Noll played both defensive and offensive positions professionally for the Browns, before discovering

that his true calling was coaching. MacCambridge reveals that Noll secretly struggled with and overcame epilepsy to build the career that earned him his place as "the Emperor" of Pittsburgh during the Steelers' dynastic run in the 1970s, while in his final years, he battled Alzheimer's in the shelter of his caring and protective family. Noll's impact went well beyond one football team. When he arrived, the city of steel was facing a deep crisis, as the dramatic decline of Pittsburgh's lifeblood industry traumatized an entire generation. "Losing," Noll said on his first day on the job, "has nothing to do with geography." Through his calm, confident leadership of the Steelers and the success they achieved, the people of Pittsburgh came to believe that winning was possible, and their recovery of confidence owed a lot to the Steeler's new coach. The famous urban renaissance that followed can only be understood by grasping what Noll and his team meant to the

people of the city. The man Pittsburghers could never fully know helped them see themselves better. Chuck Noll: His Life's Work tells the story of a private man in a very public job. It explores the family ties that built his character, the challenges that defined his course, and the love story that shaped his life. By understanding the man himself, we can at last clearly see Noll's profound influence on the city, players, coaches, and game he loved. They are all, in a real sense, heirs to the football team Chuck Noll built.

The Columbia Guide to African American History Since 1939 -

Robert L Harris Jr. 2006-06-27

This book is a multifaceted approach to understanding the central developments in African American history since 1939. It combines a historical overview of key personalities and movements with essays by leading scholars on specific facets of the African American experience, a chronology of events, and a guide to further study. Marian Anderson's famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice. Beginning with this event, the editors chart the historical efforts of African Americans to address racism and inequality. They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods; consider how changes in immigration patterns have complicated the conventional "black/white"

dichotomy in U.S. society; discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass; and address the complexity of the contemporary African American experience. Contributors consider specific issues in African American life, including the effects of the postindustrial economy and the influence of music, military service, sports, literature, culture, business, and the politics of self-designation, e.g., "Colored" vs. "Negro," "Black" vs. "African American". While emphasizing political and social developments, this volume also illuminates important economic, military, and cultural themes. An invaluable resource, *The Columbia Guide to African American History Since 1939* provides a thorough understanding of a crucial historical period.

Encyclopedia of American Humorists - Steven H. Gale
2016-04-14

First published in 1988, this book contains entries on famous American Humorists. Humor has been present in American literature, from the beginning, and has developed characteristics that reflect the American character, both regional and national. Although American literature was, in the past, treated as inferior to British literature, there has always been a large popular audience for the genre, which this book shows. The figures with entries in this encyclopedia not only amuse in their writing, but also aim to enlighten- setting out to expose

the foibles and foolishness of society and the individuals who compose it. It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume. Indeed, the book will demonstrate that the best humor has at its base, a ready understanding of human nature.

Motion Picture Biographies -

John Cones 2015-04-01

Hollywood movies are famous for promoting negative stereotypes of all kinds, especially against minorities, women, Southerners, and Christians. To what extent are biographical films selected for production according to certain biases, conscious or unconscious, among the Hollywood elite? An expert on the U.S. film industry gives readers brief synopses of Hollywood biopics produced

and/ or released from 1912 through 1994. This survey provides the basis for discussion and analysis. Tracking these one-sided depictions over a longer period of time, the patterns of bias - and the source of the problem - become more clear. The problem appears to be that most of the people who have green-light authority in the U.S. film industry - for either the production and/or distribution of a motion picture - share a common ethnic/religious/cultural background. Thus, the stories of their own cohort and those of all other ethnic, religious and/or cultural groups (whose members seldom achieve positions of power in Hollywood) are being filtered through the cultural sensibilities of a single group. John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U.S. film industry. *Cesar Chavez* - Roger Bruns 2005
Traces the life and accomplishments of the

founder of the United Farm
Workers of America, Cesar

Chavez, discussing his
nonviolent fight for migrant
farm workers.
