After her marriage she coped with Eddie's mistresses, his criminal activities, separations and personal traumas. Coming from humble origins, Betty would, in time, own a beauty business, a health farm and a castle in Ireland, become the friend and confidante of film stars and an African president, and the honoured guest of Middle Eastern royalty. In an age where women were still very much second-class, she became a perfect example of what, in spite of everything, was possible. Much has been written about Eddie Chapman, films have been made, television programmes produced. Yet alongside Eddie for most of his extraordinary life was an equally extraordinary woman: Mrs Zigzag. This book tells the story of the Chapmans' often fraught but ultimately loving relationship for the first time.

2012-2021 - The Dawn of the Sixth Sun - Sergio Magana "Ocelocoyotl" 2012-09-01

What happens on and after December 21, 2012? There has been much confusion and many predictions based on the Mayan calendar. Some people think time on Earth will end, but what if there was an intact and complete resource from the ancestors that will give us the wisdom we need for the shift and an understanding of the coming era? In "2012-2021: The Dawn of the Sixth Sun," Sergio Magana (Ocelocoyotl), mystic and teacher of the ancient Toltec/Aztec lineage of Mesoamerica, discloses an in-depth understanding from a rich and uninterrupted oral tradition, the meaning of the shift from the Fifth to the Sixth Sun, the possibilities presented to humanity at this time, and ancient teachings and practices designed to support this shift. The Toltecs knew how to interpret the mathematical or universal order that governs all of existence by measuring and observing cycles of time, and the impact they had on the Earth, human consciousness, and perception.

How to Practice Mayan Astrology - Bruce Scofield 2006-11-27

A contemporary and practical guide to Mayan astrological techniques • Discusses the logic and meaning of the 20 day-signs of the Mayan calendar • Explains the many cycles of Mayan astrology, such as the 9-day cycle of the Night Lords and the 13-day trecena • Contains extensive tables of Mayan astrological data, allowing readers to cast their own Mayan horoscopes How to Practice Mayan Astrology presents a contemporary guide to one of the most sophisticated astrological systems ever developed. Like other ancient peoples, the Maya looked to the cycles of the planets as markers of time and designators of order. The predictable cycles they observed became codified in the Mayan calendar and astrological system as a way of organizing the seeming chaos of human life. Mayan astrology is based on 20 named days that are cycled 13 times to create a 260-day calendar, the Tzolkin. The authors explain the symbolism, logic, and meaning of the 20 day-signs; how these signs reflect 260 possible personality types; and how they can be

used for divination. They also explain the important role of the Four Directions and the planet Venus in one's personality matrix and life issues. Included are extensive, easy-to-use tables of Mayan astrological data, allowing readers to determine their day-signs, to see how these signs are also influenced by the cycle of the Night Lords and the 13-day trecena, and to cast their own horoscopes.

The Heart of the Labyrinth - Nicole Schwab 2014-10-25

Reminiscent of Paolo Coelho's masterpiece "The Alchemist" and Lynn V. Andrew's acclaimed Medicine Woman series, *The Heart of the Labyrinth* is a beautifully evocative spiritual parable, filled with exotic landscapes and transformational soul lessons. As everything she thought she knew about herself disintegrates: her health, career, family and identity, Maya embarks on a journey of discovery to the land of her ancestors. There a mysterious Sage guides her through dreams, visions and lifetimes, to the heart of the labyrinth. Coming face-to-face with her subconscious belief that being a woman is a threat, she understands that to step into wholeness she will have to reclaim the sacred feminine fire burning in her soul. But what is at stake far exceeds her individual life: with it sits the fate of the Earth herself, waiting for the Priestess to be reborn. A grand, soul-shifting answer to the hungry soul's question: who am I? Maya's story calls us back to a sacred, personal connection with the Earth. Nicole Schwab is a mesmerizing new voice for our times, offering a message of Earth-centered wisdom reuniting us with the divine feminine. Nicole's work is in the tradition of many spiritual teachings: using story or parable as a vehicle for transmitting profound truths direct to the soul. And in the tradition of many women's writings, she blurs the lines between traditional genres of fiction, non-fiction and poetry. She weaves stories within stories. Dreams, visions and different lifetimes, are blended in a rich satisfying narrative which nourishes the spirit and mind.

The Fifth Sacred Thing - Starhawk 2011-08-10

An epic tale of freedom and slavery, love and war, and the potential futures of humankind tells of a twenty-first century California clan caught between two clashing worlds, one based on tolerance, the other on repression. Declaration of the Four Sacred Things The earth is a living, conscious being. In company with cultures of many different times and places, we name these things as sacred: air, fire, water, and earth. Whether we see them as the breath, energy, blood, and body of the Mother, or as the blessed gifts of a Creator, or as symbols of the interconnected systems that sustain life, we know that nothing can live without them. To call these things sacred is to say that they have a value beyond their usefulness for human ends, that they themselves became the standards by which our acts, our economics, our laws, and our purposes must be judged. no one has the right to appropriate them or profit from them at the expense of others. Any government that fails to protect them forfeits its legitimacy. All people, all living things, are part of the earth life, and so are sacred. No one of us stands higher or lower than any other. Only justice can assure balance: only ecological balance can sustain freedom. Only in freedom can that fifth sacred thing we call spirit flourish in its full diversity. To honor the sacred is to create conditions in which nourishment, sustenance, habitat, knowledge, freedom, and beauty can thrive. To honor the sacred is to make love possible. To this we dedicate our curiosity, our will, our courage, our silences, and our voices. To this we dedicate our lives. Praise for *The Fifth Sacred Thing* "This is wisdom wrapped in drama."—Tom Hayden, California state senator "Starhawk makes the jump to fiction quite smoothly with this memorable first novel."—Locus "Totally captivating . . . a vision of the paradigm shift that is essential for our very survival as a species on this planet."—Elinor Gadon, author of *The Once and Future Goddess* "This strong debut fits well against feminist futuristic, utopic, and dystopic works by the likes of Charlotte Perkins Gilman, Ursula LeGuin, and Margaret Atwood."—Library Journal

The Mayan Calendar and the Transformation of Consciousness - Carl Johan Calleman 2004-03-25

Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future • Shows the connection between cosmic evolution and actual human history • Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster • Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows--providing a new science of time. The calendar is associated with nine creation cycles, which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Time, in fact, is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the final Universal level of conscious enlightenment. Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment.

Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles. He lives in New Zealand.
