Rifles for Watie - Harold Keith 2015-05-19

Winner of the Newbery Medal * An ALA Notable Children's Book * Winner of the Lewis Carroll Shelf Award
A captivating and richly detailed novel about one young soldier who saw the Civil War from both sides and lived to tell the tale. Earnest, plain-spoken sixteen-year-old Jeff Bussey has finally gotten his father's consent to join the Union volunteers. It's 1861 in Linn County, Kansas, and Jeff is eager to fight for the North before the war is over, which he's sure will be soon. But weeks turn to months, the marches through fields and woods prove endless, hunger and exhaustion seem to take up permanent residence in Jeff's bones, and he learns what it really means to fight in battle—and to lose friends. When he finds himself among enemy troops, he'll have to put his life on the line to advance the Union cause. Thoroughly researched and based on firsthand accounts, Rifles for Watie "should hold a place with the best Civil War fiction for young people" (The Horn Book). A strong choice for independent reading and for sharing in a classroom and for homeschooling. As a homeschool cooperative teacher commented: "The book has launched many discussions in our class. When a person is on one side of a conflict, it is important to remember that people on the other side are also people. Jeff is a perfect model for how treating people with respect can happen even in war."

The Death and Life of Great American Cities - Jane Jacobs 2016-07-20

Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

Broadway - Laurence Maslon 2010

Presents a history of the Broadway musical theater, including summaries of the shows, photographs of the stars, posters, sheet music, production stills, and essays by theater luminaries.

Changed for Good - Stacy Wolf 2011-07-28

From Maria in "West Side Story" to Tracy Turnblatt in "Hairspray" and Elphaba in "Wicked," female characters in Broadway musicals have belted and crooned their way into the American psyche. In this lively book, Stacy Wolf illuminates the women of American musical theater—performers, creators, and characters—from the start of the cold war to the present day, creating a new, feminist history of the genre, which finds often overlooked moments of empowerment for female audience members. Moving from decade to decade, Wolf first highlights the assumptions that circulated about gender and sexuality at the time, and then looks at the leading musicals, stressing the key aspects of the plays as they relate to women. The

musicals discussed here are among the most beloved in the canon—"West Side Story," "Guys & Dolls," "Cabaret," "Phantom of the Opera," and many others—with special emphasis on the blockbuster "Wicked." Along the way, Wolf demonstrates how the musical since the mid-1940s has actually been dominated by women—women onstage, women in the wings, and women offstage as spectators and fans.

Caroline, or Change - Tony Kushner 2004-09-01

"There are moments in the history of theatre when stagecraft takes a new turn. I like to think that this happened for the American musical last week, when Tony Kushner's *Caroline, or Change* (at the Public), a collaboration with composer Jeanine Tesori and the director George C. Wolfe, bushwhacked a path beyond the narrative end of the deconstructed, overfreighted musicals of the past thirty years."—John Lahr, *The New Yorker* Louisiana, 1963: A nation reeling from the burgeoning Civil Rights Movement and the Kennedy assassination. Caroline, a black maid, and Noah, the son of the Jewish family she works for, struggle to find an identity for their friendship. Through their intimate story, this beautiful new musical portrays the changing rhythms of a nation. Tony Kushner and composer Jeanine Tesori have created a story that addresses contemporary questions of culture, community, race and class through the lens and musical pulse of the 1960s. Tony Kushner is best known for the two-part masterwork, *Angels in America*, recently produced by HBO as a six-hour television event, directed by Mike Nichols to universal acclaim. His other plays include *Homebody/Kabul*, *A Bright Room Called Day* and *Slavs!*; as well as adaptations of Corneille's *The Illusion*, Ansky's *The Dybbuk*, Brecht's *The Good Person of Szechuan* and Goethe's *Stella*. Current projects include: *Henry Box Brown* or *The Mirror of Slavery* and *St. Cecilia* or *The Power of Music*. He recently collaborated with Maurice Sendak on an American version of the children's opera, *Brundibar*. He grew up in Lake Charles, Louisiana, and he lives in New York. Jeanine Tesori wrote the score for *Thoroughly Modern Millie*, which won the 2002 Tony and Drama Desk Awards for Best Musical and the multiple-award-winning *Violet*.

[The Medieval Theatre](#) - Glynne Wickham 1987-07-09

This is a thoroughly revised edition of Glynne Wickham's important history of the development of dramatic art in Christian Europe. Professor Wickham surveys the foundations on which this dramatic art was built: the architecture, costumes and ceremonial of the imperial court at Byzantium, the liturgies of countires in the Eastern and Western Empires and the triumph of the Roman rite and the Romanesque style in Western

art. Within this context Professor Wickham describes three major influences upon the drama: religion, recreation and commerce. The first produced the liturgical music drama rooted in praise of Christ the King, vernacular Corpus Christi drama, Saint Plays and Moralities centred on the humanity of Christ. The second gave rise to the secular theatres of social recreation based on the games and dances of village communities and the more sophisticated sex and war games of the nobility. The section on commerce shows how the development of the drama was intimately related to questions of funding and management which led, during the sixteenth century, to the substitution of a professional for an amateur theatre, and to a growing emphasis on stage spectacle. For this third edition the author has added a substantial section on monastic reform and its effect on Biblical translation and the use of allegory; a final chapter charts the transition in different European countries from this medieval Gothic theatre to the neoclassical methods of play construction and representation which flourished for the next two hundred years. The book gorges a coherent pattern through a very large and complicated subject. It is an excellent introduction to medieval theatre for undergraduates and to the growing number of theatregoers who enjoy contemporary revivals of medieval plays. A large plate section gives a pictorial version of the story, using photographs of contemporary manuscript illuminations, mosaics, frescoes, paintings and sculptures.

French Theatre Today - Edward Baron Turk 2011-06-15

In 2005 literary and film critic Edward Turk immersed himself in New York City's ACT FRENCH festival, a bold effort to enhance American contact with the contemporary French stage. This dizzying crash course on numerous aspects of current French theatre paved the way for six months of theatregoing in Paris and a month's sojourn at the 2006 Avignon Festival. In *French Theatre Today* he turns his yearlong involvement with this rich topic into an accessible, intelligent, and comprehensive overview of contemporary French theatre. Situating many of the nearly 150 stage pieces he attended within contexts and timeframes that stretch backward and forward over a number of years, he reveals French theatre during the first decade of the twenty-first century to be remarkably vital, inclined toward both innovation and concern for its audience, and as open to international influence as it is respectful of national tradition. *French Theatre Today* provides a seamless mix of critical analysis with lively description, theoretical considerations with reflexive remarks by the theatremakers themselves, and matters of current French and American cultural politics. In the first part, "New York," Turk offers close-ups of French theatre works singled out during the ACT FRENCH festival for their presumed attractiveness to American audiences and critics. The second part, "Paris," depicts a more expansive range of French theatre pieces as they play out on their own soil. In the third part, "Avignon," Turk captures the subject within a more fluid context that is, most interestingly, both eminently French and resolutely international. The Paris and Avignon chapters contain valuable and well-informed contextual and background information as well as descriptions of the milieus of the Avignon Festival and the various neighborhoods in Paris where he attended performances, information that readers cannot find easily elsewhere. Finally, in the spirit of inclusiveness that characterizes so much new French theatre and to give a representative account of his own experiences as a spectator, Turk rounds out his survey with observations on Paris's lively opera scene and France's wealth of circus entertainments, both traditional and newly envisioned. With his shrewd assessments of contemporary French theatre, Turk conveys an excitement and an affection for his topic destined to arouse similar responses in his readers. His book's freshness and openness will reward theatre enthusiasts who are curious about an aspect of French culture that is inadequately known in this country, veteran scholars and students of contemporary world theatre, and those American theatre professionals who have the ultimate authority and good fortune to determine which new French works will reach audiences on these shores.

Rome - Robert Hughes 2012-10-30

From Robert Hughes, one of the greatest art and cultural critics of our time, comes a sprawling, comprehensive, and deeply personal history of Rome—as a city, as an empire, and as an origin of Western art and civilization. Starting on a personal note, Hughes takes us to the Rome he first encountered as a hungry twenty-one-year-old fresh from Australia in 1959. From there, he goes back more than two thousand years to the city's foundation, one mired in mythologies and superstitions that would inform Rome's development for centuries. He explores in rich detail the formation of empire, the rise of early Christianity, the Crusades, the Renaissance, and takes us up to the present, through the rise and fall of Mussolini's

fascism. Equal parts idolizing, blasphemous, outraged, and awestruck, Rome is a portrait of the Eternal City as only Robert Hughes could paint it.

Artificial Hells - Claire Bishop 2012-07-24

Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical overview of socially engaged participatory art, known in the US as "social practice." Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in *Artforum* in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such artworks. *Artificial Hells* calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

The art of announcing, the psychology of the listener, and two generalized discussions of radio around the world, and the prospects for television are covered in the last chapters.

By examining the groundbreaking theatrical experiments of Jarry, Maeterlinck, Strindberg, Artaud, and others, the book foregrounds the avant-garde's enduring influence on the development of modern theater.

In addition to seven essays by Florensky, the book includes a biographical introduction and an examination of Florensky's contribution as an art historian by Nicoletta Misler. *Beyond Vision* reveals Florensky's fundamental attitudes to the vital questions of construction, composition, chronology, function and destination in the fields of painting, sculpture and design. His reputation as a theologian and philosopher is already established in the English-speaking world, but this first collection in English of his art essays (translated by Wendy Salmond) will be a revelation to those in the field. Pavel Florensky was a true polymath: trained in mathematics and philosophy at Moscow University, he rejected a scholarship in advanced mathematics in order to study theology at the Moscow Theological Academy. He was also an expert linguist, scientist and art historian. A victim of the Soviet government's animosity towards religion, he was condemned to a Siberian labor camp in 1933 where he continued his work under increasingly difficult circumstances. He was executed in 1937.
