Inside Countries - Agustina Giraudy 2019-06-13
Offers a groundbreaking analysis of the distinctive substantive, theoretical and methodological contributions of subnational research in the field of comparative politics.
Analyzing American Democracy

- Jon R. Bond 2021-08-18
Following one of the most contentious and truth-challenged presidential administrations and elections in U.S. history, there has never been a greater need for an American government text like this--evidence-based, critically

thoughtful, and contemporary in tone and touch. This text teaches students to think analytically by presenting current political science theories and research in answering the engaging, big questions facing American politics today. It serves as an introduction to the discipline—covering the Constitution, political behavior, formal and informal institutions, and public policy--by reflecting the theoretical developments and types of empirical inquiry conducted by researchers. For introductory courses in American government, this text covers theory and methods as well. New to the Fourth Edition Provides 2020 election data updates throughout and examines policy implications of the ensuing changes in election laws across the country. Recaps controversial Trump administration policies and looks into the Biden administration's early days. Offers strategic updates on the Covid-19 pandemic and the resulting economic crisis both

in terms of questions of federalism as well as public policy. Considers the rise of new interest groups and social movements as well as the reckoning with racial injustice. Examines contemporary questions of social justice in light of civil rights and liberties as well as in terms of policy. Covers the death of Supreme Court Justice Ruth Bader Ginsberg, the battle to confirm her replacement, the addition of Justice Coney Barrett, and the policy implications of the shift in the ideological balance of the Court. For the fourth edition, a new co-author comes to the book with award-winning experience in diversity and teacher education as well as research interests in the presidency, women and politics, and foreign policy. American Government - Frank Abbott Magruder 2005-01-01 Hailed as a stellar educational resource since 1917, Magruder's American Government is updated annually to incorporate the most current, most authoritative American

Government content, and meet the changing needs of today's high school students and teachers. Magruder's clear, engaging narrative is enhanced with the Essential Questions, numerous primary sources, political cartoons, charts, graphs, photos and interactive online activities, to make the subject of American Government accessible and motivating to students of all abilities. The Pearson Advantage Respected, relevant, and reliable Teacher's most trusted and authoritative program in the nation! Magruder's is recognized for its clear, well-written narrative using a variety of methods to make content accessible to all students. Written around Grant Wiggin's Essential Questions In each Unit and Chapter, students explore Essential Questions, with additional activities in the Essential Question Journal. New features to make content easier to understand How Government Works feature, academic vocabulary defined at the point of use, multiple graphic

organizers, audio tours accompanying complex graphics. Quick Study Guides, and text having a fresh, magazine-inspired design, demystify difficult American Government concepts. Student Resources: American Government Online Student Center Students connect to 21st Century learning with rich digital assets that include two Online Student Editions, downloadable audio and video resources, and interactive assessments. The American Government Essential Question Journal Print consumable that accompanies the Magruder's American Government Textbook for students to answer the Essential Questions in graphic, chart, question and essay formats. American Government Essential Question Video on DVD Students identify the Essential Questions for American Government through relevant videos. Teacher Resources: American Government Online Teacher Center All teaching resources are conveniently organized online and include interactive

presentation tools, leveled editable teacher resources and assessments, instructional management tools which include: assigning content tracking student's progress accessing student's learning generating reports for administration, students and parents. Teacher's All-in-One Resources with Editable Worksheets on CD-ROM CD-ROM includes Teacher's Edition and a wide range of on-level and Foundations lesson plans, worksheets, and assessments. This built-in differentiation allows teachers to pick and choose among the resources that meet the needs of all students!

American Government, Essentials Edition - James Q. Wilson 2014-01-01

Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, AMERICAN GOVERNMENT: THE ESSENTIALS focuses on three fundamental topics: the importance of institutions of American government; the historical development of governmental procedures,

actors, and policies; and who governs in the United States and to what ends. The policymaking process and politics of policy are discussed in Chapter 1, and new Policy Dynamics: Inside/Outside the Box features integrate policy coverage throughout the text without the extra length of domestic and foreign policy chapters. Features such as learning objectives, Constitutional Connections relating current issues to founding principles, and How Things Work boxes illustrating important processes, help you organize your study and master the book's key concepts. The state-of-the-art media package available for this text provides online tools that help you interact with the material to prepare for class, study for exams, and succeed. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Basics of American Government - Carl D. Cavalli 2013-08-06

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most

American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

American Government -

Theodore J. Lowi 2009

Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond

the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines. More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New 'Analyzing the Evidence' units use bold graphics to show students 'how we know what we know' about certain political phenomena. 'Core of the Analysis' boxes on the first page of every chapter preview the chapter's analysis. 'In Brief' boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. 'Key Terms' are boldface in the

text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective

Organize, Learn, and Connect pedagogy:

- o Organize-This section contains:
 - o Progress Reports to help students organize their study time.
 - o Chapter Summaries and Outlines that help students prepare for readings and tests.
 - o Links to the ebook, which integrates online review materials with the book.
- o Learn-This section contains:
 - o Diagnostic Quizzes that help students study for midterms and finals.
 - o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text.
- o Connect-This section contains:
 - o Politics in the News RSS Feed-A bi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news.
 - o Analyzing the Evidence Exercises-These interactive exercises are based on the new 'Analyzing the Evidence' units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the

data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

Fragmented Democracy - Jamila Michener 2018-03-22

Medicaid is the single largest public health insurer in the United States, covering upwards of 70 million Americans. Crucially, Medicaid is also an intergovernmental program that yokes poverty to federalism: the federal government determines its broad contours, while states have tremendous discretion over how Medicaid is designed and implemented. Where some locales are generous and open handed, others are tight-fisted and punitive. In *Fragmented Democracy*, Jamila Michener demonstrates the consequences of such disparities for democratic citizenship. Unpacking how federalism transforms Medicaid beneficiaries' interpretations of government and structures their participation in politics, the book examines American democracy from the vantage

point(s) of those who are living in or near poverty, (disproportionately) Black or Latino, and reliant on a federated government for vital resources.

Federalism and Health Policy - Alan Weil 2003

The balance between state and federal health care financing for low-income people has been a matter of considerable debate for the last 40 years.

Some argue for a greater federal role, others for more devolution of responsibility to the states. Medicaid, the backbone of the system, has been plagued by an array of problems that have made it unpopular and difficult to use to extend health care coverage.

In recent years, waivers have given the states the flexibility to change many features of their Medicaid programs; moreover, the states have considerable flexibility to in establishing State Children's Health Insurance Programs. This book examines the record on the changing health safety net. How well have states done in providing acute and long-

term care services to low-income populations? How have they responded to financial incentives and federal regulatory requirements? How innovative have they been?

Contributing authors include Donald J. Boyd, Randall R. Bovbjerg, Teresa A. Coughlin, Ian Hill, Michael Housman, Robert E. Hurley, Marilyn Moon, Mary Beth Pohl, Jane Tilly, and Stephen Zuckerman.

Marijuana Federalism - Jonathan H. Adler 2020-03-17

On marijuana, there is no mutual federal-state policy; will this cause federalism to go up in smoke? More than one-half the 50 states have legalized the use of marijuana at least for medical purposes, and about a dozen of those states have gone further, legalizing it for recreational use. Either step would have been almost inconceivable just a couple decades ago. But marijuana remains an illegal "controlled substance" under a 1970 federal law, so those who sell or grow it could still face federal prosecution. How can state and federal laws be in

such conflict? And could federal law put the new state laws in jeopardy at some point? This book, an edited volume with contributions by highly regarded legal scholars and policy analysts, is the first detailed examination of these and other questions surrounding a highly unusual conflict between state and federal policies and laws. Marijuana Federalism surveys the constitutional issues that come into play with this conflict, as well as the policy questions related to law enforcement at the federal versus state levels. It also describes specific areas—such as banking regulations—in which federal law has particularly far-reaching effects. Readers will gain a greater understanding of federalism in general, including how the division of authority between the federal and state governments operates in the context of policy and legal disputes between the two levels. This book also will help inform debates as other states

consider whether to jump on the bandwagon of marijuana legalization.

White Identity Politics - Ashley Jardina 2019-02-28

Amidst discontent over America's growing diversity, many white Americans now view the political world through the lens of a racial identity. Whiteness was once thought to be invisible because of whites' dominant position and ability to claim the mainstream, but today a large portion of whites actively identify with their racial group and support policies and candidates that they view as protecting whites' power and status. In *White Identity Politics*, Ashley Jardina offers a landmark analysis of emerging patterns of white identity and collective political behavior, drawing on sweeping data. Where past research on whites' racial attitudes emphasized out-group hostility, Jardina brings into focus the significance of in-group identity and favoritism. *White Identity Politics* shows that disaffected whites are not just

found among the working class; they make up a broad proportion of the American public - with profound implications for political behavior and the future of racial conflict in America.

American Government and Politics in the Information Age - David L. Paletz 2013

The Politics of Resentment - Katherine J. Cramer
2016-03-23

Since the election of Scott Walker, Wisconsin has been seen as ground zero for debates about the appropriate role of government in the wake of the Great Recession. In a time of rising inequality, Walker not only survived a bitterly contested recall that brought thousands of protesters to Capitol Square, he was subsequently reelected. How could this happen? How is it that the very people who stand to benefit from strong government services not only vote against the candidates who support those services but are vehemently against the very idea of big government?

With *The Politics of Resentment*, Katherine J. Cramer uncovers an oft-overlooked piece of the puzzle: rural political consciousness and the resentment of the “liberal elite.” Rural voters are distrustful that politicians will respect the distinct values of their communities and allocate a fair share of resources. What can look like disagreements about basic political principles are therefore actually rooted in something even more fundamental: who we are as people and how closely a candidate’s social identity matches our own. Using Scott Walker and Wisconsin’s prominent and protracted debate about the appropriate role of government, Cramer illuminates the contours of rural consciousness, showing how place-based identities profoundly influence how people understand politics, regardless of whether urban politicians and their supporters really do shortchange or look down on those living in the country. *The Politics of Resentment* shows that rural

resentment—no less than partisanship, race, or class—plays a major role in dividing America against itself.

American Government: Institutions and Policies, Brief Version - James Q.

Wilson 2016-12-19

This popular brief text for the one-semester or one-quarter American Government course maintains the framework of the Wilson, DiIulio, Bose, and Levendusky comprehensive text, emphasizing the historical development of the American political system, who governs, and to what ends. The 13th edition of AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, BRIEF VERSION, offers coverage of the 2014 and 2016 campaigns and elections; budget battles and the sequestration of funds; ongoing debates about immigration, gay marriage, and other key issues in American politics; and foreign-policy decisions on Afghanistan, the Middle East, and North Korea. We have also reworked each chapter to focus on a clear set of learning

objectives to guide students through the material.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Governmental Process - David Bicknell Truman 1951

American Government - Glen Krutz 2017-12-30

American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The images in this textbook are grayscale.

The American Political System

- Ken Kollman 2015-02-17
Empirical puzzles get students thinking like political scientists.

We the People - Benjamin Ginsberg 1999

Emphasizing the relevance of politics and government in everyday life, *We the People* provides tools to help students think critically about American government and politics. The Sixth Edition has been carefully updated to reflect most recent developments, including the ongoing conflict in Iraq and the 2006 midterm elections. Complemented by a rich package of multimedia tools for instructors and students, including a new video-clip DVD, *We the People* is now more pedagogically effective than ever.

Get Out the Vote - Donald P. Green 2008-09-01

The first edition of *Get Out the Vote!* broke ground by introducing a new scientific approach to the challenge of voter mobilization and profoundly influenced how campaigns operate. In this expanded and updated edition,

the authors incorporate data from more than one hundred new studies, which shed new light on the cost-effectiveness and efficiency of various campaign tactics, including door-to-door canvassing, e-mail, direct mail, and telephone calls. Two new chapters focus on the effectiveness of mass media campaigns and events such as candidate forums and Election Day festivals.

Available in time for the core of the 2008 presidential campaign, this practical guide on voter mobilization is sure to be an important resource for consultants, candidates, and grassroots organizations.

Praise for the first edition:

"Donald P. Green and Alan S. Gerber have studied turnout for years. Their findings, based on dozens of controlled experiments done as part of actual campaigns, are summarized in a slim and readable new book called *Get Out the Vote!*, which is bound to become a bible for politicians and activists of all stripes." —Alan B. Kreuger, in the *New York Times* "*Get Out*

the Vote! shatters conventional wisdom about GOTV." —Hal Malchow in Campaigns & Elections "Green and Gerber's recent book represents important innovations in the study of turnout."—Political Science Review "Green and Gerber have provided a valuable resource for grassroots campaigns across the spectrum."—National Journal

Trump, the Administrative Presidency, and Federalism -

Frank J. Thompson 2020-09-29

How Trump has used the federal government to promote conservative policies The presidency of Donald Trump has been unique in many respects—most obviously his flamboyant personal style and disregard for conventional niceties and factual information. But one area hasn't received as much attention as it deserves: Trump's use of the "administrative presidency," including executive orders and regulatory changes, to reverse the policies of his predecessor and advance positions that lack widespread support in Congress. This book analyzes the dynamics and unique qualities of Trump's administrative presidency in the important policy areas of health care, education, and

climate change. In each of these spheres, the arrival of the Trump administration represented a hostile takeover in which White House policy goals departed sharply from the more "liberal" ideologies and objectives of key agencies, which had been embraced by the Obama administration.

Three expert authors show how Trump has continued, and even expanded, the rise of executive branch power since the Reagan years. The authors intertwine this focus with an in-depth examination of how the Trump administration's hostile takeover has drastically changed key federal policies—and reshaped who gets what from government—in the areas of health care, education, and climate change. Readers interested in the institutions of American democracy and the nation's progress (or lack thereof) in dealing with pressing policy problems will find deep insights in this book. Of particular interest is the book's examination of how the Trump administration's actions have

long-term implications for American democracy.

The American Political Economy - Jacob S. Hacker
2021-11-11

Drawing together leading scholars, the book provides a revealing new map of the US political economy in cross-national perspective.

American Government 3e - Glen Krutz
2021-07-28

Impact Evaluation in Practice, Second Edition - Paul J. Gertler
2016-09-12

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-

based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build

better evidence around what works in development.
Congressional Record - United States. Congress 1967

American Politics Today - William T. Bianco 2016-12-21
The Fifth Edition of American Politics Today is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

American Government - James Q. Wilson 1989
This book deals with the American system of government; opinions, interests, and organizations;

the institutions of government; the politics of public policy; the nature of American democracy; and state and local government. Also included is a glossary of terms and a detailed index. Changes in this edition include a new chapter on state and local government and revised sections on economic policy, foreign policy, military policy and civil liberties and civil rights. ISBN 0-669-15430-X: \$27.00.

Congressional Government - Woodrow Wilson 2006-01-19
This remarkable work of scholarship addresses the difficulties inherent in the American Constitution's separation of legislative and executive powers. In his first book, Wilson argues that in the years following the Civil War, the legislature received unfair advantages from the system of checks and balances, threatening the effectiveness of the constitutionally mandated separation of powers.

Political Science Today - Wendy N. Whitman Cobb 2019-07-09
Political science has changed;

the way students learn has changed; so too should the way it's taught. This is political science, today. *Political Science Today* by Wendy Whitman Cobb gives you a holistic view of the subfields that make up political science by dedicating one chapter to each of the topics at the core of the discipline. Unlike denser texts on the market, *Political Science Today* uses a field-based approach that allows you to engage with the material directly and dig into each of the discipline's diverse subfields while also developing critical thinking skills, discerning the differences between politics and political science, conducting and consuming research, and broadening your future career aspirations. The book's innovative table of contents begins with foundational tools like theories and research methods, then builds up to subfield chapters on Comparative Politics, International Relations, American Government, Political Economy, and Public

Policy and Administration. Current case studies throughout the text provide a backdrop for engaging classroom discussions on topics such as President Trump's travel ban, ISIS as a state, and strengths and weaknesses of the United Nations. This unique approach provides short segments of topic coverage, plenty of summarizing content and review questions, as well as comprehensive learning objectives which will help you understand the realities of political science today.

American Military History, Volume II - 2010

From the Publisher: This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership

development. It is also an essential addition to any personal military history library.

AmGov - Christine Barbour
2019-02-12

All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and

digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.

Model Rules of Professional Conduct - American Bar Association. House of Delegates 2007

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those

instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

America's Democratic Republic

- Edward S. Greenberg 2007

Written in a lively, narrative style and presenting a provocative point-of-view, this book gets to the heart of Americans' frustrations with our government.

Acknowledging that cynicism tends to make people withdraw from civic life, this book examines why our government can seem so unsatisfactory, identifying the heart of the American political system: strong democratic aspirations among our citizens clashing with the republican constitutional foundations on which the country is based. DEMOCRATIC ASPIRATIONS, REPUBLICAN CONSTITUTIONAL FOUNDATIONS; POLITICAL INSTITUTIONS: A HELP OR HINDRANCE TO DEMOCRACY?; GOVERNMENT INSTITUTIONS; WHAT

GOVERNMENT DOES: PUBLIC POLICIES. Anyone interested in understanding our government and why Americans are cynical about government.

A Different Democracy - Steven L. Taylor 2014-01-01

"Four distinguished scholars in political science analyze American democracy from a comparative point of view, exploring how the U.S. political system differs from that of thirty other democracies and what those differences ultimately mean for democratic performance. This essential text approaches the following institutions from a political engineering point of view: constitutions, electoral systems, and political parties, as well as legislative, executive, and judicial power. The text looks at democracies from around the world over a two-decade time frame. The result is not only a fresh view of the much-discussed theme of American exceptionalism but also an innovative approach to comparative politics that treats the United States as but one case among many. An ideal

textbook for both American and comparative politics courses"--

Against Democracy - Jason Brennan 2017-09-26

A bracingly provocative challenge to one of our most cherished ideas and institutions. Most people believe democracy is a uniquely just form of government. They believe people have the right to an equal share of political power. And they believe that political participation is good for us—it empowers us, helps us get what we want, and tends to make us smarter, more virtuous, and more caring for one another. These are some of our most cherished ideas about democracy. But Jason Brennan says they are all wrong. In this trenchant book, Brennan argues that democracy should be judged by its results—and the results are not good enough. Just as defendants have a right to a fair trial, citizens have a right to competent government. But democracy is the rule of the ignorant and the irrational, and it all too often falls short.

Furthermore, no one has a fundamental right to any share of political power, and exercising political power does most of us little good. On the contrary, a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse—more irrational, biased, and mean. Given this grim picture, Brennan argues that a new system of government—epistocracy, the rule of the knowledgeable—may be better than democracy, and that it's time to experiment and find out. A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable, *Against Democracy* is essential reading for scholars and students of politics across the disciplines. Featuring a new preface that situates the book within the current political climate and discusses other alternatives beyond epistocracy, *Against Democracy* is a challenging critique of democracy and the first sustained defense of the

rule of the knowledgeable.
American Government - Cal
Jillson 2013

"An introductory American government textbook should do more than simply tell students that politics is relevant today, that it will affect their lives in meaningful ways. Students are best prepared to recognize this basic fact when they understand the bigger picture of how the system works, how it got that way, and what are the possibilities for change. Cal Jillson's *American Government: Political Development and Institutional Change* shows students how the nation's past is present in all aspects of contemporary politics, using the dynamics of change as a tool to understand how politics works and how institutions, systems, avenues of participation, and policies have evolved over time to produce today's political environment in the United States. Going one step further, Jillson identifies the critical question of how American democracy might evolve further, focusing in every chapter on reform and

change into the future"--
Approaching Democracy -
Larry Berman 2021-03-31
From unsubstantiated 2020 election fraud claims and the storming of the US Capitol to the rampage of COVID-19 and racial injustice, this book covers the foundations, institutions, and processes of "the great American experiment" with a clear and resonant theme: Democracy cannot be taken for granted, whether at home or internationally, and eternal vigilance (along with civic intelligence) is required to protect it. *Approaching Democracy* provides students with a framework to analyze the structure, process, and action of US government, institutions, and social movements. It also invites comparison with other countries. This globalizing perspective gives students an understanding of issues of governance and challenges to democracy here and elsewhere. At a moment of growing domestic terrorism, political hyper-partisanship, populism,

identity politics, and governmental dysfunction, there is no better time to bring *Approaching Democracy*--a textbook based on Vaclav Havel's powerful metaphor of democracy as an ideal and the American experiment as the closest approach to it--to a new generation of political science undergraduate students. **NEW TO THE NINTH EDITION** Two new authors, Nadia E. Brown and Sarah Allen Gershon, who bring refreshing intellectual and diverse perspectives to the text. Includes the tumultuous political context surrounding the Trump presidency, the 2020 elections, the 116th Congress, the Supreme Court, the COVID-19 crisis, and the fight for social and racial justice. Figures and tables reflect the latest available data and surveys. Two new features--*Diversity and Democracy*, highlighting the experiences of America's diverse social groups and the role of identity politics—and *Discussion Questions* at the end of each chapter, assessing critical thinking skills. Critical

contemporary events are explored throughout the book, including the attempted coup following the 2020 elections, the Trump administration's handling of the COVID-19 pandemic, Black Lives Matter, protests in American cities that come to the epicenter of America's approach to democracy, the changes in the Supreme Court and the federal court system, the growth of LGBTQ+ legal rights, and the alteration in American Federalism. New and updated data on public attitudes toward police brutality, DACA, voter suppression, healthcare, and the global climate movement are also covered.

Political Influence - Edward Banfield 2017-09-08

In government, influence denotes one's ability to get others to act, think, or feel as one intends. A mayor who persuades voters to approve a bond issue exercises influence. A businessman whose promises of support induce a mayor to take action exercises influence. In *Political Influence*, Edward C. Banfield examines the

structures and dynamics of influence in determining who actually makes the decisions on vital issues in a large metropolitan area. This edition includes an introduction by James Q. Wilson, who provides an intellectual profile of Banfield and a review of his life and work. Banfield locates his analysis in Chicago, focusing on a broad range of representative urban issues. An introductory chapter defines Banfield's method through four leading questions: Who has influence and who is subject to it? How does influence work? What are the terms upon which influence is expended? How is action concerted by influence? Banfield's conceptual scheme is applied at three levels. He offers six case studies of political influence, showing in considerable detail how influence was used in certain civic controversies. Then Banfield interprets these case studies, drawing from them a set of low-level empirical generalizations. At the third and highest level of generality, he explores the logical

structure of significant aspects of influence and recasts the empirical findings in analytical terms, developing theories that apply generally to situations involving political influence. He also defines the key roles played by officeholders, the newspapers, business interests, the city council and minority groups. Political Influence is notable for its depth and sophistication. This rare combination of good reporting and insightful analysis is essential reading for political scientists, urban affairs specialists, policymakers, and sociologists.

Keeping the Republic -

Christine Barbour 2018-11-23

Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring

the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct

prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, Keeping the Republic, Brief Edition gives your students all the continuity and crucial content, in a more concise, value-oriented package. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Keeping the Republic, Eighth Brief Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it

offers easy course set-up and enables students to better prepare for class. Learn more. Assignable Video Assignable Video (available on the SAGE Vantage platform) is tied to learning objectives and curated exclusively for this text to bring concepts to life and appeal to different learning styles. Watch a sample video now. SAGE Coursepacks FREE! Easily import our quality instructor and student resource content into your school's learning management system (LMS) and save time. Learn more. SAGE Edge FREE online resources for students that make learning easier. See how your students benefit. SAGE course

outcomes: Measure Results, Track Success Outlined in your text and mapped to chapter learning objectives, SAGE course outcomes are crafted with specific course outcomes in mind and vetted by advisors in the field.
