Organizational Behaviour -
Stephen Perkins 2013-01-03
There is a large body of shared knowledge between the study of Organizational Behaviour and Human Resource

Management but despite the crossover, they are often treated as very distinct disciplines. Written by a team of experts across both fields, Organizational Behaviour

bridges the gap between OB and HRM, with an emphasis on inter-cultural and cross-cultural perspectives of organizational development, talent management, and leadership. Through a critical analysis of existing literature and case studies, the contributors cover topics such as corporate governance, ethical business practices, employee morale and motivation, performance management, corporate politics and conflict resolution, workplace diversity, creativity, and change management - all within the framework of current global employment standards and best practices.

Introducing Organizational Behaviour and Management

- Joanna Brewis 2012

This popular textbook offers an inspiring and focused introduction to the study of organizational behaviour and management. The second edition builds on the fresh and innovative approach to the study of management and organization introduced in the first edition. To make the

subject matter more relevant and accessible, it treats organizational behaviour as a field of activity that has many parallels with everyday life, particularly in relation to participating in organizations and institutions. Uniquely, this textbook presents two distinct and highly contrasting perspectives on organizational behaviour, discussing the alternative critical perspectives alongside the more traditional approaches, to encourage critical thinking and debate. Each chapter has been fully updated by specialist authors who are committed to thinking differently about the field of organizational behaviour. They effectively identify and explore the key concepts that underpin this diverse subject in their respective chapters, utilising a range of international and everyday examples. The second edition benefits from a new four-colour design and uses a variety of pedagogical features to engage students and provide a stimulating learning - and teaching - environment. This

text is ideal for use on introductory undergraduate and post graduate courses in Organizational Behaviour and Management. This textbook is autopackaged with CourseMate. CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook and the textbook-specific website. CourseMate includes an integrated eBook and interactive teaching and learning tools including quizzes, flashcards, videos, and more and an EngagementTracker, a first-of-its-kind tool that monitors student engagement in the course.

Introduction to Organisational Behaviour - Michael Butler
2011-01-27

Ideal for anyone studying an introductory module in organisational behaviour, Introduction to Organisational Behaviour is a rigorous critique of all essential organisational behaviour topics. A comprehensive book with extensive accompanying online

resources makes this a must-have package for anyone wanting to understand the theory and practice of organisational behaviour. Practitioner case studies, supporting video interviews where solutions and approaches are discussed, review questions at the end of every chapter make this an essential resource. Covering organisational behaviour in the context of individuals, groups and teams and managing organisations as well as the importance of organisational structures and emerging issues, Introduction to Organisational Behaviour gives understanding and guidance on the full spectrum of organisational behaviour issues. Supported by extensive online resources including video interviews, clips of key skills lecture slides, additional tutorial activities and a test bank of multiple choice questions make this a truly integrated print and electronic learning package.

Work and Organizational Behaviour - John Bratton

2007-04-15

Work and Organizational Behaviour is a core introductory text for undergraduate and MBA students which provides both a psychologically and sociologically based view of behaviour in work organisation from a critical perspective.

Organizational Behaviour -

Daniel King 2016

Organizational Behaviour is the only text to use a running case study to demonstrate the application of organizational behaviour in the real world, helping students with limited or no real-life experience of the business world to engage critically and effectively with the subject.

An Introduction to Work and Organizational

Psychology - Nik Chmiel

2017-03-08

The latest edition of this classic text provides a comprehensive and internationally relevant introduction to work and organizational psychology, exploring the depth and diversity of the field in an accessible way without

obscuring the complexities of the subject. Third edition of a classic textbook offering a complete introduction to work and organizational psychology for undergraduate and graduate students with no prior knowledge of the field An innovative new six part structure with two-colour presentation focuses the core material around issues that are either Job-Focused, Organization-Focused, or People-Focused Each chapter title is a question designed to engage readers in understanding work and organizational psychology whilst simultaneously inviting discussion of key topics in the field The third edition introduces two new co-editors in Franco Fraccaroli from Italy and Magnus Sverke, who join Nik Chmiel and will increase relevance and appeal for European students

Organizational Behaviour in a Global Context - Albert J. Mills 2006-01-01

"At last there is a lucid, well-written OB book, which covers key issues required in OB

teaching, but which has a mind of its own. Students and faculty will recognize this is more than standard fare." - Bill Cooke, Manchester Business School

Making Sense of Management - Mats Alvesson
2012-04-20

Electronic Inspection Copy available for instructors here
The first edition of Making Sense of Management set out to provide a fresh perspective on management that was both broad and critical, exploring how the disruptive and constructive potential of critical theory can be realized in organizations. Along the way, it has proven to be a landmark contribution to critical management studies. As well as setting the agenda for current research, this revised edition has been written to appeal to a broader readership and open up critical theory for the general management student. New sections on HRM, brands, identity, ethics and leadership have been fully developed alongside the rest of the text to reflect the current state of play

in critical management studies. The second edition of Making Sense of Management will be of interest to students and researchers in critical management studies and students on general management courses with a critical perspective.

Work and Organizational Behaviour - John Bratton
2020-11-18

Critical and accessible, the new edition of this bestselling textbook offers valuable insight into contemporary management practices and encourages readers to reflect on the realities of the workplace. *Work and Organizational Behaviour* takes a unique and well-rounded approach, exploring key theories and topics through the lenses of sociology, psychology, ethics and sustainability. Firmly embedded in the latest research and the wider geopolitical environment, this new edition places OB in the context of climate change, the rise of unstable working conditions and the impact of new technologies. A strong

suite of pedagogy supports student learning, demonstrating key theories in action and preparing readers for the real world of work. Cases and features illustrate contemporary organizational practices and their impact across the world, in a range of industries. With streamlined content, an improved structure, and an enhanced focus on leadership, *Work and Organizational Behaviour* is an essential companion for OB modules at undergraduate, postgraduate and MBA levels. New to this Edition: - New chapters on 'Work and the gig economy' and 'Human resource management' - New decision making scenarios helping readers to develop practical leadership skills - 200+ new references to recent academic literature - Inclusion of important contemporary topics, including Covid-19 and the gig economy - Coverage of new technologies, including the impact of AI, robots, remote working and big data - Increased coverage of corporate social responsibility

and ethics - New end of chapter cases, Reality of Work features and Globalization and Organization Behaviour features Accompanying online resources for this title can be found at bloomsburyonlineresources.com/work-and-organizational-behaviour-4e. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Organizational Behavior - Talya N. Bauer 2019

Work Psychology and Organizational Behaviour - Wendy Hollway 1991-04-12 Tracing the development of work psychology and organizational behaviour from the early 20th century to the present, this book focuses on the relations between knowledge, power and practice. The author charts the impact of such psychology upon the emergence of new management tools.

Theories of Macro-Organizational Behavior: A Handbook of Ideas and

Explanations - Conor Vibert
2017-03-02

This book provides a comprehensive summary of the major theories meant to explain the way business and other organizations work, why they look and act as they do, and what makes some succeed and others fail. Among the many different approaches to the subject, no one school of thought accurately reflects current thinking on these issues. The author presents a much-needed overview of thirty of the major theories that underpin Organization Theory and Economic Organization. Each theory is summarized in a stand-alone fashion, allowing each chapter to be used either in complement or as a separate perspective. Integration of the various topics and perspectives is accomplished within section introductions and in the overall introduction and conclusion to the text. The goal of this book is to inform students of the main issues confronting organizations, the main theoretical ideas within the different paradigms, why it is

important to theorize about organizations, how these theories are constructed, and how learning is improved by scanning multiple perspectives. It can be used as a stand-alone course text or supplementary text for advanced undergraduate or graduate courses in Organization Theory.

Organizational Behaviour and Management - John Martin
2010

Organizational Behavior -
Rae André 2008

Key Benefit: Encourage problem-solving and critical thinking with Organizational Behavior: An Introduction to Your Life in Organizations—a practical, student-oriented, and experientially based text. Key Topics: The author examines cross-cultural relationships, global issues that impact businesses today, and the relevance of OB to future careers. Market: For undergraduate and applied graduate courses in OB. *Organizational Behavior and Virtual Work* - Arvind K. Birdie

2017-03-03

With the globalization of work and technological advancements in recent years, and with emphasis on service quality today, organizations have changed. Virtual work has emerged as the new employment relationship and has been embraced by employees and employers in many industries. This book explores the dynamics of changing organization structures, theories of leadership and trust, and how dimensions of self-efficacy works in this new work relationship. *Organizational Behavior and Virtual Work: Concepts and Analytical Approaches* shows the enormous impact of technology and globalization on employment relationships and also predicts how they will contribute to the changing dimensions of organizations in the future. With a unique blend of theory and application in the real world of virtual workers, the book presents the most recent research and developments in the relatively

new and still emerging area of virtual work. It takes an in-depth critical look into the key factors affecting the virtual work environment with practical inputs of suggestions and recommendations. With the objective of presenting information about this new work scenario, this book attempts to unfold important human behavior processes in organizations. The volume presents a rare combination of the necessary concepts of human behavior in organizations along with the results of research in the field and also makes practical recommendations on virtual work programs. Key features include a unique blend of research with organizational behavior concepts and practical recommendations for workers, managers, and business executives.

Organizational Behaviour and Gender - Fiona M. Wilson

2017-05-15

Organizational Behaviour and Gender provides an alternative to the gender silence of the standard OB textbooks. This

Second Edition updates and expands the text's coverage and employs the most recent research findings to portray the world of work in a realistic manner. *Organizational Behaviour and Gender* is a comprehensive text. The text examines some of the assumptions that have been made about women at work - for example that women's 'difference' is rooted in biology and that women and men have contrasting (and even polar opposite) skills and attitudes. The text considers the key topics in OB (such as selection, assessment, leadership and motivation) to test such assumptions. The book describes the reality of working life for women. It examines issues of low pay, part-time working, family responsibilities, home working and horizontal and vertical job segregation. It asks whether inequality of opportunity comes about because of actual gender differences or from prejudicial expectations and thinking. The last chapter is about sex and sexuality in organizations.

Sexual behaviour in organizations is pervasive but is rarely discussed in OB textbooks. This chapter describes the masculine and heterosexual business environment and examines the issues of work romances and sexual harassment. The text provides numerous learning aids (including discussion topics and chapter questions) to assist both the lecturer and the student.

Organizational Behaviour - Fiona M. Wilson 1999

Drawing mainly from the sociology of work, this textbook examines issues such as what work means to both managers and workers; the history and logic of the rationalisation of work; unemployment; stress; and alternative organizational forms.

Essentials of Organizational Behavior - Terri A. Scandura 2017-12-13

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition* equips students with the

necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics

such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

Positive Organizational Behaviour - Miguel Pina e Cunha 2020-02-17

Positive Organizational Behaviour: A Reflective Approach introduces the most recent theoretical and empirical insights on positive organizational practices, addressing emerging topics such as resilience, job crafting, responsible leadership and mindfulness. Other books on positive approaches tend to

gloss over the limitations of the positive agenda, but this textbook is unique in taking a reflective approach, focussing on the positive while also accommodating critical perspectives relating to power and control. Positive Organizational Behaviour provides an integrated conceptual framework, evidence-based findings and practical tools to gain an understanding of the potential of positive organizational practices. This innovative new textbook will provide advanced management and psychology students with a grounding in the area, and help them develop strategies for building effective and responsible organizations.

Work and Organizational

Behaviour - John Bratton

2020-11-18

Critical and accessible, the new edition of this bestselling textbook offers valuable insight into contemporary management practices and encourages readers to reflect on the realities of the workplace. Work and

Organizational Behaviour takes a unique and well-rounded approach, exploring key theories and topics through the lenses of sociology, psychology, ethics and sustainability. Firmly embedded in the latest research and the wider geopolitical environment, this new edition places OB in the context of climate change, the rise of unstable working conditions and the impact of new technologies. A strong suite of pedagogy supports student learning, demonstrating key theories in action and preparing readers for the real world of work. Cases and features illustrate contemporary organizational practices and their impact across the world, in a range of industries. With streamlined content, an improved structure, and an enhanced focus on leadership, Work and Organizational Behaviour is an essential companion for OB modules at undergraduate, postgraduate and MBA levels. New to this Edition: - New chapters on 'Work and the gig economy' and 'Human resource

management' - New decision making scenarios helping readers to develop practical leadership skills - 200+ new references to recent academic literature - Inclusion of important contemporary topics, including Covid-19 and the gig economy - Coverage of new technologies, including the impact of AI, robots, remote working and big data - Increased coverage of corporate social responsibility and ethics - New end of chapter cases, Reality of Work features and Globalization and Organization Behaviour features

Work Motivation in Organizational Behavior - Craig C. Pinder 2014-07-17

This second edition of the best-selling textbook on Work Motivation in Organizational Behavior provides an update of the critical analysis of the scientific literature on this topic, and provides a highly integrated treatment of leading theories, including their historical roots and progression over the years. A heavy emphasis is placed on

the notion that behavior in the workplace is determined by a mix of factors, many of which are not treated in texts on work motivation (such as frustration and violence, power, love, and sex). Examples from current and recent media events are numerous, and intended to illustrate concepts and issues related to work motivation, emotion, attitudes, and behavior.

Work, Postmodernism and Organization - Philip Hancock 2001-05-02

Work, Postmodernism and Organization provides a wide-ranging and very accessible introduction to postmodern theory and its relevance for the cultural world of the work organization. The book provides a critical review of the debates that have shaped organization theory over the past decade, making clear the meaning and significance of postmodern ideas for contemporary organization theory and practice. Work, Postmodernism and Organization will provide valuable material to advanced

undergraduate and postgraduate students of organization theory, organizational behaviour, industrial sociology, and more general business & management and sociology courses.

Organizational Behaviour - Andrzej Huczynski 2009-07-01

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

Organizational Behavior - Christopher P. Neck

2015-12-08

Organizational Behavior: A Critical-Thinking Perspective, by Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray, provides insight into OB concepts and processes through a first-of-its kind active learning experience. Thinking Critically challenge questions tied to Bloom's taxonomy appear throughout each chapter, challenging students to apply, analyze, and create. Unique, engaging case narratives that span several

chapters along with experiential exercises, self-assessments, and interviews with business professionals foster students' abilities to think critically and creatively, highlight real-world applications, and bring OB concepts to life.

Organizational Behaviour - Ray French 2016-01-04

Organizational Behaviour, Third Edition, builds on the strengths and successes of the previous editions and has been fully updated to reflect changes in the world of work and the context of organizational behaviour within that world.

The authors combine a managerial approach, focusing on practical, real-world applications, with a rigorous critical perspective that analyses the research behind the theories. The text addresses alternative theoretical perspectives, in parallel to the introduction of new worldwide cases and examples. The concise coverage of the core topics can be applied to both one-semester and year-long

teaching and learning patterns. In addition, the text includes a strong applied focus stressing the applicability of all topic areas in work organisations, as well as examples from across a wide variety of business and geographic sectors. The fully updated online resource package at www.wiley.com/college/french includes PowerPoint slides, a lecturer test bank, instructor's manual and additional cases. Students can access self-test quizzes, glossary flashcards, a student study guide and links to relevant journal articles, as well as interactive modules and skills assessments.

Organizational Behaviour and Work - Fiona M. Wilson
2018

A critical yet accessible introduction to organisational behaviour and work, this book will help you understand the complexities of organisational life and evaluate modern business practices. Classic organisational behaviour topics such as team-working, motivation, and change are complemented by core critical

approaches such as power and control, organisational misbehaviour, and health and well-being through a clear three-part structure. Students are encouraged to look beyond a descriptive approach and truly engage with the content. Examples and 'Stop and Think' boxes placed throughout chapters, as well as end-of-chapter case studies with accompanying questions, provide the opportunity for this engagement and show how each chapter's theoretical coverage applies in real-life business situations.

Organizational Behavior - J Stewart Black
2019-06-05

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-

changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so

an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Organizational Behaviour in Sport - James Skinner
2017-05-18

What makes a sport enterprise successful? How can managers working in sport improve organizational effectiveness through strategic behaviour management? This comprehensive and accessible textbook addresses these important questions and examines the theories that underpin organizational analysis in sport. Helping both students and practitioners to understand the different types of behaviour that occur within a sports enterprise, it also demonstrates how to develop ways of managing behaviour

more effectively for the benefit of all stakeholders. The book explores behaviour on individual, interpersonal, group and whole-organization levels, and presents an evidence-based framework for analysis built around key concepts such as: Change and culture Leadership Motivation, rewards and incentives Power and influence Conflict, disputes and grievances Equity, diversity and inclusion. With international case studies, learning objectives, review questions and guides to further reading included in every chapter, no other textbook develops critical skills or an awareness of ethical issues in such detail and depth.

Organizational Behaviour in Sport is essential reading for all students and practitioners working in sport, leisure or recreation management.

Organizational Behavior -

Christopher P. Neck

2018-11-29

Why does organizational behavior matter—isn't it just common sense? Organizational Behavior: A Skill-Building

Approach helps students answer this question by providing insight into OB concepts and processes through an interactive skill-building approach. Translating the latest research into practical applications, authors Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray unpack how managers can develop essential skills to unleash the potential of their employees. The text examines how individual characteristics, group dynamics, and organizational factors affect performance, motivation, and job satisfaction, providing students with a holistic understanding of OB. Packed with critical thinking opportunities, experiential exercises, and self-assessments, the new Second Edition provides students with a fun, hands-on introduction to the fascinating world of OB. This title is accompanied by a complete teaching and learning package.

Organisational Behaviour For Dummies - Cary Cooper
2012-04-20

Your plain-English introduction to organisational behaviour Organisational Behaviour (OB) is the study of how people, individuals, and groups act in organisations. Whether you're studying OB, or you just want a better understanding of people at work, Organisational Behaviour For Dummies gives you all the essentials for understanding this fascinating subject. Inside you'll find out about personality and individual differences, teams and groups, personnel selection and assessment, and health and well-being at work. You'll also find out how leaders lead, how motivators motivate, and how the modern workplace is changing and evolving. An easy-to-read introduction to organisational behaviour for business, management, and organisational psychology students A useful reference for managers A fascinating look at behaviour in the modern workplace Whether you're a student of organisational behaviour, a manager, or a lifelong learner with an interest in human behaviour and

psychology in the workplace, Organisational Behaviour For Dummies has you covered. *Organizational Behavior Modification* - Fred Luthans 1975

Organizational Behavior - Mary Uhl-Bien 2020-03-17 Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others. *Managing and Organizations* - Stewart R Clegg 2011-11-28 Electronic Inspection Copy available for instructors here

Now in its Third Edition, this unique and highly esteemed text goes from strength to strength, continuing to offer: seamless coverage of the essential topics of organizational behaviour a realist's guide to management capturing the complex life of organizations (the paradoxical, emotional, insecure, self-confident, responsible, irresponsible) and delivers the key themes and debates in an accessible way interactive, instructive (and fun) learning aids and features, both in the text and on the Companion Website an attractive, easily navigable, full-colour text design a guide to further reading including hand-selected journal articles, many of which are available on the Companion Website. As well as cutting-edge content and features, the Third Edition now includes: clearer, more concise exposition of all you need to know about organizations expanded coverage of public-sector, informal and non-profit organizations additional discussion of international

cultures revised case studies to cater for readers across the world at all levels of knowledge and experience a revisited Companion Website with longer case studies. Over the last seven years, more and more students and tutors have been won over by *Managing and Organizations'* coverage, wisdom and insight, and this new edition is a yet more essential guide to negotiating and understanding the bustling and complex life of organizations. Visit the Companion Website at www.sagepub.co.uk/managingandorganizations To watch Tyrone Pitsis talk about the new edition of *Managing and Organizations* - click here. [Organizational Behaviour and Work](#) - Fiona M. Wilson 2013-12

This edition provides a critical approach to the study of work and organizational behaviour, questioning what organizational behaviour is and how it has been researched and discussed.

Knowledge Management in Organizations - Donald Hislop

2013-01-31

This introductory level textbook critically reviews and analyses the key themes underpinning knowledge management in organisations. It presents the key debates in this area, including coverage of epistemologies of knowledge, managing and sharing knowledge, and learning and innovation.

Organizational Behavior -

John A. Wagner III 2020-12-30

The management of organizational behavior is a critically important source of competitive advantage in today's organizations. Managers must be able to capitalize on employees' individual differences as jobs are designed, teams are formed, work is structured, and change is facilitated. This textbook, now in its third edition, provides its readers with the knowledge required to succeed as managers under these circumstances. In this book, John Wagner and John Hollenbeck make the key connection between theory and practice to help students excel

as managers charged with the task of securing competitive advantage. They present students with a variety of helpful learning tools, including:

- Coverage of the full spectrum of organizational behavior topics
- Managerial models that are based in many instances on hundreds of research studies and decades of management practice - not the latest fad
- Completely new introductory mini-cases and updated examples throughout the text to help students contextualize organizational behavior theory and understand its application in today's business world

This ideal book for upper-level undergraduate and postgraduate students of organizational behavior is written to motivate exceptional student performance and contribute to their lasting managerial success. Online resources, including PowerPoint slides and test banks, round out this essential resource for instructors and students of organizational behavior.

Work Organisations - Paul Thompson 2009-06-17

A critical, in-depth, analytical analysis offering a distinctive perspective, this well respected, rigorous and authoritative text has been updated to include the latest international research and practice. The 4th edition includes new material on contemporary topics such as; performance management, emotional and aesthetic labour, resistance and misbehaviour at work, new developments in corporate structures and labour markets, and work life balance. There is a new chapter on knowledge and improved pedagogy, making it more student friendly, we have also developed a companion website to support both the student and lecturer. Incorporating a wealth of empirical research this unique approach puts organisations in a socio-economic context, and covers psychological material, as well as broader issues, and provides students with a thorough understanding of the nature of work and

organisations.

Organisational Behaviour - Christine Cross 2018-03-13

This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on business and management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses.

Organizational Behavior - Afsaneh Nahavandi 2013-12-13

Organizational Behavior is a unique text that thoroughly

explores the topic of organizational behavior using a strengths-based, action-oriented approach while integrating important topics such as leadership, creativity and innovation, and the global society. Authors Afsaneh Nahavandi, Robert B. Denhardt, Janet V. Denhardt, and Maria P. Aristigueta focus on the interactions among individuals, groups, and organizations to illustrate how various organizational behavior topics fit together. This text challenges students to develop greater personal, interpersonal, and organizational skills in business environments, as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success.

The SAGE Handbook of Organizational Behavior - Stewart R Clegg 2008-12-03

'The Sage Handbook of Organizational Behaviour is a fine addition to past works of reference in the field, edited by two prominent scholars who are internationally known. Its

approach is both critical and original in many incisive ways, aspiring to a cutting-edge coverage of the core and periphery of OB. Many of the chapter authors stick their necks out and avoid the more obvious, conventional expositions of their topic. It covers a wide range of topics of potential use to both undergraduate and postgraduate students of the subject, as well as academics, researchers and practitioners. It will be of particular interest to those on MBA and DBA courses. It can be strongly recommended as an essential faculty library purchase, as well as a useful tool for individuals interested in having such a guide to the subject at hand' - Professor Malcolm Warner, Emeritus Fellow, Wolfson College and Judge Business School, University of Cambridge 'This important new Handbook brings together for the first time a collection of major contributions on macro-organizational behaviour. This area of study is concerned with the ways in which the people

who inhabit organizations make sense of their situations, contributing to the distinctive character of those organizations through their actions and struggles. The conventional literature, artificially divided between micro organizational behaviour and organization theory, has under-explored this obvious conjunction between people and organizations. Stewart Clegg and Cary Cooper perform a great service in helping to make good the deficiency' - John Child, Professor of Commerce, Birmingham Business School
'Thorough and comprehensive. Thoughtful critique and new insights' - Chris Argyris, James B. Conant Professor, Emeritus, Harvard University
In this second volume of The SAGE Handbook of Organizational Behavior, the focus is on macro-organizational behavior,

revealing ways in which the person and group affect the organization. Chapters are written by eminent and upcoming scholars in the field, each presenting on the major issues in organizational behavior as seen with a macro-lens. The Handbook is divided into three parts, the first introducing and framing the field; the second part considering the various organizational processes involved, including learning, teamwork, identity and power, among others, while finally Part Three introduces organizing on a macro-scale, covering topics such as organizational change, design governance and globalization. The SAGE Handbook of Organizational Behavior: Macro Approaches is an essential resource for researchers and students across management and organization studies.
