**Migration Italy** - Graziella Parati 2013-12-31  
In terms of migration, Italy is often thought of as a source

country - a place from which people came rather than one to which people go. However, in the past few decades, Italy has

indeed become a destination for many people from poor or war-torn countries seeking a better life in a stable environment. Graziella Parati's *Migration Italy* examines immigration to Italy in the past twenty years, and explores the processes of cultural hybridization that have occurred. Working from a cultural studies viewpoint, Parati constructs a theoretical framework for discussing Italy as a country of immigration. She gives special attention to immigrant literature, positing that it functions as an act of resistance, a means to talk back to the laws that regulate the lives of migrants. Parati also examines Italian cinema, demonstrating how native and non-native filmmakers alike create parallels between old and new migrations, complicating the definitions of sameness and difference. These definitions and the complexities inherent in the different cultural, legal, and political positions of Italy's people are at the heart of *Migration Italy*, a unique work

of immense importance for understanding society in both modern-day Italy and, indeed, the entire European continent.

**The Sand Child** - Tahar Ben Jelloun 2000-08-01

A poetic vision of power, colonialism, and gender in North Africa, *The Sand Child* has been justifiably celebrated around the world as a daring and significant work of international fiction.

*Ada, or Ardor* - Vladimir

Nabokov 2011-02-16

Published two weeks after his seventieth birthday, *Ada, or Ardor* is one of Nabokov's greatest masterpieces, the glorious culmination of his career as a novelist. It tells a love story troubled by incest. But more: it is also at once a fairy tale, epic, philosophical treatise on the nature of time, parody of the history of the novel, and erotic catalogue. *Ada, or Ardor* is no less than the supreme work of an imagination at white heat. This is the first American edition to include the extensive and

ingeniously sardonic appendix by the author, written under the anagrammatic pseudonym Vivian Darkbloom.

The Works of Elena Ferrante - Grace Russo Bullaro 2016-12-22

This book is the first dedicated volume of academic analysis on the monumental work of Elena Ferrante, Italy's most well-known contemporary writer. *The Works of Elena Ferrante: Reconfiguring the Margins* brings together the most exciting and innovative research on Ferrante's treatment of the intricacies of women's lives, relationships, struggles, and dilemmas to explore feminist theory in literature; questions of gender in twentieth-century Italy; and the psychological and material elements of marriage,

motherhood, and divorce. Including an interview from Ann Goldstein, this volume goes beyond "Ferrante fever" to reveal the complexity and richness of a remarkable oeuvre.

**Scrivere tra due culture** - Manuel Boschiero 2008

**Little Mother** - Cristina Ali Farah 2011

When civil war erupts in Somalia, cousins Domenica Axad and Barni are separated and forced to flee the country. Barni manages to eke out a living in Rome, where she works as an obstetrician. Domenica wanders Europe in a painful attempt to reunite her broken family and come to terms with her past. After ten years, the two women reunite. When Domenica gives birth to a son, Barni, also known as Little Mother, is at her side. Together with the new baby, Domenica and Barni find their Somali roots and start to heal the pain they have suffered in war and exile. This powerful yet tender novel underscores the strength of women, family,

and community, and draws on the tenacious yearning for a homeland that has been denied.

**Mal d'Africa** - Angelo Ferrari  
2020-05-07

L'Africa è tornata a essere terra di conquista. Dopo i conflitti scatenati nel secolo scorso per accaparrarsi le risorse naturali del continente, ora è "guerra" commerciale, ma soprattutto militare, di tutti contro tutti. L'Occidente ha deciso che è giunto il momento di arginare l'influenza cinese che ormai ha le mani su tutto il continente, nessun paese escluso. Le forze militari straniere si stanno posizionando nel Corno D'Africa, in particolare in un fazzoletto di terra: Gibuti. Le guerre economiche in Africa non si combattono solamente attraverso accordi commerciali, è diventato indispensabile, per vincere la battaglia, "mettere gli scarponi sul terreno". Un percorso analitico sulla

situazione politica ed economica odierna ripercorre, anche narrativamente, i passi dei grandi viaggiatori del passato, lungo i suoi corsi d'acqua più imponenti, attorno ai laghi prosciugati dallo sfruttamento umano e dai cambiamenti climatici e nei gironi infernali delle miniere più preziose al mondo.

**Writing Mothers and Daughters** - Adalgisa Giorgio  
2002

This first systematic study of mother-daughter relationships as represented in Western European fiction during the second half of the 20th century provides a comparative study of works from England, France, Germany, Austria, Ireland, Italy, and Spain. For each individual body of texts, the authors identify characteristics arising from specific national literary traditions and from internal cultural diversities. The text suggests avenues for

future investigation both within and across national boundaries. The featured writers include Steedman, Diski, Winterson, Tennant, de Beauvoir, Leduc, Djura, Wolf, Jelinek, Mitgutsch, Novak, Lavin, O'Brien, O'Faolin, Morante, Sanvitale, Ramondino, Chacel, Rodoreda, and Martin Gaité. The six contributing authors are scholars from New Zealand, England, Ireland, Italy and Wales. Annotation copyrighted by Book News, Inc., Portland, OR

The New York Trilogy - Paul Auster 2008-09-04

The New York Trilogy is perhaps the most astonishing work by one of America's most consistently astonishing writers. The Trilogy is three cleverly interconnected novels that exploit the elements of standard detective fiction and achieve a new genre that is all the more gripping for its starkness. It is a riveting work of detective fiction worthy of Raymond Chandler, and at the same time a profound and unsettling existentialist enquiry

in the tradition of Kafka or Borges. In each story the search for clues leads to remarkable coincidences in the universe as the simple act of trailing a man ultimately becomes a startling investigation of what it means to be human. The New York Trilogy is the modern novel at its finest: a truly bold and arresting work of fiction with something to transfix and astound every reader. 'Marks a new departure for the American novel.' Observer 'A shatteringly clever piece of work . . . Utterly gripping, written with an acid sharpness that leaves an indelible dent in the back of the mind.' Sunday Telegraph 'The New York Trilogy established him as the only author one could compare to Samuel Beckett.' Guardian **Women and Gender in Post-Unification Italy** - Katharine Mitchell 2013

In nineteenth-century Italy, a woman's place was considered to be in the domestic sphere, devoted to family life. But during the Risorgimento and the years following Unification,

economic, political and social changes enabled women progressively to engage in pursuits that had previously been the exclusive domain of men. This book traces some of the steps of this shift in cultural perception. Covering the period from the Unification of Italy in 1861 to the First World War, the volume brings together new perspectives on women, culture and gender in ten original interdisciplinary chapters that explore a variety of subjects, including motherhood and spinsterhood, women's relationship with the Italian language, emigration and <br>brigantaggio, patriotism and travel writing, acting and theatre management, film-making, and political ideas and female solidarity.

The Symbolic Order of the Mother - Luisa Muraro

2017-12-21

Argues that affirming the irreducible differences between men and women can lead to more transformative politics than the struggle for abstract equality between the

sexes. In The Symbolic Order of the Mother Luisa Muraro identifies the bond between mother and child as ontologically fundamental to the development of culture and politics, and therefore as key to achieving truly emancipatory political change. Both corporeal development and language acquisition, which are the sources of all thinking, begin in this relationship. However, Western civilization has been defined by men, and Muraro recalls the admiration and envy she felt for the great philosophers as she strove to become one herself, as well as the desire for independence that opposed her to her mother. This conflict between philosophy and culture on the one hand and the relationship with the mother on the other constitutes the root of patriarchy's symbolic disorder, which blocks women's (and men's) access to genuine freedom. Muraro appeals to the feminist practice of gratitude to the mother and the recognition of her authority as a model of unconditional

nurture and support that must be restored. This, she argues, is the symbolic order of the mother that must overcome the disorder of patriarchy. The mediating power of the mother tongue constitutes a symbolic order that comes before all others, for both women and men.

*The Swallows of Monte Cassino* - Frederika Randall 2013-10-14  
The Strega Prize-winning author of *The Girl with a Leica* delivers a novel that hinges on one of the bloodiest World War II battles and those who fought it. In this highly original novel, Janeczek retells the four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to

Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin, and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge: the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present." —Roberto

Saviano, author of *Gomorrhah*  
**Handbook of Perinatal Clinical Psychology** - Rosa Maria Quatraro 2020-03-26  
The book examines the major issues in perinatal clinical psychology with the presence of theoretical information and operational indications, through a biopsychosocial approach. The multiplicity of scientific information reported

makes this book both a comprehensive overview on the major perinatal mental health disorders and illnesses, and a clinical guide. It covers perinatal clinical psychology through a journey of 15 chapters, putting the arguments on a solid theoretical basis and reporting multiple operational indications of great utility for daily clinical practice. It has well documented new evidence bases in the field of clinical psychology that have underpinned the conspicuous current global and national developments in perinatal mental health. As such, it is an excellent resource for researchers, policy makers, and practitioners - in fact, anyone and everyone who wishes to understand and rediscover, in a single opera, the current scientific and application scenario related to psychological health during pregnancy and after childbirth.

Fables of Fact - John Hellmann 1981

Hellmann argues that "new journalism" is a new genre of fiction, one that deals with fact through fable, discovering, constructing and self-consciously exploring meaning beyond our media-constructed reality. He applies his theory to books by Wolfe, Thompson, Mailer and Herr.

The Color of Our Sky - Amita Trasi 2017-04-18

In the spirit of Khaled Hosseini, Nadia Hashimi and Shilpi Somaya Gowda comes this powerful debut from a talented new voice—a sweeping, emotional journey of two childhood friends in Mumbai, India, whose lives converge only to change forever one fateful night. India, 1986: Mukta, a ten-year-old village girl from the lower caste Yellama cult has come of age and must fulfill her destiny of becoming a temple prostitute, as her mother and grandmother did before her. In an attempt to escape her fate, Mukta is sent to be a house girl for an upper-middle class family in Mumbai. There she discovers a friend in the daughter of the family, high spirited eight-year-old Tara, who helps her recover from the wounds of her past. Tara introduces Mukta to an entirely

different world—one of ice cream, reading, and a friendship that soon becomes a sisterhood. But one night in 1993, Mukta is kidnapped from Tara's family home and disappears. Shortly thereafter, Tara and her father move to America. A new life in Los Angeles awaits them but Tara never recovers from the loss of her best friend, or stops wondering if she was somehow responsible for Mukta's abduction. Eleven years later, Tara, now an adult, returns to India determined to find Mukta. As her search takes her into the brutal underground world of human trafficking, Tara begins to uncover long-buried secrets in her own family that might explain what happened to Mukta—and why she came to live with Tara's family in the first place. Moving from a traditional Indian village to the bustling modern metropolis of Mumbai, to Los Angeles and back again, this is a heartbreaking and beautiful portrait of an unlikely friendship—a story of love, betrayal, and, ultimately,

redemption.

*Literature and Artifacts* -

George Thomas Tanselle 1998  
The fifteen essays collected here form a series of variations on a theme, exploring the interconnections between verbal works and the physical objects--primarily manuscripts and printed books--that transmit them. Verbal works may be intangible, but they generally come to us tied to objects; and the study of such works therefore cannot be separated from the study of artifacts. The aim of this book is to examine the theory that underlies this observation and the practical implications that follow from it.

*Stories of women* - Elleke

Boehmer 2013-07-19

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Elleke Boehmer's work on the crucial intersections between independence, nationalism and gender has already proved canonical in the field. 'Stories of women' combines her keynote essays on the mother

figure and the postcolonial nation, with incisive new work on male autobiography, 'daughter' writers, the colonial body, the trauma of the post-colony, and the nation in a transnational context. Focusing on Africa as well as South Asia, and sexuality as well as gender, Boehmer offers fine close readings of writers ranging from Achebe, Okri and Mandela to Arundhati Roy and Yvonne Vera, shaping these into a critical engagement with theorists of the nation like Fredric Jameson and Partha Chatterjee. This edition will be of interest to readers and researchers of postcolonial, international and women's writing; of nation theory, colonial history and historiography; of Indian, African, migrant and diasporic literatures, and is likely to prove a landmark study in the field.

*Digital Scholarly Editing* -

Matthew James Driscoll

2016-08-15

This volume presents the state of the art in digital scholarly editing. Drawing together the

work of established and emerging researchers, it gives pause at a crucial moment in the history of technology in order to offer a sustained reflection on the practices involved in producing, editing and reading digital scholarly editions—and the theories that underpin them. The unrelenting progress of computer technology has changed the nature of textual scholarship at the most fundamental level: the way editors and scholars work, the tools they use to do such work and the research questions they attempt to answer have all been affected. Each of the essays in *Digital Scholarly Editing* approaches these changes with a different methodological consideration in mind. Together, they make a compelling case for re-evaluating the foundation of the discipline—one that tests its assertions against manuscripts and printed works from across literary history, and the globe. The sheer breadth of *Digital Scholarly Editing*, along with its

successful integration of theory and practice, help redefine a rapidly-changing field, as its firm grounding and future-looking ambit ensure the work will be an indispensable starting point for further scholarship. This collection is essential reading for editors, scholars, students and readers who are invested in the future of textual scholarship and the digital humanities.

*Take Me, I'm Yours* - 2019

"Many years ago this artist placed a singles ad in Denver's alternative weekly newspaper. The headline read "Work Hard, Play Hard" and now this book celebrates 25 years of happy marriage thanks to a fun advertising experiment. In a bit of whimsy, image and text play off of each other to create irreverent pairings of singles pick-up lines with intimate portraits of abandoned furniture that can be found cast aside like a bad romance on city streets everywhere. Twenty Polaroid-style photographs are paired with text highlighting the becoming features of the lonely

furniture"--Artist's statement

The Scientific Revolution - H.  
Floris Cohen 1994-10-03  
In this first book-length  
historiographical study of the  
Scientific Revolution, H. Floris  
Cohen examines the body of  
work on the intellectual, social,  
and cultural origins of early  
modern science. Cohen  
critically surveys a wide range  
of scholarship since the  
nineteenth century, offering  
new perspectives on how the  
Scientific Revolution changed  
forever the way we understand  
the natural world and our place  
in it. Cohen's discussions range  
from scholarly interpretations  
of Galileo, Kepler, and Newton,  
to the question of why the  
Scientific Revolution took place  
in seventeenth-century  
Western Europe, rather than in  
ancient Greece, China, or the  
Islamic world. Cohen contends  
that the emergence of early  
modern science was essential  
to the rise of the modern world,  
in the way it fostered advances  
in technology. A valuable

entrée to the literature on the  
Scientific Revolution, this book  
assesses both a controversial  
body of scholarship, and  
contributes to understanding  
how modern science came into  
the world.

**Boundary Lines** - Emanuela Fornari 2018-12-27

Systematically addresses the philosophical implications of the postcolonial. In this book, Emanuela Fornari systematically examines the philosophical implications of postcolonial studies. She considers postcolonial critique not as a school or a current of thought but rather as a multiform constellation that—from the celebrated Orientalism of Edward Said to the contributions of authors like Homi Bhabha, Gayatri Spivak, Ranajit Guha, and Dipesh Chakrabarty—has called into question the

assumptions that underlie key concepts in the history of philosophy. Fornari addresses themes such as history and memory, borders, the subject, and translation, engaging classical authors such as Kant, Hegel, and Marx alongside more contemporary theorizations by authors such as Walter Benjamin, Michel Foucault, Jacques Derrida, Étienne Balibar, and Jacques Rancière. Emanuela Fornari is Associate Professor of Philosophy at the University of Roma Tre, Italy and has published several books, including *Modernity Out of Joint: Global Democracy and Asian Values* in Jürgen Habermas and Amartya K. Sen.

Iain Halliday is Associate Professor of English Language and Translation at the University of Catania, Italy. He is the author of *Huck Finn in Italian*, *Pinocchio in English: Theory and Praxis of Literary Translation*.

Solo Saxophone Level 6 Advanced - Jeremy Harmer  
2011-04-28

In the early 1990s, Katy, a young reporter, arrives in Sarajevo, a city under siege. "This is not my war or your war," a journalist explains. "We just report what we see, but we stay outside it. We mustn't get too near." But Katy does get too near and discovers the beauty and power of true hope, even in the brutal reality of war.
