a story of loss, magic, friendship, wonderful food, a brass band, an Italian witch, a large lawyer, an occasional dog and a car chase at a walking pace. Set in the little town of Dot in a forgotten part of the Baltic, it tells the life of Tibo Krovic, the good and honest mayor of Dot, and his love for his secretary, the beautiful, lonely — and married — Mrs. Agathe Stopak. In the quiet, respectable town there is nothing that Tibo can do about his love for Mrs. Stopak. Then one day, when she accidentally drops her lunch into a fountain, everything changes — and their lives will never be the same. Read *The Good Mayor* and fall in love again.

Hugh Freyl is a blind lawyer, scion of Illinois' most influential family. He recounts this story from the grave. David Marion is Freyl's protege and a young convicted killer whose release from prison Freyl has orchestrated. He now stands accused of Hugh Freyl's murder. David's innocence. The perfect scapegoat for their misdoings, he alone bears the burden of proof. Revealing the inner-workings of an untouchable elite with all their tricks, entitlements and intricate financial schemes, Brady shows us a place that could be any small American city - a place where innocence can backfire and where fear is the only effective weapon against a corrupt government.

*Girl Runner* - Carrie Snyder 2015-02-03  
Resonant of Elizabeth Gilbert’s *The Signature of All Things* and Tracy Chevalier’s *Remarkable Creatures*, *Girl Runner* is an unforgettable, beautifully written novel that celebrates a woman born to reach beyond the limitations of her time. As a young runner, Aganetha Smart defied everyone’s expectations to win a gold medal for Canada in the 1928 Olympics. It was a revolutionary victory, because this was the first Games in which women could compete in track events—and they did so despite opposition. But now Aganetha Smart is in a nursing home, and nobody realizes that the frail centenarian was once a bold pioneer. When two young strangers appear asking to interview Aganetha for their film about female athletes, she readily agrees. Despite her frailty, she yearns for adventure and escape. And though her achievement may have been forgotten by history, her memories of

chasing gold in Amsterdam remain sharp. But that triumph is only one thread in the rich tapestry of her life. Her remarkable story is colored by tragedy as well as joy, and in *Girl Runner* Carrie Snyder pulls back the layers of time to reveal how Aganetha's amazing athleticism helped her escape from a family burdened by secrets and sorrow. However, as much as Aganetha tries, she cannot outrun her past or the social conventions of her time. As the pieces of her life take shape, it becomes clear that these filmmakers may not be who they seem. . . .

[Did You Spot The Gorilla?](#) - Richard Wiseman  
2011-06-30

In a recent series of ground-breaking psychological experiments, volunteers were

shown a 30-second film of some people playing basketball and told to count the number of passes made with the ball. After just a few seconds, a man dressed as a gorilla slowly walked into frame, beat his chest at the camera, and sauntered off. Unbelievably, almost none of the people watching the film noticed the gorilla. Exactly the same psychological mechanisms that cause people to miss the gorilla also make them miss unexpected but vitally important opportunities in their professional and personal lives. This book outlines the scientific evidence and thinking behind this remarkable new phenomenon, and shows you how you can spot gorillas in your life - and what to do when you see one.

## **Death Match** - Lincoln Child 2006-10-31

A "cautionary tale about artificial intelligence" (Washington Post) that is almost too frighteningly believable not to be real—from the internationally acclaimed #1 New York Times bestselling thriller writer Lewis and Lindsay Thorpe were the perfect couple: young, attractive, and ideally matched. But the veil of perfection can mask many blemishes. When the Thorpes are found dead in their tasteful Flagstaff living room (having committed double suicide), alarms go off in the towering Manhattan offices of Eden Incorporated, the high-tech matchmaking company whose spectacular success, and legendary secrecy, has inspired awe around the world. The Thorpes, few people knew, were more than the quintessential happy couple—they were Eden's first perfect match. A short time later, Christopher Lash, a gifted former FBI forensic psychologist, receives an urgent plea from Eden to perform a quick—and quiet—investigation into the deaths.

Lash's psychological autopsy reveals nothing suspicious, but inadvertently dredges up the memories of a searing personal tragedy he has kept at bay for years. The situation changes suddenly when a second Eden couple is found dead—by all appearances, another double suicide. Now Eden—particularly Richard Silver, the company's brilliant and reclusive founder—has no choice but to grant Lash unprecedented access to its most guarded secrets if he is to have any chance of determining what is going wrong. The hidden world he discovers is a stunning labyrinth of artificial intelligence, creative genius, and a melding of technology that does indeed, to Lash's surprise, deliver on Eden's promise to its clients: the guarantee of a perfect, lifelong mate. But Lash's involvement in the investigation becomes more personal and dangerous than he could have imagined, nearly as soon as it begins. is master thriller writer Lincoln Child at his best. [Gods of Aberdeen](#) - Micah Nathan 2005-06-03

A haunting novel about a brilliant young man who enrolls at a small New England college and becomes entangled in a mysterious death -- and the ultimate scientific quest. Eric Dunne is a sixteen-year-old academic phenom. Desperate to escape his foster family, Eric graduates early from high school and earns a scholarship to Aberdeen College, a small, prestigious school in northern Connecticut. Aberdeen is a school for the privileged youth of America's elite, an isolated world where hard drinking and hard studying go hand in hand. When Eric is assigned a work-study job with the college's head librarian, Cornelius Graves, Eric begins to hear strange and disconcerting rumors about his new mentor. Despite himself, he is curiously drawn to Cornelius, if only to divine whether it's true that he's searching for the Philosopher's Stone, a mythical substance that supposedly holds the secret to eternal life. At the same time, Eric's

preternatural aptitude for Latin quickly attracts the attention of Arthur Fitch, a charismatic and aloof senior who invites him to become a research assistant for Dr. William Cade, Aberdeen's most celebrated professor. Eric is accepted into Cade's small circle of sophisticated students, all of whom live off campus on Cade's country estate, and soon discovers that his new friends are not just conducting research for Dr. Cade -- they, too, are searching for the Philosopher's Stone. When an alchemical experiment goes fatally wrong, Eric is drawn deeper into the dark secrets surrounding the legendary substance. As the police investigation narrows and Eric gets swept up in Professor Cade's obsession, the tensions on the estate and in Eric's new friendships threaten to explode and, with them, Eric's idealized world. Like *The Secret History* and *A Separate Peace*, *Gods of Aberdeen* demonstrates the selfishness and savagery that can lie at the heart of the most rarefied academic setting.

[Playing Away](#) - Adele Parks 2001-02-12

It's sexy. It's roguish. It's hilarious. It's a sensational debut novel from London, a joyously comic take on modern marriage and its fallout. Single people may feel they have it rough...but wait until you see what happens when married folk fall in lust. Connie Green's life should be perfect. She has a hot career, her wonderful husband Luke, and a bunch of great girlfriends. But Connie has a big problem. She has just met overwhelmingly sexy John at a business conference. Her head and her heart said, "no way," but her traitorous body shrieked, "yes, YES!" Now Connie's deep into a tawdry affair, which is destroying her peace of mind and her grand plan for Happily Ever After. Maybe John is her destiny. After all, she's losing weight. It can't

Downloaded from  
[wedgfitting.clevelandgolf.com](http://wedgfitting.clevelandgolf.com) on by  
guest

be a bad thing if she's losing weight. Can it? Connie longs to confide in her girlfriends. They've always discussed their sex lives before, preferably over cocktails. But this infidelity thing makes it a trifle awkward. Rose would be horrified. For her, it's pretty clear-cut; nice girls don't have affairs. And Daisy is too busy being in love. Sam knows about John but she doesn't want to believe it. How could and why would Connie cheat on her lovely husband? Sam's working hard to ignore the fact that Connie's shagging John every chance she gets. Maybe Lucy would understand; she's bonking a married man herself. Connie just wishes Lucy would be a little less cynical about the whole thing. What Connie wants is...Well, Connie's not quite sure what she wants. And that's exactly the trouble. A novel for every woman juggling the untidy mix of work, romance, sex, and marriage, *Playing Away* shimmers with equal parts comic relief and penetrating insight. As Connie and her brave, silly, colorful friends search for answers along

the precarious paths of love and lust, we glimpse more than a little bit of ourselves. With bold strokes both moving and outrageously funny, Adele Parks has crafted a stunningly revealing portrait of the lives of hip, urban women, poised at the cusp of a millennium.
