Like her mother before her, she searches for dangers that could devastate the isolated towns scattered across the countryside. But the wolves have already encountered those forces. Now, disturbed by the sense of death along the broken cliffs of Ariye, they reach out to one who can help them. Unsuspecting, Nori answers the Grey Ones' call—only to find herself mentally bonded to a half-grown, ferocious wolf. Spies and assassins stalk the scouts and wolfwalkers while a deadly threat, once thought to be contained, spreads across the land. Caught between the wolves and the horror of plague, and with hired hunters at her heels, Nori is hounded deep into the wilderness to begin a journey that must end in victory . . . or death.

**The Wolf Wilder** - Katherine Rundell

*The Silver Wolf* - Alice Borchardt 2002-03-05

In this new historical romantic fantasy of stunning originality and scope, Alice Borchardt breathes life into a bygone age, brilliantly recreating a sensuous, violent world--and the men and women whose grand ambitions, betrayals, and passions shape the era in which they live and die. Decadent Rome at the dawn of the Dark Ages is mired in crumbling grandeur. Now, into the Eternal City comes Regeane, a beautiful young woman distantly related, through her dead mother, to Charlemagne. Regeane's regal blood renders her an unwilling pawn in the struggle for political power. But unknown to those plotting against her, the blood she has inherited from her murdered father makes her much more than a child of royalty. Possessed of preternatural agility and strength, primal memories extending back thousands of years, and senses so keen they can pierce the veil of death itself, Regeane is a shapeshifter: woman and wolf, hunter and hunted. Betrothed by Charlemagne's command to a barbarian lord she has never seen, Regeane is surrounded by enemies. The most notorious, her depraved uncle and guardian, will not scruple to betray her to the Church unless she aids him in his sinister schemes. And if the Church discovers her secret, Regeane will burn at the stake. Yet Regeane finds allies as well: Lucilla, rumored to be the private courtesan of Pope Hadrian himself; Antonius, a wise and gentle soul

trapped within a body grotesquely disfigured by disease; and the little Saxon girl Elfgifa, brave beyond her years, with a tongue as sharp as a blade. Outside the gates of Rome, baying on the moonlit expanses of the Campagna, there is a mysterious dark wolf whose scent makes the animal in Regeane tremble with desire. Now, as an infamous stranger prepares to claim his bride, deadly plots and counter plots tighten like a noose around her neck, Regeane must fight to live with dignity as the proud creature she is: civilized and savage, woman and wolf, partaking of both yet infinitely more than either . . . Lyrical, fast-paced, sensual, and rich with historical detail and deep insights into the heart, *The Silver Wolf* catapults Alice Borchardt squarely into the front rank of contemporary women writers. Her intricate plot and hypnotic voice will cast a spell that few will be able to resist.

Cassandra made a vow, and her husband plans to make her keep it. He has been gentle, but now he will teach her what it means to belong to an alpha wolf. She will obey him or be punished. **The Beauty Myth** - Naomi Wolf 2009-03-17

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however,

writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

**Metaphysical Dog** - Frank Bidart 2014-07-08

National Book Critics Circle Award Winner A

National Book Award Finalist A vital, searching

new collection from one of finest American poets

at work today In "Those Nights," Frank Bidart

writes: "We who could get / somewhere through

/ words through / sex could not." Words and sex,

art and flesh: In Metaphysical Dog, Bidart

explores their nexus. The result stands among

this deeply adventurous poet's most powerful

and achieved work, an emotionally naked, fearlessly candid journey through many of the central axes, the central conflicts, of his life, and ours. Near the end of the book, Bidart writes: In adolescence, you thought your work ancient work: to decipher at last human beings' relation to God. Decipher love. To make what was once whole whole again: or to see why it never should have been thought whole. This "ancient work" reflects what the poet sees as fundamental in human feeling, what psychologists and mystics have called the "hunger for the Absolute"—a hunger as fundamental as any physical hunger. This hunger must confront the elusiveness of the Absolute, our self-deluding, failed glimpses of it. The third section of the book is titled "History is a series of failed revelations." The result is one of the most fascinating and ambitious books of poetry in many years. Vagina - Naomi Wolf 2013

The embarrassment and alienation we often feel when the word 'vagina' comes up in conversation is fairly new. 'An amazing compilation: this book is more than a typical poetry anthology ... Offers a balm, a consolation, a tune, in our desolate world.' - Ilya Kaminsky 'An amazing collection of spiritual verse from many cultures and periods ... There cannot be any other anthology that ranges so widely, and anyone concerned with either poetry or spirituality will want to own a copy.' - John Barton An inspiring new selection of poems exploring faith and the divine, featuring poets from across the world, from antiquity to the present Poets have always looked to the skies for inspiration, and have written as a way of getting closer to the power and beauty they sense in nature, in each other and in the cosmos. This anthology is a holistic and global survey of a lyric conversation about the divine, one which has been ongoing for millennia. Beginning with the earliest attributable author in all of human literature, the twenty-third century BC Sumerian High Priestess Enheduanna, and taking in a constellation of voices - from King David to Lao Tzu, from the Epic of Gilgamesh to the Malian Epic of Sundiata - this selection presents a number of canonical voices like Blake, Dickinson and Tagore, alongside lesser-anthologized diverse voices going up to the present day, that showcase the breathtaking multiplicity of ways humanity has responded to the divine across place and time. These poets' voices commune between millenia, offering readers a chance to experience for themselves the vast and powerful interconnectedness of these incantations orbiting the most elemental of all subjects - our spirit.

[Outrages](#) - Naomi Wolf 2020-10-09

From New York Times bestselling author Naomi Wolf, *Outrages* explores the history of state-sponsored censorship and violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition--a paperback original In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved

and was attracted to men, hastily wrote out a seeming renunciation of the long love poem he'd written to another young man. *Outrages* chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected Symonds and his contemporaries, including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's *Leaves of Grass* was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept trying, stubbornly, to find a way to express his message—that love and sex between men were not “morbid” and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay *A Problem in Modern Ethics* that was secretly shared in his lifetime and would become foundational to our modern understanding of human sexual orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf's *Outrages* is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It is also critically important for what the book has to say about the vital and often courageous

roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With *Outrages*, Wolf brings us the inspiring story of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

**Sisters of the Wolf** - Patricia Miller-Schroeder 2021-08-24  
Can two Ice Age teens separated from their tribes overcome their differences to outwit their pursuer and survive the unforgiving wilds? The climate is changing, game is disappearing, and two peoples of the Ice Age compete for survival in a savage world. Keena, from a powerful band of Neanderthals, and Shinoni, daughter of a Cro-Magnon shaman, are torn from their families by Haken, a ruthless hunter. The girls dislike each other but soon discover they need one another to survive. Together they escape but are pursued by Haken across an Ice Age landscape rumbling

with advancing glaciers and teeming with mighty predators. As Shinoni and Keena work to overcome disaster at every turn, they are joined by Tewa, a powerful she-wolf who becomes their guardian and spirit guide. Can their growing friendship overcome cultural, racial, and even species differences? Will they ever be able to get back to their families? Only the spirits know.

**Pilgrim Bell** - Kaveh Akbar 2021-08-03  
Kaveh Akbar's exquisite, highly anticipated follow-up to *Calling a Wolf a Wolf* With formal virtuosity and ruthless precision, Kaveh Akbar's second collection takes its readers on a spiritual journey of disavowal, fiercely attendant to the presence of divinity where artifacts of self and belonging have been shed. How does one recover from addiction without destroying the self-as-addict? And if living justly in a nation that would see them erased is, too, a kind of self-destruction, what does one do with the body's question, "what now shall I repair?" Here, Akbar responds with prayer as an act of devotion to dissonance—the infinite void of a loved one's absence, the indulgence of austerity, making a life as a Muslim in an Islamophobic nation—teasing the sacred out of silence and stillness. Richly crafted and generous, *Pilgrim Bell*'s linguistic rigor is tuned to the register of this moment and any moment. As the swinging soul crashes into its limits, against the atrocities of the American empire, and through a profoundly human capacity for cruelty and grace, these brilliant poems dare to exist in the empty space where song lives—resonant, revelatory, and holy.

[Space Struck](#) - Paige Lewis 2019-10-08  
This astonishing, self-assured debut leads us on an exploration to the stars and back, begging us to reconsider our boundaries of self, time, space, and knowledge. The speaker writes, "...the universe/is an arrow/without end/and it asks only one question;/How dare you?" Zig-zagging through the realms of nature, science, and religion, one finds St. Francis sighing in the corner of a studio apartment, tides that are caused by millions of oysters "gasping in

unison," an ark filled with women in its stables, and prayers that reach God fastest by balloon. There's pathos: "When my new lover tells me I'm correct to love him, I/realize the sound isn't metal at all. It's not the coins rattling/ on concrete, but the fingers scraping to pick them up." And humor, too: "...even the sun's been sighing Not you again/when it sees me." After reading this far-reaching, inventive collection, we too are startled, space struck, our pockets gloriously "filled with space dust."

"The struggle from late youth on, with and without God, agony, narcotics and love is a torment rarely recorded with such sustained eloquence and passion as you will find in this collection." --Fanny Howe This highly-anticipated debut boldly confronts addiction and courses the

strenuous path of recovery, beginning in the wilds of the mind. Poems confront craving, control, the constant battle of alcoholism and sobriety, and the questioning of the self and its instincts within the context of this never-ending fight. From "Stop Me If You've Heard This One Before" Sometimes you just have to leave whatever's real to you, you have to clomp through fields and kick the caps off all the toadstools. Sometimes you have to march all the way to Galilee or the literal foot of God himself before you realize you've already passed the place where you were supposed to die. I can no longer remember the being afraid, only that it came to an end. Kaveh Akbar is the founding editor of Divedapper. His poems appear recently or soon in The New Yorker, Poetry, APR, Tin House, Ploughshares, PBS NewsHour, and elsewhere. The recipient of a 2016 Ruth Lilly and Dorothy Sargent Rosenberg Fellowship from the Poetry Foundation and the Lucille Medwick Memorial Award from the Poetry Society of America, Akbar was born in Tehran, Iran, and currently lives and teaches in Florida.
