A keyword listing of serial titles currently received by the National Library of Medicine.

**Fondamenti Di Psicologia Dello Sviluppo** - George Butterworth 2012-12-06

Lo scopo della psicologia dello sviluppo è descrivere e spiegare i cambiamenti nel comportamento e nelle attività psicologiche dal periodo prenatale fino alla vecchiaia. Il volume affronta in modo approfondito i principali temi della psicologia dello sviluppo dal periodo prenatale fino alla vecchiaia, esaminandone sia gli aspetti biologici che quelli culturali. Nel testo sono presentate le più importanti teorie dello sviluppo in una prospettiva storica e, in particolare, quelle di Piaget, Vygotskij e Bowlby, che permettono di comprendere gli orientamenti della ricerca contemporanea e forniscono una sintesi moderna rispetto alle radicali posizioni innatiste e ambientaliste. Il testo presenta inoltre recenti ipotesi, sostenute da evidenze sperimentali, che hanno portato a parziali revisioni di queste teorie. Il volume fornisce in tal modo una visione complessiva e aggiornata delle questioni teoriche e metodologiche più rilevanti della psicologia dello sviluppo ed è consigliato per studenti universitari, insegnanti, operatori del settore, genitori e per tutti coloro che sono interessati a questa disciplina. Il curatore di questa edizione ha inoltre apportato integrazioni e adattamenti specifici per il pubblico italiano. A tal fine, sono state anche illustrate recenti ricerche italiane rilevanti per i temi trattati nel testo.

General physics, relativity, astronomy and plasmas - 1993

**Henry of Ghent** - Juan Carlos Flores 2006

The book elucidates Henry of Ghent's philosophical and theological system with special reference to his trinitarian writings. It demonstrates the fundamental role of the Trinity in Henry's philosophy and theology. It also shows how Henry (d. 1293), the most influential theologian of his day at Paris, developed the Augustinian tradition in seminal ways in response to the Aristotelian tradition, especially Thomas Aquinas (d. 1274).

**Relazioni terapeutiche e adolescenti multiproblematici. L'esperienza de «La Rotonda». Con CD-ROM** - Mauro Mariotti 2000

**The Conquest of Malaria** - Frank M. Snowden 2008-10-01

At the outset of the twentieth century, malaria was Italy's major public health problem. It was the cause of low productivity, poverty, and economic backwardness, while it also stunted literacy, limited political participation, and undermined the army. In this book Frank Snowden recounts how Italy became the world center for the development of malariology as a medical discipline and launched the first national campaign to eradicate the disease. Snowden traces the early advances, the setbacks of world wars and Fascist dictatorship, and the final victory against malaria after World War II. He shows how the medical and teaching professions helped educate people in their own self-defense and in the process expanded trade unionism, women's consciousness, and civil liberties. He also discusses the antimalarial effort under

Mussolini's regime and reveals the shocking details of the German army's intentional release of malaria among Italian civilians—the first and only known example of bioterror in twentieth-century Europe. Comprehensive and enlightening, this history offers important lessons for today's global malaria emergency.

9000+ Italian - Chinese Chinese - Italian Vocabulary - Gilad Soffer

**Salve!** - Carla Larese Riga 2011-01-20

SALVE!, Second Edition is a complete introductory Italian program that introduces students to Italian life and culture while furthering their skills to understand and express common words and phrases in Italian. Students are exposed to the vibrant life of modern day Italy and its rich cultural heritage through the Sulla Strada video clips which give your students a taste of everyday life in Italy while providing a wealth of activities in both the text and online. The integration of video, suggestions for music, internet and GoogleEarth searches, and a distinctive focus on Italy's varied regions, make this text essential for anyone interested in learning Italian. Students are invited to talk about their education, family, friends, tastes, leisure activities, their past and their plans for the future, and encourages them to make cross-cultural comparisons and connections from their own life with those of their Italian counterparts. Students will also discover the different Italian regions and their distinctive characteristics. SALVE! is a complete, streamlined program that is highly-effective for courses with a two-semester or reduced hour sequence. The text uses a manageable building block method introducing the structures of the language through an easy-to-understand dialogue and narrative, and by recycling essential vocabulary throughout each chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
