That feeling of belonging remains with readers the rest of their lives—but not everyone regularly sees themselves in the pages of a book. In this timely anthology, Glory Edim brings together original essays by some of our best black women writers to shine a light on how important it is that we all—regardless of gender, race, religion, or ability—have the opportunity to find ourselves in literature. Contributors include Jesmyn Ward (Sing, Unburied, Sing), Lynn Nottage (Sweat), Jacqueline Woodson (Another Brooklyn), Gabourey Sidibe (This Is Just My Face), Morgan Jerkins (This Will Be My Undoing), Tayari Jones

(An American Marriage), Rebecca Walker (Black, White and Jewish), and Barbara Smith (Home Girls: A Black Feminist Anthology) Whether it’s learning about the complexities of femalehood from Zora Neale Hurston and Toni Morrison, finding a new type of love in The Color Purple, or using mythology to craft an alternative black future, the subjects of each essay remind us why we turn to books in times of both struggle and relaxation. As she has done with her book club-turned-online community Well-Read Black Girl, in this anthology Glory Edim has created a space in which black women’s writing and knowledge and life experiences are lifted up, to be shared with all readers who value the power of a story to help us understand the world and ourselves. Love from Boy - Donald Sturrock 2016-09-06

From the author of *The BFG*, *Matilda*, *James and the Giant Peach*, *Willy Wonka and the Chocolate Factory*, and many more beloved classics—a whimsical, witty, and revealing collection of the legendary children's author and writer Roald Dahl's letters written to his mother, from early childhood through Dahl's travels to Africa, his career in the Royal Air Force, his work in post-war Washington, D.C., and Hollywood, and the books that made him a literary star. Roald Dahl penned his first letter to his mother, Sofie Magdalene, when he was just nine years old. The origins of a brilliantly funny, subversive, creative mind were evident in boarding school, and as he

entered adulthood, his penchant for storytelling emerged in his missives home from Africa, where he was stationed by Shell Oil, and then the desert camps of the Royal Air Force. His skills were sharpened after a plane crash in Egypt landed him in Washington, D.C., where his cheery letters home were cover for his work in the British Secret Service, along with gossipy updates on his spontaneous rise in Hollywood and his budding New York literary career. His mother was, in many ways, Dahl's first reader, and without her correspondence he might never have become a writer. Sofie Magdalene kept every letter her son wrote to her (sadly, her own side of the correspondence did not survive). It was she who encouraged him to tell stories and nourished his desire to fabricate, exaggerate, and entertain. In these letters, Dahl began practicing his craft, developing the dark sense of humor and fantastical imagination that would later produce his timeless tales. The author of *James and the Giant Peach*, *Charlie and the*

Chocolate Factory, Matilda, and The BFG, Dahl is known by millions the world over today. But, writing candidly to the person who knew him best, Dahl was as singular a character as any he created on paper. Assembled by Dahl's authorized biographer Donald Sturrock, *Love from Boy* is a remarkable collection of never-before-published writing that spans four decades and chronicles the remarkable, unpredictable life of its author. While Dahl's books remain bestselling favorites for all ages, *Love from Boy* provides an unprecedented glimpse of the author through his own eyes—a life punctuated by tragedy, creative stagnation, unexpected fame, and fantastic adventure.

Roald Dahl's Marvellous Medicine - Tom Solomon 2016

Most people know Roald Dahl as a famous writer of children's books and adult short stories, but few are aware of his fascination with medicine. Right from his earliest days to the end of his life, Dahl was intrigued by what doctors do, and why they do it. During his lifetime, he and his family suffered some terrible medical tragedies: Dahl nearly died when his fighter plane went down in World War II; his son had severe brain injury in an accident; and his daughter died of measles infection of the brain. But he also had some medical triumphs: he dragged himself back to health after the plane crash, despite a skull fracture, back injuries, and blindness; he was

responsible for inventing a medical device (the Wade-Dahl-Till valve) to treat his son's hydrocephalus (water on the brain), and he taught his first wife Patricia to talk again after a devastating stroke. His medical interactions clearly influenced some of his writing - for example the explosive potions in George's Marvellous Medicine. And sometimes his writing impacted on events in his life - for example the research on neuroanatomy he did for his short story William and Mary later helped him design the valve for treating hydrocephalus. In this unique book, Professor Tom Solomon, who looked after Dahl towards the end of his life, examines Dahl's fascination with medicine. Taking examples from Dahl's life, and illustrated with excerpts from his writing, the book uses Dahl's medical interactions as a starting point to explore some extraordinary areas of medical science. Solomon is an award-winning science communicator, and he effortlessly explains the medical concepts underpinning the stories, in

language that everyone can understand. The book is also peppered with anecdotes from Dahl's late night hospital discussions with Solomon, which give new insights into this remarkable man's thinking as his life came to an end.

'Of course I'm a f**king hooligan, you pr**k. I am a hooligan...there I've said it...I'm a hooligan. And, do you know why? Because that's my f**king job.' In 1995, a film called I.D., about an ambitious young copper who was sent undercover to track down the 'generals' of a football hooligan gang, achieved cult status for its sheer brutality and unsettling insight into the dark and often bloody side of the so-called beautiful game. The film was so shocking it was hard to believe the mindless events that took place could ever happen in the real world. Well, believe it now... Almost twenty years on, the man behind the film has explosively revealed that the script was largely a true story. That man, James Bannan, was the ambitious undercover cop. The football club was Millwall F.C. and the gang that he infiltrated was The Bushwackers, among the most brutal and fearless in English football. In *Running with the Firm*, Bannan shares his intense and dangerous journey into the

underworld of football hooliganism where sickening levels of violence prevail over anything else. He introduces you to the hardest thugs from football's most notorious gangs, tells all about the secret and almost comical police operations that were meant to bring them down, and, how once you're on the inside, getting out from the mob proves to be the biggest mission of all. A disturbing but compelling read, this is the book that proves fact really is stranger than fiction.

Reed City Boy - Timothy James Bazzett

2008-02-15

Meet Tim Bazzett, fifty years ago. This book is not so much a memoir as a rambling and luminous letter he is writing to his kids. In it he pays tribute and homage to his parents, to his teachers, and to Reed City, the town that shaped

him. Mining his earliest memories, Bazzett tells of childhood scrapes, homemade toys, playing cowboys and "war" and even comes clean about an embarrassing feat of flatulence in a most unlikely place which became legend in family lore. He takes you along to Indian Lake, where he spent his summers swimming, and to Saturday matinees at the Reed Theater, where he learned homespun values from Gene and Roy. You'll meet the nuns who educated him at St. Philip's School, where he learned to dance and diagram. Early struggles with sex, sin and "Catholic guilt" are given their due, along with a short-lived religious vocation and a stint at the seminary. A "pseudo-farm kid," Bazzett tells too of his trials with cows, chickens, and picking pickles; and of lessons in "animal psychology" learned from his grandfather. His high school years are marred by pimples, dorkiness, and pining for the "popular" girls, but brightened by a few close friends and some minor successes on the basketball court. He loves some of his

Going Solo - Roald Dahl 2012-02-02

In Going Solo, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF.
