The Art of X2 - Timothy Shaner 2003-05-06
Illustrated with over 300 stills and drawings, including the complete screenplay, the only book on the making of the spectacular X-Men 2 and the X-Men film franchise. Outcasts from society, the X-Men are genetic mutants, born with superhuman powers, who harness their special abilities for the greater good. But the human race they fight to protect rejects and fears—even hates—them. Initially realized in the Marvel Comic Book adventures, the first X-Men major feature film was released by Fox in 2000, directed by Bryan Singer, who had previously directed Apt Pupil and The Usual Suspects. Its stunning success—theatrically grossing nearly \$300 million worldwide, and becoming a video and DVD phenomenon—signaled the current wave of comics to film adaptations and guaranteed the sequel, which reunites the principal cast members and the original's key creative team, including director Bryan Singer, cinematographer Newton Thomas Sigel, and production designer Guy Dyas. The new X2 will feature several surprises, including favorite mutant characters from the vast X-Men comics universe, who are new to the film franchise. 300 color illustrations.

Terminator Salvation: From the Ashes - Timothy Zahn 2010-10-06

From *The Ashes*, written by Hugo Award-winning author Timothy Zahn, sets the scene for the events chronicled in the movie *Terminator Salvation*, revealing the full story behind John Connor, the man fated to lead the human resistance against Skynet and its army of Terminators. In post-Judgment Day LA, two lost kids named Kyle and Star keep watch for Terminators; a jaded Marine struggles to keep his rag-tag community together in the face of unrelenting danger; and John and Kate Connor assemble their Resistance team for a brutal assault on a deadly enemy.

L`dopterra 2 - Timothy E. Jorgensen
2017-09-04

"We knew it would be amazing. We thought it could be dangerous. We were not prepared" It's been 5 years since L'Dopterra arrived at the new planet, and its larger sister ship, Titan, has arrived to find that something has gone wrong. There is no beacon broadcasting from the planet and the crew of L'Dopterra is not responding. The powers that be enlist the help of Marcus, an archaeologist who has spent most of his life adventuring through the wastelands back home, and his team to find out what has happened. As the team treks through the unfamiliar and often unfriendly new planet, events will unfold that will alter what they thought they knew about their new home, and possibly bring the new Titan settlement crumbling down. Marcus must find L'Dopterra, salvage whatever he can, and look for answers, and he needs to do it quickly. Time is running out for the people he left behind.

The Reason for God - Timothy Keller
2008-02-14

A New York Times bestseller people can believe in—by "a pioneer of the new urban Christians" (*Christianity Today*) and the "C.S. Lewis for the 21st century" (*Newsweek*). Timothy Keller, the founding pastor of Redeemer Presbyterian Church in New York City, addresses the frequent doubts that skeptics, and even ardent believers, have about religion. Using literature, philosophy, real-life conversations, and potent reasoning, Keller explains how the belief in a Christian God is, in fact, a sound and rational one. To true believers he offers a solid platform on which to stand their ground against the backlash to religion created by the Age of Skepticism. And to skeptics, atheists, and agnostics, he provides a challenging argument for pursuing the reason for God.

Neither Here nor There - Timothy Carson 2019-02-28

Neither Here nor There: The Many Voices of Liminality draws together the expertise, experience, and insights of a coterie of authors, all of whom relate the core concepts of liminality to their unique contexts. The experience of and inquiry into liminal phenomena have developed into a distinct discipline of study which now crosses and informs many areas of thought, including anthropology, sociology, theology, psychology, literature and education. New vistas of interdisciplinary study have opened as a result of sharing the common language and symbol system of liminality. This anthology reflects the current resurgence of liminality and provides a critical source book ideal for individual reflection, study groups, classes and seminars. From the inner workings of spiritual life to large social transformations, liminality now provides a powerful interpretive tool and effective method for spiritual direction, teaching and leadership.
