The Story Of Atlantis - W. Scott-Elliot
2013-11-26

There is not much in mythology that has drawn so much interest than the lost continent of Atlantis. In this book the author, W. Scott-Elliot,

tries to provide a geographical, historical and ethnological sketch of all that was and might have been. He even includes essays on the Lemurian race, their language and life. This is a treasure chest for anybody interested in Atlantis.

Spice Science and Technology - Kenji Hirasa
1998-06-16

Offers concise coverage of spices and herbs from basic science to the most recent developments in spice functions and applications. Introduces a new patterning theory of extensive spice use in various types of food preparations.

A Voyage Towards the South Pole - James Weddell 1825

Regimen Sanitatis Salernitanum - John Ordronaux 2018-10-22

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved,

reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Geishas and the Floating World - Stephen Longstreet 2020-03-24

Geishas and the Floating World returns readers to a lost world of sensuality and seduction, rich with hedonism, abandon, and sexual and personal politics. "Floating World" refers to Japan's traditional Geisha pleasure districts, but also to the artistic and literary worlds associated with them. At the heart of the "Floating World" and the system it supported was an extensive network of talented courtesans and entertainers, typified by the still fascinating, enigmatic Geisha. Stephen and Ethel Longstreet bring the

reader on an in-depth tour of the original and most infamous red-light district in Japan—the Yoshiwara district of old Tokyo that underwent tremendous changes during the more than three centuries of its existence. Beyond the erotic allure the district held, the Yoshiwara also fostered a rich culture and a much studied and revered artistic and literary tradition. This account is adorned with examples of fine woodblock prints and quotations from often bawdy, and always colorful, original sources that offer a gripping portrait of life within the pleasure zone. Geishas and the Floating World balances scholarly insights with a master storyteller's flair for the exploits and intrigues of people operating outside the confines of polite society. Stephen Mansfield's new introduction bridges time, examining gender realities and the Yoshiwara through contemporary eyes, highlighting often overlooked subtleties and the harsh realities associated with this glittering world.

Cortigiana - Pietro Aretino 2003

Choosing Crumble - Michael Rosen 2014

When Terri-Lee goes to the pet-shop she thinks she'll be choosing a dog" she doesn't expect the dog to be choosing her! But Crumble is no ordinary pet and he's got a few questions to ask: How many walks will you take me on? Do you like to dance? Will you tickle me? I like that a lot. Will Terri-Lee's dance moves and answers be enough to convince Crumble that she could be his owner?

Brave New World Revisited - Aldous Huxley
2014-01-01

When Aldous Huxley wrote his famous novel *Brave New World*, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, *Brave New World Revisited* is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally assumed, and provides his own suggestions on how to bring an end to this decadent decline. *Brave New World Revisited* condemns symptoms of modern life such as overpopulation, propaganda and extreme

government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in *Brave New World Revisited* are still startlingly relevant, lending a chilling creditability to Aldous Huxley's unsettling predictions. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library.

Unravelling the Mystery of Salutogenesis -

Monica Eriksson 2007

Sammanfattning (s. 7-8).

Penguin's Progress - Jill Tomlinson 1996-07

The Path to Longevity - Luigi Fontana

2020-02-04

This easy-to-follow, comprehensive book outlines a lifestyle plan that integrates the principles of

nutrition, diet, exercise, brain health and relationships that can help you not only live a long life but also a healthier more fulfilling life. *The Path to Longevity* is a summary of more than 20 years of research, clinical practice and Professor Luigi Fontana's accumulated knowledge on healthy longevity, using an evidence-based approach. Rather than trying to treat sick people with medicine, Professor Luigi Fontana set out to discover how we can avoid the chronic illnesses in our society, and live long, healthy lives.

Girolamo Cardano - Giovanni Aquilecchia 1999

The Likely Resolutions of Oliver Clock - Jane

Riley 2020-02

When a terrible tragedy takes Marie out of Oliver's life but leaves him with her private journal, he discovers too late that she secretly loved him back. Faced now with an empty love life, a family funeral business in trouble, a fast-approaching fortieth birthday and a notebook of

resolutions he's never achieved, Oliver resolves to open himself up to love - and all the mess that comes along with it.

Cacao. Storia, miti e scienza. Salute, bellezza e cucina. Ricette, segreti e sfizi -

Olidea 2006

On the Edge of the Global - Niko Besnier
2011-03-02

This book explores the malaise present in post-colonial Tonga, analyzing the way in which segments of this small-scale society hold on to different understandings of what modernity is, how it should be made relevant to local contexts, and how it should mesh with practices and symbols of tradition.

Resurrection from the Underground - René Girard 2012-01-01

In a fascinating analysis of critical themes in Feodor Dostoevsky's work, René Girard explores the implications of the Russian author's "underground," a site of isolation, alienation,

and resentment. Brilliantly translated, this book is a testament to Girard's remarkable engagement with Dostoevsky's work, through which he discusses numerous aspects of the human condition, including desire, which Girard argues is "triangular" or "mimetic"—copied from models or mediators whose objects of desire become our own. Girard's interdisciplinary approach allows him to shed new light on religion, spirituality, and redemption in Dostoevsky's writing, culminating in a revelatory discussion of the author's spiritual understanding and personal integration. Resurrection is an essential and thought-provoking companion to Dostoevsky's Notes from the Underground.

The Land of Hunger - Piero Camporesi 1996
In this highly original book, Camporesi explores the two worlds of feast and famine in early modern Europe. Camporesi brings together a mosaic of images from Italian folklore: phantasmagoric processions of giants,

pigs, vagabonds, down-trodden rogues, charlatans and beggars in rags. He reconstructs a world inhabited by the strange forces of peasant culture, and describes the various rituals - carnivals, festivities, competitions and funerals - in which food played a central role. Camporesi's description alternates between the lives of the "haves" and the "have-nots". He moves from the starving underworld of "criminalized poverty", where people were forced to develop the art of living at the expense of others simply in order to survive, to the gastronomic culture of the well-fed, with their excessive eating habits, oily foods and colourful table manners. "The Land of Hunger" is a graphic and engaging journey into the folk culture of early modern Europe. It will consolidate Camporesi's reputation as one of the most original and imaginative historians of our time.

A History of Florence, 1200 - 1575 - John M. Najemy 2008-04-15

In this history of Florence, distinguished historian John Najemy discusses all the major developments in Florentine history from 1200 to 1575. Captures Florence's transformation from a medieval commune into an aristocratic republic, territorial state, and monarchy Weaves together intellectual, cultural, social, economic, religious, and political developments Academically rigorous yet accessible and appealing to the general reader Likely to become the standard work on Renaissance Florence for years to come
Surface Anatomy - E-Book - John S. P. Lumley 2008-06-11

This innovative and highly praised book describes the visible and palpable anatomy that forms the basis of clinical examination. The first chapter considers the anatomical terms needed for precise description of the parts of the body

and movements from the anatomical positions. The remaining chapters are regionally organised and colour photographs demonstrate visible anatomy. Many of the photographs are reproduced with numbered overlays, indicating structures that can be seen, felt, moved or listened to. The surface markings of deeper structures are indicated together with common sites for injection of local anaesthetic, accessing blood vessels, biopsying organs and making incisions. The accompanying text describes the anatomical features of the illustrated structures. Over 250 colour photographs with accompanying line drawings to indicate the position of major structures. The seven regionally organised chapters cover all areas of male and female anatomy. The text is closely aligned with the illustrations and highlights the relevance for the clinical examination of a patient. Includes appropriate radiological images to aid understanding. All line drawings now presented in colour to add clarity and

improve the visual interpretation. Includes 20 new illustrations of palpable and visible anatomy. Revised text now more closely tied in with the text and with increasing emphasis on clinical examination of the body.

The Path to Longevity - Luigi Fontana
2020-04-01

This easy-to-follow, comprehensive book outlines a lifestyle plan that integrates the principles of nutrition, diet, exercise, brain health and relationships that can help you not only live a long life but also a healthier more fulfilling life. *The Path to Longevity* is a summary of more than 20 years of research, clinical practice and Luigi Fontana's accumulated knowledge on healthy longevity, using an evidence-based approach. Rather than trying to treat sick people with medicine, Professor Luigi Fontana set out to discover how we can avoid the chronic illnesses in our society, and live long, healthy and happier lives.

Panorama - 2002-12

Aspects of Knowledge - Marilina Cesario 2018

This edited collection explores how knowledge was preserved and reinvented in the Middle Ages. Rather than focusing on a historical period or specific cultural and historical events, it eschews traditional categories of periodisation and discipline, establishing connections and cross-sections between different departments of knowledge. The essays cover the period from the eighth to the fifteenth centuries, examining the history of science (computus, prognostication), the history of art, literature, theology (homilies, prayers, hagiography, contemplative texts), music, historiography and geography. Aspects of knowledge is aimed at an academic readership, including advanced undergraduate and postgraduate students, as well as specialists in medieval literature, history of science, history of knowledge, geography, theology, music, philosophy, intellectual history, history of language and material culture.

Geisha - Lesley Downer 2001

Ever since Westerners arrived in Japan, we have been intrigued by geisha. This fascination has spawned a wealth of fictional creations from Madame Butterfly to Arthur Golden's Memoirs of a Geisha. The reality of the geisha's existence has rarely been described. Contrary to popular opinion, geisha are not prostitutes but literally arts people. Their accomplishments might include singing, dancing or playing a musical instrument but, above all, they are masters of the art of conversation, soothing worries of highly paid businessmen who can afford their attentions. The real secret history of the geisha is explored here.

The Novellino of Masuccio - Edward Robert Hughes 2017-05

The Novellino of Masuccio is an unchanged, high-quality reprint of the original edition of

1895. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Dagon - H. P. Lovecraft 2020-09-02

The man is addicted to morphine, and can think of nothing but death. Only morphine has made his life barely tolerable. He is in this fragile mental state because of the things that happened in the past; because of the things he was forced to encounter. During the First World War he ended up alone on an island - an island that was pure horror. 'Dagon' is a horror short story written by H. P. Lovecraft. It was first published in 1917. H.P. Lovecraft (1890-1937)

was an American horror writer. His best known works include 'The Call of Cthulhu' and 'the Mountains of Madness'. Most of his work was originally published in pulp magazines, and Lovecraft rose into fame only after his death at the age of 46. He has had a great influence in both horror and science fiction genres.

Rogue Economics - Loretta Napoleoni
2011-01-04

What do Eastern Europe's booming sex trade, America's subprime mortgage lending scandal, China's fake goods industry, and celebrity philanthropy in Africa have in common? With biopirates trolling the blood industry, fish-farming bandits ravaging the high seas, pornography developing virtually in Second Life, and games like World of Warcraft spawning online sweatshops, how are rogue industries transmuting into global empires? And will the entire system be transformed by the advent of sharia economics? With the precision of an economist and the narrative deftness of a

storyteller, syndicated journalist Loretta Napoleoni examines how the world is being reshaped by dark economic forces, creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism. Napoleoni reveals the architecture of our world, and in doing so provides fresh insight into many of the most insoluble problems of our era.

[The Black Book of Speaking Fluent English: The Quickest Way to Improve Your Spoken English](#) - Christopher Hill 2020-01-13

In the world we are living in, English has become the common language that people from different countries and cultures can use to communicate with one another. There are many reasons why people would want to learn English, but for a lot of them; It is work-related. Most large companies around the world require their employees to speak English. In some cases, these companies are requiring their workers to only use English at the workplace. English has

also been referred to as “the language of business”. If you have ambitions to become an international businessman or to work at some bigger companies, it’s almost essential that you’re able to speak English fluently. From The Intermediate Level to The Advanced Level From my years of teaching, I am confident to say that it is easy for an English learner to go from a beginner English level to an intermediate English level. However, it takes more time to go from an Intermediate level to an advanced English level. A lot of students have studied English for years but still aren’t able to speak English on an advanced level. They have tried many methods, attending classes, learning how to pronounce every single word and even getting a private English tutor to improve their spoken English, yet they still have a hard time pronouncing English words correctly or feeling too nervous to speak. The Best Proven Way to Learn and Speak English In this book, Christopher Hill, “THE INTERNATIONAL ESL

PROFESSOR " (with 20+ years of experience) will show you powerful unique ways to rapidly improve your spoken English. With topics you already have interest in, you will find out how easy and effortless to learn and speak fluent English. This effective method is simple, yet powerful. You will be able to learn and improve your spoken English 3 to 5 times faster compared to the traditional way of learning. Inside This Black Book, You will Discover: - The 3 Golden Rules of Speaking Fluent English - The Power of Immersion - The Process of Shadowing - How Intensive Listening works - The Best Accent Reduction Techniques - Bonus Guide: The Secret Method to Become Super Fluent in 21 Days How do you know this book is for me? This book is for busy Intermediate students who wish to get to the Advanced English Level. If you can understand 60-80% of an English speaking movie and understand what you are reading so far, you have found the right book. Stop Using Ineffective Ways to Learn and Speak English.

When you are using proper methods to learn, you'll find that improving English is effortless. Learn and adopt these Proven techniques, tips, and many more secrets revealed in this black book. Don't Learn Using The Old-fashioned Way. Get a Copy of "The Black Book of Speaking Fluent English" and Start Speaking Fluent English :)

America's Geisha Ally - Naoko Shibusawa
2010-01-01

During World War II, Japan was vilified by America as our hated enemy in the East. Though we distinguished "good Germans" from the Nazis, we condemned all Japanese indiscriminately as fanatics and savages. As the Cold War heated up, however, the U.S. government decided to make Japan its bulwark against communism in Asia. But how was the American public made to accept an alliance with Japan so soon after the "Japs" had been demonized as subhuman, bucktoothed apes with Coke-bottle glasses? In this revelatory work,

Naoko Shibusawa charts the remarkable reversal from hated enemy to valuable ally that occurred in the two decades after the war. While General MacArthur's Occupation Forces pursued our nation's strategic goals in Japan, liberal American politicians, journalists, and filmmakers pursued an equally essential, though long-unrecognized, goal: the dissemination of a new and palatable image of the Japanese among the American public. With extensive research, from Occupation memoirs to military records, from court documents to Hollywood films, and from charity initiatives to newspaper and magazine articles, Shibusawa demonstrates how the evil enemy was rendered as a feminized, submissive nation, as an immature youth that needed America's benevolent hand to guide it toward democracy. Interestingly, Shibusawa reveals how this obsession with race, gender, and maturity reflected America's own anxieties about race relations and equity between the sexes in the postwar world. America's Geisha Ally is an

exploration of how belligerents reconcile themselves in the wake of war, but also offers insight into how a new superpower adjusts to its role as the world's preeminent force.

The Festival - H. P. Lovecraft 2021-02-24

It is the time to celebrate Yuletide - a festival that ancient Germanic people celebrated during the darkest times of the year. A man returns to his home town to share this special day of celebration with his relatives. But there is no regular festival waiting for him - instead he is about to meet something terrifying... Yuletide is not, after all, that similar to Christmas - it was believed that supernatural forces were particularly strong during that time of the year. H.P. Lovecraft (1890-1937) was an American horror writer. His best known works include 'The Call of Cthulhu' and 'the Mountains of Madness'. Most of his work was originally published in pulp magazines, and Lovecraft rose into fame only after his death at the age of 46. He has had a great influence in both horror and

science fiction genres.

The Gift - Marcel Mauss 2002-09-10

First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

The Japanese - Christopher Harding

2023-01-26

From the acclaimed author of Japan Story, this is the history of Japan, distilled into the stories of twenty remarkable individuals. The vivid and entertaining portraits in Chris Harding's

enormously enjoyable new book take the reader from the earliest written accounts of Japan right through to the life of the current empress, Masako. We encounter shamans and warlords, poets and revolutionaries, scientists, artists and adventurers - each offering insights of their own into this extraordinary place. For anyone new to Japan, this book is the ideal introduction. For anyone already deeply involved with it, this is a book filled with surprises and pleasures.
