Journey of Awakening - Ram Dass 2012-01-04

Find the practice that's right for you with this exploration of the many paths of meditation—from mantra, prayer, singing, visualizations, and “just sitting” to movement meditations such as tai chi “Everyone has experienced a moment of pure awareness. A moment without thinking ‘I am aware’ or ‘that is a tree.’ Such moments bring a sense of rightness, of clarity, of being at one. Such moments are the essence of meditation.”—Ram Dass Ram Dass is an American psychologist and spiritual teacher who has studied and practiced meditation for many years. Here he shares his understanding and suggests how you can find methods suitable for you. He illuminates the stages and benefits of meditative practice, and provides wise and often humorous advice on overcoming difficulties along the way.

Criticizing Photographs - Terry Barrett 2020-11-30

Emphasizing the understanding of images and their influences on how they affect our attitudes, beliefs, and

actions, this fully updated sixth edition offers consequential ways of looking at images from the perspectives of photographers, critics, theoreticians, historians, curators, and editors. It invites informed conversations about meanings and implications of images, providing multiple and sometimes conflicting answers to questions such as: What are photographs? Should they be called art? Are they ethical? What are their implications for self, society, and the world? From showing how critics verbalize what they see in images and how they persuade us to see similarly, to dealing with what different photographs might mean, the book posits that some interpretations are better than others and explains how to deliberate among competing interpretations. It looks at how the worth of photographs is judged aesthetically and socially, offering samples and practical considerations for both studio critiques for artists and professional criticism for public audiences. This book is a clear and accessible guide for students of art history, photography and criticism, as well as anyone interested in carefully looking at and talking about photographs and their effects on the world in which we live.
