

King Alfred The Great

This is likewise one of the factors by obtaining the soft documents of this **King Alfred The Great** by online. You might not require more era to spend to go to the books launch as well as search for them. In some cases, you likewise get not discover the declaration King Alfred The Great that you are looking for. It will extremely squander the time.

However below, bearing in mind you visit this web page, it will be for that reason unconditionally easy to get as without difficulty as download guide King Alfred The Great

It will not allow many era as we run by before. You can realize it while ham it up something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we present below as without difficulty as review **King Alfred The Great** what you like to read!

[History of King Alfred the Great of England](#) - J. Abbott 1850

The Life and Times of Alfred the Great - John Allen Giles 1848

The Kingdom of the Anglo-Saxons: The Wars of King Alfred 865-899 - Paul Hill 2022-05-30

In this compelling military and political history of the Anglo-Saxon kingdom, Paul Hill explores England's birth amidst the devastation and fury of the Danish invasions of the ninth century. He provides insight into the English response to the new challenges of warfare in these years of turbulence and danger. Alfred the Great, youngest son of King Æthelwulf, took control of the last surviving Anglo-Saxon kingdom, bringing Wessex and the 'English' parts of Mercia together into a new 'Kingdom of the Anglo-Saxons'. This is a story of betrayal and of vengeance, of turncoat oath-breakers and loyal commanders, of battles fought and won against the odds. But above all, this is the story of how England came into being. Warfare in Alfred's England changed from attritional set-piece battles to a grander strategic concern. This is explored, demonstrating how defense-in-depth fortification networks were built across the resurgent kingdom in the wake of Alfred's victory at Edington in 878. The arrival of new Danish armies into England in the 890s would lead to campaigns quite unlike those of the Great Heathen Army of the previous generation. This is a human, as well as a military story: how a king demonstrated his right to rule was important. Alfred sought to secure the succession on his son Edward, who led his own forces as a young man in the 890s. But not everybody was happy in Alfred's England. Despite the ever-present threat from the Danes, the greatest challenge facing Alfred arose from his own kin, centered deep in the heart of ancient Wessex. Alfred knew very well that his was not the only branch of the family who claimed a right to rule.

The Legal Code of Ælfred the Great - Great Britain 1893

Alfred the Great - Richard Philip Abels 1998

During his reign (871-899), King Alfred revolutionized the governance of Wessex, advancing the process that would end in the creation of the kingdom of England. This book offers an analysis of Alfred's achievement.

The Golden Dragon - Alf J. Mapp Jr. 2014-08-18

King Alfred. Everybody knows that he is called "the Great," but few remember why. Forgetfulness is strange, for few men have led lives so full of physical, mental, and spiritual adventure, or influenced in so many ways the lives of people in every part of the globe. The Golden Dragon is his fascinating and moving story, told afresh with the aid of recent archaeological evidence and research in four languages. Alfred's achievements have melted cynicism. Gibbon called him "the greatest of English kings"; Hume, "the greatest man in history." Voltaire declared, "I know not whether there has ever been a man on earth worthier of posterity's respect." When his kingdom was reduced to thirty acres, he fought back with such courage and genius that he expelled the Viking invaders and made possible the saving of Western civilization. His list of accomplishments is amazing: transcendent diplomat, Europe's greatest naval designer, notable architect, law giver, founder of the oldest literary tradition in the Occident, originator of a system of public education, and producer of translations that have endured a thousand years. The author's research led him to the conclusion that the ninth-century English king was the superior of Charlemagne in almost every respect, and indeed was one of the greatest geniuses Western civilization has ever produced. Alfred's courage, faith, and temperance are enduring examples for modern men.

The Viking Wars of Alfred the Great - Paul Hill 2008-09-18

In the spring of 878 at the Battle of Edington the tide of English history turned. Alfred's decisive defeat of Guthrum the Dane freed much of the south and west of England from Danish control and brought to a halt Guthrum's assault on Alfred's Wessex. The battle was the culmination of a long period of preparation by Alfred in the wilderness - a victory snatched from the jaws of catastrophic defeat. As such, this momentous turning point around which an entire nation's future pivoted, has given rise to legends and misconceptions that persist to the present day. Paul Hill, in this stimulating and meticulously researched study, brings together the evidence of the medieval chronicles and the latest historical and archaeological research to follow the struggle as it swung across southern England in the ninth century. He dispels the myths that have grown up around this critical period in English history, and he looks at Alfred's war against the Vikings with modern eyes.

Pastoral Care - Pope Gregory I 2022-01-04

Pastoral Care, or The Book of the Pastoral Rule, is a treatise on the responsibilities of the clergy written by Pope Gregory I in which he contrasted the role of bishops as pastors of their flock with their position as nobles of the church: the definitive statement of the nature of the episcopal office. Gregory enjoined parish priests to possess strict personal, intellectual and moral standards which were considered, in certain quarters, to be unrealistic and beyond ordinary capacities. The influence of the book, however, was vast and became one of the most influential works on the topic ever written. It was translated and distributed to every bishop within the Byzantine Empire.

King Alfred the Great - Lawrence du Garde Peach 1982-03

[The White Horse King](#) - Benjamin R. Merkle 2009-11-02

The unlikely king who saved England. Down swept the Vikings from the frigid North. Across the English coastlands and countryside they raided, torched, murdered, and destroyed all in their path. Farmers, monks, and soldiers all fell bloody under the Viking sword, hammer, and axe. Then, when the hour was most desperate, came an unlikely hero. King Alfred rallied the battered and bedraggled kingdoms of Britain and after decades of plotting, praying, and persisting, finally triumphed over the invaders. Alfred's victory reverberates to this day: He sparked a literary renaissance, restructured Britain's roadways, revised the legal codes, and revived Christian learning and worship. It was Alfred's accomplishments that laid the groundwork for Britain's later glories and triumphs in literature, liturgy, and liberty. "Ben Merkle tells the sort of mythic adventure story that stirs the imagination and races the heart?and all the more so knowing that it is altogether true!" ?George Grant, author of The Last Crusader and The Blood of the Moon

Alfred the Great - Justin Pollard 2006-06-29

In an era darkened by the terror of Viking invasions, England's first and greatest king was a beacon of light. "This is the story of England's birth. A great story, beautifully told." (Bernard Cornwell, author of The Pale Horseman) Alfred was England's first king, and his rule spanned troubled times. As his shores sat under constant threat from Viking marauders, his life was similarly imperiled by conspiracies in his own court. He was an extraordinary character?a soldier, scholar, and statesman like no other in English history?and out of adversity he forged a new kind of nation. Justin Pollard's enthralling account strips back centuries of myth to reveal the individual behind the legend. He offers a radical new interpretation of what inspired Alfred to create England and how it has colored the nation's history to the present day. Justin Pollard, a Cambridge-educated archaeologist, is a documentary filmmaker and the author of Seven Ages of Britain.

[The Political Thought of King Alfred the Great](#) - David Pratt 2007-05-31

This book is a comprehensive study of political thought at the court of

King Alfred the Great (871–99). It explains the extraordinary burst of royal learned activity focused on inventive translations from Latin into Old English attributed to Alfred's own authorship. A full exploration of context establishes these texts as part of a single discourse which placed Alfred himself at the heart of all rightful power and authority. A major theme is the relevance of Frankish and other European experiences, as sources of expertise and shared concerns, and for important contrasts with Alfredian thought and behaviour. Part I assesses Alfred's rule against West Saxon structures, showing the centrality of the royal household in the operation of power. Part II offers an intimate analysis of the royal texts, developing far-reaching implications for Alfredian kingship, communication and court culture. Comparative in approach, the book places Alfred's reign at the forefront of wider European trends in aristocratic life.

'England's Darling' - Joanne Parker 2014-05-07

During the last two decades, numerous studies have been devoted to the Victorian fascination with King Arthur. However, the figure of King Alfred has received almost no attention. For much of the nineteenth century, Alfred was as important as Arthur in the British popular imagination. A pervasive cult of the king developed which included the erection of at least four public statues, the completion of more than twenty-five paintings, and the publication of over a hundred texts, by authors ranging from Wordsworth to minor women writers. By 1852, J.A. Froude could describe Alfred's life as 'the favourite story in English nurseries'; in 1901, a national holiday marked the thousandth anniversary of his death, organised by a committee including Edward Burne Jones, Arthur Conan Doyle and Thomas Hughes. 'England's Darling' sets out to answer the questions that must arise in the face of such nineteenth-century enthusiasm for a long-dead king. It addresses a genuine gap in the literature on Victorian medievalism in particular and cultural history in general and argues that knowledge of the cult of Alfred is crucial to understanding the Victorian cultural map. The book examines the ways in which Alfred was rewritten by nineteenth-century authors and artists, and asks how beliefs about the Saxon king's reign and achievements related to nineteenth-century ideals about leadership, law, religion, commerce, education and the Empire. The book concludes by addressing the most interesting enigma in Alfred's reception history: why is the king no longer 'England's darling'? A fascinating study that will be enjoyed by scholars of history, cultural history, literature and art history.

The Whole Works of King Alfred the Great - Alfred (King of England) 1969

Asser's Life of King Alfred - John Asser 1908

King Alfred - David Horspool 2006

Horspool sees Alfred as inextricably linked to the legends and stories that surround him, and rather than attempting to separate the myth from the reality, he explores how both came together to provide a historical figure that was all things to all men.

Saxons vs. Vikings - Ed West 2017-08-08

A witty and concise look at the beginnings of English history, when the nation consolidated after clashes between the Saxons and invading Vikings. In 871, three of England's four kingdoms were overrun by Vikings, the ruthless, all-conquering Scandinavian raiders who terrorized early medieval Europe. With the Norsemen murdering one king with arrows and torturing another to death by ripping out his lungs, the prospects that faced the kingdom of Wessex were bleak. Worse still, the Saxons were now led by a young man barely out of his teens who was more interested in God than fighting. Yet within a decade Alfred—the only English king known as the Great—had driven the Vikings out of half of England, and his children and grandchildren would unite the country a few years later. This period, popular with fans of television shows such as *Vikings* and *The Last Kingdom*, saw the creation of England as a nation-state, with Alfred laying down the first national law code, establishing an education system and building cities. *Saxons vs. Vikings* also covers the period before Alfred, including ancient Britain, the Roman occupation, and the Dark Ages, explaining important historical episodes such as Boudicca, King Arthur, and Beowulf. Perfect for newcomers to the subject, this is the second title in the new *A Very, Very Short History of England* series. If you're trying to understand England and its history in the most informative and entertaining way possible, this is the place to start.

The Anglo-Saxon Chronicle - Rev. James Ingram

Alfred the Great - Asser

The Political Thought of King Alfred the Great - David Pratt 2010-01-14
This book is a comprehensive study of political thought at the court of King Alfred the Great (871-99). It explains the extraordinary burst of royal learned activity focused on inventive translations from Latin into Old English attributed to Alfred's own authorship. A full exploration of context establishes these texts as part of a single discourse which placed Alfred himself at the heart of all rightful power and authority. A major theme is the relevance of Frankish and other European experiences, as sources of expertise and shared concerns, and for important contrasts with Alfredian thought and behaviour. Alfred the Great - 1984-01-03

This comprehensive collection includes Asser's *Life of Alfred*, extracts from *The Anglo-Saxon Chronicle*, and Alfred's own writings, laws, and will. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Ballad of the White Horse - G. K. Chesterton 2015-04-20

The Ballad of the White Horse is a poem by G. K. Chesterton about the idealized exploits of the Saxon King Alfred the Great. Written in ballad form, the work is usually considered one of the last great traditional epic poems ever written in the English language. The poem narrates how Alfred was able to defeat the invading Danes at the Battle of Ethandun under the auspices of God working through the agency of the Virgin Mary. In addition to being a narration of Alfred's military and political accomplishments, it is also considered a Catholic allegory. Chesterton incorporates a significant amount of philosophy into the basic structure of the story. Aeterna Press

The Life and Times of Alfred the Great - Charles Plummer 1902

King Alfred's Book of Laws - Todd Preston 2014-01-10

During the early Middle Ages, King Alfred (reigned 871–99) gained fame as the ruler who brought learning back to England after decades of Viking invasion. Although analysis of Alfred's canon typically focuses on his religious and philosophical texts, his relatively overlooked law code, or *Domboc*, reveals much about his rule, and how he was perceived in subsequent centuries. Joining major voices in the fields of early English law and literature, this exploration of King Alfred's influential text traces its evolution from its 9th century origins to reappearances in the 11th, 12th, and 16th centuries. Alfred's use of the vernacular and representation of secular practices, this work contends, made the *Domboc* an ideal text for establishing a particularly "English" national identity.

Alfred the Great - Beatrice Adelaide Lees 1915

The Viking Wars: War and Peace in King Alfred's Britain: 789–955 - Max Adams 2018-08-07

A history of Britain in the violent and unruly era between the first Scandinavian raids in 789 and the final expulsion of the Vikings from York in 954. In 865, a great Viking army landed in East Anglia, precipitating a series of wars that would last until the middle of the following century. It was in this time of crisis that the modern kingdoms of Britain were born. In their responses to the Viking threat, these kingdoms forged their identities as hybrid cultures: vibrant and entrepreneurial peoples adapting to instability and opportunity. Traditionally, Alfred the Great is cast as the central player in the story of Viking Age Britain. But Max Adams, while stressing the genius of Alfred as war leader, law-giver, and forger of the English nation, has a more nuanced narrative approach to this conventional version of history. The Britain encountered by the Scandinavians of the ninth and tenth centuries was one of regional diversity and self-conscious cultural identities, depicted in glorious narrative fashion in *The Viking Wars*.

In Search of Alfred the Great - Edoardo Albert 2014-08-15

The fascinating story of one of England's most famous monarchs, Alfred

the Great, from his birth to the discovery of a piece of his pelvis in a cardboard box in a museum in Winchester

The Whole Works of King Alfred the Great - Alfred (King of England) 1852

King Alfred of England - Jacob Abbott 2019-06-14

King Alfred the Great was King of Wessex from 871 to 899. Alfred successfully defended his kingdom against the Viking attempt at conquest, and by the time of his death had become the dominant ruler in England. He is the only English monarch to be accorded the epithet "the Great". Alfred was the first King of the West Saxons to style himself "King of the Anglo-Saxons". Details of Alfred's life are described in a work by the 10th century Welsh scholar and bishop Asser. Alfred's reputation has been that of a learned and merciful man who encouraged education and improved his kingdom's legal system, military structure and his people's quality of life.

Alfred the Great - Jacob Abbott 1901

Alfred the Great - Richard Abels 2013-11-26

This biography of Alfred the Great, king of the West Saxons (871-899), combines a sensitive reading of the primary sources with a careful evaluation of the most recent scholarly research on the history and archaeology of ninth-century England. Alfred emerges from the pages of this biography as a great warlord, an effective and inventive ruler, and a passionate scholar whose piety and intellectual curiosity led him to sponsor a cultural and spiritual renaissance. Alfred's victories on the battlefield and his sweeping administrative innovations not only preserved his native Wessex from viking conquest, but began the process of political consolidation that would culminate in the creation of the kingdom of England. Alfred the Great: War, Kingship and Culture in Anglo-Saxon England strips away the varnish of later interpretations to recover the historical Alfred—pragmatic, generous, brutal, pious, scholarly within the context of his own age.

The White Horse King - Benjamin R. Merkle 2009-11-02

The unlikely king who saved England. Down swept the Vikings from the frigid North. Across the English coastlands and countryside they raided, torched, murdered, and destroyed all in their path. Farmers, monks, and soldiers all fell bloody under the Viking sword, hammer, and axe. Then, when the hour was most desperate, came an unlikely hero. Alfred the Great - 1969

Alfred the Great - Eleanor Shipley Duckett 2014-12-10

From the author of *The Gateway to the Middle Ages*, "a fascinating portrait of an enlightened monarch against a background of darkness and ignorance" (Kirkus Reviews). Filled with drama and action, here is the story of the ninth-century life and times of Alfred—warrior, conqueror, lawmaker, scholar, and the only king whom England has ever called "The Great." Based on up-to-date information on ninth-century history, geography, philosophy, literature, and social life, it vividly presents exciting views of Alfred in every stage of his long career and leaves the reader with a sharply etched picture of the world of the Middle Ages

The Whole Works of King Alfred the Great - Alfred (King of England) 2015-08-12
