The Confessions Of A Concubine - Roberta Mezzabarba 2021-12-31

One day you will be happy, but first life will teach you how to be strongA powerful novel, charged with strong emotions, with a cadenced rhythm. A story of domestic violence, of psychological abuse that will grab you in the gut. Mysia, a young woman, and her monochromatic life that step by step will become increasingly tinged with black, a black that knows sadness, fear, mourning. And in an escalation of violence, when the situation seems to become irreparable, impossible to bear, it will seem as if there is only one solution... But life is sometimes able to surprise us, and although this will not represent a fair reward for the wrongs suffered, perhaps over time it will be able to mitigate the memories, cushioning sharp edges and opening an un hoped-for glimmer of light. Every one of us deserves a life in color, deserves to finally be the architect of our own destiny, without succumbing any longer, to finally be free to love, to love each other.

Piero Fornasetti - Patrick Mauriès 2015

Piero Fornasetti was a master of the decorative imagination. His motifs conjure up the illusionism of Arcimboldo, the grand architectural fantasies of Piranesi and Palladio, and something of the wit of Pirandello or even Picasso. Fornasetti_s decorations transform furniture, created in collaboration with Gio Ponti, into art objects touched by trompe l_oeil humour. His designs endure in an astonishing variety of forms: chairs, desks, screens, pianos, plates, masks and other objects all present the artist_s timeless vocabulary. Fornasetti_s endless invention is celebrated here in a book published to coincide with a major retrospective exhibition in Paris. His visual puns and decorative devices are set out in the context of his paintings, little considered until now. Bibliophilia occupies centre stage, with graphic schemes, designs for

imaginary libraries and bookcases set in ironic interiors. The book gathers a plentiful array of his famous Themes and Variations, a series of plate designs drawing on over 500 variations on the face of a famous operatic beauty. A full chronology of Fornasetti_s life and work accompanies the text.

NAMED A BEST BOOK OF THE YEAR BY BOOKPAGE AND LIBRARY JOURNAL The Crimson Petal and the White meets Fight Club: A page-turning novel set in the world of female pugilists and their patrons in late eighteenth-century England. Moving from a filthy brothel to a fine manor house, from the world of street fighters to the world of champions, The Fair Fight is a vivid, propulsive historical novel announcing the arrival of a dynamic new talent. Born in a brothel, Ruth doesn't expect much for herself beyond abuse. While her sister's beauty affords a certain degree of comfort, Ruth's harsh looks set her on a path of

drudgery. That is until she meets pugilist patron George Dryer and discovers her true calling—fighting bare knuckles in the prize rings of Bristol. Manor-born Charlotte has a different cross to bear. Scarred by smallpox, stifled by her social and romantic options, and trapped in twisted power games with her wastrel brother, she is desperate for an escape. After a disastrous, life-changing fight sidelines Ruth, the two women meet, and it alters the perspectives of both of them. When Charlotte presents Ruth with an extraordinary proposition, Ruth pushes dainty Charlotte to enter the ring herself and learn the power of her own strength. "Il" Diavolletto - Tito Dellaberrenga 1860

Vienna - Nicholas Parsons 2008-12-16

From border garrison of the Roman Empire to magnificent Baroque seat of the Hapsburgs, Vienna's fortunes swung between survival and expansion. By the late nineteenth century it had become the western capital of the sprawling Austro-Hungarian Monarchy, but the twentieth century saw it degraded to a 'hydrocephalus' cut off from its former economic hinterland. After the inglorious Nazi interlude, Vienna began the long climb back to the prosperous and cultivated city of 1.7 million inhabitants that it is today. Subjected to constant infusions of new, Vienna has both assimilated and resisted cultural influences from outside, creating its own sui generis culture.

Revaluing Renaissance Art - Gabriele Neher 2017-11-22

This title was first published in 2000: Michelangelo gave his painting of "Leda and the Swan" to an apprentice rather than hand it over to the emissary of the Duke of Ferrar, who had commissioned it. He was apparently disgusted by the failure of the emissary - who was probably more used to buying pigs than discussing art - to accord the picture and the artist the value they deserved. Any discussion of works of art and material culture implicitly assigns them a set of values. Whether these values be monetary, cultural or religious, they tend to constrict the ways in which such works can be discussed. The variety of potential forms of valuation becomes particularly apparent during the Italian Renaissance, when relations between the visual arts and humanistic studies were undergoing rapid changes against an equally fluid social, economic and political background. In this volume, 13 scholars explicitly examine some of the complex ways in which a variety of values might be associated with Italian Renaissance material culture. Papers range from a consideration of the basic values of the materials employed by artists, to the manifestation of cultural values in attitudes to dress and domestic devotion. By illuminating some of the ways in which values were constructed, they provide a broader context within which to evaluate Renaissance material culture.

Frida Kahlo - Diego Sileo 2018-02

* Analyzes the art of Frida Kahlo and incorporates the most up-to-date research available on the work of the artist* Published to accompany an exhibition at the MUDEC in Milan, from February to June 2018Frida Kahlo, a truly extraordinary woman who captured the public's imagination with her iconic look, troubled life and exotic air, is first and foremost a great painter. This exhibition and accompanying catalogue aim to free her work from the haze of myth and the frustrating limits of private life in order to grant her the position she deserves within the history of art. Oil paintings, drawings, watercolors, letters and photographs explore the complex historical and cultural context of Kahlo's work, examining its explicit

realism as well as its disturbing ambiguity, its dramatic content as well as its irony, and not least, the exuberant sensuality of her still lifes. Organized by theme in several large chapters, the catalogue analyses the art of Frida Kahlo, revealing its uncompromising political nature, audacious use of the body, macabre, violent aesthetic, and symbolic and symbiotic interaction with the natural environment of Mexico in the early 1900s. The catalogue represents the most up-to-date text available on the work of one of the most celebrated and beloved artists of all time.

Threads of Life - Clare Hunter 2019-10-15

This globe-spanning history of sewing and embroidery, culture and protest, is "an astonishing feat . . . richly textured and moving" (The Sunday Times, UK). In 1970s Argentina, mothers marched in headscarves embroidered with the names of their "disappeared" children. In Tudor, England, when Mary, Queen of Scots, was under house arrest, her needlework carried her messages to the outside world. From the political propaganda of the Bayeux Tapestry, World War I soldiers coping with PTSD, and the maps sewn by schoolgirls in the New World, to the AIDS quilt, Hmong story clothes, and pink pussyhats, women and men have used the language of sewing to make their voices heard, even in the most desperate of circumstances. Threads of Life is a chronicle of identity, memory, power, and politics told through the stories of needlework. Clare Hunter, master of the craft, threads her own narrative as she takes us over centuries and across continents—from medieval France to contemporary Mexico and the United States, and from a POW camp in Singapore to a family attic in Scotland—to celebrate the universal beauty and power of sewing.

Patriotism Under Three Flags - Norman Angell 1903

Nature Embodied - Anthony Corbeill 2018-06-05

Bodily gesture. A Roman worshipper spins in a circle in front of a temple. Faced with death, a Roman woman tears her hair and beats her breasts. Enthusiastic spectators at a gladiatorial event gesticulate with thumbs. Examining the tantalizing glimpses of ancient bodies offered by surviving Roman sculptures, paintings, and literary texts, Anthony Corbeill analyzes the role of gesture in medical and religious ritual, in the gladiatorial arena, in mourning practice, in aristocratic competition of the late Republic, and in the court of the emperor Tiberius. Adopting approaches from anthropology, gender studies, and ecological theory, Nature Embodied offers both a series of case studies and an overarching narrative of the role and meanings of gesture in ancient Rome. Arguing that bodily movement grew out of the relationship between Romans and their natural, social, and spiritual environment, the book explores the ways in which an originally harmonious relationship between nature and the body was manipulated as Rome became socially and politically complex. By the time that Tacitus was writing about the reign of Tiberius, the emergence of a new political order had prompted an increasingly inscrutable equation between truth and the body--and something vital in the once harmonizing relationship between bodies and the world beyond them had been lost. Nature Embodied makes an important contribution to an expanding field of research by offering a new theoretical model for the study of gesture in classical times.

Marc Chagall 1887-1985 - Ingo F. Walther 2012

Colorful dreams and tales: Chagall's world full of everyday miracles The Belarusian painter Marc Chagall (1887-1985) is widely regarded as epitomizing the "painter as poet". The worldwide admiration he commanded remains unparalleled by any artist of the century. Chagall's paintings, steeped in mythology and mysticism, portray colorful dreams and tales that are deeply rooted in his Russian Jewish origins. The memories and yearning they evoke recall his native Vitebsk, and the great events that mark the life of ordinary people: birth, love, marriage and death. They tell of a world full of everyday miracles--in the room of lovers, on the streets of Vitebsk, beneath the Eiffel Tower in Paris. Heaven and earth seem to meet in a topsy-turvy world in which whimsical figures of people and animals float through the air with gravity-defying serenity. About the Series: Each book in TASCHEN's Basic Art series features: a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical

importance a concise biography approximately 100 illustrations with explanatory captions
