Florence Nightingale: The Crimean War - Lynn McDonald 2011-02-01

Florence Nightingale is famous as the "lady with the lamp" in the Crimean War, 1854–56. There is a massive amount of literature on this work, but, as editor Lynn McDonald shows, it is often erroneous, and films and press reporting on it have been even less accurate. The Crimean War reports on Nightingale's correspondence from the war hospitals and on the staggering amount of work she did post-war to ensure that the appalling death rate from disease (higher than that from bullets) did not recur. This volume contains much on Nightingale's efforts to achieve real reforms. Her well-known, and relatively "sanitized", evidence to the royal commission on the war is compared with her confidential, much franker, and very thorough Notes on the Health of the British Army, where the full horrors of disease and neglect are laid out, with the names of those responsible.

British Medical Journal - 1858

From Northeast Passage to Northern Sea Route - 2022-09-12

This volume is the first study of the entire history of the Northern Sea Route, from its earliest exploration to the twenty-first century. It includes the West-European search for a new waterway to the Orient (sixteenth to seventeenth century), the Russian Kamchatka expeditions (eighteenth century), and the navigation from Europe to the major rivers in north-west Siberia (late nineteenth to early twentieth century), as well as the Russian utilisation of the sea route in the Soviet epoch and later.

The Crimean War - Andrew Lambert 2016-03-16

In contrast to every other book about the conflict Andrew Lambert's ground-breaking study *The Crimean War: British Grand Strategy against Russia, 1853-1856* is neither an operational history of the armies in the

Crimea, nor a study of the diplomacy of the conflict. The core concern is with grand strategy, the development and implementation of national policy and strategy. The key concepts are strategic, derived from the works of Carl von Clausewitz and Sir Julian Corbett, and the main focus is on naval, not military operations. This original approach rejected the 'Continentalist' orthodoxy that dominated contemporary writing about the history of war, reflecting an era when British security policy was dominated by Inner German Frontier, the British Army of the Rhine and Air Force Germany. Originally published in 1990 the book appeared just as the Cold War ended; the strategic landscape for Britain began shifting away from the continent, and new commitments were emerging that heralded a return to maritime strategy, as adumbrated in the defence policy papers of the 1990s. With a new introduction that contextualises the 1990 text and situates it in the developing historiography of the Crimean War the new edition makes this essential book available to a new generation of scholars.

The Banner of Battle - Alan Warwick Palmer 1987

Historisk og militærhistorisk analyse og skildring af krigen mellem Rusland og de allierede: Tyrkiet, England, Frankrig og Sardinien, også med det berømte, men militært totalt håbløse, britiske angreb: *The Charge of the Light Brigade*.

Journals - Herman Melville 1889

This volume presents Melville's three known journals. Unlike his contemporaries Emerson, Thoreau, and Hawthorne, Melville kept no habitual record of his days and thoughts; each of his three journals records his actions and observations on trips far from home. In this edition's Historical Note, Howard C. Horsford places each of the journals in the context of Melville's career, discusses its general character, and points out the later literary uses he made of it, notably in *Moby-Dick*, *Clarel*, and his magazine pieces. The editors supply full annotations of Melville's allusions and terse entries and an exhaustive index makes available the range of his acquaintance with people, places, and works of art. Also included are related documents, illustrations, maps, and many pages and passages reproduced from the journals. This scholarly edition aims to present a text as close to the author's intention as his difficult handwriting permits. It is an Approved Text of the Center for Editions of American Authors (Modern Language Association of America).

Discovering the North-West Passage - Glenn M. Stein 2015-10-27

From 1850 to 1854, the ambitious Commander Robert McClure captained the HMS Investigator on a voyage in search of the missing Franklin Expedition, which sailed from England into the Arctic in 1845 to map the last uncharted section of the North-West Passage. The Investigator and her consort the Enterprise were to pass through the Bering Strait from the west but a Pacific storm separated them, never to meet again. Obsessed with traversing the passage, McClure pressed on and HMS Investigator spent three years trapped in pack ice in Mercy Bay before the crew abandoned ship on foot. This book chronicles the voyage in detail. McClure and his relationships with his officers are at the heart of the story of the arduous journey, vividly illustrated by the paintings of Lt. Samuel Cresswell.

Hearing the Crimean War - Gavin Williams 2018-12-06

What does sound, whether preserved or lost, tell us about nineteenth-century wartime? *Hearing the Crimean War: Wartime Sound and the Unmaking of Sense* pursues this question through the many territories affected by the Crimean War, including Britain, France, Turkey, Russia, Italy, Poland, Latvia, Dagestan, Chechnya, and Crimea. Examining the experience of listeners and the politics of archiving sound, it reveals the close interplay between nineteenth-century geographies of empire and the media through which wartime sounds became audible—or failed to do so. The volume explores the dynamics of sound both in violent encounters on the battlefield and in the experience of listeners far-removed from theaters of war, each essay interrogating the Crimean War's sonic archive in order to address a broad set of issues in musicology, ethnomusicology, literary studies, the history of the senses and sound studies.

African Canadians in Union Blue - Richard M. Reid 2014-05-13

When Lincoln issued the Emancipation Proclamation, he also authorized the army to recruit black soldiers. Nearly 200,000 men answered the call. Several thousand came from Canada. What compelled these men to leave the relative comfort and safety of home to fight in a foreign war? In *African Canadians in Union Blue*, Richard Reid sets out in search of an answer and discovers a group of men whose courage and contributions open a window on the changing nature of the Civil War and the ties that held black communities together even as the borders around them shifted and were torn asunder.

The Crimean War in Imperial Context, 1854-1856 - Andrew Rath 2015-08-18

The Crimean War was fought far from its namesake peninsula in Ukraine. Until now, accounts of Britain's and France's naval campaigns against Czarist Russia in the Baltic, White Sea, and Pacific have remained fragmented, minimized, or thinly-referenced. This book considers each campaign from an imperial perspective extending from South America to Finland. Ultimately, this regionally-focused approach reveals that even the smallest Anglo-French naval campaigns in the remote White Sea had significant consequences in fields ranging from medical advances to international maritime law. Considering the perspectives of neutral powers including China, Japan, and Sweden-Norway, allows Rath to examine the Crimean conflict's impact on major historical events ranging from the 'opening' of Tokugawa Japan to Russia's annexation of large swaths of Chinese territory. Complete with customized maps and an extensive reference section, this will become essential reading for a varied audience.

"The" Ottoman Crimean War - Candan Badem 2010

This book analyzes the Crimean War from the Ottoman perspective based mainly on Ottoman and Russian primary sources, and includes an assessment of the War's impact on the Ottoman state and Ottoman society.

Official organ of the book trade of the United Kingdom.

Literary Journals in Imperial Russia - Deborah A. Martinsen 1997

Given the restrictions on political action and even political discussion in Russia, Russian literary journals have served as the principal means by which Russia discovered, defined and shaped itself. Every issue of importance for literate Russians - social, economic, literary - made its appearance in one way or another on the pages of these journals, and virtually every major Russian novel of the nineteenth century was first published there in serial form. *Literary Journals in Imperial Russia* - a collection of essays by leading scholars, originally published in 1998 - was the first work to examine the extraordinary history of these journals in imperial Russia. The major social forces and issues that shaped literary journals during the period are analysed, detailed accounts are provided of individual journals and journalists, and descriptions are offered of the factors that contributed to their success.

Enforced Disarmament - Philip Towle 1997

Can states be disarmed even without going to war and, if so, in what circumstances?

Real War Horses - Anthony Leslie Dawson 2016-10-30

Many histories have been written about the conflicts the British army was involved in between the Battle of Waterloo and the First World War. There are detailed studies of campaigns and battles and general accounts of the experiences of the soldiers. But this book by Anthony Dawson is the first to concentrate in depth, in graphic detail, on the experiences of the British cavalry during a century of warfare. That is why it is of such value. It is also compelling reading because it describes, using the words of the cavalymen of the time, the organization, routines, training and social life of the cavalry as well as the fear and exhilaration of cavalry actions. Perhaps the most memorable passages record the drama and excitement of cavalry charges and the brutal, confused, often lethal experience of close-quarter combat in a *mêlée* of men and horses. Few books give such a direct inside view of what it was like to serve in the British cavalry during the nineteenth century.

Passages on the Crimean War - Richard Barnham 2015-10-23

In 1854, a quarter of a million British soldiers headed east to fight in the Crimean War. Together with their French and Turkish allies, the goal was to destroy the Russian Navy, together with their naval and military facilities in Sevastopol, thus keeping them from the seizing control of the Black Sea and thence the Mediterranean. They succeeded, but not without considerable hardship, suffering and loss of life - over twenty-one thousand British men fell to enemy fire, accidents and disease. Many first-hand accounts of the war were penned by British officers, but few were written by the common soldiers, as most were illiterate. As such, this account by Private Richard Barnham offers a rare insight into the daily lives of the soldiers serving in the Crimea. The passages he recorded during the war are not always an easy read, detailing as they do many of the hardships of campaign life, the devastation of the cholera outbreak (which killed almost twice the number of those who died in battle) and the horrors of the military engagements. But Richard also gives great insight into the richness of the Crimean countryside and its people, together with the camaraderie of the soldiers themselves and the patriotic fervour that propelled such men to fight for their country.

East-West Passage - Dorothy Brewster 2021-07-29

First published in 1954, *East-West Passage* is a detailed study of the literary relationship between Russia and the West. Divided into two parts, the book focuses both on specific literary connections, as well as on broader social and political considerations. It traces the gradual increase in awareness of Russian literature in England and the United States through the nineteenth and twentieth centuries, and considers the material that emerged in response, such as doctoral dissertations and critical essays. The volume highlights changes in literary tastes over the years, and explores in detail Russia's influence on the West. *East-West Passage* is ideal for those with an interest in the history of literature, as well as social and cultural history.
