**Landscape, Nature, and the Sacred in Byzantium** - Veronica della Dora 2016-02-04

Nature is as much an idea as a physical reality. By 'placing' nature within Byzantine culture and within the discourse of Orthodox Christian thought and practice, Landscape, Nature and the Sacred in Byzantium explores attitudes towards creation that are utterly and fascinatingly different from the modern. Drawing on Patristic writing and on Byzantine literature and art, the book develops a fresh conceptual framework for approaching Byzantine perceptions of space and the environment. It takes readers on an imaginary flight over the Earth and its varied topographies of gardens and wilderness, mountains and caves, rivers and seas, and invites them to shift from the linear time of history to the cyclical time and spaces of the sacred - the time and spaces of eternal returns and revelations.

CASA EDITRICE 2007

300 schede linguistico-etimologiche sull'origine delle parole latine, i rapporti reciproci, l'evoluzione in direzione delle lingue moderne. Oltre 1100 schede storico-documentarie, molte con illustrazioni, dedicate a personaggi storici e mitologici, divinità, popoli, entità geografiche, guerre e battaglie, magistrature e istituzioni, eccetera. 7 grandi tavole a colori con complessi architettonici romani raffigurati in tutti i dettagli. The Brill Dictionary of Ancient Greek - Franco Montanari 2015-05 "The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari's "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond. "The Brill Dictionary of Ancient Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us. Professor Gregory Nagy, "Harvard University"

**Long Live Latin** - Nicola Gardini 2020-09-03

Latin has given us so much, from Virgil's Aeneid to Ovid's Metamorphoses, from some of the world's most enduring stories to the words we use everyday. And yet we call it dead. Oxford academic Nicola Gardini argues the case for its vitality and value, offering a personal and passionate defence of its beauty and future. From ancient writers we can learn about such vital aspects of life as love, purpose, eloquence, beauty and loss. These lessons from the past can illuminate our present, and Gardini encourages us to dig to the roots of our own language to consider how Latin has influenced the ways in which we communicate, think and live today. A timely reminder that not everything needs to be 'leveraged', 'optimised' or 'efficient' - some things enrich our lives by simply being part of them. A formidable mix of history, memoir and criticism, this is a beautiful love letter to one language that ultimately celebrates the vital power of all literature.
