[Homosexuality and Italian Cinema](#) - Mauro Giori 2017-11-18

This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art

and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

[Futurist Women](#) - Paola Sica 2016-01-26

Futurist Women broadens current debates on Futurism and literary studies by demonstrating the expanding global impact of women Futurist artists and writers in the period succeeding the First World War. This study initially focuses on the local: the making of the self in the work by the women who were affiliated with the journal

L'Italia futurista during World War I in Florence. But then it broadens its field of inquiry to the global. It compares the achievements of these women with those of key precursors and followers. It also conceives these women's work as an ongoing dialogue with contemporary political and scientific trends in Europe and North America, especially first wave feminism, eugenics, naturism and esotericism. Finally, it examines the vital importance and repercussions of these women's ideas in current debates on gender and the posthuman condition. This ground-breaking study will prove invaluable for all scholars and upper-level students of modern European literature, Futurism, and gender studies.

The Science of Art - Martin Kemp 1990

For almost five hundred years the central goal of European painting was the imitation of nature. Many artist and theorists, believing that imitation must be based on scientific principles, found inspiration or guidance in two branches of

optics--the geometrical science of perspective and the physical science of colour. In this pathbreaking and highly illustrated book Martin Kemp examines the major optically orientated examples of artistic theory and practice from the Renaissance to the nineteenth century.

Tarnac, a Preparatory Act - Jean-Marie Gleize 2014

Poetry. Literary Nonfiction. Politics. Edited by Joshua Clover. Translated from the French by Joshua Clover, Abigail Lang, and Bonny Roy. Published in 2011 by Editions du Seuil, Tarnac, un acte préparatoire interrogates in poetic form the fallout from and precedent for the notorious cause célèbre of the "Tarnac Nine"—associated with the Invisible Committee, pseudonymous authors of *The Coming Insurrection*. It is his Anglo-American debut full-length, though as editor of the journal *Nioques*, he is well-known to American readers for, among other things, importing to France the work of some more daring poets from the U.S. Gleize's formulations of *nudité* and *littéralité* give some sense of his poetics, antithetical to the verse of flourish and

ornament, but also to the performance of allusive depth and immanent ambiguity. Directness, detail, and documentation are keywords. In translation, *TARNAC, A PREPARATORY ACT* not only lends insight into radical aesthetic politics that characterize ongoing transatlantic—indeed global—intellectual affinities, but it introduces to American readers an inestimably important figure of French letters. About the translators: Bonnie Roy is a young scholar and poet specializing in contemporary work; Abigail Lang teaches at the Université Paris-Diderot where she is a scholar of modernist poetry, and a noted translator of English-language poetry into French; Joshua Clover has published two volumes of poetry, *Madonna anno domini* and *The Totality for Kids*. His poems have also appeared three times in *Best American Poetry*, and he has written two books of film and cultural criticism: *The Matrix* and *1989: Bob Dylan Didn't Have This to Sing About*. He teaches at the

Materada - Fulvio Tomizza 2000

Francesco Koslovic—even his name straddles two cultures. And during the spring of 1955, in the village of Materada on the Istrian Peninsula, his two worlds are coming apart. Materada, the first volume of Fulvio Tomizza's celebrated Istrian Trilogy, depicts the Istrian exodus of the hundreds of thousands who had once thrived in

a rich ethnic mixture of Italians and Slavs. Complicating Koslovic's own departure is his attempt to keep the land that he and his brother have worked all their lives. A picture of a disappearing way of life, a tale of feud and displacement, and imbued with the tastes, tales, and songs of his native Istria, Koslovic's story is a testament to the intertwined ethnic roots of Balkan history.

The Other Modernism - Cinzia Sartini Blum
1996-06-21

Drawing on recent feminist and psychoanalytic criticism, Cinzia Sartini Blum provides the first analysis of the rhetoric, politics, and psychology of gender in the avant-garde writings of the Italian Futurist F.T. Marinetti. Her book explores the relations between the seemingly unrelated goals of Italian Futurism: technical revolution,

espousal of violence, avowed misogyny, and rejection of literary tradition. Blum argues for the centrality of the rhetoric of gender in Marinetti's work. She also investigates a diverse array of his futurist textual practices that range from formal experimentation with "words in freedom" to nationalist manifestos that advocate intervention in World War I and anticipate subsequent fascist rhetoric of power and virility. A major contribution to the study of the twentieth-century avant-garde and the first full-length study of Marinetti in English, *The Other Modernism* will interest all those concerned with twentieth-century literature, culture, and society and the problem of modern subjectivity.

Catalogus Translationum Et Commentariorum - Virginia Brown 2003

Considered a definitive source for scholars and students, this highly acclaimed series illustrates the impact of Greek and Latin texts on the

Middle Ages and Renaissance. In publication since 1960 and now in its eighth volume, the *Catalogus Translationum et Commentariorum* furnishes concrete evidence of when, where, and how an ancient author was known and appreciated in monastic, university, and humanist circles. Each article presents a historical survey of the influence and circulation of a particular author down to the present, followed by an exhaustive listing and brief description of Latin commentaries before 1600 on each of his works. For Greek authors, a full listing of pre-1600 translations into Latin is also provided. Sources of translations and commentaries include both printed editions and texts available only in medieval and Renaissance manuscripts. In the newest addition to the series, Volume VIII, six authors are treated in separate articles: Damianus, Geminus Rhodius, Hanno, Sallust, Themistius, and Thucydides. This volume is especially notable for its variety. Thucydides and Sallust were major historians

and the interest their works generated -- in such diverse figures as Macchiavelli, Thomas More, and Thomas Hobbes -- has continued unabated. Damianus and Geminus Rhodius influenced optics and astronomy. Themistius provided a useful service to later students of Aristotle by paraphrasing Aristotle's treatises on logic, psychology, and natural science. Hanno's account of a voyage around the coast of West Africa has been regarded as a motivating factor behind the explorations of Vasco da Gama and Pedro Alvares Cabral and was cited in controversies involving the Portuguese and Spanish claims to the coasts of Africa and America. A list of addenda and corrigenda to four previously published articles (Columella, Tacitus, Vegetius, Xenophon) concludes the volume.

Among the Gliesians - Philip Fried 2020-05-05
In Among the Gliesians, Philip Fried continues experimenting with different registers of language, technical jargon, and a variety of

literary and non-literary forms, ranging from sonnet, ballad, acrostic, and villanelle to press release and report. His witty and compassionate work takes on a new urgency, however, as he focuses on our alarming present situation. Dealing with such topical themes as mass shootings, nuclear gamesmanship, and threats to democracy, Fried's poems reveal a struggle for meaningful expression when meaning itself is under attack. In the section giving its title to the book, reports on an extraterrestrial society hold up a mirror to our own culture.

Russian Montparnasse - Maria Rubins
2015-09-29

This book reassesses the role of Russian Montparnasse writers in the articulation of transnational modernism generated by exile. Examining their production from a comparative perspective, it demonstrates that their response to urban modernity transcended the Russian master narrative and resonated with broader aesthetic trends in interwar Europe.

This book gives room to new perspectives which broaden the scope and depth of the investigation, whilst also opening up innovative methods and opportunities for practice.

Mossy Trotter - Elizabeth Taylor 2015-04-02

'It's always a treat to read Elizabeth Taylor. Mossy Trotter is a real gem. A delightfully mischievous boy living in those long-ago halcyon days when children played out all day, roaming commons, scavenging on rubbish tips and stamping in newly-laid tar' JACQUELINE WILSON 'We - that is, Herbert and I - want you, Mossy, to be our page-boy,' Miss Silkin said, staring hard at Mossy again, as if she were trying to imagine him dressed up, and with his hair combed. Mossy went very red, and nearly choked on a piece of cake, and Selwyn laughed,

and went on laughing, as if he had just heard the funniest joke of all his life. They both knew what being a page-boy meant. One of the boys at school - one of the very youngest ones - had had to be one, wearing velvet trousers and a frilled blouse.' When Mossy moves to the country, life is full of delights - trees to climb, woods to explore and, best of all, the marvellous dump to rummage through. But every now and then his happiness is disturbed - chiefly by his mother's meddling friend, Miss Silkin. And a dreaded event casts a shadow over even the sunniest of days - being a page-boy at her wedding. In her only children's book, Elizabeth Taylor perfectly captures the temptations, confusion and terrors of a mischievous boy, and just how illogical, frustrating and inconsistent adults are!

of hybrid genres and open forms. Ostentation, theatricality, and a love of drapery and verbal excess are defining features of his body of work, which ranges from prose fiction, literary criticism, and drama to travel writing, treatises, commentaries, and imaginary interviews. This study examines the wealth of Manganelli's imagination - his grotesque animals, speaking corpses, and melancholy spectres - and argues that his spectacular eloquence was shaped by an exceptional awareness of literary and philosophical models. Following Manganelli's lead, the author addresses issues such as the boundaries of meaningful language, the relationship between literary and visual texts, fantasy and realism, and the power of literature to express the apprehensions and intimations of human consciousness.

Avant-garde Florence - Walter L. Adamson 1993

They envisioned a brave new world, and what they got was fascism. As vibrant as its counterparts in Paris, Munich, and Milan, the avant-garde of Florence rose on a wave of artistic, political, and social idealism that swept the world with the arrival of the twentieth century. How the movement flourished in its first heady years, only to flounder in the bloody wake of World War I, is a fascinating story, told here for the first time. It is the history of a whole generation's extraordinary promise--and equally extraordinary failure. The "decadentism" of D'Annunzio, the philosophical ideals of Croce and Gentile, the politics of Italian socialism: all these strains flowed together to buoy the emerging avant-garde in Florence. Walter Adamson shows us the young artists and writers caught up in the intellectual ferment of their

time, among them the poet Giovanni Papini, the painter Ardengo Soffici, and the cultural critic Giuseppe Prezzolini. He depicts a generation rejecting provincialism, seeking spiritual freedom in Paris, and ultimately blending the modernist style found there with their own sense of toscanità or "being Tuscan." In their journals--Leonardo, La Voce, Lacerba, and l'Italia futurista--and in their cafe life at the Giubbe Rosse, we see the avant-garde of Florence as citizens of an intellectual world peopled by the likes of Picasso, Bergson, Sorel, Unamuno, Pareto, Weininger, and William James. We witness their mounting commitment to the ideals of regenerative violence and watch their existence become increasingly frenzied as war approaches. Finally, Adamson shows us the ultimate betrayal of the movement's aspirations as its cultural politics help catapult Italy into war and prepare the way for Mussolini's rise to power.

Letters to Roger Blin - Jean Genet 1969

"Jean Genet's *The Screens*, hailed by many to be Genet's masterpiece, was staged in Paris in 1966 by the Jean-Louis Barrault-Madeleine Renaud Company. During the several months of rehearsals which Genet attended, he wrote a series of letters and notes to Roger Blin giving his views on every aspect of the staging of *The Screens*. His comments deal with the details of that play and that production, but also transcend them. What the book adds up to is a precise and fascinating compilation of Jean Genet's concept of the theater."--Page 4 of cover.
