Classical Chinese Poetry - David Hinton
2014-06-10

With this groundbreaking collection, translated and edited by the renowned poet and translator

David Hinton, a new generation will be introduced to the work that riveted Ezra Pound and transformed modern poetry. The Chinese poetic tradition is the largest and longest continuous tradition in world literature, and this rich and far-reaching anthology of nearly five hundred poems provides a comprehensive account of its first three millennia (1500 BCE to 1200 CE), the period during which virtually all its landmark developments took place. Unlike earlier anthologies of Chinese poetry, Hinton's book focuses on a relatively small number of poets, providing selections that are large enough to re-create each as a fully realized and unique voice. New introductions to each poet's work provide a readable history, told for the first time as a series of poetic innovations forged by a series of master poets. From the classic texts of Chinese philosophy to intensely personal lyrics, from love poems to startling and strange perspectives on nature, Hinton has collected an entire world of beauty and insight. And in his

eye-opening translations, these ancient poems feel remarkably fresh and contemporary, presenting a literature both radically new and entirely resonant, in *Classical Chinese Poetry*.

Republic of Apples, Democracy of Oranges -
Frank Stewart 2019-07-31

Republic of Apples, Democracy of Oranges presents nearly 100 poets and translators from China and the U.S.—the two countries most responsible for global carbon dioxide emissions and the primary contributors to extreme climate change. These poetic voices express the altered relationship that now exists between the human and non-human worlds, a situation in which we witness everyday the ways environmental destruction is harming our emotions and imaginations. “What can poetry say about our place in the natural world today?” ecologically minded poets ask. “How do we express this new reality in art or sing about it in poetry?” And, as poet Forrest Gander wonders, “how might syntax, line break, or the shape of the poem on

the page express an ecological ethics?" Eco-poetry freely searches for possible answers. Sichuan poet Sun Wenbo writes: ... I feel so liberated I start writing about the republic of apples and democracy of oranges. When I see apples have not become tanks, oranges not bombs, I know I've not become a slave of words after all. The Chinese poets are from throughout the PRC and Taiwan, both minority and majority writers, from big cities and rural provinces, such as Liangshan Yi Autonomous Prefecture and Xinjiang Uyghur, Tibet, and Inner Mongolia Autonomous Regions. The American poets are both emerging and established, from towns and cities across the U.S. Included are images by celebrated photographer Linda Butler documenting the Three Gorges Dam, on the Yangtze River, and the aftermath of Hurricane Katrina, on the Mississippi River Basin. [Out of the Howling Storm](#) - Beidao 1993 Jervey Tervalon's novel about young people in South Central Los Angeles grows out of his

experience teaching in a high school there and his pain at the death of one of his favorite students.

The Songs of Chu - Yuan Qu 2017-07-18 Sources show Qu Yuan (?340-278 BCE) was the first person in China to become famous for his poetry, so famous in fact that the Chinese celebrate his life with a national holiday called Poet's Day, or the Dragon Boat Festival. His work, which forms the core of the *The Songs of Chu*, the second oldest anthology of Chinese poetry, derives its imagery from shamanistic ritual. Its shaman hymns are among the most beautiful and mysterious liturgical works in the world. The religious milieu responsible for their imagery supplies the backdrop for his most famous work, *Li sao*, which translates shamanic longing for a spirit lover into the yearning for an ideal king that is central to the ancient philosophies of China. Qu Yuan was as important to the development of Chinese literature as Homer was to the development of Western

literature. This translation attempts to replicate what the work might have meant to those for whom it was originally intended, rather than settle for what it was made to mean by those who inherited it. It accounts for the new view of the state of Chu that recent discoveries have inspired.

The Poetry of Zen - 2007-02-13

A Zen poem is nothing other than an expression of the enlightened mind, a handful of simple words that disappear beneath the moment of insight to which it bears witness. Poetry has been an essential aid to Zen Buddhist practice from the dawn of Zen—and Zen has also had a profound influence on the secular poetry of the countries in which it has flourished. Here, two of America's most renowned poets and translators

provide an overview of Zen poetry from China and Japan in all its rich variety, from the earliest days to the twentieth century. Included are works by Lao Tzu, Han Shan, Li Po, Dogen Kigen, Saigyo, Basho, Chiao Jan, Yuan Mei, Ryokan, and many others. Hamill and Seaton provide illuminating introductions to the Chinese and Japanese sections that set the poets and their work in historical and philosophical context. Short biographies of the poets are also included.

Globalization and Contemporary Chinese Cinema - Xuelin Zhou 2017-06-21

This pivot considers key transformations within the Chinese film industry since the country opened its doors to the outside world in the late 1970s, and moved from an ideologically-centred censorship system to one of contestation and cooperation between politics, art and market. Focusing on Zhang Yimou, arguably one of China's most innovative and controversial filmmakers and directors, the author addresses

the challenges faced by contemporary Chinese cinema in the face of Hollywood dominance, notably making genre films in an increasingly globalized context, and the necessary compromises between the local and global, the national and the international. Through a combination of textual analysis and context study, it examines action-oriented films Zhang made as responses to a rapidly changing film market and industry.

Literature and the Experience of Globalization - Svend Erik Larsen 2017-10-19
How does literature represent, challenge and

help us understand our experience of globalization? Taking literary globalization studies beyond its traditional political focus, *Literature and the Experience of Globalization* explores how writers from Shakespeare through Goethe to Isak Dinesen, J.M. Coetzee, Amitav Ghosh and Bruce Chatwin engage with the human dimensions of globalization. Through a wide range of insightful close readings, Svend Erik Larsen brings contemporary world literature approaches to bear on cross-cultural experiences of migration and travel, translation, memory, history and embodied knowledge. In doing so, this important intervention demonstrates how literature becomes an essential site for understanding the ways in which globalization has become an integral part of everyday experience.

Foreign Accents - Steven G. Yao 2010-10-27
Foreign Accents examines the various transpacific signifying strategies by which poets of Chinese descent in the U.S. have sought to

represent cultural tradition in their articulations of an ethnic subjectivity, in Chinese as well as in English. In assessing both the dynamics and the politics of poetic expression by writers engaging with a specific cultural heritage, the study develops a general theory of ethnic literary production that clarifies the significance of "Asian American" literature in relation to both other forms of U.S. "minority discourse," as well as canonical "American" literature more generally. At the same time, it maps an expanded textual arena and a new methodology for Asian American literary studies that can be further explored by scholars of other traditions. Yao discusses a range of works, including Ezra Pound's Cathay and the Angel Island poems. He examines the careers of four contemporary Chinese/American poets: Ha Jin, Li-young Lee, Marilyn Chin, and John Yau, each of whom bears a distinctive relationship to the linguistic and cultural tradition he or she seeks to represent. Specifically, Yao investigates the range of

rhetorical and formal strategies by which these writers have sought to incorporate Chinese culture and, especially, language in their works. Combining such analysis with extensive social contextualization, *Foreign Accents* delineates an historical poetics of Chinese American verse from the early twentieth century to the present.

The Anchor Book of Chinese Poetry - Tony Barnstone 2010-03-03

Unmatched in scope and literary quality, this landmark anthology spans three thousand years, bringing together more than six hundred poems by more than one hundred thirty poets, in translations—many new and exclusive to the book—by an array of distinguished translators. Here is the grand sweep of Chinese poetry, from the Book of Songs—ancient folk songs said to have been collected by Confucius himself—and Laozi's Dao De Jing to the vividly pictorial verse of Wang Wei, the romanticism of Li Po, the technical brilliance of Tu Fu, and all the way up to the twentieth-century poetry of Mao Zedong and the post—Cultural Revolution verse of the Misty poets. Encompassing the spiritual, philosophical, political, mystical, and erotic strains that have emerged over millennia, this broadly representative selection also includes a preface on the art of translation, a general introduction to Chinese poetic form,

biographical headnotes for each of the poets, and concise essays on the dynasties that structure the book. The Anchor Book of Chinese Poetry captures with impressive range and depth the essence of China's illustrious poetic tradition.

Translating China for Western Readers - Ming Dong Gu 2014-11-06

Explores the challenges of translating Chinese works for Western readers, particularly premodern texts. This book explores the challenges of translating Chinese works, particularly premodern ones, for a contemporary Western readership. Reacting against the "cultural turn" in translation studies, contributors return to the origin of translation studies: translation practice. By returning to the time-honored basics of linguistics and hermeneutics, the book inquires into translation practice from the perspective of reading and reading theory. Essays in the first section of the work discuss the nature, function, rationale,

criteria, and historical and conceptual values of translation. The second section focuses on the art and craft of translation, offering practical techniques and tips. Finally, the third section conducts critical assessments of translation policy and practice as well as formal and aesthetic issues. Throughout, contributors explore how a translation from the Chinese can read like a text in the Western reader's own language. Ming Dong Gu is Professor of Chinese and Comparative Literature at the University of Texas at Dallas. He is the author of *Chinese Theories of Fiction: A Non-Western Narrative System*, also published by SUNY Press. Rainer Schulte is Professor of Comparative Literature and Director of the Center for Translation Studies at the University of Texas at Dallas. An Introduction to Chinese Poetry - Michael Fuller 2020-10-26

"This innovative textbook for learning classical Chinese poetry moves beyond the traditional anthology of poems translated into English and instead brings readers—including those with no knowledge of Chinese—as close as possible to the texture of the poems in their original language. The first two chapters introduce the features of classical Chinese that are important for poetry and then survey the formal and rhetorical conventions of classical poetry. The core chapters present the major poets and poems of the Chinese poetic tradition from earliest times to the lyrics of the Song Dynasty (960-1279). Each chapter begins with an overview of the historical context for the poetry of a particular period and provides a brief

biography for each poet. Each of the poems appears in the original Chinese with a word-by-word translation, followed by Michael A. Fuller's unadorned translation, and a more polished version by modern translators. A question-based study guide highlights the important issues in reading and understanding each particular text. Designed for classroom use and for self-study, the textbook's goal is to help the reader appreciate both the distinctive voices of the major writers in the Chinese poetic tradition and the grand contours of the development of that tradition."

A History of Western Appreciation of English-translated Tang Poetry - Lan Jiang 2018-03-08

This book examines the development of English-translated Tang poetry and its propagation to the Western world. It consists of two parts, the first of which addresses the initial stage of English-translated Tang poetry's propagation, and the second exploring its further

development. By analyzing the historical background and characteristics of these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic "Chinese style" in modern American poetry. Hence, the traditional Chinese culture represented by Tang poetry spread more widely in the English-speaking world, producing a more lasting impact on societies and cultures outside China - and demonstrating the poetry's ability to transcend the boundaries of time, region, nationality and culture. Due to different

cultural backgrounds, the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China. Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process. However, in recent decades, the translation of Tang poetry has evolved considerably in both quantity and quality. As culture is manifested in language, and language is part of culture, the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture.

The History and Spirit of Chinese Art (Volume 2) - Zhang Fa 2015-12-30

Art is always a product of cultural evolution, and The History and Spirit of Chinese Art looks at this universal process as it unfolded in ancient China. With "mountain-water" landscape paintings, works of classical Chinese calligraphy, and blue and white porcelain widely displayed in

museums and fetching high prices in auction houses worldwide, Chinese art is no longer foreign to the Western world. However, to many, the making of such cultural artefacts remains an enigmatic process. Indeed, Chinese art, the product of such an old civilization, was shaped by an ongoing process of evolution along the ebbs and flows of China's history as a nation. In *The History and Spirit of Chinese Art*, aesthetics expert Zhang Fa deciphers the philosophies and thoughts that have defined Chinese art since the very beginning of the Chinese civilization, moving through the dynastic landmarks of artistic development with discussions of numerous art forms including paintings, architecture, dance and music, calligraphy, and literature.

A Study Guide for Li Po's "The Moon at the Fortified Pass" - Gale, Cengage Learning

Cold Mountain Poems - Han Shan 2019-05-07

The incomparable poetry of Han Shan (Cold Mountain) and his sidekick Shih Te, the rebel poets who became icons of Chinese poetry and Zen, has long captured the imagination of poetry lovers and Zen aficionados. Popularized in the West by Beat Generation writers Gary Snyder and Jack Kerouac, these legendary T'ang era (618-907) figures are portrayed as the laughing, ragged pair who left their poetry on stones, trees, farmhouses, and the walls of the monasteries they visited. Their poetry expressed in the simplest verse but in a completely new tone, the voice of ordinary people. Here premier translator J. P. Seaton takes a fresh look at these captivating poets, along with Wang Fan-chih, another "outsider" poet who lived a couple centuries later and who captured the poverty and gritty day-to-day reality of the common people of his time. Seaton's comprehensive introduction and notes throughout give a fascinating context to this vibrant collection.

In exacting translations by award-winning translator Lucas Klein, this career-spanning anthology features Duo Duo's entire oeuvre since his return to China, as well as a selection of his early poems, presenting nearly five decades of work from "a resolute seer of some of the most basic, universal human values" (Mai Mang, Neustadt Prize Ceremony).

Bright Moon, White Clouds - Li Po 2012-06-05
Li Po (701-762) is considered one of the greatest poets to live during the Tang dynasty—what was considered to be the golden age for Chinese poetry. He was also the first Chinese poet to become well known in the West, and he greatly influenced many American poets during the twentieth century. Calling himself the "God of Wine" and known to his patrons as a "fallen immortal," Li Po wrote with eloquence, vividness, and often playfulness, as he extols the joys of nature, wine, and the life of a wandering recluse. Li Po had a strong social conscience,

and he struggled against the hard times of his age. He was inspired by the newly blossoming Zen Buddhism and merged it with the Taoism that he had studied all his life. Though Li Po's love of wine is legendary, the translator, J. P. Seaton, includes poems on a wide range of topics—friendship and love, political criticism, poems written to curry patronage, poems of the spirit—to offer a new interpretation of this giant of Chinese poetry. Seaton offers us a poet who learned hard lessons from a life lived hard and offered his readers these lessons as vivid, lively poetry—as relevant today as it was during the Tang dynasty. Over one thousand poems have been attributed to Li Po, many of them unpublished. This new collection includes poems not available in any other editions.

Republic of Apples, Democracy of Oranges - Frank Stewart 2019-07-31

Republic of Apples, Democracy of Oranges presents nearly 100 poets and translators from China and the U.S.—the two countries most responsible for global carbon dioxide emissions

and the primary contributors to extreme climate change. These poetic voices express the altered relationship that now exists between the human and non-human worlds, a situation in which we witness everyday the ways environmental destruction is harming our emotions and imaginations. "What can poetry say about our place in the natural world today?" ecologically minded poets ask. "How do we express this new reality in art or sing about it in poetry?" And, as poet Forrest Gander wonders, "how might syntax, line break, or the shape of the poem on the page express an ecological ethics?" Eco-poetry freely searches for possible answers. Sichuan poet Sun Wenbo writes: ... I feel so liberated I start writing about the republic of apples and democracy of oranges. When I see apples have not become tanks, oranges not bombs, I know I've not become a slave of words after all. The Chinese poets are from throughout the PRC and Taiwan, both minority and majority writers, from big cities and rural provinces, such

as Liangshan Yi Autonomous Prefecture and Xinjiang Uyghur, Tibet, and Inner Mongolia Autonomous Regions. The American poets are both emerging and established, from towns and cities across the U.S. Included are images by celebrated photographer Linda Butler documenting the Three Gorges Dam, on the Yangtze River, and the aftermath of Hurricane Katrina, on the Mississippi River Basin. [How to Read Chinese Poetry](#) - Zong-qi Cai 2008 In this "guided" anthology, experts lead students through the major genres and eras of Chinese poetry from antiquity to the modern time.
