**Native American Literature: A Very Short Introduction** - Sean Teuton 2017-12-20

North American indigenous literature began over thirty thousand years ago when indigenous people began telling stories of emergence and creation, journey and quest, and heroism and trickery. By setting indigenous literature in historical moments, Sean Teuton skillfully traces its evolution from the ancient role of bringing rain and healing the body, to its later purpose in resisting European invasion and colonization, into its current place as a world literature that confronts dominance while celebrating the imagination and resilience of indigenous lives. By the time Europeans arrived in North America indigenous people already understood the power of written language and the need to transmit philosophy, history, and literature across generations and peoples. Seeking out multiple literary forms such as sermon, poetry, and novel to serve differing worldviews, indigenous authors have shaped their writing into North American indigenous literature as we recognize it today. In this lucid narrative, Sean Teuton leads readers into indigenous worlds. He describes the invention of a written indigenous language, the first indigenous language newspaper, and the literary occupation of

Alcatraz Island. Along the way readers encounter the diversity of indigenous peoples who, owing to their differing lands, livelihoods, and customs, molded literature to a nation's specific needs. As Teuton shows, indigenous literature is one of the best places for understanding indigenous views about land and society and the role of humanity in the cosmos. In turning to celebrated contemporary authors such as Thomas King, Leslie Silko, Sherman Alexie, Louise Erdrich, and James Welch, Teuton demonstrates that, like indigenous people, indigenous literature continues to survive because it adapts, both honoring the past and reaching for the future.

[Never Far From Home](#) -

From the introduction: Despite our repeated

failures, our escapes, and our human tendency to become lost, we are unable to flee God's love. The 100 short essays collected here were originally 5-minute radio sermons broadcast between 1979 and 1999 to rapt Sunday morning audiences on WCRB, a classical radio station near Boston. The sermons address a wide range of issues including blizzards, guns, poetry, marathons, last words, and impossible things before breakfast. Scovel reviews the lives and works of poets, mystics, composers, saints, and charlatans alike. Although these sermons vary in compelling topics, Scovel's storytelling focuses on one centralized theme -- the ways in which God's presence may be discerned in our lives and in nature.

2018-12-10

Lady Grace Rowe, the dowager Countess of Colbourne, is ready to indulge in an affair. Still in the late blush of youth and after a loveless

marriage to a man old enough to be her grandfather, she believes that is the least she deserves. She also believes that the dowager Duchess of Winterset's "Night of a Thousand Stars" ball at Highburn Castle during the Christmas season is the place to conduct such an affair - if only she knew who she wished to conduct it with! Lord Marcel Blanchard, Count Aris, is half French, half English and not the sort of man given to brief affairs. Lonely and searching for a place to call home, Marc isn't certain that he wants a wife, but he does know he desires something more permanent than one night in a lady's bed. When Grace and Marc meet in a shadow hallway with Highburn Castle, sparks fly between them. She wants an affair. He doesn't know what he wants. The only thing they are both certain of is that they want each other. Is there a future for them outside of the magical Christmas castle or is one night together all they will ever have?

*Delinquency and Juvenile Justice in American Society* - Randall G. Sheldon 2011-08-08

Extensively revised, the second edition blends theory, research, and applications into a superb overview of the complex issues surrounding juvenile delinquency and society's attempts to address juvenile crime. After providing an excellent historical foundation, Sheldon presents the theories essential to understanding crime and delinquency. He then explores the system and its effects on juveniles and society, including comprehensive coverage of female delinquency. The social, legal, and political influences on how the public perceives juveniles and the inequality in U.S. society that affects families, communities, and schools are highlighted throughout the book. The concluding chapter looks at solutions that have worked and identifies trends in treating juvenile delinquency. The authors almost four decades of teaching about and researching juveniles and the system make him eminently qualified to offer readers the tools necessary to think critically about delinquency and to evaluate the policies enacted to manage the juveniles who violate the laws. *Delinquency and Juvenile Justice in American Society, 2/E* provides affordable, up-to-date, easily accessible, and thorough analysis of a significant topic.

*Finding Japan* - Anne Shannon 2012-11-01

In contrast to the widely known experiences of Asian immigrants who came to Canada, this book looks at movement in the opposite direction. Using text and images, it is a collection of stories about how Canadians “found Japan,” the first place they reached when travelling westward across the Pacific. These connections began as early as 1848, when the adventurous son of a Hudson’s Bay Company trader tempted fate by smuggling himself, disguised as a shipwrecked sailor, into the closed and exotic land of the shoguns. He was followed by an intriguing cast of characters—missionaries, educators, businessmen, social activists, political figures, diplomats, soldiers and occasional misfits—who experienced a rapidly changing Japan as it underwent its remarkable transformation from a largely feudal society to a modern state. Now, when the world is becoming more Asia-centric, *Finding Japan* provides glimpses into an earlier era that challenged conventional perceptions about Canadian connections across the Pacific.

**Finding Myself in a Nightmare** - Judi

Turkheimer 2021-07-13

A raw, vulnerable account of the trauma inherent in caring for an addict, *Finding Myself in a Nightmare: A mother’s healing journey*

through her daughter’s addiction is the story of one mother’s experience as she woke to the truth, learned to navigate the pain, and realized she had to heal herself from years of self-loathing in order to positively affect her daughter's recovery. Over a period of five years, Judi Turkheimer rode a roller coaster of strong emotion as she breathed in the very real possibility of losing her daughter. There were many days fraught with fear, hopelessness, and anguish. As Judi began to do the hard work of healing, feelings of joy and hope started to come out from the shadows. Through lies and loss, denial and disgust, rehab and relapse, and finally awareness and acceptance, Judi learned that unconditionally loving her daughter necessitated not only tough love, but also self-love. Without loving herself, she knew she was of no use to anyone else. Intended to validate, support, and encourage, *Finding Myself in a Nightmare* is a story of triumphs, mistakes, pain, discovery, and trust. As Judi takes us into her home and heart, we learn about her biases, her resistance, and her ignorance. Willing to do what was needed to help her child, Judi invites us to accompany her on the journey. Eventually concluding she would be alright, whatever the outcome for her daughter, Judi offers the tips and tools that kept her from going insane. Reminding herself to be grateful, set boundaries, take small steps, and be present in the moment became a full-time job. *Finding Myself in a Nightmare* is a book about loving an addict, helping an addict, and the search for strength and unconditional love at a soul level. If you love an addict, this book is for you. If you struggle to find love of self, this book is for you. If you want to learn to love unconditionally, this book is for you.

(UNDP) 2016-12-29

This report addresses the development challenges facing young people in the Arab region. The current young generation is the largest this region has had over the past 50 years, making up 30% of its population. In light of the youth-led movements during and after the 2011 uprisings, the report argues for a renewed policy focus on youth development in the region. It deals with the pillars of human development (income, education and health) with the attainment, achievement and equitable distribution of education, and with the challenges of finding stable and decent jobs. With protracted conflict in several Arab countries, young Arabs have become victims or perpetrators of violence, challenged by difficulties of mobility and migration. *"I wish to keep a record"* - Gail G. Campbell  
2017-04-24

Nineteenth-century New Brunswick society was dominated by white, Protestant, Anglophone men. Yet, during this time of state formation in

Canada, women increasingly helped to define and shape a provincial outlook. I wish to keep a record is the first book to focus exclusively on the life-course experiences of nineteenth-century New Brunswick women. Gail G. Campbell offers an interpretive scholarly analysis of 28 women's diaries while enticing readers to listen to the voices of the diarists. Their diaries show women constructing themselves as individuals, assuming their essential place in building families and communities, and shaping their society by directing its outward gaze and envisioning its future. Campbell's lively analysis calls on scholars to distinguish between immigrant and native-born women and to move beyond present-day conceptions of such women's world. This unique study provides a framework for developing an understanding of women's worlds in nineteenth-century North America.

**Career Guidance and Livelihood Planning across the Mediterranean** - Ronald G. Sultana  
2017-05-12

Perhaps no other challenge preoccupies governments and citizens in the Mediterranean region than the mass unemployment of young people, many of who have invested in higher education in the hope that ability and effort lead to fulfilling lives. Transitions to independent adulthood are, however, frustratingly long drawn-out, and often jeopardised by labour markets that are neither youth-friendly nor meritocratic. While such challenges require structural responses at the macro-economic level, career education and guidance have an important role to play in addressing both the public and private good, and in furthering the social justice agenda. This volume provides a state-of-the-art review of career education and guidance in Southern Europe and the Middle East and North Africa Region, presenting a multi-faceted portrayal of the situation in each country as well as overviews of cross-cutting themes that are especially relevant to context, such as women's career development in the Arab states, job placement support for refugees, and the impact of faith on livelihood planning. "This book is a major achievement, focusing on a pivotal part of the world." - Tony Watts,

Cambridge, UK "This book challenges career guidance to truly think in a contextual, localised, plural and dialogical way. In providing an opportunity for the South to speak on its own terms it helps renew the field through different ways of thinking and doing career guidance." - Marcelo Afonso Ribeiro, University of São Paulo, Brazil "This wonderful new book furnishes a way forward in helping people and communities establish practices that will support our natural striving for work that is decent, dignified, and meaningful." - David L. Blustein, Boston College, USA "This book is packed with fresh ideas based on lucid arguments that draw from a substantial evidence base. This work is essential reading." - Gideon Arulmani, The Promise Foundation, Bangalore, India "This publication is a must-read for every individual involved in policy, research and practice activities in the career guidance field." - Rènette du Toit, Independent Research Services, South Africa

**The Social Contract** - Jean-Jacques Rousseau  
2022-11-13

The Social Contract, originally published as *On the Social Contract; or, Principles of Political Rights*, is a book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society, which he had already identified in his *Discourse on Inequality* (1754). The Social Contract helped inspire political reforms or revolutions in Europe, especially in France. The Social Contract argued against the idea that monarchs were divinely empowered to legislate. Rousseau asserts that only the people, who are sovereign, have that all-powerful right. *Emile, or On Education* is a treatise on the nature of education and on the nature of man. Jean-Jacques Rousseau considered it to be the "best and most important" of all his writings. Due to a section of the book entitled "Profession of Faith of the Savoyard Vicar", *Emile* was banned in Paris and Geneva and was publicly burned in 1762, the year of its first publication. During the French Revolution, *Emile* served as the inspiration for what became a new national system of education.
