Manual of Standardization in the Romance Languages - Franz Lebsaft
2020-01-20

Language standardization is an ongoing process based on the notions of linguistic correctness and models. This manual contains thirty-six chapters that deal with the theories of linguistic norms and give a comprehensive up-to-date description and analysis of the standardization processes in the Romance languages. The first section presents the essential approaches to the concept of linguistic norm ranging from antiquity to the present, and includes individual chapters on the notion of linguistic norms and correctness in classical grammar and rhetoric, in the Prague School, in the linguistic theory of Eugenio Coseriu, in sociolinguistics as well as in pragmatics, cognitive and discourse linguistics. The second section focuses on the application of these notions with respect to the Romance languages. It examines in detail the normative grammar and the normative dictionary as the reference tools for language codification and modernization of those languages that have a long and well-established written tradition, i.e. Romanian, Italian, French, Catalan, Spanish, and Portuguese. Furthermore, the volume offers a discussion of the key issues regarding the standardization of the ‘minor’ Romance languages as well as Creoles.

Il dizionario contiene inoltre - 243 tavole illustrate in bianco e nero, tra cui un atlante delle piante e un atlante degli animali; 32 tavole illustrate a colori relative a agricoltura, anatomia umana; architettura, astronomia, geografia, sport, trasporti; 56 000 voci; 118 inserti di nomenclatura; 6000 etimologie.

Romance Languages and Linguistic Theory 2003 - Twan Geerts
2005-11-08

The annual Going Romance conference is the major European discussion forum for theoretically relevant research on Romance languages where current ideas about language in general and about Romance languages in particular are tested. Starting with the thirteenth conference held in 1999, volumes with selected papers of the conferences are published under the title Romance Languages and Linguistic Theory, This is the fifth such volume, containing a selection of papers that have been presented at the seventeenth Going Romance conference, held at the Radboud University Nijmegen (The Netherlands) from 20-22 November 2003. The three-day program included a workshop on ‘Diachronic Phonology’. The present volume contains a broad range of articles dealing not only with syntax and phonology, but also with morphology, semantics and acquisition of the Romance languages.

The Opera of Bartolomeo Scappi (1570) - Bartolomeo Scappi
2008-01-01

Scappi's Opera presents more than one thousand recipes along with menus that comprise up to a hundred dishes, while also commenting on a cook's responsibilities.

Colloquial Italian 2 - Sylvia Lymbery 2015-09-17

Do you know Italian already and want to go a stage further? If you're planning a visit to Italy, need to brush up your Italian for work, or are simply doing a course, Colloquial Italian 2 is the ideal way to refresh

your knowledge of the language and to extend your skills. Colloquial Italian 2 is designed to help those involved in self-study; structured to give you the opportunity to listen to and read lots of modern, everyday Italian, it has also been developed to work systematically on reinforcing and extending your grasp of Italian grammar and vocabulary. Key features of Colloquial Italian 2 include: Revision material to help consolidate and build up your basics A wide range of contemporary authentic documents, both written and audio Lots of spoken and written exercises in each unit Highlighted key structures and phrases, a Grammar reference and detailed answer keys A broad range of situations, focusing on day to day life in Italy. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Economic Emancipation - Albert Okechukwu Ikpenwa 2011

This work focuses on economic activities, especially in the era of globalization, taking into consideration, their relationship with some of the traditional values of the Church. It focuses particularly on the dignity of the human person and how such relationship can promote or alienate the human person from God, self, fellow humans, society and nature. Rev. Father Dr. Albert Okechukwu Ikpenwa holds B. Phil. and BD from Pontifical Urban University, Rome; Masters and Doctorate degrees from Alphonsian Academy "Alfonsianum", Higher Institute of Moral Theology of the Pontifical Lateran University, Rome.

Onomastics in Contemporary Public Space - Oliviu Felecan 2013-08-19
Onomastics in Contemporary Public Space aims at analysing names and name-giving from an intercultural perspective, within the context of contemporary public space. As was the case of Name and Naming: Synchronic and Diachronic Perspectives (Cambridge Scholars Publishing, 2012), the geographical areas investigated in the studies included in this volume are very diverse, referring not only to European cultural space, but also to American, Asian, African and Australian contexts. Being a collective work, the book brings together 49 specialists from 18 countries; namely Australia, Belgium, Finland, France, Germany, Israel, Italy, Japan, Malta, the Netherlands, Poland, Romania, Russia, Singapore, South Africa, Spain, the United Kingdom and the USA. Thematically, the volume is organised so that it may cover all the dimensions of public space, as far as onomastics is concerned. The specific areas studied are: the theory of names; names of public places (linguistic landscapes); names of public, economic, cultural, religious and sports institutions (names of business establishments, religious institutions - places of worship - and cultural associations, as well as names in journals and magazines); names of objects/entities resulting from various processes in public space (names of foods, drinks and food brands, code names of collaborators in secret service organisations, names in literature, nicknames/bynames/pseudonyms in the world of politics, high life, art and sport, names in virtual space, and zoonyms); and miscellanea. The originality and topicality of the subject lie in the multidisciplinary viewpoint adopted in the research, in which onomastics merges with adjacent linguistic disciplines, such as sociolinguistics, psycholinguistics and pragmatics, as well as other sciences, such as history, literature, anthropology, politics, economy and religion.

The Brill Dictionary of Ancient Greek - Franco Montanari 2015-05

"The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari's "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond. "The Brill Dictionary of Ancient Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us. Professor Gregory Nagy, "Harvard University"

Giusto, sbagliato, dipende - Accademia della Crusca, 2022-09-13
È davvero sbagliato ma però? Come va scritto qual è? Attenzione è un verbo ammissibile? Si dice arancina o arancino? Che cos'è la cazzimma? Su sé stesso l'accento ci va o non ci va? Come si affrontano le questioni di genere nella lingua italiana? Sono solo alcune delle centinaia di domande contenute in questo libro a cui l'Accademia della Crusca, da secoli il punto di riferimento, in Italia e nel mondo, per tutto ciò che riguarda la lingua italiana, dà una risposta. Dal lessico all'etimologia, dalla grammatica alla sintassi, dalla punteggiatura ai neologismi, dubbi di ogni tipo, errori ricorrenti, equivoci o falsi miti riguardanti l'italiano vengono analizzati e spiegati con la ormai celebre semplicità e precisione dall'Accademia della Crusca. Un libro pratico pieno di curiosità, aneddoti e storia che, pagina dopo pagina, ci fornisce il ritratto di una lingua vitale e in continuo cambiamento che, finalmente, potremo conoscere nei minimi dettagli. Giusto, sbagliato, dipende è lo strumento indispensabile attraverso il quale i più autorevoli esperti di italiano ci segnalano gli errori più comuni, sciolgono i dubbi più ostinati e danno una soluzione ai quesiti che ci accompagnano quotidianamente quando scriviamo e parliamo in una delle più belle lingue del mondo.

Lo Zingarelli. Vocabolario della lingua italiana - Nicola Zingarelli 2018

Researching Language and the Law - Davide S. Giannoni 2010
This volume reflects the latest work of scholars specialising in the linguistic and legal aspects of normative texts across languages (English, Danish, French, Italian, Spanish) and law systems. Like other domains of specialised language use, legal discourse is subject to the converging pressures of internationalisation and of emerging practices that destabilise well-established norms and routines. In an integrated, interdependent context, supranational laws, rules and procedures are gradually developed and harmonised to regulate issues that can no longer be dealt with by national laws alone, as in the case of the European Union. The contributors discuss the impact of such developments on the construction, evolution and hybridisation of legal texts, analysed both linguistically and from the practitioner's standpoint.

Proceedings of the "Synergise!" Biennial National Conference of the Australian Institute of Interpreters and Translators - Annamaria Arnall 2011-07-12

The Australian national association for the translating and interpreting profession, AUSIT, has been organising biennial conferences for the last decade. As they steadily grew in quality and importance, the time to share their proceedings with a global readership has arrived. For the first time, AUSIT is releasing in book format the proceedings of its latest conference, held in November 2010 with the slogan "Synergise!" Presentations from an international gathering of speakers are collected in this volume, grouped into five chapters and addressing both theoretical and practical aspects of cross-cultural communication, the training of future practitioners, and a wide range of specific circumstances influencing the day-to-day work of translators and interpreters - including the business side of managing a professional practice. The hallmark of the conference was the balance it achieved between academic interest and professional reality, between research and detailed practice, between theory and the exigencies of translators' and interpreters' lives. The synergies achieved were much more than the simple sum of the components.

Contrastive Phraseology - Fabio Mollica 2020-02-06

This volume is addressed to researchers in the field of phraseology, and to teachers, translators and lexicographers. It is a collection of essays offering a comprehensive, modern analysis of phrasemes, embracing a wide range of subjects and themes, from linguistic, both applied and theoretical, to cultural aspects. The contrastive approach underlying this variety of themes allows the divergences and analogies between phraseological units in two or more languages to be outlined. The languages compared here are both major and minor, European and non-European, and the text includes contrastive analyses of the most commonly investigated languages (French-German, English-Spanish, Russian-German), as well as some less frequently investigated languages (like Ukrainian, Romanian, Georgian and Thai), which are not as well-represented in phraseological description, despite their scientific interest.

Diciamolo in italiano - Antonio Zoppetti 2017-08-29T00:00:00+02:00
Nell'era del web e di internet, le parole inglesi si insinuano sempre più nella nostra lingua senza adattamenti e senza alternative. Spesso rendono gli equivalenti italiani obsoleti e inutilizzabili, cambiando e stravolgendo il nostro parlare in ogni settore. La politica è infarcita di tax, jobs act, spending review e di inutili anglicismi che penetrano persino nel linguaggio istituzionale (welfare, privacy, premier) e giuridico (mobbing, stalking) amplificati dai mezzi di comunicazione. Il mondo del lavoro è ormai fatto solo di promoter, sales manager e buyer, quello della formazione di master e di tutor, e tutti i giorni dobbiamo fare i conti con il customer care, gli help center o le limited edition delle offerte promozionali. Il risultato è che mancano le parole per dirlo in italiano. Questo saggio, divulgativo ma al tempo stesso rigoroso, fa per la prima volta il punto su quanto è accaduto negli ultimi 30 anni: numeri alla mano, gli anglicismi sono più che raddoppiati, la loro frequenza d'uso è aumentata e stanno penetrando profondamente nel linguaggio comune. Il rischio di parlare l'itanglese è sempre più concreto, soprattutto perché, stando ai principali dizionari, dal 2000 in poi i neologismi sono per quasi la metà inglesi. Finita l'epoca del purismo, la nuova prospettiva è il rapporto tra locale e globale: dobbiamo evitare che l'italiano si contaminino e diventi un dialetto d'Europa, dobbiamo difendere il nostro patrimonio linguistico esattamente come proteggiamo l'eccellenza della nostra gastronomia e degli altri prodotti culturali.

Sciacquati la bocca - Massimo Arcangeli 2018-11-15

Contesa da tutti, compresa da nessuno, la fantomatica «pancia del paese» è il punto ombelicale del discorso pubblico contemporaneo. Ma cosa succede se ad auscultare i borborigmi che giungono dal suo interno è uno studioso della lingua italiana? Cosa succede se, anziché evocare a sproposito un luogo divenuto ormai mitologico, si tenta di registrare e interpretare i cavernosi suoni che da quel (basso) ventre provengono? Cosa succede, insomma, se si cerca di ripercorrere il tragitto che dalla pancia conduce alla bocca e per suo mezzo alla fonazione? Inoltrandosi in questo lubrico terreno, Massimo Arcangeli fotografa un popolo di santi, poeti e ferventi impreatori, di folli gesticolatori nel loro smodato dimenarsi, dall'ombrello di Alberto Sordi all'impudico dito medio che si solleva a sferzare l'avversario di turno. Indaga le fonti letterarie, scovando la volgare eloquenza di una lingua d'inferno e paradiso, un organismo complesso in cui palpita un cor gentil ma vibra anche un cul fattosi trombetta. Segnala lo scorrere al fondo del nostro idioma di una vena misogina, razzista, maschilista, forse anche priapista, a giudicare dal proliferare dei sinonimi fallici qui analizzati: fava, salame, sanguinaccio e sarciccia, carota, carruba, maritozzo e bacchetta, bastone, bordone, maglio e martello. Sciacquati la bocca è il racconto della lingua italiana vista dal basso. Lontano dalla volontà normatrice di chi la vorrebbe imprigionare nello spazio chiuso delle grammatiche, lontano dai propugnatori degli usi anarchici incondizionati, arcinemico del politically correct, Arcangeli mostra una lingua che è spazio discontinuo di un caos ordinato, creativo: perché chi dice volgarità ha un serbatoio linguistico più libero e ricco, come sapevano Dante Alighieri, Leonardo da Vinci e Carlo Emilio Gadda. Ne scaturisce una diversa

immagine dell'Italia, delle molte Italie di oggi e di ieri, e un invito a risciacquare i panni non nelle chiare, fresche e dolci acque ma, per una volta, negli acquitrini più limacciosi, opachi e brulicanti di vita.

Colour and colour naming: crosslinguistic approaches - João Paulo Silvestre 2016-09-01

The Colour and Colour Naming conference, held in 2015 at the University of Lisbon, offered a chance to explore colour naming processes from a cross-linguistic approach. The conference was an initiative of the working group Lexicography And Lexicology from a Pan-European Perspective, itself part of the COST action European Network of Lexicography. The working group investigates the various ways by which vocabularies of European languages can be represented in dictionaries and how existing information from single language dictionaries can be displayed and interlinked to better communicate their common European heritage. The proceedings gather together a selection of studies originally presented at the conference. The first section of the volume outlines a Pan-European perspective of colour names; the second section is devoted to the categorisation and lexicographic description of colour terms.
